- d.) Old Testament Yahuah or Yahweh = LORD God

Part 1

Understanding Genesis; the Beginning

Preface

The content of this research exposes and reveals the traditions and doctrines of men who have separated believers from truly knowing (God) Alohym. The scriptural, historical, and scientific evidence in this research sets forth a calendar not kept by “the lost sheep of the house of Israel” but is taking root. (Matthew 10:6) The scriptural information within the pages of this research derives from the historical text of the Greek, Ge’ez, and Hebraic languages. The focus of this research was first to prove (God) Alohym had a calendar different from the religious calendars of today. Secondly, is there irrefutable proof to substantiate our research findings? To our astonishment, according to scriptural, historical, and scientific evidence, the biblical calendar was overwhelmingly different and had no elements of man’s traditions or doctrinal views.

The scriptural research involved in this study was not limited to just the Old and New Testament Bible but embraced some of the oldest known biblical books written in the Ge’ez (Ethiopic) language, books like Enoch, Jubilee’s, Baruch, Tobit, and the Maccabee’s. This research also investigates the writings of the Dead Sea Scrolls concerning the “Calendars of Priestly Course” while discarding theological suppositions based on the modern Gregorian and Jewish calendars.

Christ (Yahusha) had much to say about not following the traditions of humanity, religious or otherwise when it came to obeying (God) Alohym’s commandments. Christ is the Son of Alohym instituted His cycles of time, i.e., the calendar starting in Genesis 2 after the rejuvenation and creation process. He then rested on that beginning day. To the unbelief of many, Alohym’s calendar did not begin on day one as described in Genesis 1. One must realize that (God) Alohym would never institute a calendar upon an incomplete creation.

Did you get that? Alohym would not have instituted a calendar on an incomplete creation; why? Because there were no inhabitants on the Earth until the end of the sixth day! Question: what was the "first day" that Alohym rested from all His works of rejuvenating and creating the Earth? The answer is the "Sabbath day." The manifestation of the Sabbath day on Earth, "which already existed in the heavenly realm," was established in the physical realm by the creation of humankind, i.e., created with physical matter capable of understanding spiritual ideas.

There is an excellent example that (God) Alohym gives us concerning this concept which we all know about but possibly never thought about in this way. Remember, in Genesis 2:17 (God), Alohym makes this statement to Adam and Eve; let's read.

v17; “But of the tree of the knowledge of good and evil, thou shalt not eat of it: for in the day that thou eatest thereof thou shalt surely die”

Adam was taught the physical and spiritual understanding of the Sabbath day from Alohym, as they shared the “first day” of a completed creation, i.e., [Genesis 2:3, 4](#). Scripture states in verse 4:

Part 1

Understanding Genesis; the Beginning

v4: “These [i.e. Sabbaths] the generations of the heavens and of the earth when they were created, in the day that the LORD God made the earth and the heavens”.

In retrospect, as long as Adam and Eve did not eat from the tree of the knowledge of good and evil, sin had no legal foothold in the Earthly physical realm. However, once Eve yielded to Satan’s deception, Adam also partook of the fruit with her; together, they transgressed Alohym’s law. Exposing; their minds, thoughts, and feelings to the kingdom of SIN. By choosing Satan’s dare and disobeying Alohym’s law, Adam & Eve and all humanity after were now subject to the realm of sin by legal right..

The Sabbath day is an essential part of observing the new covenant. Still, due to erroneous religious tradition, the accurate alignment of the weekly and holy festival Sabbath days were lost, which are the same except for the Day of Atonement. This research points out in great detail that (God) Alohym would not set His people up for failure by observing an artificial calendar or a Sabbath day appointed by man. There is historical and scientific evidence within this research proves the actual Sabbath days instituted by Yahuah (pre-incarnate Christ) were hijacked and covered up by the traditions and doctrines of man.

In summary, this research, acquired over five plus years, answers many questions believers struggle to find but need to know, information such as:

1. The true understanding of Genesis 1 and 2.
2. When does the biblical day begin
3. When is the actual Sabbath day
4. The mistranslation of the words “New Month” to “New Moon.”
5. The truth behind the phrase “the beginnings of your months”
6. The two “evenings” of a day, a translational misunderstanding
7. The scriptural misunderstanding of Jonah’s three day and night prophecy
8. The misunderstood Revelation 12 sign

This research has been a gift from our Father in Heaven, of whom we give all the glory for providing the time and resources to present and provide sound knowledge, and scriptural truth to His lost sheep scattered aboard who seek covenant with Him. This study is for those seeking scriptural truth for “unlocking” the doctrinal issues within the ecclesia as time runs short.

Part 1

Understanding Genesis; the Beginning

➤ Starting at the Beginning; (the original Hebrew script!)

Regarding [Genesis 1](#), there are two different schools of thought: total creation and re-creation, but which is it? The Hebrew language points out that the first six days of Genesis 1 describe 1st complete creation, 2nd became waste and empty, 3rd rejuvenation and new design! Question; “what happened between verses 1 and 2” “what happened to Earth that it fell into a state of waste and emptiness” as described in Genesis 1? You are about to learn straight from scripture, with no conjecture or doctrinal views. Alohym (God) is not a Creator of confusion; in fact, just the opposite with structure, truth, and freedom from this world’s religious system. So, let’s start with independence with a proper understanding of Genesis 1:1-5.

❖ Methodology of Research

The writings within this research have their origins in the Hebrew, Ge’ez, or Greek language structure, because this is where it all begins. In “[Genesis 1](#),” our focus on understanding starts with the Hebrew text, sentence, and punctuation structure and the effects these factors have on the English translation. Let’s start by looking at the Hebrew (Babylonian block language taken from the original Paleo script) (*reading from right to left*) scriptures, [Genesis 1:1-5](#)

בראשית ברא אלהים את השמים ואת הארץ והארץ היתה תהו ובהו
וחשך על פני תהום ורוח אלהים מרחפת על פני ויאמר אלהים
יהי אור ויהי אור וירא אלהים את האור כיטוב ויבדל אלהים בין האור
ובין החשך ויקרא אלהים לאור יום ולחשך קרא לילה ויהי ערב ויהי בקר
יום אחד

Let’s translate these first written thoughts into English without punctuation or verse numbers as these impede the flow of thought; ([Genesis 1:1-5](#))

- in the beginning Alohym fattened^{H1254} the sky and the land and the land had existed^{H1961} in waste and unfilled and darkness was upon the face of the deep sea and the wind of Alohym was much fluttering upon the face of the water and Alohym said light^{H216} exist^{H1961} and light existed^{H1961} and Alohym saw the light^{H216} given that it was functional^{H2898} and Alohym made a separation between the light^{H216} and the darkness, and Alohym called out to the light^{H216} day and to the darkness he called out night and existed^{H1961} evening and existed^{H1961} morning day one^{H259}

Did you notice the underlined words after reading the English translation void of numbers and punctuation? Their definitions (starting below) will help you understand the conveyance in the Hebrew language above. Also, we will address what is not here in scripture. Again, what you are learning is void of religion, holiness, and the traditions of men.

Part 1

Understanding Genesis; the Beginning

Strong's Concordance

H1254 (ברא) 'bara - baw-raw', a primitive root; (absolutely) to create; (qualified) to cut down (a wood), select, feed (as formative processes)

- [Ancient Hebrew Lexicon](#)

(1043 – N) (ברא) The fattening or filling up of something. The filling of the earth in Genesis 1; with sun, moon, plants, animals, etc., - and the filling of man with life and the image of God.

Strong's Concordance

H1961 – (יהי) hayah - (haw-yaw), a primitive root (compare H1933); to exist, i.e. be, become, come to pass.

- [Ancient Hebrew Lexicon](#)

(1097) H1961 (הי - HYH) = "exist": (יהי) To exist or have breath. That which exists has breath. In Hebrew thought the breath is the character of someone or something. Just as a man has character, so do objects. [A generic verb with a wide application meaning to "exist or be"]

Strong's Concordance

H216 (האור) 'owr - ore from H215; root; (אור) meaning; illumination or (concrete) luminary [KJV; In every sense, including lightning, happiness, etc.]

- [Ancient Hebrew Lexicon](#)

(1020 – N) (אור) H216 meaning: The light from the Sun, stars, fire, candle or other giver of light.

Strong's Concordance

H2898 - Good (טוב) towb – tobe from H2895; "good" (as an adjective) in the widest sense; used likewise as a noun, both in the masculine and the feminine

- [Ancient Hebrew Lexicon](#)

(1186 – V) (N) (טב) Good; Something that functions properly. Functional

Dictionary.com: adjective, bet-ter, best. Morally excellent; virtuous; righteous; pious: a good man. Satisfactory in quality, quantity, or degree: of high quality; excellent. (noun) profit or advantage; worth; benefit: We shall work for the common good. Excellence or merit; kindness: to do good.

Strong's Concordance

H259 (אחד) 'echad - ekh-awd', from H258; properly, united, i.e. one; or (as an ordinal) first. H258 'achad - aw-khad', perhaps a primitive root; to unify, i.e. (figuratively) collect

- [Ancient Hebrew Lexicon](#)

(1165 – C) (אח - A-HhD) — unite: [freq. 1] (vf: Hitpael) |kjb: go one way or other| {str: 258} Unity: A group united are one of a group. [freq. 951] |kjb: one, first, another, other, any, once, every, certain, an, some| {str: 259}

Now that you have the definitions, let's start breaking down the Hebrew thought concerning [Genesis 1: 1-5](#) and get into the understanding of the scripture. Let's get started with the beginning sentence:

v1; in the beginning Alohym fattened^{H1254} the sky and the land v2; and the land had existed^{H1961} in waste and unfilled and darkness was upon the face of the deep sea and the wind of Alohym was much fluttering upon the face of the water

Here "Alohym ([Fattened](#)" H1254) the sky and land" means; He filled the Earth with everything, plants, animals, living souls, the Sun, moon and stars, and all the planets were all created in their completeness.

Part 1

Understanding Genesis; the Beginning

[Gen.1:1](#) states; that Earth was a finished work in its completed form; perfection. Alohym creates perfection, not an imperfection, in everything that he does; here are just a few scriptural references: ([Ezek. 28: 15](#), [Matt 5: 48](#), [Heb 5:9](#))

Beginning in [Genesis 1:2](#), scripture states the land existed (became) in waste and emptiness and darkness upon the face of the abyss, meaning; the land already existed and was in a state of destruction and void of light. Within scripture, the Earth went from perfection to ruin in just two verses, but why and by what means was it destroyed? There is only one answer to this question when you realize that the Earth is Alohym's creation and that He alone can create and destroy. Here are a few examples of Alohym's righteous judgment, Noah's Flood, Sodom and Gomorrah, and the coming destruction in the Book of Revelation.

The aftermath of [Genesis 1:2](#) came from Alohym's righteous judgment, so scripture gives us details through the prophet Jeremiah as a warning to Judea for their sins. (Ref: Jeremiah 4)

➤ Righteous Judgement revealed to Jeremiah

[Jeremiah 4:1-22](#), Alohym addresses the abominations of Israel while addressing Judah and Jerusalem to break up their fallow ground, sow not among the thorns and take away the foreskin of your hearts. Alohym loves His people and gives warning before righteous judgment comes forth, written in [Jere. 4:4](#),

“Lest my fury come forth like a fire and burn that none can quench
because of your evil doings”.

The warning was given to the House of Judea and Jerusalem as declared in verses 5 thru 17, in which scripture describes who will destroy them, the Lion, the destroyer of nations, the northern nation of Babylon.

Now starting with verses 18 thru 22, Alohym speaking, addresses His anguish and pain because of His people's transgressions toward Him, let's read. ([Jere. 4:18](#))

v18; Thy way and thy doings have procured these [things] unto thee; this [is] thy wickedness, because it is bitter, because it reacheth unto thine heart. v19; My bowels, my bowels! I am pained at my very heart; my heart maketh a noise in me; I cannot hold my peace, because thou hast heard, O my soul, the sound of the trumpet, the alarm of war. v20; Destruction upon destruction is cried; for the whole land is spoiled: suddenly are my tents spoiled, [and] my curtains in a moment. v21; How long shall I see the standard, [and] hear the sound of the trumpet? v22; For my people unwise, they have not known me; they [are] sottish (foolish) children, and they have none understanding: they [are] wise to do evil, but to do good they have no knowledge.

After reading the above verses, Alohym points out all the reasons for the righteous destruction of His people (Judea and Jerusalem) and the land. Notice similar scripture in [Genesis 6:5](#) concerning the flood

Part 1

Understanding Genesis; the Beginning

where it says;

- v5; And GOD saw that the *wickedness of man [was] great in the earth*, and [that] every imagination of the thoughts of *his heart [was] only evil continually*. v6; And the LORD regretted that he had made man on the earth, and *it grieved his heart*. v7; And the LORD said, *I will destroy man whom I have created* from the face of the earth; both man, and beast, and the creeping thing, and the fowls of the air; that *I regret that I made them*.

Notice that in both instances (Genesis & Jeremiah) Alohym grieved or was pained in His heart to the very point He would destroy all that lived on the Earth. Now knowing why these catastrophic events happened or would happen gives us a prelude back to [Genesis 1:2](#) from [Jeremiah 4:23-28](#), let's read.

- v23; I beheld the earth, and, lo, [it was] *without form, and void*; and the *heavens, and they [had] no light*. v24; I beheld the mountains, and, lo, *they trembled*, and all the *hills moved lightly*. v25; I beheld, and, lo, [there was] no man, and all the birds of the heavens were fled. v26; I beheld, and, lo, the fruitful place [was] a wilderness, and all the cities thereof were broken down at the presence of the LORD, [and] by *his fierce anger*. v27; For thus hath the LORD said, The whole land shall be desolate; yet *will I not make a full end*. v28; For this shall the *earth mourn*, and the *heavens above be black*: because I have spoken [it], I have purposed [it], and *will not repent, neither will I turn back from it*.

Here in [Jeremiah 4:23](#), we read how Yahuah (pre-incarnate Christ) is looking (reflecting) to the past, which begins with, "I beheld." Some scholars claim that Jeremiah is the person speaking, but this is not the case when reading the original Hebrew script. Let's take a look at what was NOT translated into the English language, and you will see the truth as to who is speaking here,

Hebrew text is read from right to left in review, unlike English. Notice the red box area (above) and the underlined number H853 and how it points to "I-saw7200". Let's read what Strong's Concordance states about H853.

[H853](#) (את) 'eth - ayth meaning; Sign or mark or wonder (as a sign-Aramaic) apparent contracted from H226 (אתת) (in the demonstrative sense of entity; properly, self (but generally used to point out more definitely the object of a verb or preposition, even or namely). [kjv; (as such unrepresented in English). "The Leaders sign and or covenant" in paleo Hebrew (*untranslated 7000 times in the Old Testament*)

Part 1

Understanding Genesis; the Beginning

✓ Commentary

G1 & G5598 (a-Alpha & ω-Omega); are the first and last letters of the Greek Language which refers back to H853 (אֵת) (א-Aleph & ת-Tav) [Rev.1:8](#), [11](#), [21:6](#), and [22:13](#) each scripture stating: I am the beginning and the end saith the master (LORD god), Yahusha, pre-incarnate Christ (Yahuah, Yahweh) in the Old Testament.

Now that you know who is speaking in [Jeremiah 4:23](#), notice verses [24](#), [25](#), and [26](#), where Yahuah states several times the words “I beheld,” a past participle simple past tense of the word, behold. Let’s review [Jere. 4:24](#) and read the translated version to English from Hebrew.

Jeremiah 4:24 WLC WLC_tm Strong CHES

AV I beheld the mountains, and, lo, they trembled, and all the hills moved lightly.

הַתְּקַלְקְלוּ	-	וְכָל	רֵעִשִׁים	וְהִנֵּה	הַהָרִים	רָאִיתִי
ethqlqlu	e-gbouth	u-kl	roshim	u-ene	e-erim	raithi
H7043	H1389	H3605	H7493	H2009	H2022	H7200
they-staggered	the-hills	and-all-of	ones-quaking	and-behold !	the-mountains	I-saw

Notice in verse 24, Yahuah is making a statement about the mountains and how they “quaked and stagger”. Could it be that Yahuah is actually describing volcanos “i.e. mountains quaking and staggering”; if volcanic eruptions did occur, then the end result would be blackened or ashy skies obscuring the light, keep that thought in mind as we move to verse 25.

Jeremiah 4:25 WLC WLC_tm Strong CHES

AV I beheld, and, lo, [there was] no man, and all the birds of the heavens were fled.

נָדְדוּ	הַשָּׁמַיִם	-	וְכָל	הָאָדָם	אֵין	וְהִנֵּה	רָאִיתִי
nddu	e-shmim	ouph	u-kl	e-adm	ain	u-ene	raithi
H5074	H8064	H5775	H3605	H120	H369	H2009	H7200
they-wandered	the-heavens	flyer-of	and-every-of	the-human	there-is-no	and-behold !	I-saw

Here again, Yahuah states, “I saw^{H7200},” reflecting on the past and “beheld^{H2009}” looking at what was here saw no humans^{H120} and the flyers (birds) wandered (fled) the heavens. (Verse 26)

Jeremiah 4:26 WLC WLC_tm Strong CHES

AV I beheld, and, lo, the fruitful place [was] a wilderness, and all the cities thereof were broken down at the presence of the LORD, [and] by his fierce anger.

מִפְּנֵי	נִתְצָוּ	-	וְכָל	הַמְדָּבָר	הַכְּרָמֶל	וְהִנֵּה	רָאִיתִי
m-phni	nthtzu	ori-u	u-kl	e-mdbr	e-krml	u-ene	raithi

from-faces-of	they-are-broken-down	cities-of-him	and-all-of	the-wilderness	the-crop-land	and-behold !	I-saw

אִפּוֹ	חֵרוֹן	מִפְּנֵי	יְהוָה
aph-u	chrn	m-phni	ieue
H639	H2740	H6440	H3068
anger-of-him	heat-of	from-faces-of	Yahweh

Part 1

Understanding Genesis; the Beginning

After reading verses 25 and 26, it would seem that some form of human civilization existed on the Earth before the destruction of Genesis 1:2. Here, Yahuah describes a fruitful place that became a wilderness, and all the cities "were broken down" by the (LORDS) Yahuah's anger. Notice this verse addresses the destruction of the land and cities by the hand of Alohym and not humanity. The crucial point to remember and reflect on is why this event occurred in the past. (Verse 27)

Jeremiah 4:27 WLC WLC_v WLC_t WLC_tm Strong CHES

AV For thus hath the LORD said, The whole land shall be desolate; yet will I not make a full end.

אעשה	לא	וכלה	כל - הארץ	תהיה	שממה	יהוה	אמר	כי - כה
aoshe	la	u·kle	e·artz - kl	theie	shme	ieue	amr	ke - ki
H6213	H3808	H3617	H776 - H3605	H1961	H8077	H3068	H559	H3541 - H3588
I-shall-make	not	and-finish	<u>the-earth</u>	all-of	<u>she-shall-become</u>	desolation	Yahweh	he-says
thus	that							

There are better renderings for verses 27 and 28 from the Hebrew language;

v27; so because Yahuah said desolation exists of-all the Earth I shall not make (shape) and finish (complete) v28; upon this the Earth shall mourn and the heavens above be blackened (ashy) upon that I spoke I purposed and will not regret and not turn back from it.

Jeremiah 4:28 WLC WLC_v WLC_t WLC_tm Strong CHES

AV For this shall the earth mourn, and the heavens above be black: because I have spoken [it], I have purposed [it], and will not repent, neither will I turn back from it.

כי - דברתי	על	ממעל	השמים	וקדרו	הארץ	תאבל	על - זאת
dbrthi - ki	ol	m·mol	e·shimim	u·qdru	e·artz	thabl	zath - ol
H1696 - H3588	H5921	H4605	H8064	H6937	H776	H56	H2063 - H5921
I- ^s spoke	that	on	from-above	the-heavens	and-they-are-somber	the-earth	she-shall-mourn
this	on						

זמתי	ולא	נחמתי	ולא	- ולא	אשוב	ממנה
zmthi	u·la	nchmthi	u·la	- u·la	ashub	mm·ne
H2161	H3808	H5162	H3808	H3808	H7725	H4480
I-planned	and-not	I- ^s regret	and-not	I- ^s turn-back	from-her	I- ^s shall-turn-back

Do you remember verse 24 describing the mountains as staggering and quaking, and could they have been volcanos? Well, here is your answer; in verse 28, notice the words "heavens above are blackened"^{H6937} Strong's H6937 the word "blackened" and (AHL) Ancient Hebrew Lexicon #2699 both state the meaning as;

(a primitive root; [to be ashy](#), i.e. dark-colored; by implication, to mourn (in sackcloth or sordid garments). From the Ancient Hebrew Lexicon; (2699 –V) (קדר - QDR) ac: ? co: Dark ab: Darkness: [from: קד - **something burnt**] V) (קדר - Q-DR) — Dark: To be [dark from a lack of light](#) or in mourning. [freq. 17] |KJV: mourn, black, dark, blackish, heavily| {str: 6937}

Part 1

Understanding Genesis; the Beginning

In ancient Israel, being “repentant,” i.e., a state of sin purification, was called mourning, of which the person would lay in sackcloth and ashes or pour ashes upon their head. In like manner to mourning, it would seem that mountains were staggering and quaking were volcanos spewing forth ash that darkened “blackened the heavens” so that no light would appear through the firmament.

Now that the absolute truth and understanding about why the Earth was in a state of waste and emptiness, we can transition back to [Genesis 1:3](#), where Alohym starts rejuvenating the Earth. Keep in mind as we move forward that everything existed before [Genesis 1:2](#); the heavens and all the stars were blackened due to volcanic ash, as stated in [Jeremiah 4:28](#). [Note; after the blackening of the skies, ice would have engulfed the Earth devoid of sunlight]

The truth always seems stranger than fiction, but you have just read the scriptural truth; matters not taught. Nevertheless, Alohym is a righteous and just Creator, and He wants us to know these details so that we will not make the same mistakes and incur God's moral judgment of destruction.

➤ Earth’s new beginnings!

From [Genesis 1:3](#) thru [31](#): You are about to read how Alohym rejuvenated the Earth in six days (millennial days) and created living creatures, including all the animals and humankind, in the last three days. Again keep in mind as you read through these upcoming verses that *not once* does Alohym state He created or recreated the Earth, Sun, Moon, Stars, or the heavens above; why? Because they already existed, they just needed to be brought forth.

Genesis 1:3 WLC WLC_v WLC_t WLC_tm Strong CHES

AV . And God said, Let there be light: and there was light.
(Revised) and Alohym said there exist light and light existed

אֹר	וַיְהִי	אֹר	יְהִי	אֱלֹהִים	וַיֹּאמֶר
aur -	u·iei	aur	iei	aleim	u·iamr
H216 -	(he existed)	H1961	H216	(he exist)	H1961 H430 H559
light	and·he-is-becoming	light	he-shall-become	Elohim	and·he-is-saying

As we go through [Gen. 1](#), a (Revised) revision will appear underneath the English translation, one which better reflects the original translation along with (red underlined) word definitions from the (AHL) Ancient Hebrew Lexicon and Strong’s Concordance. Let’s begin our word investigation starting with Strong’s H1961 and H216. (Ref: Hebrew read from right to left)

- Strong’s Concordance; H1961 – (a primitive root) (compare H1933) meaning; [to exist](#), i.e. be, become, come to pass. From the (AHL) Ancient Hebrew Lexicon; (1097) H1961 (יהי - יהי) = “[exist](#)”: To exist or have breath. That which exists has breath. In Hebrew thought the breath is the character of someone or something. Just as a man has character, so do objects. [A generic verb with a wide application meaning to “[exist or be](#)”]

Part 1

Understanding Genesis; the Beginning

Getting to the Root (יהי); “hayah”, comes from “hava or havah” (היה) discussed previously meaning, "[to exist](#)." When the letter י (yod) is prefixed to the root, the word (יהיה) (masculine, singular, imperfect tense) is formed, meaning, "[He exists](#)." When a root ends with an (הי) it is often dropped when used as a verb. Hence, יהיה - becomes (יהי). (Ref: *Learning to Read Biblical Hebrew by Jeff A Brenner*)

- Strong’s Concordance; [H216](#) (האור) “ore” from H215; root; (אור) meaning; illumination or (concrete) luminary [KJV; In every sense, including lightning, happiness, etc.]. From the (AHL) Ancient Hebrew Lexicon; (1020) H216 (אור) = light from the Sun, stars, fire, candle or other giver of light.

After reading verse 3, it becomes evident Alohym is describing the illumination from heavenly bodies giving off light or reflecting light, such as planets, suns, or distant stars. It should also become clear that this lights^{H216} already existed and was not created at this point but just needed to be brought forth through the firmament.

✓ [Commentary](#)

The word “Let” in English means to, “allow or admit” and translates from this Hebrew verb (לתת) אוּ אִפְשֵׁר, which translates into the English words; gives, handover, grant, allow, permit, enable, make possible or facilitate. In reviewing the original Hebrew text concerning verses 3, 6, and 14, the word “Let” does not exist and was added to these scriptures by the translators.

Many in the body of Messiah claim that it was (the LORD), i.e., Yahuah, who cast His spiritual light into the Earth for the first three days in [Genesis 1](#); this could not be further from the truth. Those believing and teaching this false doctrine reference [John 1:4-5](#) as their witness to supporting their doctrine, but what does the scriptural language mean? Let’s read.

[John 1:4](#), in him was life; and the life was the light of men. [5](#); And the light shineth in darkness; and the darkness comprehended it not.

Notice in verse 4, in which the statement says, “the light of men,” nowhere in this verse does it say or imply that the light shined on the Earth. Now, review verse 5 in the Interlinear Scriptural Analyzer and notice the language.

Part 1

Understanding Genesis; the Beginning

Here in verse 5, there exists a language discrepancy concerning the Greek word “κατελαβεν,” G2638, Strong’s Concordance states; G2638 katalambano - kat-al-am-ban'-o from G2596 and G2983, meaning; to take eagerly, i.e., seize, possess, etc. (literally or figuratively). Here the English translators injected “comprehended” instead of the proper term “overtook, grasped or seized” as correctly translated in [Romans 9:30](#). This translation error is due to the lack of understanding concerning the events surrounding [Gen. 1:2](#). Now that we have cleared up this misunderstanding let’s move on to [Gen. 1:4](#). Let’s read

Genesis 1:4 WLC WLC_v WLC_t WLC_tm Strong CHES

AV And God saw the light, that [it was] good: and God divided the light from the darkness.
(Revised) and Alohyim saw the light functional and Alohyim separated between the light and between the darkness

וַיִּרְא	אֱלֹהִים	אֶת -	הָאֹר	כִּי -	טוֹב	וַיִּבְדֵּל	בֵּין	אֱלֹהִים	בֵּין	וְהַחֹשֶׁךְ
u·ira	aleim	- ath	e·aur	ki	tub -	u·ibdl	bin	aleim	bin	e·chshk
H7200	H430	- H853	H216	H2896 - H3588	H914	H996	H430	H996	H996	H2822
and-he-is-seeing	Elohim	»	the-light	good	and-he-is- ^c separating	between	Elohim	and-he-is- ^c separating	between	the-darkness

Here in verse 4, the word “good” used by the English translators fits the scriptural model after inserting the bracketed words [it was]. A better word choice would have been “functional,” enhancing scriptural flow. Below are the Strong’s and Ancient Hebrew Lexicon definitions to better understand the above scripture.

- Strong’s Concordance [H2898](#) - Good (טוֹב) towb – tobe from H2895; “good” (as an adjective) in the widest sense; used likewise as a noun, both in the masculine and the feminine. From the (AHL) Ancient Hebrew Lexicon; (1186) H2898 (טב) = Good; Something that functions properly. [Functional](#)
- Dictionary.com: adjective, bet-ter, *best*. morally excellent; virtuous; righteous; pious: good man. Satisfactory in quality, quantity, or degree: of high quality; excellent. (noun) profit or advantage; worth; benefit: We shall work for the common good. Excellence or merit; kindness: to do good.

Let’s investigate [Genesis 1:5](#) by using the Interlinear Scriptural Analyzer, which displays both the Hebrew and English translations, giving the reader a better visual understanding of how Alohyim’s structured the day from a Hebraic point of view’s read.

Genesis 1:5 WLC WLC_t Strong CHES

AV And God called the light Day, and the darkness he called Night. And the evening and the morning were the first day.
(Revised) and Alohyim called to light day and darkness he called night and existed evening and existed morning day one.

uiei	bqr	ium	achd
H1961	H1242	H3117	H259
and-he-is-becoming	morning	day	one

Part 1

Understanding Genesis; the Beginning

Notice the two red boxed areas in the scripture above, which state, "and-he-is-becoming" H1961. This definition from page 5 (ויהי) means "to exist, or he exists," never (written) existed in the scripture; only the conjunction word "and" (ו) "vaw" was inserted between the nouns night, evening, and morning. Also, notice that the original Hebrew script contains no punctuation or period (.), which was added by the translators thinking it would help the reader's scriptural understanding.

✓ Commentary

The added period in the English translation was inserted after the word "night," emphasizing "evening," which changes the meaning of the entire scripture, bringing the error to Alohym's intended day structure. Also, notice that the translators omitted "he-is-becoming or he-exists." These translation errors were of choice due to the fact ("in its original form") the scripture could not support the religious views of Judaism concerning the beginning of their day, "evening" as the sunset. As believers, we must be Berean (Acts 17:11) and not let religious piety or doctrinal views of men enslave us from the true liberty of the Gospel.

The next logical step begins with understanding the word "one or unity" of day one. The term "one" as translated from the Hebrew word "Echad," H259 (Ref: Page 5 for a full definition) means; "unity, unified, collective or one," addresses the elements that makeup Alohym's (God's) actual day structure. Again, read Genesis 1:5, which states; 1.) Light = day, 2.) Darkness = Night, 3.) he exists evening, 4.) he exists morning, day echad.

The word "echad" represents God's three elements, The Father, Son, and Holy Spirit. The term "God" in English or Alohym "Elohim" in Hebraic text means "powers," which is the family name that best describes the unity of God. In verse five (5), the last word in this scripture is "one" or "echad," H259 meaning unity, and just as The Father, Son, and Holy Spirit are echad, so are the three elements in God's day structure.

After reading [Genesis 1:5](#), notice that two of the four elements spoken make up the "light," the day and morning illumination. Morning is the name given to a "new" rising sun (above the horizon) called sunrise; evening is the third element of the day, which comes twice a day, once at sunset and just before sunrise. As you advance in this research, you will learn more about the two scriptural daily evenings. With this understanding of [Genesis 1:5](#), it appears that Alohym's day is as follows: Light = day and morning; Darkness = night becoming evening (at the end of the day) a true echad "three in one." (*Visit Part 3 for more information on when the day begins*) (Let's now move on and read [Gen. 1:6](#), [7](#), and [8](#))

Part 1

Understanding Genesis; the Beginning

❖ Earths germination restarted

In Genesis 1:6 thru 8, Alohym molds and shapes the atmosphere, i.e., firmament (sky) with the division of water from above and below; let's read.

Genesis 1:6,7,8									
AV . And God said, Let there be a firmament in the midst of the waters, and let it divide the waters from the waters.7. And God made the firmament and divided the waters which [were] under the firmament from the waters which [were] above the firmament; and it was so. 8. And God called the firmament Heaven. And the evening and the morning were the second day

second day morning and he-is-becoming evening and he-is-becoming heavens to the atmosphere Elohim and he-is-calling									

After reading the above verses, which reference the firmament, i.e., sheet or atmosphere, did you notice H1961 (underlined in red) “he-is-becoming or he-exists,” is never translated from Hebrew script into English? You will find the English translation of the Bible has many such errors, which is why we as believers need to be Berean in our studies. Now below is the updated rendering of the above three scriptures.

- v6; and Alohym said, a sheet will exist in the midst of the water and he existed making a separation between water to water v7; and Alohym made (*shaped*) the sheet and he separated between the water from under the sheet and the water which are above the sheet and he existed so v8; and Alohym called out to the sheet, sky, and existed evening and existed morning day second

Did you notice the word “create” H1254 (ברא) ‘bara; was never used in the above scriptures? Meaning the firmament, i.e., the sheet existed and molded between the waters below and above, which already existed. Let’s now move on to verses 9, 10 which talk about the appearance of dry land.

Part 1

Understanding Genesis; the Beginning

Genesis 1:9,10 WLC WLC_v WLC_t WLC_fm Strong CHES

AV And God said, Let the waters under the heaven be gathered together unto one place, and let the dry [land] appear: and it was so. 10; And God called the dry [land] Earth; and the gathering together of the waters called he Seas: and God saw that [it was] good.

אחד	אל - מקום	השמים	מתחת	המים	יקוו	אלהים	ויאמר
achd	mqum - al	e-shmim	m-thchth	e-mim	iquu	aleim	u-iamr
H259	H4725 - H413	H8064	H8478	H4325	H6960	H430	H559
one place ^{ti} to the heavens from under the waters they shall be flown together Elohim and he is saying							

ולמקוה	ארץ	ליבשה	אלהים	ויקרא	כן -	ויהי	היבשה	ותראה
u-l-mque	artz	l-ibshe	aleim	u-igra	kn -	u-ieí	e-ibshe	u-thrae
H4723	H776	H3004	H430	H7121	H3651 -	H1961	H3004	H7200
and to confluence of land to the dry Elohim and he is calling so and he is becoming the dry and she shall be seen								

טוב	כי	אלהים	וירא	ימים	קרא	המים
tub	ki	aleim	u-ira	imim	gra	e-mim
H2896	H3588	H430	H7200	H3220	H7121	H4325
good that Elohim and he is seeing seas he called the waters						

Now notice once again the word "create" H1254 (ברא) 'bara; is not used or implied meaning the land *already existed* and with the gathering of the waters day land sprung "brought" forth.

✓ Commentary

Let's take a moment to reflect on the verses above. After the waters were gathered together and bound, dry land appeared. These verses seem to indicate water (*or maybe ice*) engulfed the Earth just as in Noah's time destroying all flesh. One of the significant differences between both periods is that Yahuah made a covenant with Noah and all living flesh that He would not destroy the Earth by water again? (Ref: [Genesis 9:13-17](#))

Let's read the revised version of verses 9 and 10 which better reflect the Hebrew intent of these verses.

v9; and Alohym said, the water will be bound up from under the sky to one place and dry ground appeared and he existed so v10; and Alohym called out to the dry ground land and the collection of the water he called out seas and Alohym saw that it was functional

Are you starting to see a pattern emerge with the bringing forth of the light and sky (i.e., oxygen and nitrogen) atmosphere and now the emerging of dry land? The biological pattern shown here is called "germination." All the elements for germination are now present at the end of verse 10, which are light (temperature), water, oxygen, and dry land. With all of the conditions current for germination on the Earth, the next step would be to bring forth plant life, which our Creator did. (Let's begin reading in [Gen. 1:11-12](#))

Part 1

Understanding Genesis; the Beginning

Genesis 1:11,12 WLC WLC_v WLC_t WLC_tm Strong CHES

AV And God said, Let the earth bring forth grass, the herb yielding seed, [and] the fruit tree yielding fruit after his kind, whose seed [is] in itself, upon the earth; and it was so. 12: And the earth brought forth grass, [and] herb yielding seed after his kind, and the tree yielding fruit, whose seed [was] in itself, after his kind; and God saw that [it was] good.

H4327	H7200	H430	H2896 - H3588
to-species-of-him	and-he-is-seeing	Elohim	good that

After reading verses 11 and 12, it would seem the cycle of germination is accomplished "fulfilled" and that the Earth is a green and fruitful place once again, as it was in [Genesis 1:1](#). Below is the revised scripture, which better reflects the Hebrew intent of these scriptures.

- [v11](#); and Alohym said, the land shall grass sprout, herbs sowing of seed, trees of fruit making fruit to his kind which his seed is in him upon the land, and he existed so, [v12](#); and the land brought grass out, herbs making a sowing of seeds to his kind and trees making fruit which has his seed in him to his kind and Alohym saw that it was functional, [v13](#); and existed evening and existed morning day three.

According to verses 11 thru 12, God describes the existence of seed, herb, and fruit-bearing plants brought forth through the process of "germination" on the Earth. Notice at the end of verse 12; God states that the land brought forth grass, herbs, and tree-making fruit, which was functional or pleasing as expressed in English. Once again, let's point out that the word create, "bara," is not used or implied in these scriptures because they already exist, bringing us to the end of day three, ready to establish the heavenly signs and bodies.

❖ The Heavenly lights, Signs and Rulership

Moving forward through [Gen. 1](#), our subsequent scriptural investigation begins with verses 14–19. Here the scriptural thought process takes a directional change, from rejuvenation and germination on the Earth, toward rulership of the Earth. God makes it very clear in verse 14 the lights in the heavens ("firmament") are for signs, seasons, days, and years. Also, reference the Book of Jubilee's, which states

Part 1

Understanding Genesis; the Beginning

something very similar but with added emphasis on the Sabbath days as, for months, festivals, days, years, and Jubilees. Let's read [Jubilees' 2:8](#)

v8; God established the sun as a great sign over the earth and for days and for sabbaths and for months and for festivals and for years and for jubilees and for all seasons of the years,

Keep these scriptures in mind as Alohym (God) conveys "in advance" the importance of the coming Sabbath for His people. Now let's take a moment to address what is NOT stated in these scriptures! Number one, verse 14, does not indicate the fourth day in the Genesis account is the beginning of God's calendar year. Therefore, those who suggest the "fourth day" Genesis account aligns with man's Equinox do not understand the calendar structure they keep. There is no shred of biblical or scientific evidence to support this assumption. Keep this in mind as more information on this subject which some scholars call the "gap theory," will be revealed later in this research.

So far, we learned the Heavens and Earth were created in fullness before their destruction, rejuvenated to sustain renewed plant life and soon coming newly created life. We have also known that the heavenly lights or luminaries already existed, and here is where we will begin; let's read Genesis 1:14 thru 16 to start.

interlinear								
Genesis 1:14,15,16 WLC WLC_tm Strong CHES								
AV and "Alohym [Powers]" said, the luminaries exist in the sheet of the firmament to make a separation between the day and the night and they exist for signs and for appointed times and for days and years, v15; and they exist for luminaries in the sheet of the sky to make illumination upon the land and existed so v16; and "Alohym [Powers]" made two of the great luminaries, one great luminary to rule the day and the small luminary to regulate the night and the stars

the-stars and-» the-night to-ruling-of the-small the-luminary and-»								

Now the above scriptural graphic of [Gen. 1:14-16](#) has been revised (English language version), which better reflects the Hebrew intent of the scripture.

Part 1

Understanding Genesis; the Beginning

According to previous scripture, the lights from the luminaries already existed in the heavens but here formed (made) the sun and stars to illuminate the land and regulate Earth's time for signs, seasons, days, and years. Did you notice after reading these verses that the word bara^{H1254} – "create" was never written into the scriptures? Let's read the last few verses surrounding the events of the fourth day as we look forward to the creation of living souls, let's read.

Genesis 1:17,18,19								
WLC WLC_tm Strong CHES								
AV And God set them in the firmament of the heaven to give light upon the earth, 18; And to rule over the night and to divide the light from the darkness: and God saw that [it was] good; 19; And evening and morning were the fourth day								
ולמשל	על - הארץ	להאיר	השמים	ברקיע	אתם אלהים	ויתן		
u·l·mshl	e·artz - ol	l·eair	e·shmmim	b·rqio	aleim ath·m	u·ithn

and·to·to·rule·of the·earth on to·to·give·light·of the·heavens in·atmosphere·of Elohim »·them and·he·is·giving								
אלהים	וירא	החשך	ובין	האור	בין	ולהבדיל	ובלילה	ביום
aleim	u·ira	e·chshk	u·bin	e·aur	bin	u·l·ebdil	u·b·lile	b·ium
H430	H7200	H2822	H996	H216	H996	H914	H3915	H3117
Elohim and·he·is·seeing the·darkness and·between the·light between and·to·to·separate·of and·in·the·night in·the·day								
		יום רביעי	בקר -	ויהי	- ערב	ויהי	כי - טוב	
		rbioi ium	bqr -	u·iei	orb -	u·iei	tub - ki	
		H7243 H3117	H1242 -	H1961	H6153 -	H1961	H2896 - H3588	
		fourth day morning		and·he·is·becoming	evening	and·he·is·becoming	good that	

Now below are revised verses 17 thru 19 which better reflect the Hebrew intent of these scriptures; let's read.

v17; and Alohyim gave them in the sheet of the sky to make a glow upon the land, v18; and to regulate in the day and in the night and to make a separation between the light and the darkness and Alohyim saw that it was functional, v19; and evening existed and existed morning day four

Here verse 19 ends the fourth day as Alohyim set the sun and stars to rule over (regulate) light and darkness (night) on the Earth. Alohyim refers to the luminaries (Sun and Stars) for signs, seasons, days, and years in the above scriptures. These specific words demonstrate the importance of the luminary (rulership) topic, which scripture now states in "calendar" terminology. Keep this topic firmly in your mind and consider the tremendous amount of wisdom and instruction Alohyim communicates to his people, overlooked for centuries.

✓ Commentary

As we reflect on Genesis 1, why is the moon never mentioned? Alohyim created heavenly bodies as rulership over Earth directed by, i.e., Sun and stars, because they are self-generating self-illuminating, unlike Earth's moon, which functions as a light reflector. Being a reflector of light upon the Earth, the moon serves its purpose: by regulating ocean tides. Scientific and scriptural facts addressing this topic are in Part 5.

Part 1

Understanding Genesis; the Beginning

In finishing this section, through scriptural fact, Alohym rejuvenated the Earth through the process of germination and molding the existing elements to bring forth the light, the sun, and stars of the heavens to rule over the Earth. We have investigated critical definitions within the above scriptures and preface, which prove by any shadow of a doubt (Gods) Alohym's calendar could not have started on day one or day 4. As Alohym molded and shaped the Earth within the 1st four days of [Genesis 1](#), we know through the process of germination, grass, herbs, and fruit-bearing trees of their kind were brought forth.

❖ Alohym creates new life

As Earth moves into its fifth day, notice the directional change from rejuvenation and heavenly rulership to Alohym bringing forth abundant life in the seas and fowl for the open sky, which begins in [Genesis 1:20](#). In verses, 21 - 22, great whales and every creature moving in the water and every winged fowl after its kind were created. Alohym blessed them and told them to multiply and fill the Earth, which ends the day with "and existed evening and existed morning day fifth.

Here in [Gen. 1:21](#), for the second time in scripture, the word "bara"^{H1254} "create" has been used since its first instance in [Gen. 1:1](#). Note; even though "bara"^{H1254}, i.e., create, is used in both scriptures, there is a big difference between what was created. For example, in verse 1, everything was created, i.e. (filled up or fattened), whereas, in verse 21, just the animals. So first, let's review the English translation and then read the updated Hebrew revision below, starting [Gen. 1:20](#); let's read.

- [v20](#); And God said, Let the waters bring forth abundantly the moving creature that hath life, and fowl [that] may fly above the earth in the open firmament of heaven. [v21](#); And God created^{H1254} great whales, and every living creature that moveth, which the waters brought forth abundantly, after their kind, and every winged fowl after his kind: and God saw that [it was] good. [v22](#); And God blessed them, saying, Be fruitful, and multiply, and fill the waters in the seas, and let fowl multiply in the earth. [v23](#); And the evening and the morning were the fifth day.

Revised: (Mechanical translation)

[v20](#); and Alohym said, the water swarmer's and the flyers beings of life will fly above the earth upon the face of the sheet of the sky, [v21](#); and Alohym fattened the magnificent taniyns^{H8577} and all the beings of life, the treading ones which swarm the water to their kind and the flyers of the wing to his kind and Alohym saw that it was functional, [v22](#); and Alohym respected them saying, reproduce and increase and fill the water in the seas and the flyers increased in the land, [v23](#); and existed evening and existed morning day fifth

Here, Alohym begins creating living creatures on the Earth that are the tremendous aquatic animals and winged fowl. In verses 24 and 25, the Earth bringing forth the cattle and creeping thing of its kind, and (God) Alohym saw that it was good, i.e., functional. In verses 26 - 31, Alohym creates man in his image

Part 1

Understanding Genesis; the Beginning

after their likeness. Alohym created both males and females to be fruitful and replenish Earth and give man dominion over the animals and every herb-bearing seed for food to eat.

Now with the establishment of mankind on the Earth this now brings us to the end of the sixth day finishing the rejuvenation and creation process. Next up, the establishment of the Sabbath on the seventh day!

➤ The Manifestation of the Sabbath day on Earth

In this section, we will investigate the beginning of the Sabbath days on Earth and their role in obedience to (Gods) Alohym. Let's begin in [Genesis 2:2, 3](#) and [4](#) of which will bring eye opening knowledge to all those that are diligently seeking relationship with our Creator. Once again we will begin by using the Interlinear Scriptural Analyzer so that we do not miss any language details coming from the original Hebrew text. Let's read

Genesis 2:2,3 WLC WLC_tm Strong CHES

And on the seventh day God ended his work which he had made; and he rested on the seventh day from all his work which he had made. 3; And God blessed the seventh day, and sanctified it: because that in it he had rested from all his work which God created and made.

Part 1

Understanding Genesis; the Beginning

Here (God) Elohim makes the statement; *“these [are] the generations of the heavens and earth”*, but what is God referring to in this verse? To answer this question, we are going to use the word “what”, one of the five key words used for defining questions; “meaning purpose or what is done”. In defining verse 4, we first must explain what the word “these” means in English which is: *an adjective, plural “these”, coming from the word “this”*. (Used to indicate a person, place or thing, or degree as present, near and just indicated or mentioned or Characteristic)

The word “*these*” in its plural is stating; *“just indicated or mentioned”*, so that means we need to look at the previous scripture to get our answer to *what* the generations of heaven and Earth are? Let’s read, [Genesis 2:3](#).

- [v3](#); And God blessed the seventh day, and sanctified it: because that in it he had rested from all his work which God created and made

Reading verse three (3), “**what**” is just mentioned or indicated i.e. [the seventh day](#), “**what**” is it’s characteristic i.e. [it is sanctified](#), “what” are the generations of Heaven and Earth i.e. [the sanctified seventh day](#) in which God rested. Also, realize that the Sabbath day described in [Gen. 2](#) was the first time in Heaven and on Earth that both Elohim and mankind observed the Sabbath day together. Since this was the “first day” of completed creation it would only make sense that the Sabbath was designated to be the day for signs, seasons (Appointments), days and years. (Ref: [Gen. 1:14](#))

Now that the Sabbath has been established on Earth, is there scriptural information that proves or states that the Sabbath was established in Heaven first? The answer to that question is found in the Book of [Jubilee’s 2:30](#), let’s read.

- [v30](#); And they shall not carry out or bring in on that day from one house to another, for this is a holy and blessed day over all the days of jubilees; [on it we observed the Sabbath in heaven, before it was known to any mortal to observe the Sabbath on it on the earth](#).

It is not obvious that the words “seasons (Appointments), months, days, and years” are calendar related terms. The question then becomes, what is meant by the word “signs”^{H226}? In the next chapter, we find that [H226](#), (אות) or (אות) means i.e. *a signal* (literally or figuratively), as a flag, beacon, monument, omen, prodigy, and evidence. Now isn’t it interesting that the two root letters of “signs” is the Aleph-Taw (את), a sign or agreement a covenant between two parties.

➤ Understanding the Word; “Signs”

When studying the word “Signs” as given in [Genesis 1:14](#), unlike the English translation, the Hebrew script communicates more information and understanding about the word (“oth”) ^{H226} translated “signs”. Now to accomplish and unlock this hidden knowledge within the word “sign or signs”, our tools of choice will be [Interlinear Scriptural Analyzer](#) and the [Ancient Hebrew Lexicon](#) (by Jeff A. Brenner). These tools will enhance our understanding of the Hebrew letters that makeup the word “sign”, which

Part 1

Understanding Genesis; the Beginning

are (אותות) or (אות). (Note: Strong's [H853](#) ("eth") (את Aleph-Taw) are root letter in the word "sign" which is reference to "Messiah" Yahusha).

Let's read the definition from the [Ancient Hebrew Lexicon](#) with regard to the word "sign or signs" whose Hebrew letter structure is (אות), we read.

(1022) (אות)...AWT ac? co: **Mark** ab: **Agree**: The coming toward a mark. A standard, or flag, with the family mark hangs as a sign. An agreement or covenant by two where a sign or mark of the agreement is made as a reminder to both parties. (Page 63 in the [Ancient Hebrew Lexicon](#)) (co: meaning; concrete thought, ab: meaning; abstract thought)

Isn't it interesting after reading the above definition that the word "signs", spelled as (אות), refers to a covenant or agreement made as a reminder between two parties. Now let's expand on the above definition by adding the letters Tav ת and Vav ו, as represented in the other spelling of the word "signs" (אתות). Notice, if we put these two letters together as such ות the translated phrases would say; "Join two things together, the nailed sign, cross or covenant". Question; can you see the correlation between the word "sign", Sabbath and Messiah"? Here are just a few other questions to think about! 1.) Who was nailed to the cross? 2.) Who joins with us through the indwelling Holy Spirit? The answer is simple, Christ.

Also, is there additional information found in the Bible about the word "sign"? As we move forward in this research, keep in mind that the Genesis account of rejuvenation and creation on Earth ends in [Genesis 2:2-4](#) with the manifestation and sanctification of the 7th day Sabbath. (Also Reference: [Jubilee's 2:17-21](#)) (Note; Moses in Exodus addresses "signs and Sabbaths")

(In Review) So, what is truly being conveyed to God's people concerning [Gen. 1:14 - 19](#) which addresses signs, seasons, days and years and the heavenly rulership over day and night? Simply, Alohym is making a "general statement" which addresses the heavenly rulership of the lights above the Earth and how that authority is applied by the use of signs, seasons, days and years.

Let us now investigate scripture concerning the Sabbath, the sign that points to Messiah and allows us to know that Alohym sanctifies us. Notice: [Exodus 31:13-17](#)

v13; "Speak thou also unto the children of Israel, saying, Verily my [Sabbaths](#)^{H853-H7676} ye shall keep: for it is a [sign](#)^{H226} between me and you throughout your generations; that ye may know that [I am the LORD that doth sanctify you](#). v14; ye shall keep the [Sabbath](#)^{H853-H7676} therefore; for it is holy unto you: every one that defileth it shall surely be put to death: for whosoever doeth any work therein, that soul shall be cut off from among his people. v15; *Six days may work be done; but in the seventh is the [Sabbath](#)^{H7676} of rest, holy to the Lord: whosoever doeth any work in the [Sabbath](#) day, he shall surely be put to death.* v16; Wherefore the children of Israel shall keep the [Sabbath](#)^{H853-H7676} to observe the [Sabbath](#)^{H853-H7676} throughout their generations, for a

Part 1

Understanding Genesis; the Beginning

[perpetual covenant](#). v17; [it is a sign](#)^{H226} between me and the children of Israel for ever: *for in six days the LORD made heaven*^{H853-H8064} *and earth, and on the seventh day he rested, and was refreshed*".

The firmament lights are there for unique signs signifying Alohym's timetable of special events. The lights of the firmament direct us to the proper time and location in starting the yearly Sabbath "days." The Sabbath is a sign placed upon Alohym's sacred children who observe the correctly identified Sabbaths using Alohym's calendar. The Gregorian (Julian), Jewish, and other misunderstood "Enoch" calendars miscalculate Sabbaths. Should we sweep these truths under the table?

This early part of the study sheds a lot of light and gives a much deeper understanding of a subject Alohym's people have largely ignored over the years. Unfortunately, a gross error has crept into the ecclesia on the calendar due to ignorance, which leads to numerous mistakes. Satan does quite a job of blinding humanity *and even people within Alohym's ecclesia* by corrupting Alohym's calendar to the core!

❖ The Sabbath is "a Sign"

In [Exodus 31:13-17](#), Alohym tells us that the weekly [Sabbath is a sign](#)! Which is made very clear and communicates this fact in other scriptures? Notice: [Ezekiel 20:12](#) and [20](#).

v12; "Moreover also I gave them [my Sabbaths](#)^{H853-H7676}, to be a [sign](#)^{H226} between me and them that they might know that I am the Lord that sanctify them"

v20; "And hallow my [Sabbaths](#)^{H853-H7676}; and they shall be A [sign](#)^{H226} between me and you, that ye may know that I am the Yahuah your Alohym"

The word "Sabbath," Strong's Concordance #[H7676](#), is translated from the Hebrew word "Shabbath or Shabbat," meaning, specifically, the seventh day of the week. So Alohym tells us the seventh-day Sabbath is a sign!

Therefore, it is essential to observe the lights, which not only determine when days and nights begin and end but also the lights that correctly identify the weekly Sabbath "days." The lights in the firmament are there for years, days, and seasons! As we first take a close look at the word "seasons," we will realize that through this word ("seasons"), Alohym communicates a critical message. Let us continue to study [Genesis 1:14](#),

v14; "And Alohym said, Let there be lights in the firmament of the heaven...for seasons^{H4150} ..."

Here we see that the lights in the firmament are also there for "seasons." The word "season" is Strong's [H4150](#) and is translated from the Hebrew word "*Moed*" and means "an appointment, season, festival, assembly, or congregation" Please keep this Hebrew word in mind as we proceed with this study in [Leviticus 23:1-6](#).

Part 1

Understanding Genesis; the Beginning

v1; “And the Lord spake unto Moses, saying, v2; Speak unto the children of Israel, and say unto them, concerning the feasts (Muods = 4150 = appointed times, festivals) of the Lord, which ye shall proclaim to be holy convocations, even these are my feasts^{H4150} .

v3; Six days shall work be done: but the seventh day is the Sabbath of rest, an holy convocation; ye shall do no work therein: it is the Sabbath of the Lord in all your dwellings. v4; These are the feasts^{H4150} of the Lord, even holy convocations, which ye shall proclaim in their seasons. v5; In the fourteenth day of the first month at (sunset) evening is the LORD'S Passover. v6; And on the fifteenth day of the same month is the feast of unleavened bread unto the Lord: seven days ye must eat unleavened bread”.

The remainder of Leviticus 23 continues to define and list all of Alohym’s seasons (Feasts/“Muods”), including the Feasts of Pentecost, Trumpets, Atonement, Tabernacles, and the Eighth day of which are all Sabbath days following Alohym’s sacred calendar of which all fall on weekly Sabbaths except for Atonement. (*More on this subject later in the Study*)

In Conclusion

In chapter 1, we have taken you through an in-depth biblical study of the Hebrew language and its revealing truths regarding Alohym’s creation throughout Genesis 1, which the ecclesia is not taught. Now it’s time to take the next step into real common sense thinking concerning Alohym’s restored Firmament, i.e., the heavens. Remember that we are building a firm foundation step by step on biblical, historical, and scientific evidence, which proves there is only one accurate calendar, Alohym.

Part 2

The Firmament, Digging Deeper

Table of Contents

➤ What Rules the Calendar.....	28
➤ The Great Luminary.....	34

Introduction

In Part 2, we will dig a little deeper into understanding the word “firmament,” first addressed in [Genesis 1:6](#). The firmament or atmosphere in English comes from the Hebrew word (raqiya’ – רַקִּיעַ), Strong’s H7549 meaning; sheet and expanse or visible arch of the sky. Note; the word “Heavens” as used in [Gen. 1:1, 8](#) comes from the Hebrew word (shamayim – שָׁמַיִם), which is plural “Heavens,” Strong’s H8064 meaning; the sky, alluding to the clouds as well as the revolving of the celestial bodies.

You may be asking, why are we addressing the Heavens and firmament just after learning so much about the accurate scriptural flow of Gen. 1? The reasoning behind understanding these components of Alohym’s creation will help you free from entanglement with the “4th Day” Calendar movement. Now, you’re probably asking, what is all this concerning? Some state they observe the “Zadok Priesthood” calendar, which begins on the 4th day of creation. This doctrinal view, though unscriptural, states that Alohym created and instituted His calendar on the 4th day as described in [Gen.1:14](#). Keep in mind that Alohym would not impose a calendar observance upon an Earth with no sanctioned living beings; who would have obeyed it, the plants and birds?

Let’s investigate the truth as written in the Hebrew language. Remember, we, as believers are to have NO private interpretation of scripture. Alohym speaks through His scripture, and HE alone explains the truth to His people; so be Berean, and let’s dig deeper.

Part 2

The Firmament, Digging Deeper

What Rules the Calendar

The Bible discusses “lights in the firmament” and how these lights rule the day (Light) and the night (Darkness). Alohym explains to us these lights divide the day and the night. Furthermore, in this study guide, we look at the fact that the “lights in the firmament” are also there for signs, days (weekly Sabbaths), seasons (weekly & annual Sabbaths), and years.

Question: What does rule Alohym’s (God) calendar? Alohym explains the Earthly rule of time with concrete thought concerning the existence of the Sun and stars beginning in Genesis 1:14-19. As we investigate these five verses, which deal with signs and symbols, we must remember that the first four (4) days, as written in Gen. 1, describe rejuvenation and germination for life to exist on Earth. Many traditional believers of the word view Gen. 1 as creation week without genuinely knowing the factual context or intent of the language. As we investigate Gen. 1, we begin by pointing out the absence of the Hebrew word “bara,” [H1254 meaning; to create] starting with Gen. 1:2-20; these scriptures directly associate with the terms light and the firmament (sky); this is significant in understanding Alohym’s (God’s) day and calendar structure. Verse 14 of Gen. 1 begins our investigation of the language within these five verses giving you new knowledge and understanding. (Gen. 1: 14 let’s read)

- v14; And God said, Let there be^{H1961} lights^{H3974} in the firmament of the heaven to divide the day from the night; and let them be for signs, and for seasons, and for days, and years: v15; And let them be for lights in the firmament of the heaven to give light upon the earth: and it was so. v16; And God made^{H6213} two great lights; the greater light to rule the day, and the lesser light to rule the night the stars. v17; And God set them in the firmament of the heaven to give light upon the earth, v18; And to rule over the day and over the night, and to divide the light from the darkness: and God saw that [it was] good. v19; And the evening and the morning were the fourth day.

Word Investigation:

Before moving forward, there are a few keywords in the Hebrew language within verse fourteen (14) that, when understood, clear up any misconceptions surrounding this true scripture meaning which are, to exist (hayah -היה); luminaries (מאור -ma’owr) and light (אור -owr). Again, we will use Strong’s Concordance and the Ancient Hebrew Lexicon as our language translation tools, starting with H1961.

- *Strong’s Concordance*; H1961 – (היה) hayah (haw-yaw) a primitive root (compare H1933); to exist, i.e. be, become, come to pass.
- *Ancient Hebrew Lexicon*; (1097) H1961 (היה - הַיָּה) = “exist”: To exist or have breath. That which exists has breath. In Hebrew thought the breath is the character of someone or

Part 2

The Firmament, Digging Deeper

something. Just as a man has character, so do objects. [A generic verb with a wide application meaning to “*exist or be*”].

The Hebrew Root - hayah (יהי) H1961 which translates as "Let there be, or he exists," comes from the root letters היה meaning, "to exist," when the letter י (yod) is prefixed to the root, (masculine, singular, imperfect tense) a variant of the word is formed יהיה meaning, "he exists." When a root ends with ה (heh), it is often dropped when used as a verb. Hence, יהיה becomes יהי. (Ref: *Learning to Read Biblical Hebrew* by Jeff A Brenner)

✓ [In Review](#)

So, what have we learned about understanding the original Hebrew word “hayah” (יהי) H1961? The English translation “there be” could have been written as “exist, or he exists,” but in either case, “there be” or “he exists” means the object described already existed. Now, let’s investigate how the word “Let” in the phrase (“Let there be”) changes the phrase’s meaning.

The word “Let” in the English phrase (“*Let there be*”) means to, “allow or admit” is translated from the Hebrew root (Nathan – לתת)H5414 or לאפשר, which means; *give or gift*. Other associated words in English are hand over, grant, allow, permit, enable, make possible, or facilitate. In reviewing the original Hebrew text concerning verse 14, the word “Let” did not exist and was added to the scripture by the translators. Review the “Revised Version of verse 14 (below) but when reading, substitute the words below in red underline for “exist” and “they exist for,” and notice how the scripture takes on a little different meaning. (Note: the lights already existed)

interlinear
Genesis 1:14 WLC WLC_tm Strong CHES

exists and they exists for
AV . And God said, Let there be lights in the firmament of the heaven to divide the day from the night, and let them be for signs, and for seasons, and for days, and years:

and-between	the-day	between	to-to-separate-of	the-heavens	in-atmosphere-of	luminaries	he-shall-become	Elohim	and-he-is-saying

(Revised Version)

ושנים	ולמים	ולמועדים	לאות	והיו	הלילה
: u·shnim	u·l·imim	u·l·muodim	l·athth	u·eiu	e·lile
H8141	H3117	H4150	H226	H1961	H3915
and-years	and-for-days	and-for-appointments	for-signs	and-they-become	the-night

Next, let's review the definition for the word "luminaries (מאר- ma'owr) and light (איר – owr)."

- *Strong's Concordance*; H3974 - ma'owr - maw-ore' or maor {maw-ore'}; also (in plural) feminine mpowrah {meh-o-raw'}; or morah {meh-o-raw'}; from H215; properly, a luminous body or luminary, i.e. (Abstractly) light (as an element): figuratively, brightness, i.e. cheerfulness; specifically, a chandelier. KJV: bright, light.

Part 2

The Firmament, Digging Deeper

- *Ancient Hebrew Lexicon*; (1020) H3974 - ms; (מֵאֹרֶת - M-AWR) = “Light”: [ms; Masoretic text] What gives off light i.e. Luminaries, From 215, 216. The light of the Sun, or other givers of light.
- *Strong’s Concordance*; H216 - 'owr – ore; from H215; illumination or (concrete) luminary (in every sense, including lightning, happiness, etc.). KJV: bright, clear, + day, light (-ning), morning, sun.

A "luminary" refers to something which shines self-generating its light. It's referring to a body of light, a luminary – a body from which light emanates – and not a reflector. Considering the sun, moon, and stars, we understand that the sun and stars are luminaries. They are a light source; they give and shine the light of and by themselves. The stars are not dependent on the sun to provide light and vice versa. The moon, on the other hand, is not a luminary. The moon does not self-generate its light; it does not give off heat, which disqualifies it as a luminary. It is an excellent reflector but not a light source; it does not supply light. Therefore, the moon is not a luminary in the word's literal meaning. Some might refer to the moon as a luminary, but this is only in its capacity to reflect light. Remember, this critical information is essential.

✓ Commentary

The light in [Genesis 1:3](#), [H216 from H215] talks about a singular luminary (concrete) illumination from the Sun. The sunlight, obscured by darkness, was above or over (H5921) the waters meaning the Sun already existed as indicated by the same Hebrew Root - hayah (יהי) “Let there be” translated “exist, or he exists.” Let’s read verses 14 and 15 revised in light of a new understanding.

Revised;

- v14; And God said, exists^{H1961} luminaries^{H3974} in the firmament of the heaven to divide the day from the night; and let them exist for signs, and for seasons, and for days, and years: v15; And they exist for luminaries^{H3974} in the firmament of the heaven to give light^{H215} upon the earth and he existed^{H1961} so.

In verses 14 and 15, these scriptures only talk about the heavenly luminaries (lights) to shine down on Earth. Nowhere in these two scriptures does it say the luminaries were created but already existed. So now let’s move on to a most pivotal scripture, verse 16, in which Alohym puts rulership in the heavens.

v16; “And God^{H430} made^{H6213} (אֵת^{H853}) two^{H8147} great^{H1419} lights; ^{H3974} (אֵת^{H853}) the greater^{H1419} light^{H3974} to rule^{H4475} the day^{H3117} and the lesser^{H6996} light^{H3974} to rule^{H4475} the night: ^{H3915} he made the stars^{H3556} also”.

Part 2

The Firmament, Digging Deeper

Now let's view verse 16 from the [Interlinear Scriptural Analyzer](#) and notice (*first*) the [King James Version](#) of the scripture on top and (*secondarily*) the [Hebrew version](#) underneath; let's read.

If we look closely at this verse, we will find it quite revealing. Notice the words “[he made]” and “[also]” were added to the English translation but do not exist in the original Hebrew script. Notice the very first words in this verse which state; “And God made,” of which we will focus on the word “made”.^{H6213}

- [Strong's Concordance](#); H6213 - `asah - aw-saw' a primitive root; [to do or make](#), in the broadest sense and widest application (as follows). KJV: (example) accomplish, advance, appoint, apt, be at, become, bear, bestow, bring forth.
- [Ancient Hebrew Lexicon](#); (1360) H6213 [df: עשה] [df: defective spelling] [עס] corrected, [ac: action definition] - [Do](#), [co: concrete definition] – [Work](#). [The making or doing of something](#)
- [Do](#); verb (used with object), present singular first person do, to perform (an act, duty, role, etc.): “Do nothing until you hear the bell”, “to execute” (a piece or amount of work): to do a hauling job, to perform or complete (a deed or action)

Since the word “Do” or “Work” is a verb, verse 16 must be an action statement which describes as **[Action Statement]**: Describes each of your accomplishments that emphasize the results that benefit humanity. Be sure the **action** words are at the beginning of the line. According to the [Interlinear Scriptural Analyzer](#), the action word H6213 – “asah,” is the first word in verse 16, of which Alohym (God) is describing what He accomplished on the fourth day of which he brought forth by His action the Sun to rule the day and the stars to rule the night.

Part 2

The Firmament, Digging Deeper

✓ Commentary

Did you notice the term “moon” in verses 14-19 never exists? So in these verses, there is a perfect explanation for Alohym not mentioning the moon because the moon has NO ruling or scriptural authority in the heavens or on Earth.

The above statement might sound illogical initially, but when you understand the language, you will realize the depth of what Alohym is communicating to us. Scripture tells us two great lights in the firmament (sky), which divide time and seasons. Time can be informed by the sun’s position and by the positioning of the stars. One can also navigate the seas by using the stars as a guide. On the other hand, one cannot tell what time it is by looking at the moon, nor can one navigate by it! Furthermore, the stars come out when the sun goes down at the end of the day. The same cannot be stated for the moon:

- It can sometimes be seen during the light hours of the day
- It doesn’t reflect any light for a few nights every month
- It can come in and go out of view on a given night
- It is not a clear ruler of the night

Let’s investigate the Book of Jubilees’ 2:7-10 as a second witness that parallels the Genesis account. (Jubilees’ 2:7-10, Ethiopic Bible) You should begin to notice the same language issues when reading these scriptures in the Book of Jubilees. The words “he made” and “God made” relate to the original translation of the Hebrew and Greek languages into Ethiopic Ge’ez and then to English.

v7; And on the fourth day he made the sun and moon and stars and placed them in the firmament of heaven that they should shine over the earth and to rule over day and night and to divide between night and day and between darkness and light. v8; And God established the sun as a great sign over the earth and for days and for sabbaths and for months and for festivals and for years and for jubilees and for all seasons of the years, v9; And he shall divide between light and darkness and for prosperity that all things that sprout and grow on earth may prosper. v10; These three kinds God made on the fourth day.

Given the facts, wouldn’t you agree that the moon would be considered a weak ‘ruler of the night’? Sometimes it is the brightest object at night, but sometimes it is not “on duty.” Due to these reasons, strictly speaking, the moon cannot be used as a reliable “instrument” to divide the night from the day; neither would it be a precise and reliable instrument on which to base a calendar! We will now see that Alohym does not use the moon to calculate his calendar. Now, move to verses 17 through 19 and read what Alohym (God) does with the Sun and stars.

Part 2

The Firmament, Digging Deeper

v17; “And Alohym set them in the firmament of the heaven to give light upon the earth, v18; And to rule over the day and over the night, and to divide the light from the darkness: and Alohym saw that it was good”. v19; And the evening and the morning were the fourth day.

Now let’s show the above scriptures using the (I.S.A.) Interlinear Scriptural Analyzer to see both the Hebrew and English translations. (Review Chapter 1 for more details)

Genesis 1:17, 18, 19 WLC WLC_t Strong CHES

AV And God set them in the firmament of the heaven to give light upon the earth, 18; And to rule over the day and over the night, and to divide the light from the darkness: and God saw that [it was] good:19;And the evening and the morning were the fourth day.

Again, after reading these last three scriptures, did you notice the word "bara" H1254 [to create] is not once written or mentioned in the Hebrew or English text? As a summary for verses 14-19, Alohym (God) is speaking these verses as "action and command statements," it is essential to be clear that 'statement,' 'question,' 'command' and 'exclamation' are sentences patterns which mean they are defined grammatically. A statement has a structure in which there is typically a Subject, followed by a verb, and then additional units, such as a direct object, as these verses assimilate.

This information demonstrates that the sun and the stars are the two luminaries dividing the day from the night; these are Alohym’s foundation for his calendar. Of course, the moon is vital in its own right (especially concerning tide cycles), but not as a foundational instrument that Alohym uses to determine the weekly Sabbath or annual Feast days.

Part 2

The Firmament, Digging Deeper

➤ The Great Luminary

Let us begin this section by taking a look at two verses in the book of Revelation: “And I saw another mighty angel come down from heaven, clothed with a cloud: and a rainbow was upon his head, **and his face was as it were the sun**, and his feet as pillars of fire” (Rev. 10:1)

Yahusha's face is representative here, "as it were the sun." The sun has prominence in Alohym's calendar! But notice the sun is discussed further in the following scripture: Rev. 12:1

v1; “And there appeared a great wonder in heaven; a woman clothed with the sun, and “the moon under her feet, and upon her head a crown of twelve stars”. (Note: Please read “The Rev 12 Sign” A New Spiritual Awakening”, for a more in depth study.)

After reading the above scriptures, you clearly understand that Alohym communicates something significant. Interestingly, the sun, stars, and moon are addressed in Rev.12:1 because the lights are in the sky simultaneously. The question to ask is when and where these events will happen. As a believer, would you not think that this all-important event would fall on Alohym's accurate calendar? Alohym clarifies that he wants a bride following him, “if you love me, keep my commandments,” a bride on his specific calendar? (More on this later). Let us discuss the sun first of all. The sun is prominent in both scriptures, but Rev. 12:1 interestingly states that the woman, or the ecclesia, is clothed with the sun! What does this tell us? First, whenever Alohym talks about clothing in this way, He always refers to government and authority. Following are two examples of this:

1. Joshua was clothed with clean clothing symbolizing the fact that He would now “keep” His “charge” (Zech. 3:4-7)
2. Eliakim was clothed with clothes symbolizing government being committed into his hands (Isaiah 22:20-22)

The woman is clothed with the sun, indicating the sun's brilliant illumination or glow as in white raiment, indicating dominance and purity. It is in control and symbolizes authority and rulership. Notice these scriptures concerning the subject of white raiment. Revelation 3:5 and 3:18

v5; He that overcometh, the same shall be clothed in white raiment; and I will not blot out his name out of the book of life, but I will confess his name before my Father, and before his angels.

v8; I counsel thee to buy of me gold tried in the fire, that thou mayest be rich; and white raiment, that thou mayest be clothed, and [that] the shame of thy nakedness do not appear; and anoint thine eyes with eyesalve, that thou mayest see.

Now, let us briefly examine the prominently featured stars in Rev.12:1. Scripture states the crown placed on the woman's head is a crown of twelve stars. What does this tell us? Of course, a crown (placed ahead) is also a symbol of ruler-ship and authority. So it is safe to say that here Alohym is also communicating the stars are in a position of power. Interestingly, there are 12 stars on the crown.

Part 2

The Firmament, Digging Deeper

Finally, we come to the moon, as discussed in Rev. 12:1. Here, the scripture states the moon is under the feet of the woman. A woman's left foot rests on the moon, which is significant. In scripture, Alohym says He will separate the Sheep from the Goats, the Sheep to the right and the Goats to the left. (Matthew 25:32, 33) Let's notice what scripture states in Matthew 25:40-41.

v40; And the King shall answer and say unto them, Verily I say unto you, Inasmuch as ye have done [it] unto one of the least of these my brethren, ye have done [it] unto me. v41; Then shall he also say unto them on the left hand, Depart from me, ye cursed, into everlasting fire, prepared for the devil and his angels:

Alohym is trying to get our attention in these verses, especially regarding his calendar; the sun, moon, and stars are the lights in the firmament. We know that the lights in the heavens determine Alohym's calendar. The sun is in a dominant leadership position and role. The stars are also in a position of rulership, while the moon is in a place of submission. The moon does not give light but reflects the sun's light. A similar situation exists within the marriage union as the wife reflects on her husband; the moon also reflects the sun. As we think about the sun and moon in these terms, we quickly realize that the moon takes a secondary position to that of the sun.

Regarding Alohym's calendar, it is evident that the sun determines the calendar, not the moon! Satan has used vanity and deceit to maneuver and twist people's reasoning to focus on a predominantly seen body at night to base their calculations for a calendar. Unfortunately, physical and spiritual Israel (the gentile nations of Israel, including the Jews) has fallen into this trap. They erroneously use the moon to determine their calendar, while Alohym uses the sun to decide His calendar.

✓ [Commentary](#)

Now that we have gotten a little deeper into understanding Alohym's firmament and what objects have rulership over the Earth, it's time to think about how Alohym begins and ends His day. In chapter 3, you will learn scriptural truth, not doctrinal views of when Alohym begins and ends.

Part 3

When Does The Biblical Day Begin?

PREFACE:

Understanding Alohym's day structure is an essential subject to all believers. Because as believers, we are to worship our Creator as He desires, not as we think we should or by the traditions of men. Understanding Alohym's day structure brings freedom from this world's religious belief system and erroneous teachings from the enemy meant to confuse the body of the Messiah. Scripture says it best;

"Howbeit in vain do they worship me, teaching doctrines the commandments of men."

[Mark 7:7](#)

"But the hour cometh, and now is, when the true worshippers shall worship the Father in spirit and in truth: for the Father seeketh such to worship him" [John 4:23](#)

Many believers wonder, "How can I be sure I am observing Alohym's day in its correct order"? I share and understand their frustration on this subject! There is plenty of information on this subject, full of half-truths and not based on the law of Alohym. But, which law we are speaking of; would be the sacrificial law. The sacrificial law, by design, focuses on obedience to our Creator through sacrifice. The sacrificial law is structured to draw the "offeror" closer to Alohym spiritually; through the burnt or ascent offerings. (The peace, sin, wave, and vowel offering), come later. .

The sacrificial system instituted at Mount Sinai through the Aaronic priesthood revolves around Alohym's day structure as given in [Genesis 1:5](#), light, night, evening, and morning. Through this order, we worship our Creator, giving us a clear understanding of when the day begins and ends. The evidence presented in this investigation is Biblical, historical, and scientific research in harmony with the word of Alohym.

Part 3

When Does The Biblical Day Begin?

➤ Introduction

Welcome; as we build upon previous Parts 1 and 2, our research now turns to the knowledge and understanding of God's day structure. Previously, we learned through the original Hebrew text that Alohym's scriptural year begins on a Sabbath, as instituted in [Genesis 2:2-4](#). This scriptural truth (no doubt) has shocked many believers. Within this chapter, a new law of liberty will open your eyes, one not widely taught to Alohym's ecclesia.

In this Part, we will look closely at the knowledge Alohym imparts to us through his Word in determining the structure and beginning of a day. Most of the known Christian world believes that a day begins at midnight, whereas most Sabbath-keepers believe that a day starts at sunset. Which philosophy is correct? What does the Bible say about this subject? According to *[Alohym's calendar](#)*, when does a day begin in Genesis 1? What does Alohym reveal through His inspired Word on this most important subject? Get ready for some awe-inspiring information that will change your life. Use your Bible to prove everything through this study, be Bereans! ([Acts 17:11](#))

Let us begin this section by studying in [Genesis 1](#): (KJV)

[v1](#); In the beginning God created the heaven and the earth [v2](#); and the earth was without form, and void; and darkness was upon the face of the deep. And the Spirit of God moved upon the face of the waters [v3](#); and God said, Let there be light: and there was light. [v4](#); and God saw the light, that it was good: and God divided the light from the darkness. [v5](#); "And Alohym called *the light day* and the *darkness he called Night* and the *evening and the morning were the first day*. (Editor's note: The Hebrew words for "Day" and "day" are exactly the same in verse 5 ["Day" = yo·vm and "day" = yo·vm]. Therefore, ["Day" = "day" = yo·vm]. There is no difference in capitalization. It is also exactly the same Hebrew word in [Gen. 1:8, 13, 19, 23, and 31](#). Therefore, ["light" = day "yo·vm" and morning light = "yo·vm"]).

Notice that during rejuvenation week in verse 3, the first thing expressed is that "light existed." When Alohym brought forth "light," He separated it from darkness (He separated it from "night") and called it "day." Through His inspired Word, Alohym tells us that "light" is representative of "day" and "darkness" is representative of "night."

To understand the logic encompassing Alohym's day, we must first address this scripture's religious error. Most Torah observant believers blindly and without understanding the Hebrew language accept that Alohym's day begins at "evening" sunset. Let's investigate [Genesis 1:5](#) and notice the order built within scripture. (Let's read)

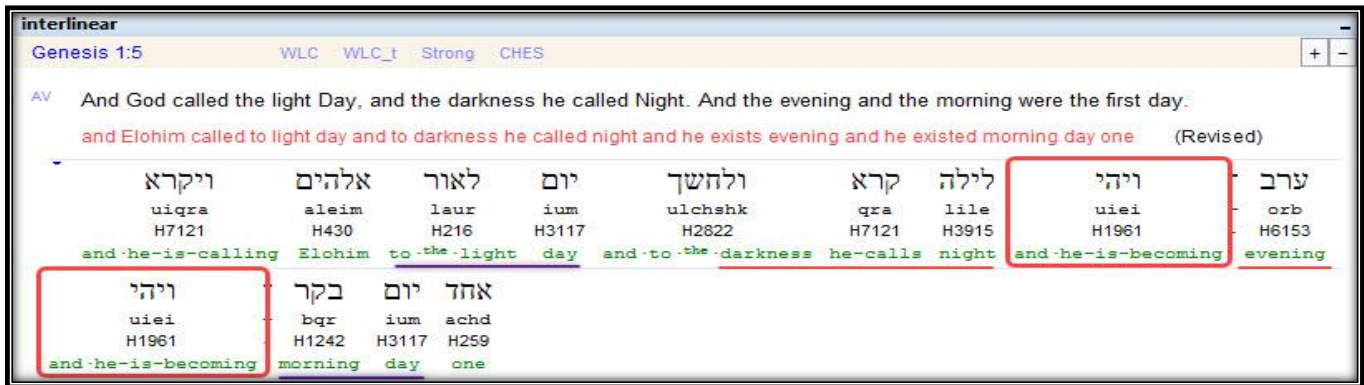

Part 3

When Does The Biblical Day Begin?

v5; And Alohy^m ^{God} called^{H7121} the light^{H216} day^{H3117} and the darkness^{H2822} he called night^{H3915} and he ^(night) is becoming (he exists)^{H1961} evening^{H6153} and he ^(evening) is becoming (he exists)^{H1961} morning^{H1242} day^{H3117} echad^{H259} ^(one, unity).

After reading this scripture, notice how the day is structured (light = day, darkness = night, evening = together comingle, and morning = day). In verse 5, the word “evening” comes after the word night, not before, so to accurately state the day begins at “Sunset evening,” should have said such. Remember that Alohy^m is laying out His day structure; there is no support for this doctrinal belief of men!

Let’s investigate [Genesis 1:5](#) by using the (I.S.A.) Interlinear Scriptural Analyzer, which displays both the Hebrew and English translations. Giving the reader a visual understanding of how Alohy^m’s day is structured from a Hebraic point of view, let’s read.

Notice Strong’s #H1961 within the two red boxed areas state, “and-he-is-becoming” as rendered in English, which comes from the Hebrew word “hayah” (ויהי) meaning “to exist, or he exists.” If you reference the English translation, these words were left conveniently out of the scripture, of which the conjunction word “and” (ו) (vaw) was inserted between the night, evening, and morning nouns. Also, the original Hebrew script contains no punctuation or period (.), which was added by the translators thinking it would help the reader’s scriptural understanding.

✓ [Commentary](#)

The added period in the English translation was inserted after the word “night,” emphasizing “evening,” which changes the meaning of the entire scripture, bringing the error to Alohy^m’s intended day structure. Also, the translators omitted the word “he-is-becoming or he-exists.” These translation errors were of choice because (“in its original form”) the scripture could not support Judaism’s religious viewpoint concerning the day beginning in the evening. As believers, we must be Berean and not allow translation errors or the doctrinal views of men to enslave us from the true liberty of the Gospel.

Part 3

When Does The Biblical Day Begin?

Having now addressed the error in [Gen.1:5](#), our next step is understanding the "unity" of day one. The word "one," translated from the Hebrew meaning "unity or echad," addresses the elements that makeup Alohym's day structure. Again, let's read verse 5 (above), which states light = day, darkness = night becoming evening becoming morning day. Here four elements are addressed, of which two equal the "day" - light = day and morning = day. Now that you understand the true meaning of this scripture, it is overwhelmingly evident that Alohym's day is as follows: light equals day/morning, and darkness equals night/becoming evening, which is the end of the day.

➤ What is an Evening?

According to man's terminology, twilight is another name for evening. Twilight is neither day nor night; consequently, a buffer or safeguard against encroachment upon either. In the Bible and other historical texts like the Book of Jubilees', evenings are when the daily sacrifices were slain and made ready for their proper time of sacrifice. Also, "evening" means "the comingling of light and darkness"; this is the smallest part of a day or the third portion of the day, according to Alohym's day structure

Now, let's investigate [man's technical terminology](#) for the words [dawn](#) and [dusk](#), which is also called

"twilight." The graphic below will help you visually understand how this daily event occurs before sunrise and the other beginning at sunset.

In a review of [Genesis 1:5](#), we see unmistakable clarification as to when the day begins, at sunrise. The evening *before* sunrise and *beginning* at sunset are the two areas of intermixing or commingling of light and darkness—Strong's #H6148-50, ('arab) meaning; to braid, i.e., intermix. In review, we must understand the word "evening"^{H6153.}

does not refer to "night"^{H3915} but to a period that must come before morning and before night.

Let's now take a little time to explain how man complicated the twilight – evening issue by assigning

degrees to progressive light or darkness, depending on which evening you refer. Notice the numbers 6, 12, and 18 degrees on each side of the drawing. These numbers apply to dawn and dusk and add up to 90 minutes (or 80 Segments of time) per evening which coincides with the

and dusk and add up to 90 minutes (or 80 Segments of time) per evening which coincides with the

Part 3

When Does The Biblical Day Begin?

Hebraic time division is called a “part” or “moment.” Remember that ancient Israel did not have watches or measure time as precisely as we do today. They would have seen the light breaking in the dawn/evening and prepared the sacrificial lamb for the morning/daylight sacrifice. Also, beginning at dusk/evening when the sun went down, the sacrificial sin offering of the oxen or lamb was performed “between the evenings,” and none was to be left by morning daylight.

➤ The Sacrificial Day Structure of Genesis, Jubilees’

Below is Alohym’s actual day structure, starting with “daylight” morning, evening, night, and evening. Now [Diagram \(1a - below\)](#) represents the “24-hour Roman” and the “18 part Hebraic” divisions of time. This Diagram will help you visualize how each part of the day fits perfectly into Alohym’s day structure. As we go through this study, we will add more information to this Diagram, proving there is only one actual day and calendar concerning observing our Creator.

One of the biggest mysteries surrounding Alohym’s day revolves around the placement of the “evenings.” Strong defines the word “evening” (*ereb*) H6153 as meaning; *dusk*, which comes from H6148-50, meaning; to grow dusky at sundown or intermix. Now, this definition fits the “evening,” which begins at sunset (dusk evening), but what about (dawn evening) before morning? Why is this forgotten “evening” not accounted for in Strong’s Concordance? The answer is simple, the mistranslation of the phrase “between the evenings” and the influence of man’s doctrinal views and resulting religious traditions. (Mark 7:9, 13)

- [Note: Wikipedia states: Dusk occurs at the darkest stage of twilight, or at the very end of astronomical twilight after sunset and just before night] See [Diagram 1a](#)

In review, the Hebrew letters for the word “evening” Strong’s H6153 ערב (*ereb* - Ayin, Rosh, and Bet) comes from the Strong’s root #H6148-H6151 ערב (*arab* - Ayin, Rosh, and Bet) meaning: to braid, or intermix, better stated commingle. The evenings are the commingling of light and darkness, as shown by Diagram 1a. As an example of correcting this error, the translators could have distinguished the difference “between the evenings.” Still, the translators made no distinction; it begs whether this was a deliberate act due to religious tradition based on a flawed doctrinal view.

Part 3

When Does The Biblical Day Begin?

➤ When does God's Day Begin?

We've addressed the minor portion of Alohym's day, the "evenings," according to scriptural and scientific references. The evenings, a most insignificant part of God's day, also act as the divisional borders between light and darkness, beginning at sunset and the other just before sunrise. The next logical question would be, "When does Alohym's day begin"? The answer is quite simple; "sunrise," in fact if we investigate the ancient Hebrew letters within the word "bqr" (בקר "morning" Strong's #H1242 meaning; dawn (*as the break of day*); generally, morning, from root #H1239 meaning; break forth. Let's look at the Ancient Paleo Hebrew symbols  which are (right to left) "Bet, Quph and Resh," which means; "inside or amid, circle or time, is first, top or beginning. This pictograph says that amid the "rising" sun begins the day. Question: is there a scriptural reference that proves this point of view? Let's read.

- **Exodus 16:23**, And he said unto them, This [is that] which the LORD hath said, To **morrow** [is] the rest of the holy sabbath unto the LORD: bake [that] which ye will bake [to day], and seethe that ye will seethe; and that which remaineth over lay up for you to be kept until the **morning**.
- **Exodus 18:13**, And it came to pass on the **morrow**, that Moses sat to judge the people: and the people stood by Moses from the **morning** unto the evening.
- **1 Samuel 5:4**, And when they arose early on the **morrow morning**, behold, Dagon [was] fallen upon his face to the ground before the ark of the LORD; and the head of Dagon and both the palms of his hands [were] cut off upon the threshold; only [the stump of] Dagon was left to him.
- **1 Samuel 11:11**, And it was [so] on the **morrow**, that Saul put the people in three companies; and they came into the midst of the host in the **morning** watch, and slew the Ammonites until the heat of the day: and it came to pass, that they which remained were scattered, so that two of them were not left together.
- **1 Samuel 19:11**, Saul also sent messengers unto David's house, to watch him, and to slay him in the **morning**: and Michal David's wife told him, saying, if thou save not thy life to night, to **morrow** thou shalt be slain.

After reading these five scriptures, does it not become clear that the day begins at Sunrise? The word "morrow" Strong's #4279 and 4283, and Ancient Hebrew Lexicon (AHL) – 1181 (A)-a (רחמ) meaning; Later  (מחרת) meaning; Tomorrow: [kjv: morrow, next day, next] {str: 4283}. Just as a review, tomorrow or that Sunrise is the beginning of the next day.

Part 3

When Does The Biblical Day Begin?

✓ Commentary

Not once in scripture does it ever say that the “evening – sunset” begins the day.

➤ Understanding the (Greek Structured) New Testament day

As written in Greek, the New Testament day is best defined by events and scriptures leading up to and surrounding Yahusha’s Passover death in 30 A.D. Therefore, our study begins in Matthew 28:1 as we investigate several word definitions throughout the New Testament.

Beginning with the word “*dawn*,” which means: “the first appearance of daylight” or “the beginning or rise,” simply put “*dawn*” cannot be the beginning of a day because there is more darkness than daylight, [*In fact, dawn is the beginning of evening*] as the light grows toward the sunrise. Below is scriptural evidence to prove this point! [Matthew 28:1](#), Notice:

v1; “In the end^{G3796} of the sabbath, as it began to dawn^{G2020} toward the first day of the week, came Mary Magdalene and the other Mary to see the sepulcher”

Note: the phrase “first day of the week” means first of the Sabbaths!

Notice carefully what the above scripture states. Mary Magdalene and Mary came to the sepulcher “*at the end of the Sabbath*,” as it began to dawn^{G2020} towards the first (“of the week”) of Sabbaths. Does this indicate that the end of the Sabbath started at dawn^{G2020}, NO! We have learned that dawn is the beginning of the “evening,” the comingling of light before sunrise. Also, one needs to focus on the word “end^{G3796},” which means “*late in the day*,” to clarify that dawn is not the beginning of the next day. The term “dawn^{G2020}” in [Matthew 28:1](#) continues to confirm this Biblical truism. “Dawn” is translated from the Greek word “epiphoskouse,” meaning; “*begin to grow light, dawn*.” Therefore, [Matthew 28:1](#) could be summarized as follows:

v1; “late in the day^{G3796} now the sabbath, as it began to grow light^{G2020} on the first of the Sabbaths, came Mary Magdalene and the other Mary to see the sepulcher”

Note: the English translation seems unclear that the end of the Sabbath (or the end of a 24 hour day) came as it began to grow light toward the next day? In other words, the Sabbath day did not end at sunset but was ending as sunrise appeared! Notice the following translations of this same scripture:

- a) “*Now late on the Sabbath...as it began to dawn toward the first day of the week...*” (American Standard Version).
- b) “*After the Sabbath, as the first light of the new week dawned.*” (The Message Bible).

Part 3

When Does The Biblical Day Begin?

- c) “Now after the Sabbath, as it began to dawn toward the first day of the week...”
(New American Standard Bible).

Let’s look at the phrase in the Greek language in clearing up this translation issue.

Opse de sabbaton is the Greek phrase variously translated: “In the end of the sabbath...”, “AND in the end of the sabbath...”, “At the end of the sabbath...”, “Now late on sabbath...”, “Now late on the sabbath day...”, “After the Sabbath...”, “After the Sabbaths...”, “After the day of worship...”, “But on the eve of the Sabbath...”, “And on the eve of the Sabbaths...”, and “After the end of the week...”. So, what was meant by “Opse de sabbaton? Does it mean “at the end,” “Now late on,” or “after”? Which translation has the correct meaning for this scripture and others; let’s explore Barnes’ Commentary, Thayer’s Greek Lexicon, and Strong’s Concordance so we can get to the truth of the matter.

Barnes’ Commentary concedes that the beginning of [Matthew 28:1](#) (“Opse de”) can be translated as either “end of the Sabbath” or “after the Sabbath.” However, this Commentary seems to choose “after” for the meaning *to rationalize their accepted calendar belief system and their presumed timetable of Crucifixion Week events.* (“Using circular reasoning”) Thus, they prefer the definition: “In the night following the Sabbath, for the Sabbath closed at sunset, as it began to dawn...” for [Matt. 28:1](#). Technically, this is a possible translation; but, is it the right one? Without the correct understanding of when Alohym’s day begins, one cannot expect any expert translator to get it right. What an understatement; just changing one’s understanding to an actual biblical point of view clears up numerous Bible “difficulties” that are impossible to correlate without it. (AMEN!)

Let's investigate the word "after" by use of Thayer's Greek Lexicon; *Strong's NT* G3796: ὄψέ, Opse – meaning; *late in the day, i.e., at evening*, which comes from "opiso," ὀπισ; see ὀπίσω, (G3694) meaning; *at the back, i.e., aback*, [as adv. or prep. of time and place] Also, *Strong's Concordance* G3798; ὀψιος, α, ον (opsios) (op'-see-os) Short Definition: late, Definition: late, evening.

Part 3

When Does The Biblical Day Begin?

Note of Importance: Thayer's Lexicon - Copyright 1886 (Page 471) denotes that G3798; ὄψις, α, ον (opsios) comes from the Hebrew Strong's H996 & H6153 (הערבים בין) meaning; "between the evening." Realizing that the Greek words Opse and Opsios (i.e., *late, evening, and late in the day*), origination reflects the Hebrew language and gives us a better perspective into the Greek interpretation the translators were trying to convey in the New Testament.

Other interpretive meanings

- a. especially late in the day (namely, τῆς ἡμέρας, which is often added, as Thucydides 4, 93; Xenophon, Hellen. 2, 1, 23), i.e. *at evening* (Homer, Thucydides, and Plato, for עֶבֶר יָמָא, [Genesis 24:11](#))
- b. with a genitive (Winer's Grammar, § 54, 6), ὀψέ σαββάτων, the sabbath having just passed, after the sabbath, i.e. *at the early dawn* of the first of the sabbath — (an interpretation absolutely demanded by the added specification τῆ ἐπιφωσκούση κτλ.), [Matthew 28:1](#) cf. [Mark 16:1](#) (ὀψέ τῶν βασιλέως χρόνων, long after the times of the king, Plutarch, Numbers 1; ὀψέ μυστηρίων, the mysteries being over, Philostr. vit. Apoll. 4, 18); [*but an examination of the instances just cited (and others) will show that they fail to sustain the rendering "after" (although it is recognized by Passow, Pape, Schenkl, and other lexicographers); ὀψέ followed by a genitive seems always to be partitive, denoting late in the period specified by the genitive (consequently still belonging to it. 'late on the Sabbath']*

Note: The information above is necessary to understand the Greek interpretation of the word "after" (ὀψέ, Opse G3796, relating to G3798) meaning; *late, late on the Sabbath, evening*. The information above is used throughout this research and will most certainly apply in the upcoming section.

It can become confusing when figuring out the timetable of Crucifixion Week (and other events, like counting Pentecost, for example). For over two thousand years, Alohym's accurate calendar has been ignored and forgotten until now. Can anyone blame scholars and translators for contributing to the fraud and not correcting this confusion? Perhaps it is that Alohym has not chosen to reveal his calendar to us until this time, close to Christ's return. It is time to stop relying upon plain text erroneous reasoning and best-guess scenarios that attempt to force the problematic Jewish calendar or any calendar from the minds of men to fit into Alohym's Word. Unfortunately, this is precisely what many commentaries do to make things fit. Let's look at what else is typical.

There are a few eminent scholars (Clark, Kitto, etc.) who have tried to "explain away" the meaning of the Greek word *epiphoskouse* (English, "daybreak"), probably in an attempt to rationalize their

Part 3

When Does The Biblical Day Begin?

accepted calendar beliefs and their timetable surrounding Christ's crucifixion. They claim that it doesn't refer to "daybreak" but the lighting of candles inside houses in Jerusalem, at their definition of sundown. Nevertheless, there was no lighting of candles around the area in the physical setting of this verse (graveyards); in fact, candles could not create the overall ambient breaking daylight and thus would have burned or been put out by the time indicated by this verse (before dawn). Also, as noted above, the Greek words used in the first part of [Matthew 28:1](#) can be translated as "the end of the Sabbath" (see [Thucydides, lib. iv. Chap. 93](#)) or "after the Sabbath."

The same "explaining away" applies here when other translators chose "after the Sabbath" when "late of the Sabbath" would fit reality. There are many other examples like this of how Satan has deceived some of the most knowledgeable and honorable experts; and, through them, "deceives the whole world" ([Rev. 12:9](#)). If they had discovered Alohym's abandoned calendar, they would not have been in error.

If it were "late on the Sabbath" and beginning "to dawn toward the first of the Sabbaths" when the two Marys went to the "sepulcher" grave, it should be clear that the Sabbath does not end at sunset! Meditate deeply on this vital truth, and allow the Bible to interpret itself! Let us discuss another New Testament passage, which continues to prove this point being made to us by Alohym through his inspired Word. Notice: [Luke 23:44-54](#)

[v44](#); "And it was about the sixth hour, and there was darkness over all the earth until the ninth hour. [v45](#); And the sun was darkened, and the veil of the temple was rent in the midst. [v46](#); And when Jesus had cried with a loud voice, he said, Father, into thy hands I commend my spirit: and having said thus, he gave up the ghost. [v47](#); Now when the centurion saw what was done, he glorified Alohym, saying, certainly this was a righteous man. [v48](#); And all the people that came together to that sight, beholding the things which were done, smote their breasts, and returned. [v49](#); And all his acquaintance, and the women that followed him from Galilee, stood afar off, beholding these things. [v50](#); And, behold, *there was* a man named Joseph, a counsellor; *and he was* a good man, and a just: [v51](#); (The same had not consented to the counsel and deed of them ;) *he was* of Arimathaea, a city of the Jews: who also himself waited for the kingdom of Alohym. [v52](#); This *man* went unto Pilate, and begged the body of Jesus. [v53](#); And he took it down, and wrapped it in linen, and laid it in a sepulchre that was hewn in stone, wherein never man before was laid. [v54](#); And that day was the preparation, and the sabbath drew on^{G2020} .

Part 3

When Does The Biblical Day Begin?

Notice that verse 54 (above) concludes by stating that it was the preparation day and the Sabbath "drew on"^{G2020}, or "began to grow light"^{G2020}! The Preparation "day" extends until sunrise! The above passage tells us that Joseph of Arimathaea went to Pilate and begged for the body of (Yahusha) Christ, which took some time. Once Pilate granted clearance ("leave"), Joseph removed the body from the crucifixion. Joseph and Nicodemus ([John 19:39, 40](#)) then cleaned the body, wrapped it in linen, and transported it to the "sepulcher" grave, all before the Sabbath began. To do all this would have taken more than just a few hours.

According to "Roman time," scripture states Christ died at the ninth hour 9 ([Luke 23:44](#)), "which is" around 3 pm, and sunset was around 6 pm. If we think about this logically, it should be evident that it must have taken Joseph hours after Christ's death to fulfill necessary obligations, including seeking clearance to remove Christ's Body from the stake and cleaning and transporting the body to the burial place. No doubt, Joseph labored into the night. Scripture also states that Joseph's work finished before the Sabbath "drew on G2020" in [Luke 23:54](#). Before going forward, let's find the meanings of a few of Strong's numbers.

- ❖ Strong's Number [G2020](#), means; epiphosko, a form of [G2017](#); [to begin to grow light](#). KJV: begin to dawn, X draw on. Let's look at [G2017](#) just to cover our basis which means; [to illuminate](#) (figuratively). KJV, give light

According to [Luke 23:54](#), the Sabbath did not begin at sunset when it began to grow dark, nor when it "began to grow light"^{G2020} toward the sunrise. Joseph's preparation work finished before the Sabbath began in the dawn with growing light "the evening" before sunrise.

Notice the following Bible translations for [Luke 23:54](#) which continue to give us further clarity:

- a. "It was the day of preparation [for the Sabbath], and the Sabbath was dawning..." ([Amplified Bible](#)).
- b. "And [the] day was [the] preparation and [the] Sabbath lighted up..." ([Greek Interlinear](#)).

The above translations emphasize that the preparation day was concluding as it began to grow light at dawn toward sunrise! So Joseph of Arimathaea finished his work before the Sabbath began in the dawn ("evening") as it began to light up! Isn't this what Scripture tells us? A day according to Alohym, starts at sunrise morning as the sun peeks over the horizon and not at sunset.

➤ [Instructions on offerings – more proof!](#)

Alohym gave some specific instructions regarding daily sacrifices. If we look closely at these instructions, we can see the evidence that proves that a day begins at sunrise and not at sunset! Notice [Leviticus 7:15](#)

Part 3

When Does The Biblical Day Begin?

v15; “And the flesh of the sacrifice of his peace offerings for thanksgiving shall be eaten the same day that it is offered; he shall not leave any of it until the morning^{H1242}”
(Note: *morning*: *break of day light* i.e. “sunrise” *not growing light as dawn*)

Below is the scriptural law concerning the peace offering sacrifice! This information, added for the reader's review, helps explain what was required by Alohym in fulfilling the evening sacrifices. But, first, [Leviticus 7:11-17](#) let's read:

v11; And this [is] the law of the sacrifice of peace offerings, which he shall offer unto the LORD. v12; If he offer it for a thanksgiving, then he shall offer with the sacrifice of thanksgiving unleavened cakes mingled with oil, and unleavened wafers anointed with oil, and cakes mingled with oil, of fine flour, fried. v13; Besides the cakes, he shall offer [for] his offering leavened bread with the sacrifice of thanksgiving of his peace offerings. v14; And of it he shall offer one out of the whole oblation [for] an heave offering unto the LORD, [and] it shall be the priest's that sprinkleth the blood of the peace offerings. v15; And the flesh of the sacrifice of his peace offerings for thanksgiving shall be eaten the same day that it is offered; he shall not leave any of it until the morning. v16; But if the sacrifice of his offering [be] a vow, or a voluntary offering, it shall be eaten the same day that he offereth his sacrifice: and on the morrow also the remainder of it shall be eaten: v17; But the remainder of the flesh of the sacrifice on the third day shall be burnt with fire.

Scripture clarifies peace offerings are to be offered and consumed on the same day; nothing remains till the morning^{H1242}. Consider; "if the following morning^{H1242} were the same day the priest offered the sacrifice, then why did the priest keep no offerings till morning^{H1242}"? Simply because it was the beginning of the next day! These statements (such as [Leviticus 7:15](#)) suggest that the morning^{H1242} marks the beginning of a new day. Interestingly, the word "morning^{H1242}" is translated from the Hebrew word "boqer" (Strong's H1242) and could be rendered as "morrow" in the KJV! The fact that "morning" refers to "morrow" provides further clear evidence that a new day begins at sunrise! Taking this definition into account, verse 15 could translate as:

v15; “And the flesh of the sacrifice of his peace offerings for thanksgiving shall be eaten the same day that it is offered; he shall not leave any of it until the morrow (morning)^{H1242}”.

This verse could have been more clearly written as follows:

“And the flesh of the sacrifice of his peace offerings for thanksgiving shall be eaten the same day that it is offered; he shall not leave any of it until the next day.”

Part 3

When Does The Biblical Day Begin?

In this study, let's dig deeper into the morning sacrifice and then move on to the evening sacrifice. Here are perfect examples in scripture that reinforce the time of the morning sacrifice; let's read.

1. [Exodus 32:5](#), And when Aaron saw [it], he built an altar before it; and Aaron made proclamation, and said, To morrow^{H4283} (Strong's meaning: next day-tomorrow) [is] a feast to the LORD
2. [Exodus 32:6](#), And they rose up early^{H7925} on the **morrow**, and offered burnt offerings, and brought peace offerings; and the people sat down to eat and to drink, and rose up to play.
3. [Judges 21:4](#), And it came to pass on the **morrow**, that the people rose early^{H7925}, and built there an altar, and offered burnt offerings and peace offerings

Here is the Strong's meaning for *H7925*, i.e., [to start early in the morning](#). Here we can see there isn't any actual controversy about the times of the morning sacrifice, unlike the evening sacrifice that we will address next.

➤ Notice the Scriptural clarity

Did you notice that Aaron woke up on the morrow^{H4283} [the next day], which was early in the morning? Does this not yet indicate the morning is the beginning of a new day? If there are still skeptical about this Biblical Truth, there is even more proof! Notice the following account, [Genesis 19:33-34](#).

[v33](#); And they made their father drink wine *that night*: and the firstborn went in, and lay with her father; and he perceived not when she lay down, nor when she arose.
[v34](#); And it came to pass *on the morrow* [*H4283 = next day*], that the firstborn said unto the younger, Behold, I lay *yesternight* [*H570 = yesterday, last night*] with my father: let us make him drink wine this night also; and go thou in, *and* lie with him, that we may preserve seed of our father

These two verses prove that the night before the morning, or "yesternight," was counted as part of the previous day and was not part of the new day, which began in the morning! How plain and simple are the teachings of Alohym when we allow his Word to interpret itself? (AMEN!)

Let us take one final look at Genesis 1:5 and discuss an additional exciting point that supports the Biblical fact that a day does not begin in the evening but at sunrise. The issue is that twilight is where darkness and light become commingled ("even"), not at sunset or midnight! Notice:

Part 3

When Does The Biblical Day Begin?

v5; And Alohym called the light Day and the darkness he called Night and the evening and the morning were the first day^{H3117}”

Morning and daylight make up the light portion of the day, while evenings are the comingling of light and darkness of which night falls in between, making up the dark portion of a particular date. The Old Testament word for "day" translates from the Hebrew word "yom" H3117 Strong's Concordance gives the following definition, which confirms verse 5's communication regarding the "day":

“From an unused root meaning to be hot; a day (as the warm hours)...from sunrise to sunset...” The *warm hours* of a day are of course the hours between *sunrise and sunset!* **Notice**; the “light part of a day” is from morning until the end of evening which is after sunset. The definition in Strong’s Concordance continues: “...a day...from one sunset to the next...” (Judaism’s point of view)

Many use this last part of this definition to conclude that a day begins at sunset and ends the following evening. They are satisfied to rely on this "man-made" definition rather than allow the Bible to define the meaning of the word "day"! If one honestly desires to understand this subject, one must question the legitimacy and accuracy of the latter part of this definition. Because scripture consistently and irrefutably proves that a day begins at morning light "sunrise," it should be evident a "24-hour" day ends at sunrise. It seems obvious that the Old Testament definition in Strong's Concordance for the word "day" was undoubtedly influenced by Jewish tradition rather than scripture. (**Note:** A calendar "date" is commonly referred to as "24 hours," which begins at sunrise and ends 24 hours later at sunrise.)

Interestingly, one should note that Strong's definition of the word "day" in the New Testament, which is much more expanded, encompasses evenings and daylight. "Day" translates from the Greek word "hemera" (Strong's number G2250). Which gives the following definition;"...the time-space between dawn and dark, or the whole 24 hours...."

From all the evidence that we have seen, is it not abundantly clear that the Biblical "morning and daylight" make up a Biblical "day," which is the light portion of a "24-hour" period? Doesn't scripture teach that a Biblical "day" refers to the time between sunrise and sunset as the "warm hours" of a given date? Alohym offers even more proof that a day starts at sunrise (rather than sunset). Get ready for a more profound and conclusive understanding of this subject!

➤ **Passover – irrefutable proof the day begins at sunrise!**

The Lord’s Passover instructions confirm that a new day begins at sunrise. For example, notice the following passage from [Exodus 12:1-10](#).

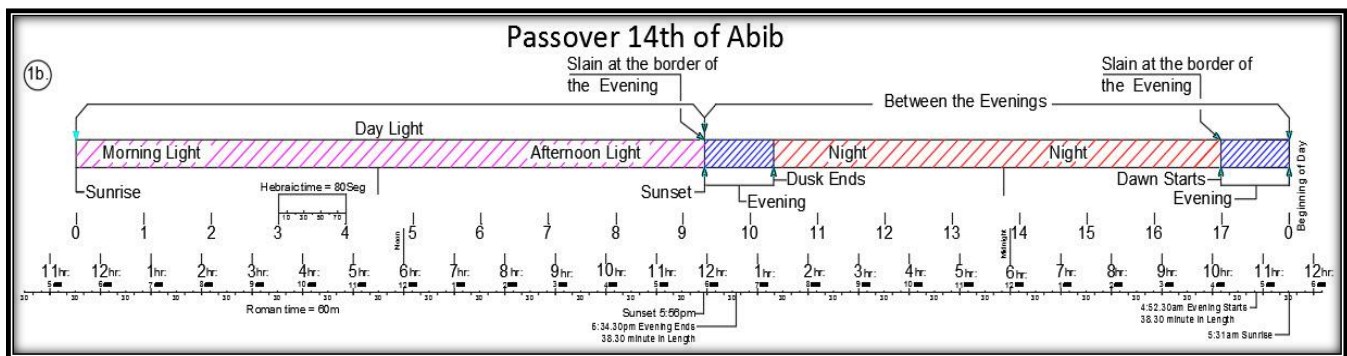

v1; “And the LORD spake unto Moses and Aaron in the land of Egypt, saying, v2; This month shall be unto you the beginning of months: it shall be the first month of the year

Part 3

When Does The Biblical Day Begin?

to you. **v3**; Speak ye unto all the congregation of Israel, saying, In the tenth day of this month they shall take to them every man a lamb, according to the house of their fathers, a lamb for an house: **v4**; And if the household be too little for the lamb, let him and his neighbour next unto his house take it according to the number of the souls; every man according to his eating shall make your count for the lamb. **v5**; Your lamb shall be without blemish, a male of the first year: ye shall take it out from the sheep, or from the goats: **v6**; And ye shall keep it up until the fourteenth day of the same month: and the whole assembly of the congregation of Israel shall *a)* kill it in the evening. **v7**; And they shall take of the blood, and strike it on the two side posts and on the upper door post of the houses, wherein they shall eat it. **v8**; And they shall eat the flesh in that night, roast with fire, and unleavened bread; and with bitter herbs they shall eat it. **v9**; Eat not of it raw, nor sodden at all with water, but roast with fire; his head with his legs, and with the purtenance thereof. **v10**; And ye shall let nothing of it remain until the morning^{H1242}; and that which remaineth of it until the morning^{H1242} ye shall burn with fire". **Note:** *a)* in verse 6 means "between the evenings", not *in the evening* as the translators rendered.

On the fourteenth day of the first month, which is Passover, the Israelites were told to kill the lamb in the "evening" (*English translation*) and instructed to eat the flesh "in that night" – *not the next day!* To make it even more precise, the Israelites would kill the lamb in the evening "between the evenings" (*Hebrew translation*) on the fourteenth and eat it "that night," time reckoned with the fourteenth! Furthermore, they were to leave none of the Passover lamb remaining "until the morning H1242" or until the "morrow H1242" (the next day).

➤ "Between the evenings": Understanding the Daily Sacrifices

Our first example begins with the knowledge that Israelites were required to perform daily sacrifices by law. Notice these sacrifices were performed in the "evening," *specifically* "between the evenings"; let's read [Exodus 12:6](#)

Part 3

When Does The Biblical Day Begin?

v6; "And ye shall keep it up until the fourteenth day of the same month: and the whole assembly of the congregation of Israel shall kill it in the evening."

Here in verse 6, for the first time in scripture, it states, "kill it in the evening," but notice what the highlighted ("red box") Hebrew text states on the following graphic; (Exodus 12:6) "between the evenings." The term "between" occupies a specific time and place, in this case, the period between the two evenings. If we look back to Diagram 1b, we will see this time frame.

✓ Commentary

In researching the word of God, it is perplexing that Alohym’s word gets so twisted when something as simple yet important as the phrase “between the evenings” could have easily been inserted. Here is a classic example of “error begets error,” and many are defiled. Let’s keep with this theme and investigate Exodus 29:39 with similar issues.

In Exodus 29:39, Alohym expounds to Moses concerning the sacrificial structure of how the Israelites were to perform those daily sacrifices. Two lambs were sacrificed daily, once in the morning and the evening. Let’s read this in the Interlinear Scriptural Analyzer.

Notice the last three words in verse 39 in the “red highlighted box” at the end of the scripture. It states between^{H996} the evenings^{H6153} not just “at even” but “between the evenings,” which is a massive clue in the overall understanding of Alohym’s day structure. According to this scripture, two sacrifices

Part 3

When Does The Biblical Day Begin?

took place every day; one offered in the morning the "first sacrifice." The second sacrifice was offered at even^{H6153}, better rendered between^{H996} the evenings^{H6153}, as rendered from the original Hebrew.

The phrase "between the evenings" is not a random biblical phrase. It occurs eleven, 8 more times in scripture mistranslated. This error led to the scriptural misunderstanding about Alohym's daily sacrifices and structure. Below are seven additional scriptural references having the words "*between the evenings*" in them. ([Exodus 16:12](#), [Exodus 29:41](#), [Exodus 30:8](#), [Lev. 23:5](#), [Numbers 9:3](#), [Numbers 9:5-11](#), [Numbers 28:4, 8](#)) (*Be Berean and look them up*)

Our next investigative step begins with the word "between"^{H996}, a distinction, meaning "a time separating" (*two points in time*). The question is what two points in time are being referenced here? The example day; (1a.) below will answer that question. Notice there are two (2) evenings per day, one before sunrise (morning) and one starting at sunset (evening)

At this point in understanding Alohym's day structure, let us go to the Book of Jubilee's as a second witness. Within the Book of Jubilees', explicit instructions are written to Israel about the observance of Passover. Let's start in [Jubilees' 49:1](#) and work our way through these scriptures from the Ethiopic Orthodox Bible. Let's read

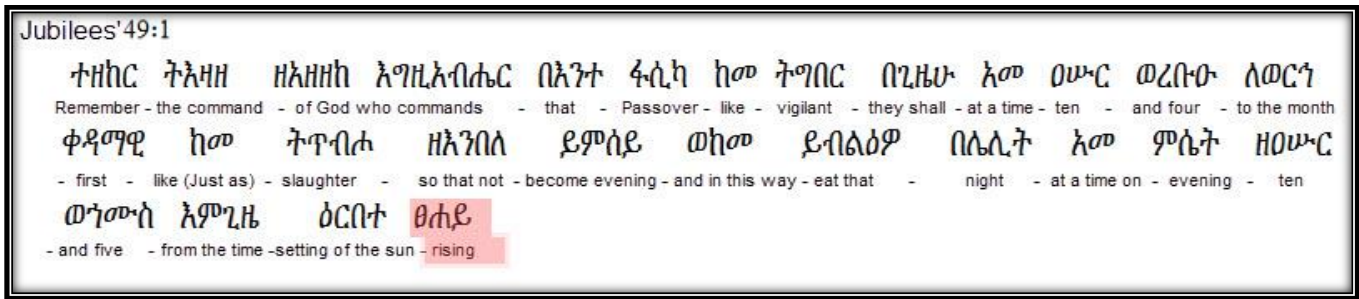

[Chap. XLIX. i.](#) Remember the command which the Lord commanded thee concerning the Paschah, that thou shalt keep it in its time, on the [fourteenth of the first month](#), that thou shalt [kill it before the evening](#) come, and that they [shall eat it during the night](#), on the [evening \(before sunrise\) of the fifteenth](#), from the time of the [setting of the sun](#), [*for this is the first day of the festival and the first Paschah*].

✓ [Commentary](#)

I have stated previously; that translators cannot accurately convey the truth of a matter when they lack understanding themselves; thus, error begets error. While reviewing the Ge'ez (Ethiopic) language regarding the above scripture, I noticed an issue concerning scriptural consistency from the Hebrew to the Ge'ez language, which was a missing word at the end of the scripture; let's review and read the accurate transcription from the Ge'ez to the English language.

Part 3

When Does The Biblical Day Begin?

Hopefully, you took a few seconds to read the above translation, but what I want to point out is the last word in the scripture, the term "rising" (or arose, high), which is missing from the 1888 Copyright version of Jubilees by George H Schodde, Ph.D. As a translator, Dr. Schodde did a fantastic job transcribing the Ethiopic language. This section witnesses the original Hebrew script; however, just one word left out can change a scripture's entire focus. So let's read the revised [Jubilees' 49:1](#).

v1: Remember the command of God who commanded that Passover they shall be vigilant on the fourteenth of the first month as to slaughter it (so that) not before evening and in this way eat that night until evening a time when the setting of the sun arises.

Reading the revised scripture now flows with the rest of chapter 49 as it now supports the topic under discussion *"between the evenings."* So let's jump down a few verses to [Jubilee's 49:8-11](#), here the writer of Jubilees' (*Moses*) explains the complete structure of the day; let's read.

v8; And a man, if he is pure and does not come to observe in its time the day, to bring an offering which is acceptable before the Lord on the day of the festival, and to eat and to drink before the Lord, on the day of his . festival, that man shall be rooted out, if he is pure and near, because he has not brought the offering to the Lord in its time, and that man places a sin upon himself Let the children of Israel, who will yet come, observe the Paschah on the day of its time, on the fourteenth of the first month, between the evenings, in the third part of the day to the third part of the night; for two parts of the day are given to the light and the third to the evening ; this it is that the Lord has commanded that thou shalt observe it between the evenings. **v9;** And it shall not take place in the morning, at any time of daylight, but only at the limits of the evenings; and they shall eat it, in the time of evening until the third [of] night, and whatever is left of all the meat on the third [of] night, they shall again burn in the, fire. **v10;** And they shall not cook it in water and shall not eat it raw, but carefully roasted on the fire and broiled on the fire; its head together with the intestines they shall roast, and its feet, and shall not break any bone within it, for none of the children of Israel shall have any bone broken. **v11;** On this account the Lord has commanded the children of Israel to observe

Part 3

When Does The Biblical Day Begin?

the Pascah on the day of its time, and that no bone in it shall be broken, for it is a festival and a day commanded, and there must be no change from it from one day to another, or from one month to another, but on the day shall its festival be observed.

Here we read several points about observing the Passover day, all of which mirror Alohym's day structure as given in [Genesis 1:5](#) and support the daily sacrifices. Bullet points are below:

1. Passover is observed on the 14th day of the first month, Abib.
2. It is to be observed "between the evenings" which ends at sunrise (morning) on the fifteenth, from a time of the setting sun (evening) on the 14th, for this is the first day that begins the festival season.
3. Observance is to take place from the third part of the day (*the evening starting at sunset*) to a third part of the night, the evening ending at sunrise morning light.
4. Two parts of the day are given to the light, (morning and evening) Ref: Diagram 1a. The distinction between the evenings is "light retreats into the evening" (Sundown) and night brings forth the evening to (Sunrise) Note: Each about 80 or so minutes in length.
5. Notice that the Passover festival "shall not take place in the morning or at any time of the daylight. *Note:* Messiah being the perfect lamb would have observed this structure for His own death.
6. Again, it is reiterated that the feast is to be observed at the limits of the evenings and they shall eat the lamb *from the evening until a third of night*. The third part of night is "evening before sunrise", and from that time if any lamb is left it is to be burnt in the fire. Alohym gave the Israelite plenty of time to finish the Passover meal before morning.

Remember that Pascah/Passover starts at (sunset) evening on the 14th of Abib and is the beginning Festival leading into the first day of Unleavened Bread, which begins at sunrise on the 15th, for a second witness "The Chronology of the Book of Jubilees," is added for your review.

Date 212 (49:1) 2410/.14D, 1M, of every year the Passover is to be observed. They can sacrifice it before evening (*night*) so that they can eat it at night, between the evenings; they are to eat the Passover unto the third part of the night. No bones were to be broken. Every man from 20 years old and upward must eat it before the Temple, and nowhere else. Alohym sent Masteba to kill all the first-born in Egypt. (*The Chronology of the Book of Jubilees, by Leslie McFall, Dec 31 2013*)

After reading the time references in the previous paragraphs, i.e., the third part and two parts, keep in mind the reckoning of time was different in ancient Israel. The word "part" as used in the Books of

Part 3

When Does The Biblical Day Begin?

Enoch, Jubilees' and Jasher, were also known as "moments," of which 18 "parts or moments" made up a day. Having researched through the Book of Jubilees concerning the structure of Passover, we can confidently say that all scriptural accounts match Torah. Through the written inspired word of Alohym, we can see that Passover starts in the evening - sunset on the 14th (a memorial), a Holy Convocation.

➤ Unique Instruction: Feast of Unleavened Bread beginnings

Interestingly, Alohym *specifically* commands that unleavened bread be eaten from "even" the day before the first day of the Feast of Unleavened Bread (i.e., Passover evening). Likewise, He commands his people to afflict their souls beginning the previous "even" the day before the Day of Atonement. Let us first of all notice Alohym's instructions on the Passover:

"And on the fifteenth day of the same month is the feast of unleavened bread unto the LORD: seven days ye must eat unleavened bread." (Leviticus 23:6) Alohym explains the Feast of Unleavened Bread begins on the fifteenth of the first month. However, other scripture tells us to start eating unleavened bread from the "even" of the fourteenth - the previous day! Notice:

"In the first month, on the fourteenth day of the month at even, ye shall eat unleavened bread, until the one and twentieth day of the month at even." (Exodus 12:18). Here, we are "specifically" commanded to begin eating unleavened bread from the fourteenth day of the month at even. Yet, the Feast of Unleavened Bread begins on the fifteenth. (Leviticus 23:6) Alohym requires that we prepare ourselves for the Feast of Unleavened Bread by eating unleavened bread starting in the evening (sunset) of the previous day, the 14th of Abib. If the "previous" night was the beginning of a day, why would Alohym call it the 14th in Exodus 12:8 and 18? It would be part of the 15th of Abib. Also, if the previous night were the beginning of the day, unleavened bread would have to be eaten longer than required. The last sunset was still the 14th. The 15th began at sunrise the following morning.

➤ Similar Instructions: The Day of Atonement

v27; *"Also on the tenth day of this seventh month there shall be a day of atonement: it shall be an holy convocation unto you; and ye shall afflict your souls, and offer an offering made by fire unto the LORD"*. (Leviticus 23:27)

Here we are told explicitly the Day of Atonement observance is on the tenth day of the seventh month, yet in the following scripture, reminded to afflict our souls from "even" on the *ninth* day of the seventh month:

Leviticus 23:32, "It [shall be] unto you a sabbath of rest, and ye shall afflict your souls: in the ninth [day] of the month ¹at even, ²from even ³unto even, shall ye celebrate your Sabbath".

Part 3

When Does The Biblical Day Begin?

Alohyim commands we observe the Day of Atonement on the tenth day of the seventh month, yet to afflict our souls from (evening-sunset) on the 9th to (evening-sunset) on the 10th. Again, Alohyim requires that we prepare for the Day of Atonement by afflicting our souls 12 hours before the actual Day of Atonement. If sunset were the beginning of the day, Alohyim would not have specified in verse 32 that fasting was to begin the (sacrificial) even of the 9th. Alohyim references the “even” of the 9th as the 9th and not the 10th, indicating the day does not begin at sunset!

Many use verse 32 as proof of a sunset-to-sunset configuration of a day; however, the Berean individual will realize these scriptures prove the day begins at sunrise! Please understand in Leviticus 23:6, Alohyim plainly states that the first day of the Feast of Unleavened Bread is on the fifteenth day of the first month. In verse 7, He clearly says the Day of Atonement is the tenth day of the seventh month. Therefore, Alohyim states to begin eating unleavened bread at (sunset)-evening on the fourteenth before the first day of Unleavened Bread and begin fasting from (sundown)-evening on the 9th before the Day of Atonement, indicating the day starts at sunrise. Otherwise, Alohyim would not need to tell us to begin the day before! If the day started at sunset, the command would have been to keep the Day of Atonement on the 10th, just as He tells us to observe all the other Feasts. In review, Alohyim emphasizes fasting begins on the eve of the 9th, 12 hours before the Day of Atonement begins.

Interestingly, Alohyim does not tell us to begin the Feast of Pentecost from the sunset on the day before the Feast. He does not ask us to start the Feasts of Trumpets, Tabernacles, or the Eighth Day from the twilight of the day before the Feast! It is clear that, from all his Feasts, Alohyim commands that we eat unleavened bread beginning at sunset on the eve, the 1st day of the Feast of Unleavened Bread, and that we afflict our souls from the even before the Day of Atonement. Scripture never states to begin any other Feasts from the previous evening.

Interestingly, Unleavened Bread and Atonement are the only two Feasts with a specific connection with food! Alohyim wants us to eat unleavened bread 12 hours before the Feast of Unleavened Bread begins and to begin afflicting our souls 12 hours before the Day of Atonement begins. The Feast of Unleavened Bread demonstrates - spiritually putting on Messiah as we remove sin by eating unleavened bread beginning on Passover evening. Notice what Messiah stated in Luke 22:19, “Do this in remembrance of me.”

The Feast of Unleavened Bread begins the next day, the 15th. ([Leviticus 23:6](#)) Like the Day of Atonement, Alohyim wants us to afflict our souls starting the evening before the Feast so we can get our bodies ready for the actual Day of Atonement. Therefore, he commands us to begin fasting between sunset on the 9th and the evening on the 10th, thus rendering physically and spiritually the Day of Atonement.

Part 3

When Does The Biblical Day Begin?

➤ Notice another scripture:

“Moreover Josiah kept a Passover unto the Lord in Jerusalem: and they killed the Passover on the fourteenth day of the first month...And they roasted the Passover with fire according to the ordinance: but the other holy offerings sod them in pots, caldrons, and pans, and divided them speedily among all the people. And afterward, they made ready for themselves, and the priests: because the priests the sons of Aaron were busied in offering burnt offerings and the fat until night; therefore the Levites prepared for themselves, and the priests the sons of Aaron...So ALL THE SERVICE of the Lord was prepared the same day, to keep the Passover, and to offer burnt offerings upon the altar of the Lord, according to the commandment of king Josiah” (2 Chronicles. 35:1, 13-14, 16)

In the above verses, we are told: “All the service of the Lord was prepared the same day.” In other words, they killed, cooked, and ate the lamb on the 14th. They killed the lamb between the evenings, they cleaned, prepared, and cooked the lamb after that, and they ate it after sundown – “in that night.” The time after sundown was still the fourteenth. And as we read later in [Exodus 12:10](#), whatever remained of the Passover lamb until the morning of the next day, they were required to burn. Remember – the death angel PASSED OVER on that same night. It PASSED OVER on PASSOVER, at midnight, which was still the fourteenth and not the beginning of the next day or the fifteenth! So everything about the Passover occurred on the 14th of the first month.

➤ Historical evidence

Here is some historical evidence that supports the Biblical Truism that a day begins at sunrise:

- ❖ “*Meaning of “day”*: In the Bible, the season of light ([Gen. 1:5](#)), lasting from dawn (literally “the rising of the morning”) to the coming forth of the stars” ([Jewish Encyclopedia](#), page 475)
- ❖ “In order to assure against profanation of the Sabbath *the Jews added the late Friday afternoon hours to the Sabbath*” ([The Jewish Festivals: History & Observance](#), p.13). [Note: The Jews also changed the configuration of a day and added the time between sunset and sunrise to the day. This is not Biblical but constitutes a pharisaical approach to add more to scripture than there is!]
- ❖ “If we look at the essentials of a day of rest and reflection which has a religious orientation, it is possible to justify the *shifting of Sabbath worship to Friday evening*” (world’s definition of evening), “the celebration of the vigil/night watch was moved back to the eve of the Feast as early as the middle ages...” ([Judaism: Between Yesterday and Tomorrow](#), p. 518).
- ❖ “...a sacred day of rest on the 7th day (the Sabbath). Days were reckoned from morning to morning...” ([New Catholic Encyclopedia](#), Vol. 11, pg. 1068).

Part 3

When Does The Biblical Day Begin?

- ❖ "Following the reign of King Josiah (c. 640-609), and especially after the Babylonian exile, a number of significant and enduring changes occurred in the Israelite calendar showing that the Jews gradually adopted the Babylonian calendar of the time...The day however, was counted from evening to evening, after the Babylonian fashion...." (*New Catholic Encyclopedia*, Vol. 11, P.1068 section titled "Later Jewish Calendar").
- ❖ "...shortly after the beginning of the Greek period, [236 BC] came the change in the method of reckoning the day, from evening to evening instead of from morning to morning as of old..." (*The Calendars of Ancient Israel*, p. 146)
- ❖ ".....among the Greeks the day was reckoned from sunset to sunset..." (*Handbook of Chronology*, op, cit., P.8)
- ❖ "...The Mishnah (the collection of Jewish law made at the end of the 2nd century AD) fully describes the system which the Jews had worked out under Babylonian influence..." (*Eerdman's Handbook to the Bible*)
- ❖ "....When the Jews returned to Palestine after their Babylonian exile (516 BCE.), they brought back with them the Babylonian astronomy and way of reckoning time...." (*What is a Jew*, P.108)
- ❖ "....According to the strict interpretation of the Mosaic Law, every day begins with sunrise and ends with sunset..." (*Jews Encyclopedia*, P.591-597)
- ❖ "....The Babylonian calendar was at all periods truly lunar... the month began with the evening when the new crescent was for the first time visible shortly after sunset, consequently, the Babylonian day also begins in the evening..." (*Exact Sciences in Antiquity*, P.106)
- ❖ "...The change of reckoning the day must have taken place between the end of the monarchy period and the age of Nehemiah...this would bring us to the beginning of the exile..." (*Ancient Israel*, P.181-182)
- ❖ *Note:* "...In early Hebrew practice, it seems to have been customary to reckon the day from sunrise to sunrise. Thus the law for the "praise-offering" (*Lev. 7:17*(pt.)) specifies that this sacrifice must be eaten on the day upon which it is offered and nothing may be left until morning..."
- ❖ *Note:* "...The repetition of the law in *Lev. 22:30* is even more explicit: "On that very day (when it was sacrificed) it shall be eaten; ye shall not leave anything of it until morning. Clearly the next morning is reckoned here as belonging to the next day, and not the same day as the preceding evening and night. In other words, the day is reckoned here from sunrise to sunrise."

Part 3

When Does The Biblical Day Begin?

- ❖ *Note:* "...Likewise in [Exodus 16:19f](#) the manna was given to the people in the morning, just at evening and before the sun had become warm (16:21), it was to be eaten only on the day upon which it was gathered; nothing was to remain over until the next morning; that which did so became foul. Here, too the day seems to have been reckoned from sunrise until sunrise..." See the Account (KJV) [Exodus 16:21-24](#), they were to eat flesh at even (between the evenings) and be filled with bread in the morning, the reckoning from the sixth to the seventh day manna account.

➤ Commentary; Simple Logic

Does it make logical sense for a day to begin at sunset, at a time when a man has ended his daily labor? Does it make logical sense that a new day starts when a man is exhausted from his daily work? Does it make sense for a day to begin at night after the day has died out? The nighttime is a time for sleep. Does it make sense for a fresh, new day to start when humanity, and creation at large, goes to sleep? No! Alohym is logical. Let *us* also use logic to understand that what has been brought forth is correct and Biblically accurate.

On the other hand, doesn't it make more sense for a day to begin when there is daylight, at a time of daily new beginnings? Does it not make more sense for a day to start at daybreak when most life forms on this earth awake for a fresh start to a bright, new day? Absolutely!

There is no Biblical proof for sunset to sunset day (much less a midnight to midnight day)! Clear Biblical evidence demonstrates that a day begins at sunrise. Please study this script with an open mind, clear of preconceived ideas, proving all things with your Bible as you go along ([1 Thess. 5:21](#))

Part 4

New Moon or New Month

➤ Introduction

This chapter will investigate the meaning of “moon and month” as they are translated and used in scripture. Our investigation takes us through the Hebrew and English translations to discover the root meaning of both words. The information offers a crucial key that will help unlock the mystery surrounding Alohym’s accurate solar calendar.

“New Moon” or “New Month”

Our investigation begins with the Hebrew word "month," Chodesh (בחדש). Strong's Concordance H2320, by implication, means; a month, month (-ly), or solar month. The root of Chodesh is "chadash," (חדש "khaw-dash' Strong's H2318 meaning; a primitive ("root"); to be new; causatively, to rebuild. KJV: renew repair.

Let’s take a look at three random examples of the word “Chodesh” (Strong’s H2320), as written in scripture:

- a) “And the waters decreased continually until the tenth *month*^{H2320}: in the tenth month, on the first day of the month^{H2320}, were the tops of the mountains seen” (Genesis 8: 5)
- b) “In the third *month*^{H2320}, when the children of Israel were gone forth out of the land of Egypt, the same day came they into the wilderness of Sinai” (Exodus 19: 1)
- c) “In the fourteenth day of the first *month*^{H2320} at even is the LORD'S Passover” (Leviticus 23:5)

Now that you have seen a few examples of the word “Chodesh”^{H2320} (בחדש), month as translated in English, let’s investigate the Hebrew word “Yareach” (ירח) Strong’s H3394, which translates into the English word; moon. There are 41 instances of “moon” in the Old Testament; nine were transcribed incorrectly. In these instances, the translators inserted “moon” when the correct word should have been “month.” So, to answer the obvious question, why were these nine scriptures mistranslated? Let’s begin this investigation by looking into the Hebrew language.

What do the two words, moon “Yareach” and month “Chodesh,” have in common? Is there any typical root relationship between these two words? Let’s begin by reviewing the Hebrew root letters which make up each word starting with “Yareach,” which are (Yod -י, Resh -ר, and Chet -ח)ירח), and now to the word “Chodesh” (Beyt -ב, Chet -ח, Dalet -ד, and Shin -ש)בחדש). There is only one joint letter in a review of both words (Cheth -ח). Note; most ancient Hebrew words derive from a two-letter parent root structure, and since neither word possesses a common parent root, it establishes the terms “moon and month” are not related.

Part 4

New Moon or New Month

Now let's look into the English language and see if the words "moon and month" are somehow related. According to Dictionary.com, "moon" is a noun that can be used as a verb but has NO synonyms or antonyms related to the term "month." Simply put, the words "moon and month" have NO relationship in English, for that matter, any other language. Of course, one cannot say "Chodesh" due to vowel point error; a mistranslation occurred; whatever the intent, false calendars and doctrine have infiltrated Alohym ecclesia.

➤ Getting the facts right:

The Hebrew word "Chodesh" (English: month) has nothing to do with the Hebrew word "yareach" (English: "moon"). The term "Chodesh" (or "month") is correctly translated 250 times in the Old Testament as "month." However, the word "Chodesh" (or "month") is erroneously translated 21 times in the Old & New Testaments as "new moon" or "new moons." Because "Chodesh" means "month/renewal" and not "moon"! With the above facts in mind, wouldn't you agree that whenever the word "Chodesh" is translated as "moon" (instead of the month), it is a gross mistranslation? Absolutely!

Satan has used this gross error to mislead the world and the ecclesia concerning the truth about Alohym's calendar. Because of this deceitful and manipulative insertion of the word "moon" in the definition of "Chodesh," Satan has led the world and the Church-at-large to wrongly focus on the various phases of the moon to determine the months and "Alohym's Feast days"! Because of wrong preconceived ideas based on an allegiance to false religion, physical and spiritual Israel, today have a calendar based on a mistaken premise! As a result, the Church keeps Alohym Feast days and Sabbaths on the bad days!

[Deuteronomy 16:1](#) is an important scripture that must be looked at closely. Notice: [v1](#); "Observe (Strong's H8104) the month (Strong's H2320 from 2318) of Abib...."

"Observe" (*sa-mo-wr*^{H8104} [Strong's H8104]-be diligently careful to keep, watch, preserve) "the month" (*ho-des*²³²⁰ {"chodesh" – from "chadash" meaning renew or repair} [Strong's H2320 from H2318]) "of Abib, and keep" (*wə-a-si-ta*⁶²¹³ "and celebrate") "the passover...."

Earlier in this part of the study, we saw how the Hebrew word for "month" is "Chodesh," which comes from the root word "chadash." "Chadash" means "renewal." "Observe the month of Abib" would be better translated as "Observe the *renewal* of Abib." The renewal of Abib is the first day of the first month. We have already seen in the Bible; the word "Chodesh" translated into "month" or "new moon" (See [Page two \(2\)](#) for more information). Strangely, the translators took it upon themselves to decide when to translate "Chodesh" into "new moon" or "month." In [Deuteronomy 16: 1](#), we are told to observe the renewal of Abib, which refers to the observance of the first day of the first month. (See [2 Chronicles. 29:17](#) and [Exodus 40; 1, 2, 9-15, 34-38](#)) Take notice of all the anointing and consecration

Part 4

New Moon or New Month

in [Exodus 40](#)? The question is, how exactly are we to observe the first day of the first month? Notice [Exodus 12:24](#)

v24; “And ye shall observe^{H8104}” (diligently keep, watch, preserve) “this thing” (referring to the Passover) “for an ordinance to thee and to thy sons forever”.

The word “observe” is used to refer to something that we should “diligently keep,” “watch,” and “preserve.” So when Alohym uses this word “observe” in [Deuteronomy 16:1](#), He is not telling us to “watch out for the month of Abib,” something much more profound! He is telling us to keep it “preserved.” The word “observe” in verse 1 is H8104 in Strong’s and, among other things, literally means “to keep.” We are to “Keep the renewal of Abib”; in other words, we are to “keep the first day of the month of Abib”; this is what [Deuteronomy 16:1](#) tells us. (See other verses such as [Exodus 31:16](#), [Exodus 34:11](#), and [Leviticus 19:37](#) and others to prove that the word “observe” means to literally “keep,” “watch,” or “preserve):

[Exodus 31:16](#); “Wherefore the children of Israel shall keep^{H8104} (keep, watch, preserve) the Sabbath, to observe (la·a·so·wth^{H6213} – celebrate) the sabbath throughout their generations, *for* a perpetual covenant”.

“Observe^{H8104} thou that which I command thee this day...” ([Exodus. 34:11](#))

Alohym tells us to observe the renewal, or the first day, of the first month. Please keep this in mind as we proceed through the rest of this study.

➤ First day of the First Month Observance

In the Old Testament, there are eight scriptures written explicitly with the word order; *first [day] of the first month, or first [month] in the first [day] of the month*. This style of scriptural writing is also found in the Ethiopic Book of Jubilees’, but written as such, [*at the new ~~moon~~ (month) the first month*]. These scriptural interpretations mean; “at the beginning or first day of the first month,” but the translator again decided to insert moon instead of a month; error begets error. Below is the list of 8 scriptures mentioned above; [Genesis 8:13](#), [Exodus 40:2](#), [Ex 40:17](#), [2 Chronicles 29:17](#), [Ezra 7:9](#), [Ezra 10:17](#), [Ezekiel 29:17](#), [Ezekiel 45:18](#).

In taking the time to review these scriptures, you will come to notice that they all have something to do with,

- a) the tabernacle, being setting up or rearing up
- b) the sanctification of the LORD’s house and animal sacrifice.
- c) the word of God being given

Part 4

New Moon or New Month

I will hint at the one thing they all have in common; these events happened on the Sabbath! Remember, the first day of the first month (Abib) is the beginning Sabbath day for the New Year.

✓ Commentary

Remember, the Levites were the keepers of the temple and served Alohym and the priests. According to scripture, the Levites worked on the Sabbath, performing temple duties that did not transgress the law.

➤ The Dead Sea Scrolls - First day of the First Month Observance

As a second witness to the *First day of the year, First Month* observance, the Dead Sea Scrolls state this exact information. The information found in the Dead Sea Scrolls came from - The Temple Scroll {11QT=11Q19-21, 4Q365A, 4Q524}; let's read.

On the **first day of the [first] month [the months (of the year) shall start; it shall be the first month] of the year [for you. You shall do no] work**. [You shall offer a he-goat for a sin-offering.] It shall be offered by itself to expiate [for you. You shall offer a holocaust: a **bullock**], a **ram**, [seven yearli]ng ~~ram~~ **lambs** [without blemish] ...

As another witness to the above excerpt from the Dead Sea Scrolls, we need to review the **Number 28:9-11**, let's read.

v9; And on the sabbath day two lambs of the first year without spot, and two tenth deals of flour [for] a meat offering, mingled with oil, and the drink offering thereof: **v10**; [This is] the burnt offering of **every sabbath**, beside the continual burnt offering, and his drink offering. **v11**; And in the *beginnings of your months* ye shall offer a burnt offering unto the LORD; **two young bullocks, and one ram, seven lambs of the first year without spot**;

✓ Commentary

Only the priesthood (Aaronic) performed animal sacrifices in scriptural references on the First Day of the First Month and a Sabbath day. Later in this research, you will discover three other times of the year (beginnings of your Months) that refer to the beginning seasonal Sabbath days.

➤ 21 Errored Scriptural References: "New moon corrected "new month".

In this section, you will read the gross error in which the translators inserted "new moon or moons" instead of the correct phrase "new months." As you read through the scriptures below, 90% of these refer to; Sabbaths and Feast days.

Part 4

New Moon or New Month

- 1 Samuel 20:5; And David said unto Jonathan, Behold, to morrow [is] the **new moon**^{H2320} (“new month”) and I should not fail to sit with the king at meat: but let me go, that I may hide myself in the field unto the third [day] at even.
- 1 Samuel 20:18; Then Jonathan said to David, To morrow [is] the **new moon**^{H2320} (“new month”) and thou shalt be missed, because thy seat will be empty.
- 1 Samuel 20:24; So David hid himself in the field: and when the **new moon**^{H2320} (“new month”) was come, the king sat him down to eat meat.
- 2 Kings 4:23; And he said, Wherefore wilt thou go to him to day? [it is] neither **new moon**^{H2320} (“new month”) nor Sabbath. And she said, [It shall be] well.
- 1 Chronicles 23:31; And to offer all burnt sacrifices unto the LORD in the sabbaths, in the **new moons**^{H2320} (“new months”), and on the set feasts, by number, according to the order commanded unto them, continually before the LORD:
- 2 Chronicles 31:3; also the king's portion of his substance for the burnt offerings, for the morning and evening burnt offerings, and the burnt offerings for the sabbaths, and for the **new moons**^{H2320} (“new month”), and for the set feasts, as written in the law of the LORD.
- 2 Chronicles 2:4; Behold, I build an house to the name of the LORD my Alohym, to dedicate [it] to him, [and] to burn before him sweet incense, and for the continual shewbread, and for the burnt offerings morning and evening, on the sabbaths, and on the **new moon**^{H2320} (“new month”), and on the solemn feasts of the LORD our Alohym. This for ever to Israel.
- 2 Chronicles 8:13; Even after a certain rate every day, offering according to the commandment of Moses, on the sabbaths, and on the **new moon**^{H2320} (“new month”), and on the solemn feasts, three times in the year, [even] in the feast of unleavened bread, and in the feast of weeks, and in the feast of tabernacles
- Nehemiah 10:33; For the shewbread, and for the continual meat offering, and for the continual burnt offering, of the sabbaths, of the **new moons**^{H2320} (“new month”) for the set feasts, and for the holy [things], and for the sin offerings to make an atonement for Israel, and [for] all the work of the house of our Alohym.
- Ezra 3:5; And afterward [offered] the continual burnt offering, both of the **new moons**^{H2320} (“new months”), and of all the set feasts of the LORD that were consecrated, and of every one that willingly offered a freewill offering unto the LORD.
- Psalms 81:3; Blow up the trumpet in the **new moon**^{H2320} (“new month”) in the time appointed, on our solemn feast day.

Part 4

New Moon or New Month

Isaiah 1:13; Bring no more vain oblations; incense is an abomination unto me; the **new moon**^{H2320} (“new month”) and sabbaths, the calling of assemblies, I cannot away with; iniquity, even the solemn meeting.

Isaiah 1:14; Your **new moons**^{H2320} (“new months”) and your appointed feasts my soul hateth: they are a trouble unto me; I am weary to bear [them].

Isaiah 66:23; And it shall come to pass, [that] from one **new moon**^{H2320} (“new month”) to another, and from one sabbath to another, shall all flesh come to worship before me, saith the LORD.

Ezekiel 45:17; And it shall be the prince's part [to give] burnt offerings, and meat offerings, and drink offerings, in the feasts, and in the **new moons**^{H2320} (“new months”), and in the sabbaths, in all solemnities of the house of Israel: he shall prepare the sin offering, and the meat offering, and the burnt offering, and the peace offerings, to make reconciliation for the house of Israel.

Ezekiel 46:1; Thus saith the Lord ALOHYM; The gate of the inner court that looketh toward the east shall be shut the six working days; but on the sabbath it shall be opened, and in the day of the **new moon**^{H2320}: (“new month”) it shall be opened.

Ezekiel 46:3; Likewise the people of the land shall worship at the door of this gate before the LORD in the sabbaths and in the **new moons**^{H2320} (“new month”).

Ezekiel 46:6; And in the day of the **new moon**^{H2320} (“new month”) a young bullock without blemish, and six lambs, and a ram: they shall be without blemish.

Hosea 2:11; I will also cause all her mirth to cease, her feast days, her **new moons**^{H2320} (“new month”) and her sabbaths, and all her solemn feasts.

Amos 8:5; Saying, When will the **new moon**^{H2320} (“new month”) be gone, that we may sell corn? and the sabbath, that we may set forth wheat, making the ephah small, and the shekel great, and falsifying the balances by deceit?

Colossians 2:16; Let no man therefore judge you in meat, or in drink, or in respect of an holyday, or of the **new moon**^{G3561}, (“**new month**^{G3376}”) or of the sabbath [days]

Editor’s Note: **Colossians 2:16;** the phrase “new moon^{G3561}” is derived from the two words G3501, (neos neh'-os): meaning “New or Young,” KJV, and G3376 (men mane), meaning “month.” So again, we see that Strong’s and the translators inserted “new moon” instead of “new month.” This error is consistent with all the “new moon” phrases found throughout scripture, giving a false impression that Alohym solar calendar is somehow Lunar-based, quite the opposite and far from the truth. Let’s look at the scriptural analyzer; you will see the error yourself.

Part 4

New Moon or New Month

Let's review the Interlinear Scriptural Analyzer concerning Colossians 2:16. Here, the Greek word "νουμηνιαξ," meaning; young month, should have been used in driving the point home. But, once again, we see the translators inserting their religious bias and not understanding the meaning of the phrase "new months" from the Hebrew language.

Colossians 2:16

Here again, read the evidence in the "red box," which states "OF YOUNG MONTH"; this is the correct translation from the Greek language and the combination of the two Greek words G3501 and G3376, which were explained above. In the case of verse 16, scripture clearly shows that in the New Testament, the holy days, "new month," and Sabbaths were, in fact, all Sabbath days under Alohym's accurate solar calendar. [Note: No artificial calendar can state this fact]

• The Misunderstood Moon Meaning: Psalms 104:19

In studying the word of Alohym, we find scripture that seems to give credence that the moon has something to do with Alohym's Calendar. One of these scriptures is Psalms 104:19, which says:

v19; "He appointed the moon for seasons: the sun knoweth his going down"

To your right is [Psalms 104:19](#), taken out of the Interlinear Scripture Analyzer, of which you can read both English and Hebrew translations, their differences, and their similarities. At first read, it seems the moon has something to do with Alohym's festivals and Sabbath days, but is this true?

Our investigation into this scripture will bring new meaning, starting with the original language translation of the words "He appointed^{H6213}", "the moon^{H3394}", and "for seasons^{H4150}". Discovering the true root meanings of these words shed entirely new light on this scripture, so let's get started.

Psalms 104:19					
WLC WLC_l Strong CHES					
AV . He appointed the moon for seasons: the sun knoweth his going down.

Part 4

New Moon or New Month

✓ Commentary

Investigating word meanings, especially when using Strong's as a reference source, needs a second witness, such as "The Interlinear Bible." Why do this? Because the English language has evolved since the (revised) 1611 and 1620 King James Bibles were written. Another great source of information we use is the "Interlinear Scriptural Analyzer." It is accessible on the internet at "Scripture 4 All" https://www.scripture4all.org/download/download_ISA2.php (Now getting back to the truth of the matter)

As a researcher, the old English, Latin and Greek translators had no easy task in converting the Hebraic writings into an understandable translation. Inherent with language translations, misconceptions appear, proving the English translators did not wholly understand the Hebraic culture, which accounts for many scriptural errors throughout the Bible. Let's begin with a quick review of [Psalms 104:19](#).

- v19; **He appointed**^{H6213} the moon^{H3394} for **seasons**^{H4150} the sun^{H8121} knoweth^{H3045} his going down^{H3996}.

Notice; in verse 19, the words in **red** are the problem distorting the actual meaning of the scripture. First of all, "asah"— Strong's [H6213](#) עשה, is an *imperfect tense verb* in Hebrew with NO singular masculine (א) prefixed attached. In other words, "He" was added to the scripture. Another issue with "asah"— Strong's [H6213](#) עשה, is its' wrong (defective) spelling which should look like this עסה. So, to sum up, the true meaning of "asah"— עסה "to do something" is "Accomplish, perform or carry out"! Next, let's address and expound on the moon once again as a review of your gained knowledge.

The word "yareach" H3394, ירח - meaning; "Moon," comes from the root "yerach" H3391, ירח sense; a lunation, i.e., moon or (moon) month. Dictionary.com states the word "lunation" is the period from one new moon to the next (about 29½ days), a lunar month. Interestingly enough, the moon has its lunar cycle, as stated above, which is different from Alohym's calendar, of which each month has 30 days. Since the word "moon" isn't the root of the problem in [Psalms 104:19](#), let's move on to the terms "appointed and seasons," where there is much confusion.

Take a minute and review verse 19. Notice the words "appointed and seasons," which have different Strong's numbers and meanings, according to the Hebrew language. The English translators have interrelated these two terms. According to Dictionary.com and Thesaurus.com, 24 synonyms and 12 antonyms relate to the word "appointed." But, shockingly enough, not one of those 36 related words has any connection to the word "made, make, or create." Likewise, "season" has 15 synonyms non-associated with the word "appointed." Let's go deeper into Hebrew and see if we can get to the bottom of this confusion.

Let's investigate the word "season or seasons," as stated in verse 19, translated from the Hebrew word "mu'od" ("mow'ed, mo-ade") meanings; "appointment," Strong's H4150. Here is where the confusion

Part 4

New Moon or New Month

begins as the English translators associate the following words with "mu'od," notice; (set, solemn) feast, (appointed, due) season, solemn (-ity), synagogue, (set) time. To begin clearing up the word confusion, we will use the (AHL) Ancient Hebrew Lexicon, giving us a more real betrayal of the word מועד "mu'od," AHL-1349L Appointment: as translated into English; let's review.

- **AHL 1349 L) מועד (מועד YAHd) ac: Meet co:** Appointment; an appointed place, time or event that is repeated such as the monthly and yearly feasts.

The above information from the Ancient Hebrew Lexicon is a true and concrete definition of "mu'od." The Ancient Hebrew Lexicon also offered the Masoretic script [ms:] – changes from the KJV Bible. In the following description of "mu'od," notice a slight shift in lettering; let's review.

- **AHL 1349 L – V) מועד (מועד MW-AhD)[ms: מעד]** meaning; Appointment, A time that is repeated time after time. Take notice of the slightly different letter variation (underlined in red) of the word "mu'od". (Keep these differences in mind as we move forward)

Next, what you are about to read comes from the Ancient Hebrew Lexicon concerning the Masoretic Script. The symbolism [ms:] represents the Masoretic Script of the Bible, which removes one of the consonant vowels and replaces it with one of the nikkud (vowel pointing's). The Masoretic script comes out of the 2nd Century Sage writings. This writing style has built-in language issues, of which the Seder Olam Rabbah is one of those documents. The Jewish Sages wrote the document to blind Gentile believers from knowing Alohym's appointed times concerning Messiah's death and soon-coming arrival.

In light of correcting the various word issues within Psalms 104:19, the revised and rendered scripture is with the proper flow and terms.

- **v19; the moon^{H3394} performs^{H6213} his Appointments for^{H4150} his setting^{H3996} [the] sun^{H8121} he knoweth^{H3045}.**

(Or)

- **v19; the moon^{H3394} accomplishes^{H6213} his Appointments for^{H4150} his setting^{H3996} [the] sun^{H8121} he knoweth^{H3045}.**

In Conclusion, Psalms 104:19 has nothing to do with Alohym's Sabbaths or Feast days. However, as believers, we must ensure that what we read is accurate. In many respects, the English translators were ignorant of the Hebrew culture, causing many gross errors leading Alohym's people to destruction. Psalms 104:19 is no exception, proving that the littlest error can cause awful issues.

Question; what are these appointments the moon performs as David praises Alohym for His creation and great marvels? Well, here is the answer, David is talking about the tides of the Earth and how the

Part 4

New Moon or New Month

Moon and Sun affect those tides called "spring and neap tides (Reference is Wikipedia)

Main article: [Tidal range](#)

The semi-diurnal range (the difference in height between high and low waters over about half a day) varies in a two-week cycle. Approximately twice a month, around [new moon](#) and [full moon](#) when the

Sun, Moon, and Earth form a line (a configuration known as a [syzygy](#)^[9]), the [tidal forces](#) are due to gravitational forces of a secondary body such as the Earth or Moon. The tide's range is then at its maximum; this is called the **spring tide**. It is not named after the [season](#), but, like that word, derives from the meaning "jump, burst forth, rise", as in a natural [spring](#).

When the Moon is in the [first quarter](#) or [third quarter](#), the Sun and Moon are separated by 90° when viewed from the Earth, and the solar, tidal force partially cancels the Moon's. At these points in the lunar cycle, the tide's range is at its minimum, called the neap tide, or neaps. Neap is an Anglo-Saxon word meaning "without the power," as in forðganges nip (forth-going without the power). [10]

Spring tides result in high waters that are higher than average, low waters that are lower than average, 'slack water' time that is shorter than average, and stronger tidal currents than average. Conversely, neaps result in less-extreme tidal conditions. There is about a seven-day interval between springs and neaps.

Before moving forward, let's read what the Prophet Jeremiah has to say about the "ordinances of the moon" here in [Jeremiah 31:35](#), let's read.

- ❖ [v35](#); Thus saith the LORD, which giveth the sun for a light by day, [and] the [ordinances of the moon](#) and of the stars for a light by night, *which divideth the sea when the waves thereof roar*; The LORD of hosts [is] his name:

Here we read the ordinances of the moon with the stars for light at night regulate the waves of the sea, i.e., the tides; this is what is being expressed by David in Psalms 104:19.

➤ In Retrospect: Consider

In all the scriptural evidence presented here in chapter 4, could it have been mistranslated of the words "moon or month"? Could it be that the translators of the King James Bible truly did not understand the structure of Alohym's calendar, thus relying on a "not even" close second used by Judaism? Consider; Alohym's new month scriptural references are almost always associated with Sabbath days, whereas new moons, according to Judaism, are not; which is more important?

Part 4

New Moon or New Month

❖ A Story to Remember

I want to relay a story from the Bible about when the Israelites crossed over into the Promised Land, and their first obstacle was the City of Jericho, which means “moon city.” Jericho was the seat of Canaanite moon worship, whose God was Yerach, directly traced to Babylonian worship.

Interestingly, the first physical battle that the Israelites encountered after leaving Sinai was defeating Jericho, in essence, their Moon God “Yerach,” which is also the physical and spiritual battle we, as believers, have to overcome. Coming out of Spiritual Egypt and the religious Babylonian system of today is not an easy transition, which needs careful thought. So be Berean, study hard, and show yourself worthy of running the race..

Part 5

Exposing Error & Exalting Truth

The prophet Hosea made this statement in which we should all take into account; [Hosea 4:6](#)

- “My people are destroyed for lack of [knowledge](#): because thou hast [rejected knowledge](#), I will also reject thee, that thou shalt be no priest to me: seeing thou hast forgotten the law of thy God, I will also forget thy children”.

So that we may fully understand the issues surrounding Alohym’s calendar, we begin by addressing the error of mans time keeping, the Clock.

➤ Understanding “time” the Clock!

How many of us have ever heard of the Astronomical Clock? This clock is a standard instrument for astronomers who calculate the years, months, and days associated with man’s calendar. The Astronomical clock (right) displays [mean solar time](#), [sidereal time](#), and [24-hour time](#) of which our clocks, watches, and calendar are all set. Do you know the difference between all three time-calculating methods? (Ref: Wikipedia. co)

While reading this research article, remember that the Gregorian/ Julian calendar is an occultic replacement for Alohym’s accurate calendar. Occultism is associated with the Gregorian calendar or any calendar that obscures or hides Alohym’s truth from plain sight. By definition, occultism obscures or covers the absolute truth, like the

Moon covering up the Sun during an Eclipse. In stating the above, let’s review a few foundational understandings associated with occultism concerning man’s calendar that is not biblically based. These “manmade” teachings cover up biblical truth and indoctrinate believers into a false set of values.

1. “[Civil time](#)” starts at midnight and ends at midnight 24 hours later, regulated by civil authorities. Mean solar time, from which civil time derives, comes from the hour angle of the mean Sun plus 12 hours. This 12-hour offset comes from the [decision to make each day start at midnight](#) for civil purposes, as you know. (*midnight day beginnings is an indoctrinated tradition of man not biblically based*)
2. “[Sidereal time](#)” is used for accumulating and subtracting “daily minutes” from the 364-day solar year to establish the added 365th day of the Gregorian calendar.
3. The ₃[GC] structure has 12 months, broken down into one month with 28/29 days, seven months with 31 days, and four months with 30 days, not to mention a leap year every four years, which is not scriptural.
4. The "Equinox" is regarded as the "moment" the plane of Earth's equator passes through the center of the Sun. This plane represents a ("floating") line between the"edge" of

Part 5

Exposing Error & Exalting Truth

night and day and is perpendicular to the equator. This phenomenon was discovered by a Greek astronomer and mathematician named Hipparchus, who lived between (190-120BC) referred to as the Father of the Precession of the Equinoxes. This Precession of the Equinoxes is the "foundational anchor" of the Roman calendar. It is borrowed from the Greeks and is not the equivalent of the "day of equal light and darkness" the Equilux as described in the Book of Enoch.

➤ The Sidereal Day

This section will teach about a sidereal day and how it affects our lives. Sidereal time is a highly evolved calculated interval (daily and yearly) astronomers use to maintain the Julian/Gregorian calendar structure. So, what is a sidereal day? Below are two encyclopedia descriptions and a diagram showing the difference between a sidereal day and a solar day; let's read.

1. Wikipedia Encyclopedia states; *Because the Earth orbits the Sun once a year, sidereal time at any given place and time will gain about four minutes against local civil time, every 24 hours, until, after a year has passed, one additional sidereal "day" has elapsed compared to the number of solar days that have gone by.*
2. EarthSky.org; a *sidereal day* measures the rotation of Earth relative to the *stars rather than the sun*. It helps astronomers keep time and know where to point their telescopes without worrying about where Earth is in its orbit. Bottom line: The star Hamal, (Equinox Star) also known as Alpha Arietis, is the brightest star in Aries the Ram. Thousands of years ago, the sun was in conjunction – or aligned north and south – with this star at the time of the March equinox. Now today, we see the sun in front of Pisces at the time of the March equinox. But people still refer to the sun's location at the equinox as the First Point in Aries.

This diagram illustrates how Sidereal time occurs. Every 24 hours, the Earth spins once around its axis as the sun loops around the sky. From noon to noon, or the time it takes the sun to return to its highest point in the sky, is how we define the days of the week. Astronomers call this a *solar day*. Let's now get a little deeper into the sidereal day and see just how it came about and calculated. (Ref: Wikipedia)

In 45 BC, Rome instituted the Julian calendar, replacing its inaccurate lunar calendar with a much more accurate solar/lunar-based system having 365 days with a leap year every four years. The solar day was

Part 5

Exposing Error & Exalting Truth

shortened by 9.86 seconds per hour to achieve this feat, making the 60-minute hour now approximately 59 minutes and 50 seconds. The "9.86 Seconds per hour" equates to about 4 minutes per day (3.95 minutes per day), which are in turn subtracted from 364 actual solar days and then totaled together, creating the 365th day of the Gregorian calendar known as December 31st. With the above understanding, this is why weekly calendar days are called "Sidereal," Each day has 23 hours, 56 minutes, and about 5 seconds, and it is not an actual 24 Hour Day.

Below are the formulas used to create the Sidereal Day or extra day each year; it just removes minutes from the original 364 day/solar year to start another day: (*Notice*)

1. $364 \text{ days} \times 1440 \text{ min. per day} = 524,160 \text{ min. per 364 day year}$
2. $524,160 / 365 = 1436.05479\dots \text{ minutes per day in a 365 day year}$
3. $1440 - 1436.05479\dots = 3.9452\dots \text{ minutes taken out of each of the 364 days OR}$
 $9.86 \text{ seconds taken out of each hour: } (3.9452 \text{ min.} \times 60 \text{ sec.} = 236.7123\dots \text{ sec.})$
 $\text{per day} / 24 \text{ hours} = \underline{9.86 \text{ seconds taken out of each hour}}$
4. $1436.05479\dots \text{ Min. per day} / 60 \text{ min.} = \underline{23.934246575} \text{ hours in each of the 365 days}$
5. $0.934246575 \times 60 = \underline{56.054794520\dots} \text{ Minutes \& seconds}$
6. Total: 23 hours, 56 minutes, and 0.05 seconds in each of the Gregorian 365 days, as compared to exactly 24 Hours in each of Alohym's 364 days.

"What about Leap Year," you may ask. Remember, it takes 365.25 sidereal days for the Julian year to orbit the Sun in the same space and time it takes Alohym's 364 days. You are probably wondering how that can be; the time difference between both calendars comes from the involvement of "Equinox" (more on this in the next section). The formula below describes how a leap year is structured; each "common 365-day year" (every year minus leap year) eliminates the .25 or 6 hours from the previous four (365.25) sidereal years. The astronomers then add the .25hrs x 4yr = 1, - 24 hour day creating the 366th leap year day February 29th, which is inserted into the Gregorian calendar at the end of the 9th week every fourth year. (*Note: February 29th is also the Julian calendar date 60*)

Using the calculations for creating the extra days, you can see how the extracted minutes exist, but the added days do not. In other words, the added yearly minutes mean that the Earth needs to spin another 24 hours (one extra day) past the solar 364-day year to end the Julian/Gregorian calendar year.

Part 5

Exposing Error & Exalting Truth

➤ Man's Equinox

When [Julius Caesar](#) established the [Julian calendar](#) in 45 BC, he set March 25th as the spring equinox. However, because the Julian year (365.25 days) is slightly longer than the [tropical year](#), the calendar "drifted" concerning the two equinoxes — such that in [300 AD](#), the spring equinox occurred on about March 21st. By 1500 AD, it had drifted backward to March 11th. This drift prompted [Pope Gregory XIII](#) to create a modern [Gregorian calendar](#). The Pope wanted to continue to conform to the edicts concerning the [date of Easter](#) of the [Council of Nicaea](#) of AD 325, so *he tried to move the vernal equinox to March 21st*, the day allocated in the Easter table of the Julian calendar. However, the leap year intervals in his calendar were not smooth (400 is not an exact multiple of 97). This drift causes the equinox to oscillate by about 53 hours around its mean position. In turn, it raised the possibility that it could fall on March 22nd, and thus Easter Day might theoretically commence before the equinox. *Astronomers chose the appropriate number of days to omit, so the equinox would swing from the 19th to the 21st of March but never fall on the 22nd* (although it can, in a handful of years, fall early in the morning of that day in the Far East). (Reference: Wikipedia)

When Julius Caesar established the Julian calendar in 45 BC, he set Another factor that rules out the Equinox from having anything to do with Alohym's actual calendar; the ruling star is Hamal (HamEl), in the constellation Aries. This star is the Gregorian calendar's "Equinox Star," using this star instead of our own Sun makes each day 23 hours, 56 minutes, and about 5 seconds long in its circuit, which is called a "sidereal day," of which you have already learned.

✓ [Commentary](#)

Here again, we see the influences of men not consulting biblical knowledge, thinking they can do things better than our Creator. They are leading those truly seeking Alohym down another path of deception! Our adversary is a counterfeiter; he portrays himself as a light deceiving the whole world. (Rev 12:9) Since our adversary hates the "light," it is interesting that the word "Nox" means night, and the Roman goddess of the night came from its Greek counterpart Nyx.

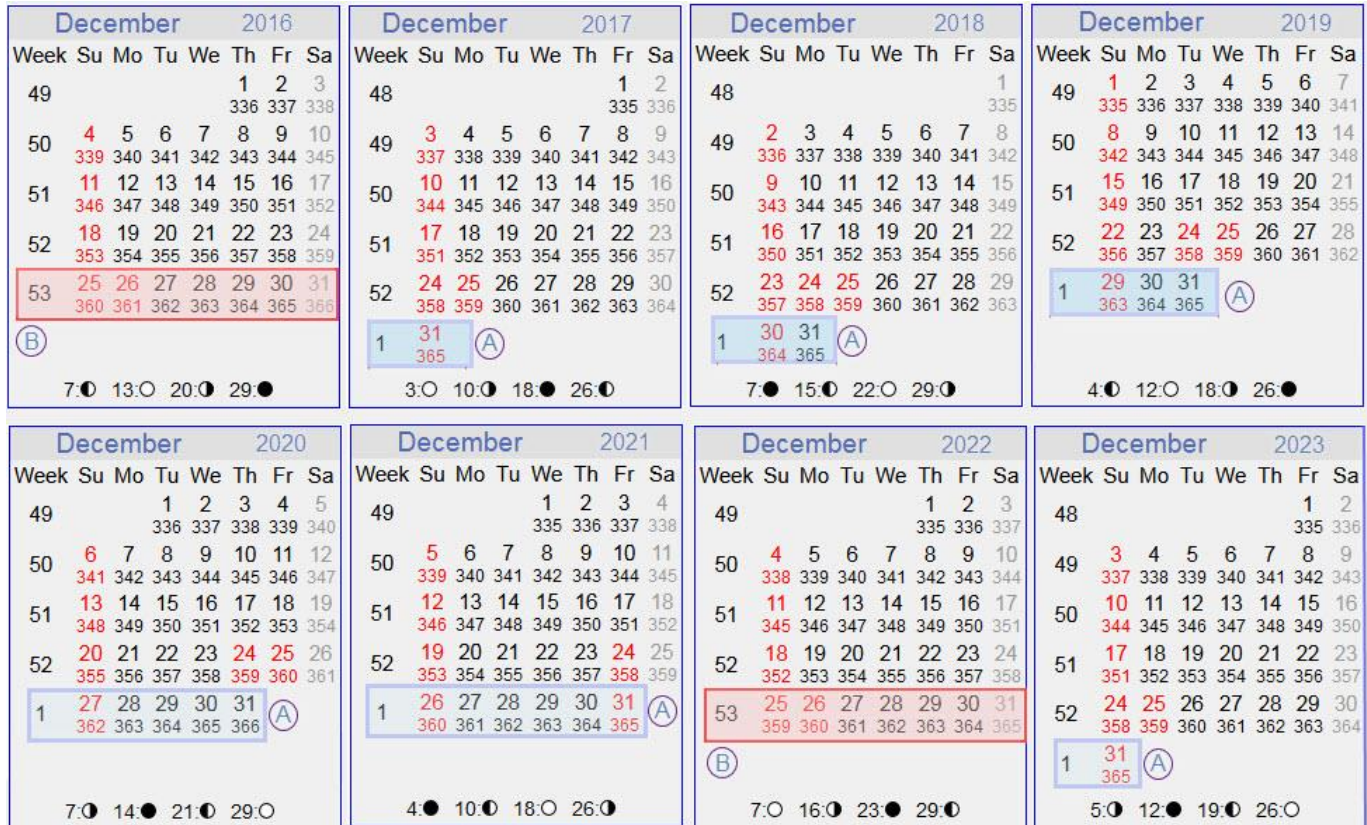

➤ Understanding the Equinox "weekly Shift cycle"

Previously you learned how the equinox oscillates up to 52 hours depending on the year within the leap cycle. Another inherited problem created by anchoring the equinox to the Julian calendar is the perpetual "*weekday shift cycle*." The best and easiest way to explain this event is by example; Say your birthday is on Tuesday, March 5th, but now one year later, it's Wednesday, March 5th; in two years, it will be Thursday, March 5th, but did you gain a day in time? Think deeply; it is the same date (March 5th) but a different day of the week; this phenomenon is due to the "weekly shift cycle."

Part 5

Exposing Error & Exalting Truth

The graphic on page 5 represents the insertion of the 53rd week in the Julian/Gregorian calendars, which occurs once every sixth year. (Exhibit; "B" Red Box in years 2016 & 2022) Notice; the accumulation of sidereal days 365 and 366 falls within the "added" 53rd week in December. Notice (Exhibit; "A" Blue Box in years 2017 & 2023) Once the sidereal accumulation occurs (i.e., week 53, (years; 2016 & 2022), the "weekly shift cycle" is complete and then reset for the next cycle to begin.

✓ Commentary

The above example visually explains the shifting error due to the Equinox issue. The Gregorian calendar is the “Modern (Roman) commerce Christian Calendar,” which anchors the Equinox as its yearly starting point and has since its inception. Chart “A” (on the next page) reveals how the (sidereal) weekday shift operates around Alohym’s fixed position calendar days on the next page. (364 – 1) It is important to remember; Genesis 1:16 states;

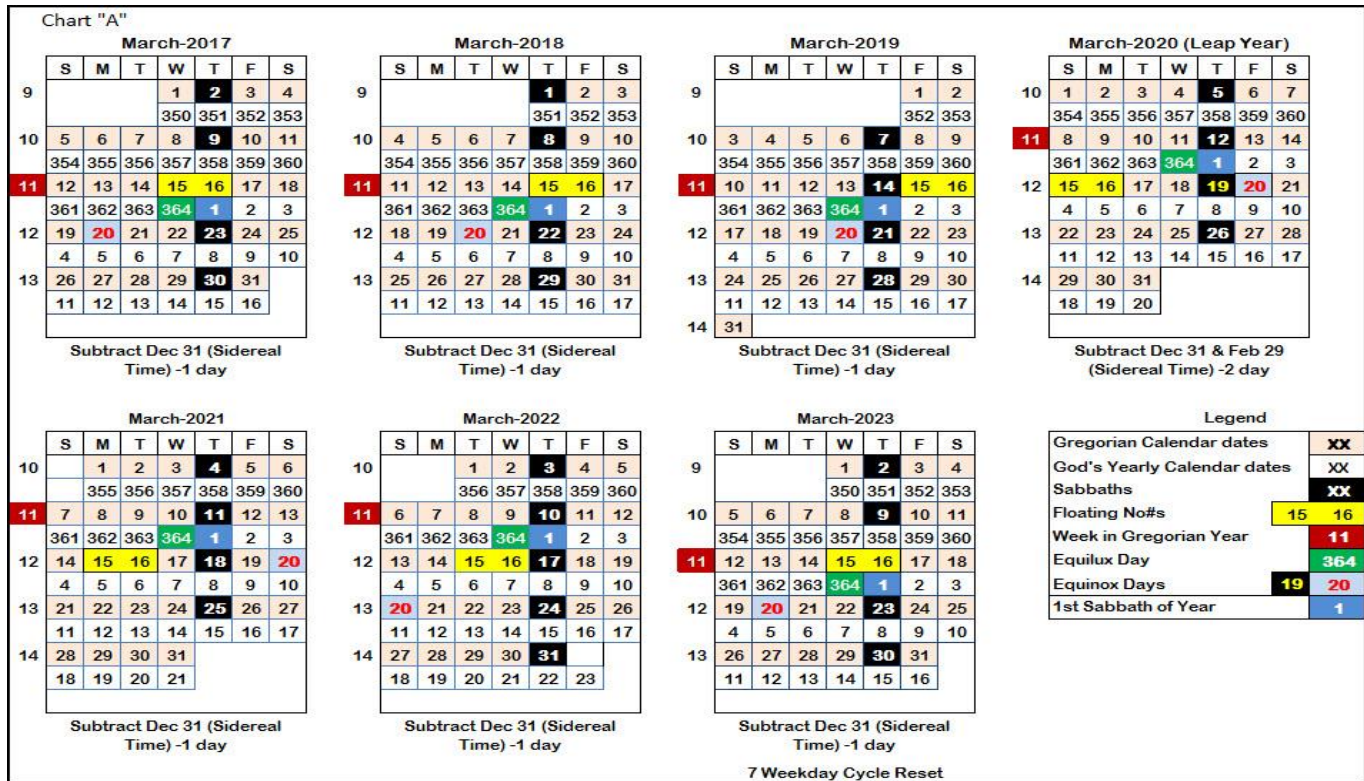

v16; And God made two great lights; the greater light to rule the day, and the lesser light to rule the night the stars

Alohym also states in [Genesis 1:14](#) that the lights in the heavens rule the day and night, which are for signs, seasons, days, and years. So the question, from Alohym’s perspective, is the Earth a light in the heavens? Simply NO! The Equinox is an Earthly occurrence that disqualifies it from having anything to do with Alohym’s scriptural-based perfect calendar.

Part 5

Exposing Error & Exalting Truth

Remember (from the previous graphic) how the “weekday shift cycle” functions each year at the end of December. Now you will learn how the “weekday shift cycle” days float around Alohym’s New Year.

Above, Chart “A” represents this truth by showing how the “weekday shift cycle” occurs starting with the month of March 2017 through 2023. Please take a moment to read through descriptions 1 thru 3 below.

1. Notice the numbers **364 - 1** within Chart "A"; these two days represent the last day of the previous year and the 1st day and Sabbath of the New Year, which have a fixed position. Take notice; these days remain on Wednesday and Thursday in the Gregorian calendar's eleventh (11th & 12th) weeks. (Keep this in mind)
2. Next, notice the numbers **15-16** in yellow, representing floating Gregorian calendar dates within March. In 2017, these numbers resided on the same days as Alohym's fixed position calendar dates **364 - 1**, i.e., Wednesday and Thursday. However, if you follow the numbers **15-16** from 2017 through 2023, notice their movement to the right continuously residing within March's 11th and 12th weeks. This shifting phenomenon is due to the added sidereal time and days (365 & 366), all stemming from anchoring the Equinox to the original Julian calendar.
3. Next, when viewing Chart “A,” notice at the bottom of each month, it states “Subtract” Dec 31 (-1), Feb 29 (-2), etc.; this represents the *accumulated sidereal time* that would need to be omitted from the Gregorian calendar to stop the “shifting sidereal cycle.”

Part 5

Exposing Error & Exalting Truth

(Reference: omit (-1 day) for years 2017, 18, 19, 21, 22, for a total of 5 days and omit (-2 days) for 2020, leap year) In other words, by eliminating the extra 365th and 366th accumulated sidereal time within that specific calendar year would stabilize and end the shifting cycle.

➤ Alohym's Fixed Calendar

Our Creator is not the author of confusion. Sometimes, the simplest truths seem fleeting. Nevertheless, through Alohym's grace and mercy, the perfection of His calendar comes unveiled; scripture tells its functions and starting point as described in the Books of Enoch, Jubilee, and the Tanakh, which begins in the month of Abib. (Ref: Jubilees' 6, Exodus 12:2, Exodus 13:4, and Exodus 23:15, Deut. 16:1) Before moving forward, let's read a scripture out of Jubilees' affirming the calendar's fixed position day design from year to year—Jubilees' 6:29.

v29; Thus it is engraved and ordained in the tablets of heaven, and there is no transgression from one year to another. And thou command the children of Israel that they should observe the years in this number, three hundred and sixty-four days, and the year shall be complete and the fixed date of their days and their festivals shall not be corrupted, for everything transpires in them according to their testimony; and they [Israel] shall not miss a day or corrupt a festival.

➤ Alohym's calendar is mathematically perfect

Alohym is the Creator of perfection, and the chart below shows you this perfection through a simple mathematical formula. According to astronomers, the Earth takes 364, twenty-four-hour "solar" days to orbit the Sun, which means the Earth just finished a 360-degree elliptical revolution around the Sun. Now, if the Earth completed its orbit in 360 days, this means that the "Daily Orbital Angle" would be 1°

Table 1 = 364 Day Year

	Daily Orital Angle	Monthly Beginning Day	Monthly Degree Total		
Day one	0.989010	1.00	0.989	Month 1	Spring
	0.989010	31.00	30.659	Month 2	
	0.989010	61.00	60.330	Month 3	
2 Day Solstice	0.989010	91.00	90.000	Leader Day	Summer
	0.989010	92.00	90.989	Month 4	
	0.989010	122.00	120.659	Month 5	
2 Day Solstice	0.989010	152.00	150.330	Month 6	Fall
	0.989010	182.00	180.000	Leader Day	
	0.989010	183.00	180.989	Month 7	
2 Day Solstice	0.989010	213.00	210.659	Month 8	Winter
	0.989010	243.00	240.329	Month 9	
	0.989010	273.00	270.000	Leader Day	
2 Day Solstice	0.989010	274.00	270.989	Month 10	
	0.989010	304.00	300.659	Month 11	
	0.989010	334.00	330.329	Month 12	
2 Day Solstice	0.989010	364.00	360.000	Leader Day	
	0.989010		0.989		

degree per day, but since we are conducting a 364 days year within a 360 - degree orbit would mean that the "Daily Orbital Angle" will be a little less than 1° or .989° degrees. There can be no coincidences in these three numbers because they add up to "26" יהוה (YHUH), Yahuah, the name of our Creator.

Part 5

Exposing Error & Exalting Truth

For fun, we decided to take the decimal degrees out of six places, which showed up as .989010, 26 for the first three numbers, and 10 for the last three, meaning authority, divine, or completeness of order. Next, let's review the perfect orbital angle numbers making up Alohym's calendar which makes it so perfect.

Table "1" is a testament to Alohym's perfect orbital numbers for each month, season, and year. Notice the red arrows on the left of table "1," which states: (2 Day Solstice). These solstices are the leader day and the 1st day of the season, which means that the sun seems to stand still at the same spot for two days. Now notice the blue highlighted cells on the right side of the chart and see the repeating numbers for each season, Spring - .989, Summer - 90.989, Fall - 180.989 and Winter - 270.989, and of course, the last day of the year with the number 360.000, can you see the perfection in Alohym's creation and calendar!

➤ Man's Imperfect calendar

Table "2", 365 day Common year has been formulated to show through the added columns, "Min. per Day Subtracted" and "Monthly Added Min. per Day Total" how the 365th day of the Julian/ Gregorian year came into existence. There is no comparison between Alohym's daily orbital numbers and man's. The proof is in the numbers, proving that Alohym's solar calendar is perfect and without flaw.

Table 2 - 365 Day Common Year

Sidereal Orbital Angle	Day No.	Monthly Degree Total	Min.Per Day Subtracted	Monthly Added Min.Per Day Total	
0.985653	1.00	0.986	3.9452	3.9452	January 1
0.985653	31.00	30.555	3.9452	122.3014	February 1
0.985653	61.00	60.125	3.9452	240.6575	<u>March 1</u>
0.985653	92.00	90.680	3.9452	362.9589	April 1
0.985653	122.00	120.250	3.9452	481.3151	May 1
0.985653	152.00	149.819	3.9452	599.6712	<u>June 1</u>
0.985653	183.00	180.374	3.9452	721.9726	July 1
0.985653	213.00	209.944	3.9452	840.3288	August 1
0.985653	243.00	239.514	3.9452	958.6849	<u>September 1</u>
0.985653	274.00	270.069	3.9452	1080.9863	October 1
0.985653	304.00	299.639	3.9452	1199.3424	November 1
0.985653	334.00	329.208	3.9452	1317.6986	<u>December 1</u>
0.985653	364.00	358.778	3.9452	1436.0548	December 30
0.985653	365.00	359.763	3.9452	1440.0000	December 31
0.985653	1.00	360.749	3.9452	3.9452	January 1

The underlined months to the right are the Meteorological start of mans seasons

The formulas used in creating Table "2" are the same sidereal day formulas on page 3. Below is the comparison chart to help you see the difference between Tables 1 & 2. Notice the accumulated 1440

minutes (follow the red arrow), reflecting the created 365th day of the Julian/ Gregorian calendar. Also, in the comparison chart, what days reflect the completion of Earth's 360° revolution, Table 1, day 364, and Table 2, day 1. As explained above, Alohym's accurate cycles of

Comparison Chart - Table 3						
	Orbital Angle	Day of Year	Yearly total degrees	Day of Year		
Table 1	0.98901	364	360	Leader Day (364)		
	0.98901	1	0.989	Day 1, Sabbath		
ST = Sidereal Time						
	Orbital Angle	Day of Year	Yearly total degrees	Daily total (ST)	Accumulative (ST)	Day of Year
Table 2	0.985653	364	358.778	3.9452	1436.0548	30-Dec
	0.985653	365	359.763	3.9452	1440	31-Dec
	0.985653	1	360.749	3.9452	3.9452	1-Jan

Notice: The Earth must rotate 1 extra revolution to make day 365. This is accomplished by adding 1436.0548 + 3.9452 = 1440 (Accumulative (ST) + Daily total (ST))

time, i.e., calendar, are perfect in their days, seasons, and orbit around the Sun compared to the Gregorian/Julian calendar with its integration of the Equinox system.

Part 5

Exposing Error & Exalting Truth

✓ [Commentary](#)

In review, we've gained vital knowledge and understanding concerning the occultic deception of the Equinox and Sidereal time; what about the days of the week? Believe it or not, they are not in the same original lineup described in Genesis chapters 1 & 2, but interestingly to man's calendar system. So the question becomes; is there a presumption that fits the narrative that explains the changing of the weekly day order? As a writer, I can tell you through historical and scriptural research that the traditions and doctrines of men distorted Alohym's accurate Sabbath covenant calendar. The articles and information you will read explain how the Jewish Rabbinical Sages, the Roman religious leaders, and the emperor Constantine changed the last 1800 years of biblical time.

The articles presented by various authors have been researched and exhibit true and accurate historical information. Unfortunately, too often, believers who understand that relationship with our creator requires obedience to the 4th commandment assume that Saturday is the Sabbath day, but why? Ecclesia, it is time we learn and embraces the truth of history and let go of the traditions and doctrines of men and their false religions.

✓ [Roman Time Measurement \(Article 1\)](#)

(Resource: By Publius Dionysius Mus)

The Roman republican calendar (±600 BC) counted 355 days and followed the cycle of the moon. To cover the difference between sun and moon, there was a special creation every two years: *intercalaris* or *mercedonius*. The last five days of *Februarius* were then transformed into a period of 27 or 28 days. In 153 BC they decided to let the year begin on the first day of *Ianuarius*, but the old names were kept to remember the old system (*September*, the 'seventh' month, now became the ninth month). The *intercalares* however were not always strictly followed, and this created after a while a huge difference between the actual seasons and the calendar: in 50 BC Spring began half May...

This problem was solved in 46 BC by *Caius Julius Caesar*, as *pontifex maximus*. He brought the seasons back to normal by adding 67 extra days to that year. From that year on, the calendar followed the sun, every year being 365 ¼ long (so every four years one extra day was needed to come back to normal). The twelve months were kept, with their original names, but their length was adapted to fit the new system. In 44 BC, in remembrance of *Julius Caesar's* death, the name of the month *Quintilis* was changed into *Julius*.

A last reform came in 8 BC: because of a mistake (they added an extra day every three years instead of every four years) the period between 8 BC and AD 4 knew no leap year. The month *Sextilis* was also renamed in this year: it became *Augustus* (and an extra day was added to this month, in order not to be shorter than Caesar's month).

Part 5

Exposing Error & Exalting Truth

The Romans knew no such thing as a week; the seven-day “week” would only be introduced by Constantine in the fourth century in 321 A.D.

As stated before, the week, as we know, had religious origins and was introduced by Constantine the Great. The (new) week began on [1] Feria Prima, also called Feria Dominica, Dominica, or Dies Dominicus. Then came [2] Dies Secunda, [3] Tertia, [4] Quarta, [5] Quinta, [6] Sexta, and the week ended on [7] Feria Septima (also Sabbatum or Dies Sabbatinus). (Note: the naming of the seventh day (Septima) – (Sabbath) came from the Roman 7th hour of the day) But an older system was also used, of Babylonian - Egyptian origin. In this system, every hour of the week "was dominated" by one of the seven known planets (Sun, Moon, Saturnus, Mars, Mercurius, Jupiter, and Venus). They all followed each other continuously, resulting in the following days of the week: ^[1] Dies Saturni, ^[2] Dies Solis, ^[3] Dies Lunae, ^[4] Dies Martis, ^[5] Dies Mercurii, ^[6] Dies Iovis and ^[7] Dies Veneris.

The older Babylonian – Egyptian system which was also adopted by Roman culture began naming the week days starting from the 1st day of the week (Saturn’s Day) – (Saturday), as history tells the story very plainly and openly it was Constantine the Great in 321 AD., that changed the weekly order as stated above and Saturday (*English*) became the 7th day of the week.

The Romanic languages kept most of this system (except Dies Solis, which became the Day of the Lord). The Germanic languages replaced most of these names with Germanic gods: Tiw, Wodan/Odin, Donar/Thor and Freya. We can summarize this in the following table:

FRENCH	SPANISH	ENGLISH	GERMAN
Lundi	Lunes	Monday	Montag
Mardi	Martes	Tuesday	Dienstag
Mercredi	Miércoles	Wednesday	Mittwoch
Jeudi	Jueves	Thursday	Donnerstag
Vendredi	Viernes	Friday	Freitag
Samedi	Sábado	Saturday	Samstag
Dimanche	Domingo	Sunday	Sonntag

✓ Seven-day planetary week (Article 2)

(Resource: www.worldslastchance.com)

The decline of the eight-day Roman week was caused by two factors: A) the expansion of the Roman Empire which exposed the Romans to other religions and led, in turn, to B) the rise of the cult of Mithras. The role Mithraism played in restructuring the Julian week is significant for it was a strong competitor of early Christianity.

It seems as if some spiritual genius having control over the pagan world had so ordered things that the heathen planetary week should be introduced just at the right time for the most popular Sun cult of

Part 5

Exposing Error & Exalting Truth

all ages to come along and exalt the day of the Sun as a day above and more sacred than all the rest. Surely this was not accidental.

Under these two factors, the Julian week began a centuries-long evolutionary process that ended in the week as it is known today. The original seven-day planetary week is the third and final piece of the puzzle [proving that Saturday is not the Bible Sabbath](#), nor Sunday the first day of the Biblical week. This transformation took several hundred years. Franz Cumont, widely considered to be a great authority on Mithraism, links the acceptance of the seven-day week by Europeans to the popularity of Mithraism in pagan Rome:

It is not to be doubted that the diffusion of the Iranian [Persian] mysteries has had a considerable part in the general adoption, by the pagans, of the week with the Sunday as a holy day. The names which we employ, unawares, for the other six days, came into use at the same time that Mithraism won its followers in the provinces in the West, and one is not rash in establishing a relation of coincidence between its triumph and that concomitant phenomenon.

In *Astrology and Religion among the Greeks and Romans*, Cumont further emphasizes the pagan origins and recent adoption of a seven-day week with its holy day being Sunday:

"The pre-eminence assigned to the dies Solis [day of the Sun] also certainly contributed to the general recognition of Sunday as a holiday. This is connected with a more important fact, namely, the adoption of the week by all the European nations.

The immense significance of this for Christians is found in the fact that Sunday cannot be the day on which Christ arose from the dead, because Sunday did not exist in the Julian calendar of Christ's day. Nor can Saturday be the Biblical seventh-day Sabbath because the pagan planetary week originally began on Saturday.

The following drawing of a stick calendar found at the Baths of Titus (constructed A.D. 79 – 81) provides further proof that neither the Biblical Sabbath nor the day of Christ's resurrection can ever be found using the Julian calendar. The center circle contains the 12 signs of the zodiac, corresponding to the 12 months of the year. The Roman numerals in the left and right columns indicate the days of the month. Across the top of the stick calendar appear the seven planetary gods of the pagan Romans.

Saturday, (or dies Saturni - the day of Saturn) was the very first day of the week, not the seventh. As the god of agriculture, he can be seen

Roman Stick Calendar

Part 5

Exposing Error & Exalting Truth

in this preeminent position of importance, holding his symbol, a sickle. Next, on the second day of the pagan planetary week, is seen the sun god with rays of light emanating from his head. Sunday was originally the second day of the planetary week and was known as dies Solis. The third day of the week was dies Lunae (day of the Moon - Monday). The moon goddess is shown wearing the horned crescent moon as a diadem on her head. The rest of the gods follow in order: dies Martis (day of Mars); dies Mercurii (day of Mercury); dies Jovis (day of Jupiter); and dies Veneris (day of Venus), the seventh day of the week.

When the use of the Julian calendar with its recently adopted pagan planetary week spread into northern Europe, the names of the days dies Martis through dies Veneris were replaced by Teutonic gods.²³ Mars' Day became Tiw's Day (Tuesday); Mercury's Day became Woden's Day (Wednesday); Jupiter's Day became Thor's Day (Thursday); and Venus' Day became Friga's Day (Friday.)²⁴ The influence of the pagan astrological day-names is still seen today. Latin-based languages, such as Spanish, retain astrological names for Monday through Friday, with the Christian influence being seen in their words for Sunday (Domingo, or Lord's Day) and Saturday (Sabado, or Sabbath.)

✓ In Rome (Article 3)

(Resource: www.wikipedia.com)

Even though Roman numerals are shown on the block's face, (on page 3) this was not an *official* Roman calendar. That's apparent because early Romans used an eight-day week, not one of seven days. Also, official Roman calendars never had twelve thirty-day months for a calendar year length of 360 days like the one shown here. *Roman soldiers stationed in Egypt became accustomed to the pagan seven-day week and began to introduce it into their own homeland to replace their eight-day marketing week. Octavian (Caesar Augustus) and succeeding Roman rulers permitted this practice but it wasn't made official until the emperor Constantine took that step in A.D. 321.* Constantine not only instituted the 7 day weekly cycle he also changed the first day of the week "Saturn's day" (Saturday) to the seventh (7th day) of the week, of which has never changed to this day!

Now at the same time Roman emperor Constantine legislated that the *venerable Sunday* should be a day of rest for all citizens. In A.D. 323, he issued a decree banning Christians from participating in state sacrifices. After the pagan gods had disappeared from his coinage, Christian symbols appeared as Constantine's attributes the chi rho between his hands or on his [labarum](#), as well on the coin itself.

✓ Are you starting to get the Picture?

Let's move on to a widespread argument in which many defend the "Jewish calendar" as keeping the record straight that Saturday is the Sabbath and the 7th day of the week. The first problem with the above statement is that Saturday the 7th day (*Based on the Julian calendar*) never followed God's original calendar that ancient Israel kept. Secondly, "Judaism's Saturday Sabbath," beginning in the late 4th

Part 5

Exposing Error & Exalting Truth

century, was established by introducing the new Jewish calendar by Hillel II in 395 AD. The Saturday Sabbaths (*Julian-based*) and the Festival days of God (*as calculated by the (Lunar) Jewish calendar*) fall on two different calendars. Did you catch that?

Late in the 2nd century, as described by the late (Rabbi Simon Schwab 1908-1995), Jewish commentators and Sages, as recorded by the document (Seder Olam Rabbah), by the "will of God," abandoned the sacrificial calendar and instituted the Seleucid Era Calendar (the Babylonian calendar), of which each month consisted of 29.5 days. The Sages falsified data to confuse the Gentiles, who might try to use Daniel's prophecies to predict the Messiah's coming time. The Sages decided to "seal" up the Book of Daniel and its "69 weeks" prophecy of Messiah's arrival and death, as stated in Daniel 9, and to honor Daniel 12:4, "shut up the words, and seal the book even to the time of the end." (*Note; See Chapter 10, Page 184 for the truth concerning Daniel 9:25-27 Prophecy.*) Did you get that? (Note: Take a moment and reflect on the accusation brought against God because of the sage's deception! (Ref: Comparative Jewish Chronology", Dr. Joseph Brewer Jubilee Volume, (New York: Rabbi Samson Raphael Hirsch Publications Society, Philipp Felheim Inc., 1962), p.188

(Ref: <https://webspacescience.uu.nl/~gent0113/babylon/babycal.htm>)

✓ Moses Prophecy of Calendar Corruption!

In the Book of Jubilees', chapter 6, the writer prophesied that Israel would not follow the 364 days, four seasons, 13 weeks per season year, let's read.

v29; Thus it is engraved and ordained in the tablets of heaven there is no transgression from year to year. v30; And thou command the children of Israel that they should observe the years in this number, three hundred and sixty-four days, and the year shall be complete and the fixed date of their days and their festivals shall, not be corrupted, for every thing transpires in them according to their testimony; and they [Israel] shall not miss a day or corrupt a festival. v31; But if they do transgress and do not observe them according to his commandment, then will be corrupted all their fixed dates, and the years will waver in consequence, and also their times and their years, and they will transgress their ordinances. v32; And all the children of Israel will forget and will not find the paths of the years, and will forget the new month and the sabbaths and the festivals, and in all the order of the years they will err. v33; For I know, and from now on I shall make it known to thee, and not from my heart, but thus is written in a book before me and is ordained in the tablets of heaven, the division of the days, that they forget not the festivals of my covenant and walk according to the festivals of the ,gentiles, after their errors and after their ignorance, v34; And there will be those who will make observations of the moon, for this one [the moon] corrupts the stated times and comes out earlier each year by ten days. v35; And in this way they will corrupt the years and will observe a wrong day as the day of testimony and as corrupted festival day, and everyone will mix holy days with unclean ones

Part 5

Exposing Error & Exalting Truth

and unclean with holy ; for they will err as to months and sabbaths and festivals and jubilees. v36; And on this account I command thee and testify to thee that thou shouldst testify to them, for after thy death thy children will corrupt, so that they make a year only three hundred and sixty-four days, ' and on this account they will err as to new months and sabbaths and fixed times and festivals and will ever eat blood with all kinds of flesh.

Moses, a prophet and Holy man of God, warned Israel and future generations of what was to come, but did Israel listen? You already know the answer! Let's read what the prophet Hosea stated in chapter 4, verses 1 and 6;

Hosea 4:1; Hear the word of the LORD, ye children of Israel!: for the LORD hath a controversy with the inhabitants of the (earth) land ^{H776}, because [there is] no truth, nor mercy, nor knowledge of God in the (earth) land.

Hosea 4:6; My people are destroyed for lack of knowledge: because thou hast rejected knowledge, I will also reject thee, that thou shalt be no priest to me: seeing thou hast forgotten the law of thy God, I will also forget thy children.

✓ [Commentary](#)

As prophesied in the Book of Jubilees, the Jewish (Babylonian) calendar needs proving! Question; can the Jewish calendar pass the test of scriptural language? Unfortunately, this research and historical, scientific, and scriptural evidence prove otherwise! But, again, I believe in being fair and unbiased and letting the facts of scripture speak for themselves.

➤ [The Jewish \(Babylonian\) calendar](#)

The following article comes from a Jewish website. It explains the Jewish calendar coordinates with three astronomical phenomena: the rotation of the Earth about its axis (a day), the revolution of the moon about the Earth (a month), and the revolution of the Earth about the sun (a year). However, these three phenomena are independent, so they have no direct correlation.

✓ [Commentary](#)

Ecclesia worldwide; are walking out of the modern Roman (Saturday & Sunday) belief system due to pastors who do not know the truth concerning calendar understanding. Some realize that God's 4th commandment concerning the Sabbath day observance and the law of God never ceased to exist. Those learning that a Sabbath day observance is essential; get caught up in societal thinking that the Jew's Saturday observance of the Sabbath is the right one. Knowledge and evidence are the keys to discerning God's Sabbath, not the religious traditions of men. Now back to understanding the Jewish (Babylonian) calendar.

Part 5

Exposing Error & Exalting Truth

The lunar month on the Jewish calendar begins when the first sliver of the moon becomes visible after the dark of the moon. In ancient times, the new (moon) months were determined by observation. When the new moon was observed, a messenger would notify the Sanhedrin. When the Sanhedrin heard testimony from two independent, reliable eyewitnesses that the new moon occurred on a specific date, they would declare the Rosh Chodesh (first of the month) and send out messengers to tell people when the month began. The problem with strictly lunar calendars is that every solar year has approximately 12.4 lunar months. Hence, a 12-month lunar calendar is about 11 days shorter than a solar year, and a 13-month lunar is about 19 days longer than a solar year. The months drift around the seasons on such a calendar: on a 12-month lunar calendar, the month of Nissan, which is supposed to occur in the spring, would occur 11 days earlier in the season each year, eventually occurring in the winter, the fall, the summer, and then again in the spring. On a 13-month lunar calendar, the same thing would happen in the other direction and faster.

The Jewish calendar uses a 12-month lunar calendar with an extra month occasionally added to compensate the calendar for the various calendar drifts. For example, the month of Nissan occurs 11 days earlier each year for two or three years and then jumps forward 30 days, balancing out the drift. In ancient times, this month was added by observation. The Sanhedrin observed the weather conditions, the crops, and the livestock. If these were not sufficiently advanced to be considered "spring," then the Sanhedrin inserted an additional month into the calendar to make sure that Pesach (Passover) would occur in the spring (it is, after all, referred to in the Torah as Chag he-Aviv, the Festival of Spring.).

A year with 13 months is referred to in Hebrew as Shanah Me'uberet (pronounced shah-NAH meh-oo-BEH-reht), literally: a pregnant year. In English, we commonly call it a leap year. The additional month is known as Adar I, Adar Rishon (first Adar), or Adar Aleph (the Hebrew letter Aleph being the numeral "1" in Hebrew). The extra month is inserted before the regular month of Adar (known in such years as Adar II, Adar Sheini, or Adar Beit). Note; Adar II is the "real" Adar, where Purim and Yahrzeits ("time of year, year time") or anniversary (on the Jewish calendar) of the date of a person's passing. Adar I is the "extra" Adar. (Note: Yahrzeits is not scripturally based)

- Hillel II established a fixed [lunar] calendar in the fourth century based on mathematical and astronomical calculations. This calendar, still in use, standardized the length of months and the addition of months throughout a 19-year cycle so that the lunar calendar realigns with the solar years. Adar I is added in the 3rd, 6th, 8th, 11th, 14th, 17th, and 19th years of the cycle. <http://www.jewfaq.org/calendar.htm>

What should alarm Alohym's people is that nowhere in the Bible does it state that Alohym's calendar ever had, or should ever have 13 months. As presented in part 5 in scripture, Alohym's calendar has always had 12 months. Alohym's Word makes no provision for human adjustments – it's already perfect! The 13th month in the lunar calendar is not Biblical and does not fulfill the requirements of Alohym's

Part 5

Exposing Error & Exalting Truth

calendar. The information presented is of great significance to the ecclesia, "**pointing out**" that annual festivals derive from the lunar calendar and are not scriptural. A minimal amount of research on the lunar calendar reveals the origins of the Jews calendar are from Babylon, which is the historical reality!

The lunar calendar is 29.53 days a month and not 30 days, as the Bible states it should have. The lunar calendar comprises 354 days a year, not 364 days a year, as the Books of Enoch and Jubilee display it should have! Because of this discrepancy, the lunar calendar inserts an additional thirteenth month seven times in every 19-year cycle. *The Church uses this Babylonian non-Jewish Seleucid calendar to determine Alohym's Feast days!*

➤ Alohym's 12 calendar months – never 13

Scripture also tells us that a year on Alohym's calendar has 12 months. Notice: ([Esther 3:7](#)).

v7; "In the first month, that is, the month Nisan [should read, Abib], in the twelfth year of king Ahasuerus, they cast Pur, that is, the lot, before Haman from day to day, and from month to month, to the twelfth month..."

Again, this verse demonstrates that a year has twelve months. Let us take a look at another scripture that proves that a year has only 12 months: [Revelation 22:2](#)

v2; "In the midst of the street of it, and on either side of the river, was there the tree of life, which bare twelve manner of fruits, and yielded her fruit every month: and the leaves of the tree were for the healing of the nations"

The twelve fruits discussed in the above verse are for the twelve months of the year, one for each month.

The problem with the lunar calendar that most use to calculate their annual Feast days is that its months are 29.53 days long and have a thirteenth month seven times every 19 years! Please understand! Alohym's calendar has 12 months a year, eight of 30, and four of 31 days. The calendar most of the ecclesia using today has 29 or 30 days in any given month and has a 13th month added seven times in every 19-year cycle!

Simply put, lunar annual Feast Day observances are on bad days! Due to the fact most of Alohym's people are not using Alohym's calendar but a manufactured calendar, which means they keep Alohym's Feasts on the bad days. They also support the Sabbath day on the wrong day of the week!

❖ The Original Calendar; Restored and Confirmed!

In a review of an earlier article, numerous historical facts conclude that Saturday was the 1st day of the week on the Roman (Julian) calendar, which Constantine changed in 321 AD. He instituted a new seven-day week making Saturday the 7th day. As stated, on (Saturday) September 23rd, 2017, the historical and scriptural Revelation 12 sign appeared in the heavens. But you might not have known that Saturday ("the Julian/Jewish Sabbath") was the 10th day in the 7th Month on Alohym's calendar, the Day of

Part 5

Exposing Error & Exalting Truth

Atonement. You might find this interesting on the day this occurred, which was Yahusha (Jesus') baptism; Saturday and the Sabbath were not synonymous. (This happened after 395 A.D. when the Jews accepted Saturday as their Sabbath) (Note: More on the "Revelation 12 sign" in Part 10)

➤ Revelation 12 & Genesis 1 (Review)

In 2017, God's original calendar began on (Thursday) March 16th, the 1st day of Abib and the 1st Sabbath day of the New Year. The Equilux day, 364 (*the day of equal day and night*) occurred the day before, on March 15th. When looking for the structural outline of God's accurate calendar, you will find it in the Books of Enoch, Jubilee's, Numbers, and Leviticus. The (Aaronic) sacrificial calendar of ancient Israel also outlines God's 12 actual feast days. (Reference; Chapter 7 of which you can download for free from this website)

Now starting from March 16th, the 1st day of the year, and counting 192 days forward, you end up on Saturday, September 23rd, the Day of Atonement. As scripture states; ([Leviticus 23:27-32](#))

[v27](#); Also on the tenth [day] of this **seventh** month [there shall be] a day of atonement: it shall be an holy convocation unto you; and [ye shall afflict your souls](#), and offer an offering made by fire unto the LORD. [v28](#); And ye shall do no work in that same day: for it [is] a [day of atonement](#), to [make an atonement for you before the LORD your God](#). [v29](#); For whatsoever soul [it be] that shall not be afflicted in that same day, he shall be cut off from among his people. [v30](#); And whatsoever soul [it be] that doeth any work in that same day, the same soul will I destroy from among his

people. [v31](#); Ye shall do no manner of work: [it shall be] a statute forever throughout your generations in all your dwellings. [v32](#); It [shall be] unto you a [sabbath of rest](#), and ye shall afflict your souls: in the [ninth \[day\] of the month at 1\) even, from 2\) even unto 3\) even](#), shall ye celebrate your sabbath.

Since the Revelation 12 sign occurred on Saturday, which would have been the 10th day of the 7th month, Thursday would have been the weekly Sabbath day. When using the Gregorian (Julian) calendar, the Day of Atonement falls on Saturday every year.

[v1](#); And there appeared a great wonder in heaven; a [woman clothed with the sun](#), and the [moon under her feet](#), and [upon her head a crown of twelve stars](#):

Part 5

Exposing Error & Exalting Truth

In verse 1, the constellation Virgo (*the Woman*^{G1135}) is clothed with the sun^{G2246} (“light”) and the moon under her feet. (Left foot, to be specific) Can you imagine the awe-inspiring vision the Apostle John saw 2000 years ago, and today, the ecclesia, according to scripture, have lived through this event?

WE must verify the truth and nature of heavenly signs as established in [Genesis 1:14](#).

[v14](#); And God said, Let there be lights in the firmament of the heaven to divide the day from the night; and let them be for [signs](#), and for [seasons](#), and for [days](#), and [years](#):

The word “signs,” Strong’s number H226, the root H225, meaning; “to come,” is used many times in scripture but only once in the aleph-bet form of (לארת). The word “signs” translated in this scripture means; “[teach or learn Messiah’s covenant](#).” The root of the word “sign” is (ארת) meaning: “*beginning and end*,” as well as the “*leaders mark or covenant*.” **Question:** who said they were the alpha & omega, which comes from the Hebrew Aleph & Tau (את) [Messiah](#). (Ref: [Rev.1:8](#), [Rev. 1:11](#), [Rev.21:6](#), [Rev.22:13](#))

Now that you understand the root of the word “[sign](#),” let’s now add the other two letters (ל) Lamedh and (ת) Tau. In Hebrew, letters are associated with numbers and in this instance “[signs](#)” (לארת) has the equivalent of (ת) =400, (ת) =400, (א) = 1, (ל) = 30 or 831. If you add the numbers together (8+3+1) it equals 12. It just so happens that the Day of Atonement falls on the 192nd day of Alohym’s year (1+9+2), which again adds up to 12. **Question;** do you see this evidence of the truth of how Alohym’s perfect cycles of time are?

The end of verse 1 says: “[Upon her head a crown of twelve stars](#)” What does the book Genesis say about the stars? (Genesis 1:16) Keep in mind that the translation below is derived from Hebrew without punctuation or added words [he made].

[v16](#); And God made [two great lights](#) the [greater light to rule the day](#) and the [lesser light to and rule the night the stars](#).

Here we read that the lights in the heavens are for signs, seasons, days, and years; in verse 16, the Sun rules the day and the stars the night. Let’s read what Moses wrote in the Book of Jubilees 2:9 concerning this subject. .

[v9](#); And Yahuah (the LORD) appointed the sun to be a great sign on the Earth for [days](#) and [for Shabbats](#) and [months](#) and for [feasts](#) and for years and for [Shabbats of years](#) and for [jubilees and for all seasons of the year](#).

In Jubilees’, Alohym clarifies that the Sun signifies all Shabbats, months, seasons, days, years, and feasts. If you reread [Rev. 12:1](#), it says, “a woman clothed with the sun,” making this prophetic sign in the heavens not only a Sabbath day but the only Sabbath festival day that sits outside the weekly Sabbaths. In review, the Books of Genesis and Jubilees state that the Sun is for Shabbats, seasons, feasts, days, and years..

Part 5

Exposing Error & Exalting Truth

✓ In Conclusion:

This unique sign in the heavens follows the Biblical model as a true prophetic sign from Alohym. Alohym is a perfect creator, and His Sabbaths should have significant meaning to every believer who seeks the Father's will. After reading this article, remember that [God's actual weekly Sabbath day is not on Saturday](#) (Saturn's day), as instituted in 321 AD by Constantine. As we make a covenant with our Father and Messiah in Heaven, being on His time, worshiping, and enjoying fellowship with our heavenly family is a vital part of our inheritance for the saints!

Paul states in [Colossians 2:8](#) and [2 Thessalonians 3:6](#).

[Colossians 2:8](#); Beware lest any man spoil you through philosophy and vain deceit, after the **tradition** of men, after the rudiments of the world, and not after Christ.

[2 Thessalonians 3:6](#); Now we command you, brethren, in the name of our Lord Jesus Christ, that ye withdraw yourselves from every brother that walketh disorderly, and not after the **tradition** which he received of us.

Brothers and sisters in Christ (Yahusha) who died for our transgressions, be of good cheer, for our Heavenly Father has set forth the signs and path so that we may see and understand the good news of His gospel. Therefore, be Berean; search the scriptures and your hearts in understanding while there is still time.

As scripture says in [Romans 3:3-4](#)

[v3](#); For what if some did not believe? shall their unbelief make the faith of God without effect? [v4](#); God forbid: yea, let God be true, but **every man a liar**; as it is written, That thou mightest be justified in thy sayings, and mightest overcome when thou art judged.

To the Lost Sheep scattered abroad, remember that Alohym's accurate Sabbath calendar has NO elements of man's calculations or religious doctrine. Remember that Alohym's actual Sabbath day of worship is Thursday, which begins at sunrise and ends 24 hours later the following day, at "sunrise," not dawn. Do NOT let the traditions of men and religious views of the many take your crown.

➤ Now given a choice!

Have you ever heard the saying, "[What you don't know will hurt you](#)"? If you said yes, what we don't know can be the difference between life and death. Scripture makes clear; Alohym is gathering His disciples and bringing them into Sonship, those who try to step into a relationship and out of this world. Scripture also states that the Holy Spirit will lead you into all truth and teach you things to come; here is one of those truths to absorb.

Part 5

Exposing Error & Exalting Truth

[John 16:13](#), Howbeit when he, the Spirit of truth, is come, he will guide you into all truth: for he shall not speak of himself; but whatsoever he shall hear, [that] shall he speak: and he will shew you things to come.

Have you ever really thought about time itself? Unfortunately, as humans, we take time for granted, but to make matters worse, the modern church and those with no knowledge hands down "lies" of which we are not to question! However, the veil of deception for the ecclesia can "be overcome" by scriptural truth, and you can make a good choice through fact.

Messiah said this in [Matthew 11:30](#), "For my yoke easy, and my burden is light." Now, did you get that? His burden is light; Alohym's commandments give more blessings and are less burdensome than obeying the doctrine and traditions of men who keep you enslaved. Also, read [Matthew 10:33-42](#), as Messiah came not to make peace but bring a sword. As believers, we were not given a spirit of fear but power, love, and a sound mind, so don't fear the truth.

Part 6

Alohym's Accurate Calendar

Using the books of Enoch, Jubilees' and the Tanakh, Part 6 will present Alohym's actual calendar structure. These ancient sources reveal harmony throughout history and scripture, weaving together Alohym's original calendar as instituted on the Sabbath day. ([Genesis 2:3-4](#))

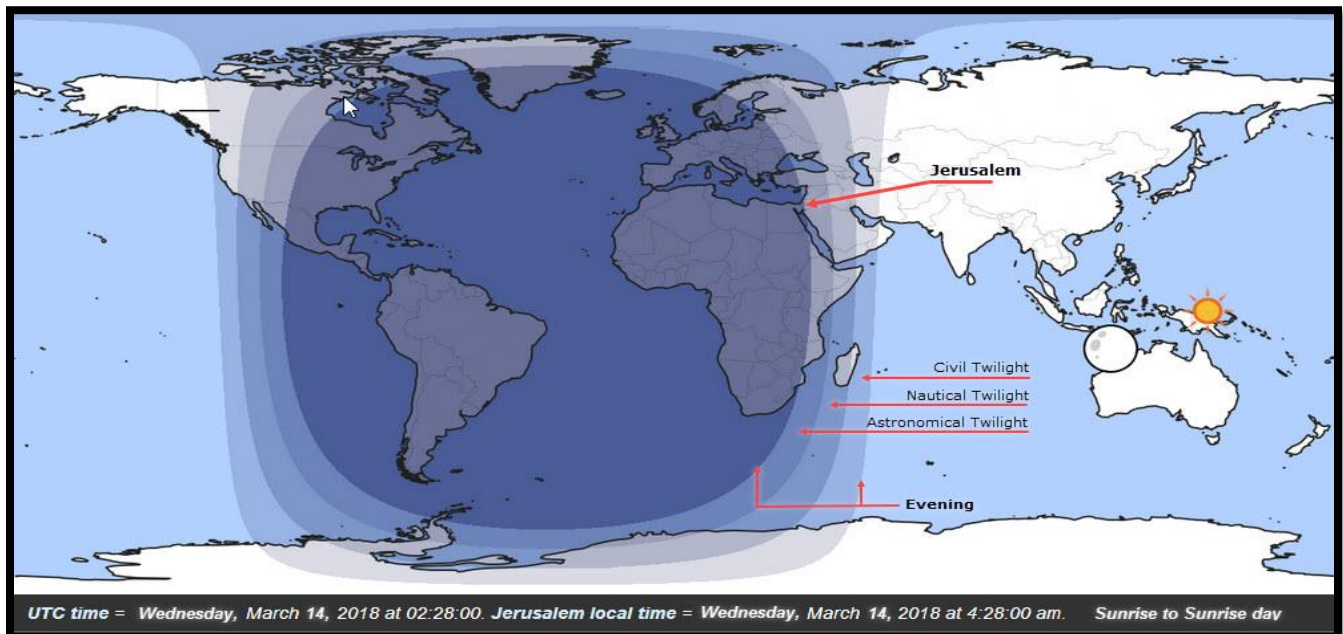

The books of Enoch and Jubilees, once considered lost, were discovered in Ethiopia and written in the Ge'ez language, fully intact. Only fragments survived both in Hebrew and Greek until the Dead Sea Scrolls, where archeologists recovered 16 chapters of Jubilees written in the Hebrew language. The Book of Enoch was also found in Ethiopia by James Bruce in 1773 and later translated into English by R.H. Charles and published in 1895.

➤ **The Equilux** = equal light and equal darkness

The Equilux is an astronomical event when the sun's rays shine (North to South) over 1/2 the Earth's surface, creating a day equal in light and darkness. Meaning "equal illumination," equilux is described in the book of Enoch as the day of equal light and darkness. This day of equal light and darkness happens twice yearly, ushering in the spring and fall seasons. The spring equilux Day (364) is perfect from year to year and never changes

One critical note of information concerning the spring and fall equilux is the light intensity of the seasonal change. On the day after the "spring equilux," which is 1st day of the year, light exceeds 12 hours, and on the first day after the "fall equilux," fall begins as light declines less than 12 hours. Again, these times are due to Earth's orbital position and rotational angle around the sun.

UTC time = Wednesday, March 14, 2018 at 04:29:00. Jerusalem local time = "Spring Equilux day"

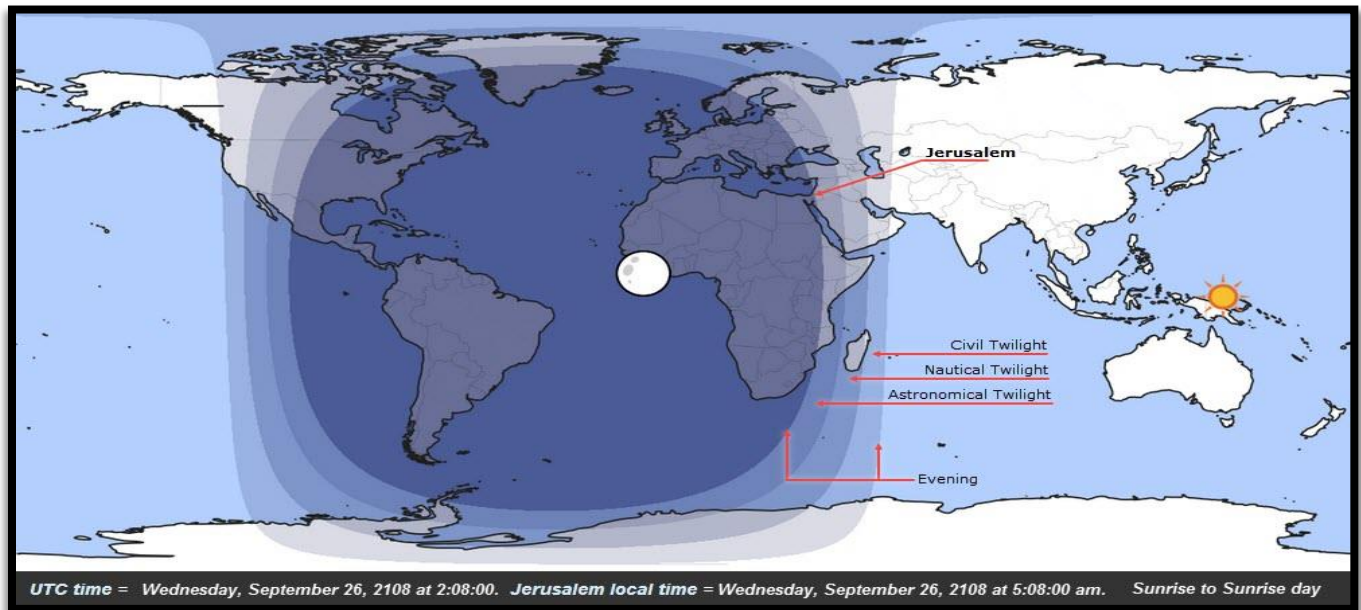

Part 6

Alohym's Accurate Calendar

✓ Commentary

Take a moment and review the sun's position in these two diagrams. Notice the sun's exact position for both spring and fall equinox, which are 195 days apart. Alohym's perfection at its finest!

UTC time = Wednesday, September 26, 2018 at 02:08:00. Jerusalem local time = 5:08.00 am **"Fall Equilux day"**

Keep in mind the beginning of the day starts at "morning Sunrise" at the end of Civil Twilight

Now that you have a visual understanding of the Equilux, can it be proven through yearly astronomical calculations? The answer is; yes, only if you use Gregorian calendar calculations. Since Alohym's calendar is stationary, is it safe to say the Equilux is also? According to the U.S. Naval Observatory, from 2016 through 2030, the Equilux will appear on March 16th, except in 2019 and 2027. (Remember to subtract one day due to the additional Equilux day ("365"), making the Equilux always appear on the 15th.)

According to the above information, the U.S. Naval Observatory would have you believe the Equilux appears on the 16th, but is this true? According to the Gregorian calendar structure for "March," the Equilux would appear on the 18th-day position in the 11th or 12th week. That is, counting from the first Sunday of the month while using the seven-year floating system. Also, remember that Alohym's days begin at sunrise and not at midnight the day prior. Therefore, the counting method above ensures you will always find the Equilux, the 364th day of Alohym's year.

Another reason for the time discrepancy in calculating the exact positioning of the Equilux is the inserted Sidereal 365th day of the year. This added day in the Gregorian calendar (*covered in previous chapters*) pushes forward all calendar dates 24 hours due to the insertion of Equinox. Beginning on page 200 of this research guide, you will find our new fixed calendar in which you can view the positioning of the Equilux, which is the night before the first day of Alohym's new year. As you browse through the calendar years 2022 through 2029, you will find the Equilux in green on the 364th day of the year. According to Alohym's stationary calendar, the Equilux and all of Alohym's Sabbaths and Holy days never move.

Part 6

Alohym's Accurate Calendar

➤ The Ordinances of Heaven!

In the Book of Job, scriptural information states that the constellation Orion set in the heavens is the seasonal or beginning time marker for spring. So let's investigate this time marker starting in [Job 38:31-33](#).

interlinear							
Job 38:31, 32, 33							
WLC WLC_v WLC_t WLC_tm Strong CHES							
31; Canst thou bind the sweet influences of Pleiades or loosen the bands of Orion? 32; Canst thou bring forth Mazzaroth in his season or canst thou guide the Great Bear with her sons? 33; Know thou the ordinances of heaven canst thou the dominion thereof in the earth?							
תפתח	כסיל	משכות	או	כימה	מעדנות	התקשר	
thphtch	ksil	mshkuth	- au	kime	modnuth	e-thqshr	
H6605	H3685	H4189	- H176	H3598	H4575	H7194	
you-are- ^W unloosing Orion attractions-of or Pleiades luxuries-of ?-you-are-making-tie-up							
תנחם	בניה	על	ועיש	בעתו	מזרות	התציא	
thnch-m	bni-e	- ol	u-oish	b-oth-u	mzruth	e-thtzia	
H5148	H1121	- H5921	H5906	H6256	H4216	H3318	
you-are- ^W guiding-them sons-of-her on and-Great-Bear in-season-of-him zodiac-signs ?-you-are- ^W bringing-forth							
בארץ	משטרו	תשים	אם	שמים	חקות	הידעת	
b-artz	msht-r-u	thshim	- am	shnim	chquth	e-idoth	
H776	H4896	H7760	- H518	H8064	H2708	H3045	
in-the-earth superintendence-of-him you-are-placing or heavens statutes-of ?-you-know							

Just before sunrise on New Year's Day, Orion slowly disappears from the zodiac due to dawning light bringing forth his season, the fulfillment of [Job 38:31](#). So let's read a revised version of [Job 38:31-33](#) and get the real meaning of what Job is saying here.

v31; you tie^{H7194} the chains^{H4575} of Pleiades^{H3598} or^{H176} draw back^{H4189} door of Orion^{v32}; and bring forth^{H3318} zodiac^{H4216} in his season^{H6256} and the Great Bear^{H5906} on^{H5921} guiding^{H5148} her sons^{H1121} v33; know you^{H3405} statues-of^{H2708} if^{H518} heavens^{H8064} domain^{H4896} in the earth^{H776}

Job 38 reveals that Orion brings forth the season of spring. Scripture, coupled with scientific evidence, proves that this is an actual event. Astronomers state the Orion constellation brings forth the seasonal stars of spring as it travels west through the night sky. This perfect seasonal shift happens on the Spring Equilux every year without fail. Isn't it interesting that the first day of our Creator's calendar is the first day and Sabbath of the New Year? (New Beginnings)

➤ Law is brought forth!

In obedience to the word of Alohym, the question arises; where does one start the observance of His calendar? It is always the simplicity of the gospel that makes the most sense. Alohym gave Abraham and his descendants the land of Israel as their inheritance; within this land, a Holy Mountain called

Part 6

Alohym's Accurate Calendar

"Zion" (tziun in Hebrew). In Psalms 2:6, David talks about Mount Zion "Yet have I set my king upon my holy mountain of Zion." The Bible says what else about Mount Zion and its relevance to His law; let's begin in [Isaiah 2](#).

[Isaiah 2:3](#), And many people shall go and say, Come ye, and let us go up to the mountain of the LORD, to the house of the God of Jacob; and he will teach us of his ways, and we will walk in his paths: *for out of Zion shall go forth the law*, and the word of the LORD from Jerusalem.

[Micah 4:2](#); And many nations shall come, and say, Come, and let us go up to the mountain of the LORD, and to the house of the God of Jacob; and he will teach us of his ways, and we will walk in his paths: *for the law shall go forth of Zion*, and the word of the LORD from Jerusalem.

[Jubilees' 1:28](#); And God will appear to the eyes of all, and all shall know that I am the Sovereign Ruler of Yisrael and the ABBA of all the children of Jacob, and King on Mount Zion for all eternity. And Zion and Jerusalem shall be kodesh.'

[Jubilees' 4:26](#); For God has four places on the earth, the Garden of Eden, and the Mount of the East, and this mountain on which you are this day, Mount Sinai, *and Mount Zion will be sanctified* in the new creation for a sanctification of the earth; through it will the earth be sanctified from all guilt and its uncleanness throughout the generations of the world.

[Jubilees' 8:19](#), And he knew that the Garden of Eden is the kodesh of kodeshim, and the dwelling of God, and Mount Sinai the centre of the desert, *and Mount Zion the centre of the navel of the earth*: these three were created as kodesh places facing each other.

After reading the above scriptures, it becomes apparent that our Creator's law (Torah) springs forth from Mount Zion and to all the Earth! The New Testament ties in very nicely, as stated in 1 Peter 2:6, "Zion a chief cornerstone," and [Revelation 14:1](#), "a Lamb stood on Mount Zion and with him a hundred and forty-four thousand."

❖ 24 time zones

Next, there is one last issue to discuss in the section: the 24hr time zones. Man is the one that instituted time zones around the Earth and the longitudinal and latitudinal lines. Now the "International Date Line" puts certain countries one day ahead of the Jerusalem date (countries between 180° East Longitude to 36° East Longitude), from Eastern Russia to New Zealand, and from Western Russia to Kenya. All the lands between these longitude areas will end the year on March 16th (the first day of the year), leading to March 17th, New Year's Day. (2017) [Note; Sabbaths and Holy Days are one day after the Jerusalem dates](#). How do we correct inherent flaws built into the imperfect time

Part 6

Alohym's Accurate Calendar

zones? First, the International Date Line would have to change to 35° East Longitude to fix this issue. Also, the Prime Meridian altered to Jerusalem instead of Greenwich; all countries on Earth would keep the exact dates beginning from Jerusalem.

➤ The Exalted Sabbath

The Sabbath day is the only “calendar day” mentioned in the Ten Commandments, which has significant meaning in the eyes of Alohym. Did you get that? Not the first day or any other day but the Sabbath day? Could it be the heavens observed the Sabbath before the foundation of the world?

Most believers will agree that Alohym created the universe over eons of time and rested from all He made. There is duality in the universe, which happens in Heaven and on Earth, and this reality is often expressed in scripture. Alohym established a weekly cycle beginning with the Sabbath day, but only after humankind and Earth were in their completed state and not before. Remember, Part 1 of this research points out that the Sabbath, i.e., the seventh day (Ref: [Genesis 2:3 4](#)), was sanctified and established as the beginning generations of Heavens and Earth. Scripture confirms the existence of an eight-day process found in the Feasts of Alohym, beginning with [Leviticus 23:39](#) and [Numbers 29:12-39](#); let's read.

[Leviticus 23:39](#), Also in the fifteenth day of the seventh month, when ye have gathered in the fruit of the land, ye shall keep a feast unto the LORD seven days: on the first day [*shall be*] a Sabbath, and on the [eighth day \[*shall be*\] a Sabbath](#).

[Number 29:35](#), [On the eighth day](#) ye shall have a solemn assembly: ye shall do no servile work [therein] [v36](#); But ye shall offer a burnt offering, a sacrifice made by fire, of a sweet savour unto the LORD: [one bullock](#), [one ram](#), [seven lambs](#) of the first year without blemish:

In the above verses, Alohym exhibits an eight-day count between Sabbath days through His word. Here is some simple math to think about, if the 15th and 22nd are Sabbath days on a weekly cycle, it would mean that the “first day of the year” would be a Sabbath, but is it on the calendar you keep? Next, let's investigate [Jubilees' 2:9](#) and [30](#) and read why Alohym established the sun as a great sign;

[v9](#); And God appointed the *sun to be a great sign* on the earth for days and [for Shabbats](#) and [for months](#) and [for feasts](#) and [for years](#) and [for Shabbats of years](#) and *for jubilees* and [for all seasons of the years](#).

[v30](#); And they shall not bring in nor take out from house to house on that day; for that day is more kodesh and blessed than any jubilee day of the jubilees; [on this we kept](#)

Part 6

Alohym's Accurate Calendar

Shabbat in the heavens before it was made known to any flesh to keep Shabbat thereon on the earth.

Notice that [Jubilees' 2:9](#) is a parallel account to [Genesis 1:14](#), but in verse 30, we learn Heaven observed the Shabbat before known on Earth! In other words, before the first day of creation, a Sabbath day was celebrated in the Heavens. Thus, Alohym's weekly cycle would fit the top two rows of Example "A" 1-8, whereas 7-7 favors the [J/G] calendar.

Example: A (This model uses the Sabbath Day as the first day of the year, seasons and jubilees')

Sabbath	1 st day of work	2 nd day of work	3 rd day of work	4 th day of work	5 th day of work	6 th day of work	Sabbath
1	2	3	4	5	6	7	8 = 1
Example: B							
[J/GC] day	[J/GC] day	[J/GC] day	[J/GC] day	[J/GC] day	[J/GC] day	[J/GC] day	[J/GC] day
7	1	2	3	4	5	6	7

✓ Commentary

It is a custom in linear thought to begin the weekly count starting from the next day (Example: B), whereas, in Hebrew, the weekly count begins on the day you are in. (Example: A)

Notice the example of [John 12:1](#), "6 days before the Passover," which is the 8th of Abib, a weekly Sabbath, meaning that counting from the Sabbath day eight (8) days prior would be the first Sabbath of the year. So let's investigate the number eight (8) in scripture. It has great significance to Alohym and means "New Beginnings and Resurrection"; below are just a few examples of what is associated with the number eight in scripture.

1. The eight day circumcision of the heart and mind is a sign of those walking with Alohym. (New Beginnings and Resurrection)
2. The *eight* persons who were saved from the Flood in Noah's Ark. ([Genesis 7:13](#)) (New Beginning)
3. *Eight* is the number of perfection, the infinity. In mathematics the symbol of the infinity is represented by an (8) laid down ∞ . (8) Is the first cubic number (perpetual)
4. The *eight* beatitudes of the sermon on the mountain. ([Matthew 5:3-11](#))
5. There were *eight* miracles of Elijah as told in the bible.
6. Alohym made *eight* covenants with Abraham.

Part 6

Alohym's Accurate Calendar

7. The end of counting of days, it is the place all Alohym's promises find their fulfillment. For those that have received Christ have this entitlement to walk in the eighth day as a now experience. ([New Beginnings](#))
8. Enoch spoke of the 8th week, a week of righteousness ([Book of Enoch, Ethiopic Bible 91:12](#))

The number eight (8) is significant to Alohym's calendar and exalts Him from beginning to end (Aleph-Taw) (Alpha-Omega). Therefore, there is NO more perfect day than the Sabbath to Alohym; it is first in order as the New Beginning of his year and seasons.

➤ Understanding the Calendar Structure

We begin learning about Alohym's calendar structure, starting with the Spring Equinox, the last (364th) day of the year; it is also the 6th day of the week and the preparation day for the upcoming 1st Sabbath of the New Year. Our investigation begins in the Book of Enoch, then works through the Book of Jubilees, and ends in the Tanakh.

❖ From the Book of Enoch, Enoch 72:31, 32 and chapter 82:6 (Reference; Ge'ez Interlinear)

v31; On that day, the sun, departing from this second gate and setting in the west, returns to the east and rises through the third gate for thirty-one days, and sets in the western heavens (Editor's Note: The 31st day in this scripture is the last day of the 12th month, the 364th day of Alohym's calendar.) v32; And on that day the night shortens and becomes nine parts and the day nine parts. Then the night becomes equal with the day, and the days of the year add up to precisely three hundred sixty-four days.

[Enoch 82:6](#); Truly they are recorded forever: one in the first gate, one in the third, one in the fourth, and one in the sixth. The year is completed in three hundred and sixty-four days. (Editor's Note: Having a 364-day calendar divided by a seven-day weekly cycle is perfect; $364 \div 7 = 52$ weeks of Sabbaths) Now let's move to chapter 6 in the Book of [Jubilees'](#) and read what is written on this subject.)

Toward the end of this section more information will be brought forth regarding the four divisionary or intercalary days that are instituted between the seasons. Keep in mind that the last day of the year is one of these instituted intercalary days.

Part 6

Alohym's Accurate Calendar

❖ **From the Book of Jubilees'**, (Reference; The Ethiopic Bible) Jubilees' 6:27, 30
v27; And they were raised into the tablets of heaven: thirteen sabbaths to each, from one to another their remembrance, from the *first to the second*, from the *second to the third*, from the *third to the fourth*. (Note: *four seasons in total, 91 days per season – 13 x 7=91*)
v30; And all the days of the commandment will be fifty two weeks of days, and (these will make) the entire year complete. Thus it is engraved and ordained on the heavenly tablets.
v31; And there is no neglecting (this commandment) for a single year or from year to year.
v32; And command you the children of Yisrael that they observe the years according to this reckoning - three hundred and sixty-four days, and (these) will constitute a complete year, and they will not disturb its time from its days and from its feasts; for everything will fall out in them according to their testimony, and they will not leave out any day nor disturb any feasts.

❖ From the Tanakh

One such scripture referencing to the beginning of Alohym's calendar year is [Exodus 12:2](#),

v2; "This month [shall be] unto you the beginning of months: it the first month of the year to you".

Also, review [Deuteronomy 16:1](#),

v1; "Observe the month of Abib, and keep the passover unto the LORD thy God: for in the month of Abib the LORD thy God brought thee forth out of Egypt by night".

Even after reading these scriptures, which point to the month of Abib as the beginning time for Alohym's calendar, it sheds little light on a specific day, or does it? [Deuteronomy 16:1](#) refers to the Passover (14th), the week's preparation (6th) day. Simple subtraction proves the 1st of Abib is a Sabbath!

Let's take another example of simple subtraction by using an already established *Sabbath* and *holyday*, the Feast of Trumpets. Why the Feast of Trumpets? Because this day has dual purpose and meaning, it is the first day of the 7th month, a weekly Sabbath, and a holy convocation. ([Leviticus 23:24](#) and in [Numbers 29:1](#)) A year's math consists of 364 days; the 1st day of the 7th month is a Sabbath, i.e., the Feast of Trumpets the 183rd day and a Thursday if you subtract 182 days the 1st day of the year a Sabbath! (Note: [No lunar-based calendar counts this day as a Sabbath, could there be an issue?](#))

-History-

The 7th month of the year, Tishri, comes from the Assyrian word "taste-tu," which means "Beginning" of a month or year in ancient times. The Babylonians incorporated this belief from the Assyrians, and the year split into two six-month periods, of which the second part of the year (autumn) started at the 7th month. (Now back to the Math lesson)

Part 6

Alohym's Accurate Calendar

-Math to Remember-

1. There are 52 weeks of Sabbaths completing a full year: $52 \times 7 \text{ days} = 364 \text{ days}$
2. There are 12 months in each year having 30 days each: $12 \times 30 \text{ days} = 360 \text{ days}$
3. There are 4 intercalary or Leader days, one just before the seasonal beginning days which were giving in the 3rd, 6th, 9th and 12th months 31 days in each particular month.
4. The Feast of Trumpets (Sabbath day "183") is the first day of the 7th month: $6 \times 30 \text{ days} = 180 \text{ days} + 2 \text{ Leader days} = 182 \text{ total days}$ prior to the first day of the 7th month.
5. Then we divide 182 total days by 7 days of the week, $182 \div 7 = 26$. The math adds up to 26 Sabbaths prior to the Feast of Trumpets, meaning the first Sabbath in the 26 week cycle is the first day of the New Year.

The above mathematical information should help you understand how Alohym structured the first 26 weeks of Sabbaths before the Feast of Trumpets. The math proves 26 Sabbaths after the Feast of Trumpets, making 52 weekly Sabbaths. (Editor's Note: Outside of the weekly Sabbaths, there are four holy convocations which are 1.) Passover 2.) Last Day of Unleavened Bread 3.) Pentecost 4.) Atonement's evening Preparation on the 9th (fasting). These four special days are "holy convocations" of which we do no servile work but are not Sabbaths.)

➤ The 12 Month Year

This section investigates the monthly and seasonal cycles as given in the Books of Enoch and Jubilees' and then concludes in the Tanakh. Our investigation opens in the Book of Enoch, beginning with chapters better known as "The Book of Heavenly Luminaries," which are chapters 72 through 82. These chapters expound on the day and monthly structure within Alohym's calendar. Let's begin in [Enoch 72:7](#), starting with the first month.

❖ From the Book of Enoch, Chapter 72

[v7](#); By this fourth gate through which the sun rises during the [first month there are twelve open windows \(the months\)](#) from which a flame flows, when they are opened at the appropriate time.

[v9](#); During those [thirty days](#) the day daily becomes longer and the night nightly shorter, for thirty days. (Editor's Note: [month one has thirty day](#))

[v11](#); The sun rises from that [fourth eastern gate](#) and sets in the [fourth western one](#), and then it turns and comes into the [fifth gate](#) of the east for [thirty days](#), through which it rises, and sets in the [fifth gate](#) (Editor's Note: [month two has thirty day](#))

Part 6

Alohym's Accurate Calendar

v13; It then returns to the east and comes into the sixth gate, rising and setting through that sixth gate for thirty one days, according to the principle of the gate.

✓ Commentary

The third month has thirty-one days, making a total of 91 days for the season of "spring." In verse 13, one additional monthly day adds to the count. The 91st day of this season is the 6th day of the week and always a preparation day, an Intercalary day meaning; inserted into the calendar. (*Reference; <http://www.dictionary.com>*) Note; "*according to the principle of the gate,*" these gates/portals are where the sun's position enters the intercalary day.

This same seasonal structure occurs three more times in the Book of Enoch. Therefore, we have shortened the scriptural content for time's sake and provided the reference material at the back of the research.

v15; rising and setting through it for thirty days.

v17; rises through the fifth gate for thirty mornings

v19; rises in the fourth gate for thirty one days according to the principle of the gate, and sets in the west.

In these verses, we see the same 91-day season structure along with the intercalary day called "summer."

v21; through the third gate for thirty days,

v23; second gate in the east for thirty days

v25; Then the sun, departing on that day from that second gate and setting in the west in the second gate, returns to the east and rises in the first gate for thirty one days, and sets on that day in the western sky.

v26; And on that day the night lengthens and becomes twelve parts, whereas the day shortens and becomes six parts.

In verses 21 - 26, once again, a 91-day season, "autumn." Verse 26 shows the 91st day is astronomically significant. The twelve-part structure is the shortest day but not the winter solstice associated with man's calendar. Review the last few scriptures describing the "winter" structure moving into the "New Year."

v27; through all the openings for thirty days

v29; resumes its appearances for thirty mornings

v31; On that day the sun, departing from this second gate and setting in the west, returns to the east and rises through the third gate for thirty one days, and sets in the western sky.

Part 6

Alohym's Accurate Calendar

v32; On that day the *night* shortens and becomes *nine parts* and the *day nine parts*. Then the night becomes equal with the day, and the days of the year add up to exactly three hundred sixty four days.

In **Enoch 72:31**, this month has 31 days; when added to the previous two scriptures, we have a 91-day season. Verse 32 states, "the night become equal with the day," the last day of the year, the 364th, "The Spring Equilux."

v33; And the length of the day and of the night, and the shortness of the day and of the night — by the course of the sun they are made separated.

v34; On that account the day-course becomes longer daily and the night-course shorter nightly.

v35; And this is the law and the course of the sun and his return when he returns; sixty times he returns and comes out, that is the great, eternal luminary which is called the sun to all eternity.

Verse 34; "the day-course becomes longer daily" (*seen on page 3 please review*) is indeed backed by scientific evidence and astronomical time calculation. Ecclesia, All of the elements of Alohym's calendar are perfect. History, scripture and science together point to the real truth of the matter. Selah!

❖ From the Book of Jubilees' Chapter 6 (*Ref; From the Ethiopic Bible*)

v21; And at the new month of the first month, and in the new month of the fourth month, and in the new month of the seventh month, and in the new month of the tenth month are the days of remembrance and the days of the festivals (seasons) in the four divisions of the years: written and ordained they are for a testimony until eternity.

Verse 21 states; four seasonal divisions start in the year's 1st, 4th, 7th, and 10th months. Notice the third scriptural sentence above refers to the "days of remembrance" and the "days of the festivals (seasons)" in the four divisions of the year. Therefore, these days are the beginning Sabbath days for the seasons.

v22; And Noah ordained them for himself as festivals for future generations, for on them there was to him a remembrance. v23; At the new month of the first month it was said to him that he should make for himself an ark, and on it the earth became dry, and he opened [the ark] and saw the earth. And at the new month of the fourth month the mouth of the flood-gates of the lowest deep was closed. v24; And at the new month of the seventh month all the mouths of the flood-gates of the earth were opened and the waters began to descend into the depth beneath. (**Parallel account: Genesis 8:4**)

Part 6

Alohym's Accurate Calendar

v25; And at the new month of the tenth month the tops of the mountains appeared, and Noah became glad. (Parallel account: Genesis 8:5) v26; And on this account he ordained them as festivals of remembrance unto himself unto eternity, and thus they are ordained. v27; And they were raised into the tablets of heaven: thirteen sabbaths to each, from one to another their *remembrance*, from the first to the second, from the second to the third, from the third to the fourth. v28; And all the days of this commandment are fifty-two sabbaths of days, and the whole year is completed.

In verses 23 – 25, scriptural information states the progression of the flood from the first to the tenth month. Then, in verse 26, Noah ordains the festivals of remembrance and verse 27 states; there will be thirteen Sabbaths to each season, from the 1st to the 4th seasons. Finally, in verse 28, a commandment is said, "fifty-two weeks of Sabbath," and a year is complete.

❖ From the Tanakh

Within the Tanakh, we will seek definitive answers concerning the monthly structure. There are several methods for answering our questions, the first through mathematical calculation and the second through the harmony of scripture. In other words, the calendar structure is sound if matching scripture exists in The Book of Jubilees and the Tanakh (Torah) through the unity of scripture (i.e., two witnesses). (Editor's Note: keep in mind that previous knowledge must be correct) Let's begin our subsequent investigation with the events of Noah in both The Book of Jubilees' and the Tanakh.

Several scriptures in the Bible discuss the length of a month in God's calendar. This essential calendar aspect must be understood, as Alohym directs us to piece together this most important subject. Let's begin this part of the study in [Genesis 7:1](#).

v1; And the LORD said unto Noah, Come thou and all thy house into the ark; for thee have I seen righteous before me in this generation

A parallel account of this scripture is Jubilees' 5:20 here, more specific timing as to the exact day they entered the ark; let's read.

v20; And Noah made an ark in everything as he had commanded him in the [twenty-seventh] jubilee, in the fifth week, in the fifth year. v21; And he entered on the sixth [year] thereof, in the second month, in the new month of the second month: until the sixteenth thereof he entered and all that we brought to him into the ark, and the Lord locked it from without on the seventeenth, at eve. v22; And the Lord opened seven flood-gates of heaven and the mouths of the fountains of the great deep, seven mouths in number.

In Jubilees' 5, scripture divulges more information concerning Noah entering the ark. In verse 20, we are told in the fifth year, the fifth week of the 27th Jubilee, Noah built the ark as commanded. In the

Part 6

Alohym's Accurate Calendar

sixth year, the second month, Noah enters the ark on the 16th, loads provisions into the ark, and at sunset-evening and on the 17th, the ark was closed up. (*Editor's Note: the beginning of the fifth week in Alohym's calendar is the 29th day of the month as well as the last Sabbath of the month*) Below is the condensed parallel account in [Genesis 7:11](#).

[v11](#); In the six hundredth year of Noah's life, [in the second month, the seventeenth day of the month](#), the same day were all the fountains of the great deep broken up, and the windows of heaven were opened.

In Gen 7:24, when Noah was in the ark, it started raining on the 17th day of the second month, and it rained for 150 days. Notice:

[v24](#); And the waters prevailed upon the earth an [hundred and fifty days](#).

In review, rain began on the 17th day of the second month for 150 days until the 17th of the seventh month. In Noah's time, five months consist of 150 days, each month having 30 days. So if Noah had been using the Jewish (or Gregorian) calendar, he would have reached the 17th day of the 7th month in about 148 days, not 150! Now let's go to the end of the story in Genesis 8:3-4.

[v3](#); And the waters returned from off the earth continually: and after the end of the [hundred and fifty days](#) the waters were abated. [v4](#); And the ark rested in the [seventh month](#), on the [seventeenth day of the month](#), upon the mountains of Ararat. ([Parallel, Jubilees' 5:21](#))

The three scriptures above give enough information to calculate the total days between [Gen 7:11](#) and Genesis 8:3 according to Alohym's calendar. Alohym's calendar is 364 days long, the 17th of the 2nd Month ([Gen. 7:11](#) is the 47th (Day of the Year), the 17th of the 7th month ([Gen. 8:3](#)) is the 199th (Day of the Year), which is 152 days but only 150 monthly calendar days. Remember that the four intercalary days or leader days are only counted within the year (placeholders) and not a part of the monthly count.

Let's move on through the rest of the story starting in [Genesis 8:5](#).

[v5](#); And the waters decreased continually until the [tenth month](#): in the tenth [month], on the [first \[day\] of the month](#), were the tops of the mountains seen. ([Parallel, Jubilees' 5:27, 28](#))

Here the waters decreased until the first of the tenth month, in Alohym's calendar, that is, the 274th day of the year. So let's move on now to verse 6.

[v6](#); And it came to pass at the end of [forty days](#), that Noah opened the window of the ark which he had made:

Part 6

Alohym's Accurate Calendar

Noah began counting down the 40 days starting on the 274th day of the year, the first day, and the Sabbath of the tenth month, bringing us to the 314th day of the year. Let's move to verse 10.

v10; And he stayed yet other [seven days](#); and again he sent forth the dove out of the ark;

Hereafter, Noah sends out a dove from the ark; this now brings us to the 321st day of the year. Now on to verse 12;

v12; And he stayed [yet other seven days](#); and sent forth the dove; which returned not again unto him anymore.

Again, Noah sends another dove, but it does not return; this day is the 328th year. So let's finish this section by reading the last four verses, 13 -16.

v13; And it came to pass in the six hundredth and first year, in the [first \[month\], the first \[day\] of the month](#), the waters were dried up from off the earth: and Noah removed the covering of the ark, and looked, and, behold, the face of the ground was dry. ([Parallel, Jubilees' 5:29](#)) v14; And in the [second month](#), on the [seven and twentieth day of the month](#), was the earth dried. v15; And God spake unto Noah, saying v16; Go forth of the ark, thou, and thy wife, and thy sons, and thy sons' wives with thee. ([Parallel, Jubilees' 5:30](#))

Verse thirteen plainly states the first month and "the first" day of the month the waters dried off the earth. We have come full circle to the yearly cycle in verse fourteen of Genesis. From [Genesis 7:11](#), which says, "In the six hundredth year of Noah's life, in the second month, the seventeenth day of the month," through [Gen 8:14](#), which says, "And in the second month, on the seven and twentieth day of the month, was the earth dried.

The calculations go like this:

- The six hundredth year on Noah, 2nd month the 17th day (the 47th day of the year) Gen 7:11
- The six hundredth first year of Noah, 2nd month the 27th day (the 57th day of the year) Gen 8:14
- Total number of days equals 374 total days – 10 = 364 days in the year ($27^{th} - 17^{th} = 10$)
- Twelve, 12 months, 30 days each plus four 4 intercalary/leader days

Interestingly enough, the 27th day of the second month is a Sabbath on Alohym's calendar. I want to inform the reader that eight Sabbaths before the 27th (2nd month) is the first day of the year! Therefore, it can be no coincidence that the 27th of the 2nd month is a Sabbath day and the 8th Sabbath day from the beginning of the New Year, eight (8) meaning; new beginnings. This cycle is repeated many times throughout scripture, and we read through it, not realizing its meaning and significance.

Part 6

Alohym's Accurate Calendar

Let's look at just one more verse in the New Testament before we move on to the next section. Notice; [Rev. 11:2 - 3](#)

[v2](#); "But the court which is without the temple leave out, and measure it not; for it is given unto the Gentiles: and the holy city shall they tread under [foot forty and two months](#). [v3](#); And I will give power unto my two witnesses, and they shall prophesy [a thousand two hundred and threescore days](#), clothed in sackcloth"

The above two verses discuss the duration of the Great Tribulation, which lasts for 42 months or 1260 days. A simple math equation determines that a month is 30 days long.

➤ The Seasonal Separation Days

This section investigates the understanding and placement of the four seasonal division days and their unique arrangement within Alohym's calendar as written in The Book of Enoch. Our investigation begins with the understanding of a few keywords, which are; Epagomenal and Reckoning.

1. [Epagomenal](#) – intercalation days are days within a solar calendar that are *outside any regular month*, or you could call them placeholder days. (Reference: Wikipedia) These four special days of the year do not move and are not counted in the month.
2. [Reckoning](#)- count; computation; calculation.

Within the writings of Enoch, chapters 75 and 82 hold a substantial amount of information regarding the four seasonal division days and their essential role in the computation of a year. Let's read what Enoch states these days, starting in chapters 75:1 and 2.

[v1](#); These are the leaders of the chiefs of the thousands, those which preside over all creation, and over all the stars; [with the four days which are added and never separated from the place allotted them](#), according to the complete calculation of the year. [v2](#); (1821): And these [serve four days](#), which are [not calculated in the calculation of the year](#). *Respecting them*, [men greatly err](#), for these luminaries truly serve, in the dwelling place of the world, [one day in the first gate](#), [one in the third gate](#), [one in the fourth gate](#), and [one in the sixth gate](#). And the harmony of the world becomes [complete every three hundred and sixty-fourth stations](#).

Enoch conveys the four leader days are calculated within the entire year, i.e., 364 days. Alohym's year is 360 days, 12 months, and 30 days each month. The four intercalation days sit outside the yearly cycle in fixed positions as the 91st day of each season. In the Books of Enoch and Jubilee, the importance of these days is a warning: "Men would err," not understanding their accurate seasonal positions. Let's now move on to [Enoch 82](#) to reinforce this point.

Part 6

Alohym's Accurate Calendar

v4; Happy are all the just, happy all those who walk in the paths of justice and have no sin like sinners, in the counting of all their days, in which the sun goes through the heavens, entering and departing from the gates, each time thirty times, together with the heads of the thousands of this order of the stars, together with the four that are added and separate between the four portions of the year, which they lead enter with them four days. v5; And on their account men will be at fault, and will not count them in the reckoning of the whole year; but men will be mistaken and will not know them exactly. v6; For they belong to the reckoning of the year and are exactly marked forever, one in the first portal and one in the third and one in the fourth and one in the sixth, and the year is completed in three hundred and sixty-four days.

Here again, Enoch clarifies the four added interval days between the seasons. Enoch stresses in verse 5 that men will fault and not recognize the four divisional days of the year and add them to the counting of the months in the year. [Editor's Note: *These four leader days are preparation days for the beginning Sabbath of the next season, the first Sabbath.*]

Enoch 82:11 sums up the issue concerning the leader days by giving us more reinforcing information, let's read, (1882 Ref ;)

v11; Their four leaders who divide the four portions of the year enter first; after them the twelve leaders of the orders, who separate the months and the year into three hundred and sixty-four days, together with the heads of the thousands who divide the days; for the four intercalary days these are the leaders who separate the four parts of the years. Note: the four leader days are the separation days for the seasons only!

➤ The Separation Day Placement

Regarding Alohym's cycles of time, the numbering of the Epagomenal or Leader days is perfect in their position. So let's review each yearly seasonal placement of these four special days in Alohym's calendar, and what you are about to see is the perfection of our creator.

Yearly Number (Day)	Orbital Angle	Seasonal Epagomenal Day	Seasonal Sabbath Order (Day)	Seasons
91	90°	1 st	92 = 2	Summer
182	180°	2 nd	183 = 3	Fall
273	270°	3 rd	274 = 4	Winter
364	360°	4 th	1 = 1	Spring

Here you can see the seasonal division days' placement as in the year. In column one (Yearly Number Days), notice how each number can be divided by 9. The number nine (9) has a precise meaning in scripture, and that is "divine completeness" or conveys the definition of "finality." In other words, these four

Part 6

Alohym's Accurate Calendar

leader days are seasonal ending days. These days are not considered part of the thirty-day monthly count and are always placed in a 6th or preparation day position for the beginning seasonal Sabbath day.

❖ Sabbath location confirmed through Rev.12 Sign!

Let's return to [Genesis 1:14, 16](#) and [Jubilees' 2:8](#) which states:

[Genesis 1:14](#); And God said, Let there be lights in the firmament of the heaven to divide the day from the night; and let them be for signs, and for seasons, and for days, and years: [v16](#); And God made two great lights; the greater light to rule the day, and the lesser light to rule the night the stars.

[Jubilees' 2:8](#); And God established the sun as a great sign over the earth and for days and for Sabbaths and for months and for festivals and for years and for jubilees and for all seasons of the years,

In these three verses, Alohym establishes that the Sun is the great sign, the ruling principle for Sabbaths, months, festivals, years, jubilees, and all seasons of the years. According to Alohym's calendar, *everything starts with a Sabbath, the years, the seasons, the festivals, and jubilees.*

Alohym prophesied through the Apostle John of a tremendous heavenly end-time sign before Messiah returned to the Earth. The celestial event spoken of here is none other than the [Revelation 12:1](#) sign. This sign would reset Alohym's calendar concerning His accurate Sabbath calendar as instituted in [Genesis 2:3-4](#). In Short, the [Revelation 12](#) sign appeared on September 23rd, 2017, the actual Day of Atonement, the 10th day of the 7th month, the only Sabbath outside of the yearly 52 weekly Sabbaths. It is the 192nd day in Alohym's calendar year, making March 16th of 2017, the first Sabbath and day 1 of Alohym's New Year. That stated that Equilux Day was on March 15th. Scriptural Research, Scientific data, and historical text have proven the truth.

Part 7

Alohyim's Weekly and Annual Sabbath Festivals

Introduction

Our investigation into Alohyim's Festivals begins with an in-depth understanding of the sacrificial law calendar. The information within the sacrificial law reveals Alohyim's actual calendar structure through animal sacrifice. Remember who instituted animal sacrifice in the first place, Yahuah pre-incarnate Christ our Savior. The sacrificial law reminded the Israelites that they needed a savior, a redeemer who would ultimately take away their sins, one sacrifice for all sins. The story begins with the transgression of Adam and Eve in the Garden of Eden, of which Alohyim taught them the sacrificial law before leaving the Garden.

➤ The Sacrificial Outline for Alohyim's Feasts!

The sacrificial law was set up by (Yahuah) the LORD God or pre-incarnate Christ before He became flesh as described in John 1. The sacrificial law was one of the first laws related in the [Book of Jubilees' 3:22-30](#). It was established shortly after the fall of Adam; let's read.

[v22](#); And he made for them garments of skin and clothed them, and sent them from the garden. [v23](#); And on that day on which Adam came out of the Garden of Eden he offered, as a sweet savour, a burnt offering: frankincense and galbanum and myrrh spices, in the morning with the rising of the sun, on the day when he covered his shame [v24](#); And on that day was closed the mouth of all the animals and of the beasts and of the birds and of whatever walks and of whatever moves, so that they could not speak for they all had spoken with each other one lip and one tongue [v25](#); And he sent out of the Garden of Eden all flesh that was in the Garden of Eden, and all flesh was scattered according to its kinds and according to its natures to the places which had been created for them [v26](#); And to Adam alone did he give to cover his shame, of all the animals and beasts [v27](#); On this account it is commanded in the tablets of heaven concerning all who know the judgment of the law, (Ref: [Exodus 20:26](#)) that they shall cover their shame and shall not uncover themselves as the gentiles uncover themselves [v28](#); And at the new month of the fourth month Adam and his wife came out of the Garden of Eden and dwelt in the land of Elda, in the land of their creation [v29](#); And Adam called the name of his wife Eve [v30](#); And they did not have a son until the first jubilee year; and after" this he knew her [v31](#); But he cultivated the land as he had been taught in the Garden of Eden

I want to stress one huge point concerning Adam's morning sacrifice: with the sun's rising "on that day." According to sacrificial law, the morning sacrifices began at sunrise and were prepared in the evening before, which means that the day started at sunrise, not at sunset or dawn of the previous day. Also, when Adam and Eve walked out of the Garden of Eden, it was on the "new month of the fourth month," meaning; the first day of the fourth month, the seasonal beginning Sabbath day for the summer season. Let's re-read [Jubilees' 3:23](#)

Part 7

Alohyim's Weekly and Annual Sabbath Festivals

v23; And on that day on which Adam came out of the Garden of Eden he offered, as a sweet savour, a burnt offering: frankincense and galbanum and myrrh spices, in the morning with the rising of the sun, on the day when he covered his shame.

According to the law, for the first time in scripture, an animal was sacrificed for the morning burnt offering, a first-year male lamb. This event happened when Adam and Eve were in the Garden of Eden, long before Moses wrote the law at Mount Sinai. Let's take a moment and read the law regarding the morning sacrifice Moses wrote in [Exodus 29:38-41](#)

v38; Now this [is that] which thou shalt offer upon the altar; two lambs of the first year day by day continually v39; The one lamb thou shalt offer in the morning; and the other lamb thou shalt offer at even: v40; And with the one lamb a tenth deal of flour mingled with the fourth part of an hin of beaten oil; and the fourth part of an hin of wine a drink offering. v41; And the other lamb thou shalt offer at even, and shalt do thereto according to the meat offering of the morning, and according to the drink offering thereof, for a sweet savour, an offering made by fire unto the LORD.

As proof, the Book of Exodus confirms Adam performed the morning sacrifice according to the law, as Moses wrote in verse 39. This knowledge ensures Alohyim taught Adam the sacrificial law, a tradition carried throughout the lives of the Patriarchs. Can we also confirm that the "new month of the fourth month" was a Sabbath day? Let's answer this question with a few verses regarding the "sacrificial law," starting with [Number 10](#); let's read

[Numbers 10:10](#); Also in the day of your gladness, and in your solemn days, and in the beginnings of your months, ye shall blow with the trumpets over your burnt offerings, and over the sacrifices of your peace offerings; that they may be to you for a memorial before your God: I [am] the LORD your God.

Verse 10 states: "solemn days," Strong's H4150 and from the *Ancient Hebrew Lexicon*, 1349 –L (a) meaning; (טַבַּח - MW-AhD) — an appointed place, time or event that is repeated such as the monthly and yearly feasts. (l). Appointment: A time that is repeated time after time. (A fixed time or season)

[Numbers 10:10](#) speaks of appointed feast times at the "beginnings of your months," meaning "seasons" when burnt and peace offering sacrifices took place. Also performed at these sacrifices is the blowing of the trumpets as a memorial to Alohyim. Here, scripture addresses the first day of each season, a Sabbath, and a festival day (which have dual meaning). Is there definitive proof that a Sabbath day is the "beginning of your months"? The answer is in [Numbers 28:9-11](#) regarding the Sabbath day sacrifices; let's read.

v9; And on the sabbath day two lambs of the first year without spot, and two tenth deals of flour [for] a meat offering, mingled with oil, and the drink offering thereof: v10;

Part 7

Alohym's Weekly and Annual Sabbath Festivals

[This is] the burnt [offering of every sabbath](#), beside the continual burnt offering, and his drink offering. [v11](#); And in the [beginnings of your months](#) ye shall offer a burnt offering unto the LORD; [two young bullocks, and one ram, seven lambs](#) of the first year without spot;

In verses 9-11, Alohym provides written instructions regarding the Sabbath day sacrifices throughout the year. In paraphrasing the above scripture, the weekly Sabbaths were to have two extra lambs of the first year besides the continual daily offering at the beginnings of your months, “the 1st day and Sabbath” you are to have [two young bullocks, one ram, and seven lambs](#). After coming to a better understanding of the sacrificial law, it becomes apparent that Alohym's sacrificial law outlines His Sabbaths and Feast days, vital information all believers need to understand. According to the sacrificial law, the chart below shows the accurate scriptural outline of Alohym's Sabbaths and Feast days. As you read through this chart, each holy day and Sabbath accompany its scriptural reference.

No#	Day of the Year	Sabbath	Feast Day	Name of Holy Convocation	Start of Holy Convocation	Sacrificial Meat Offering on Holy Convocations			Scriptural Ref#
1	1	Yes	Yes	Spring Season Feast Day <i>dual meaning</i>	Sunrise	two young bullocks	a ram	seven lambs	Numbers 28:10, 11
2	14	No	Yes	Passover	Beginning at Evening Sunset	Instructions for this memorial feast is given in =			Exodus 12:5-14, Jubilee's 49:1-23
3	15	Yes	Yes	First Day of Unleavened Bread <i>dual meaning</i>	Sunrise	two young bullocks	a ram	seven lambs	Numbers 28:17-24
4	21	No	Yes	Last Day of Unleavened Bread	Sunrise	two young bullocks	a ram	seven lambs	Numbers 28:17-24
5	65	No	Yes	Shavuot / Pentecost	Sunrise	two young bullocks	a ram	seven lambs	Numbers 28:26, 27
7	92	Yes	Yes	Summer Season Feast Day <i>dual meaning</i>	Sunrise	two young bullocks	a ram	seven lambs	Numbers 28:10, 11
7	183	Yes	Yes	Feast of Trumpets and First day of Fall Season, <i>dual meaning</i>	Sunrise	two young bullocks	a ram	seven lambs	Numbers 29:1, 2
8	191	No	Yes	Day of Atonement (Fasting begins 12 hours Prior to Sabbath)	Beginning at Evening Sunset	Instructions for this memorial feast is given in =			Leviticus 23:32
9	192	Yes	Yes	Day of Atonement / Special Feast day of Fasting. <i>dual meaning</i>	Sunrise. (Fasting ends at Evening Sunset)	one young bullocks	a ram	seven lambs	Numbers 29:7, 8
10	197	Yes	Yes	Feast of Ingathering / Tabernacles, <i>dual meaning</i>	Sunrise	Thirteen young bullocks	two rams	fourteen lambs	Numbers 29:12, 13
11	204	Yes	Yes	The Last Great Day <i>dual meaning</i>	Sunrise	one young bullocks	a ram	seven lambs	Numbers 29:35, 36
12	274	Yes	Yes	Winter Season Feast Day <i>dual meaning</i>	Sunrise	two young bullocks	a ram	seven lambs	Numbers 28:10, 11

✓ [Commentary](#)

In the chart above, take notice of the words “dual meaning” within the column, [Name of Holy Convocation](#). These eight “dual meaning” Festivals are weekly Sabbaths and Special Appointments (mo'ud) of Alohym. In other words, these Sabbaths have two specific purposes but in one day.

Part 7

Alohyim's Weekly and Annual Sabbath Festivals

➤ The Preparation Day

Concerning the 6th day of the week, Alohyim's preparation days are essential, and several holy convocations fall on these days. Remember that NOT all holy "convocations" are Sabbath days but a time of action to prepare for what is to come. There are four examples of non-Sabbath holy convocations under the column "Sabbath," there are four. Three of these holy convocation days fall on the 6th day of the week, viewed in Row 2, Passover, Row 4, the Last Day of Unleavened Bread, and Row 8, preparation fasting or humbling your souls before the Day of Atonement, beginning at evening on the 9th. Another example of a preparation day would be the equinox day, the last day of the year. (364) Remember that the last day of each season, i.e., the 91st day, are preparation days, leader or intercalary days, just before the beginning seasonal Sabbath.

Ecclesia, understand that if the Sabbath began at sunset evening, it would break Alohyim's law for any of these holy convocations. Again, these preparation days are for buying food and taking action in preparation for the upcoming Sabbath day.

➤ The Placement of Alohyim's Holy Days!

Let's begin our scriptural investigation into Leviticus and Numbers, which have parallel accounts concerning Alohyim's Holy Convocations. These eye-opening truths continue to solidify that Alohyim has created His calendar with great precision. Let's begin reading about the first month of the year (Abib) and Alohyim's (Holy Convocations) structure starting in [Leviticus 23:2](#); let's read.

Leviticus 23:2

AV Speak unto the children of Israel, and say unto them, [Concerning] the feasts of the LORD, which ye shall proclaim [to be] holy convocations, [even] these [are] my feasts.

It want to shed some light on a few words in the above scripture, clarifying your understanding of what Alohyim is telling us here. I have copied and pasted the above scripture from the "[Interlinear Scriptural Analyzer](#)" so that both translations in the English and Hebrew languages are visible for better clarity.

Part 7

Alohyim's Weekly and Annual Sabbath Festivals

✓ Commentary

In the above scripture as an example, the word “(את)” the Aleph-Taw Strong’s H853 is untranslated 7000 plus times throughout the canonized Bible. The “(את)” Aleph-Taw in the Hebrew language is used *to point out an object* and who it belongs to, in this and every instance it belongs to Yahuah, or pre-incarnate Christ. Christ being the (Alpha & Omega) the (Aleph-Taw) beginning and the end. (Ref: [Rev. 2:16, 22:13](#))

In the "red boxed" areas below, Alohyim conveys essential scriptural knowledge vital to our understanding. Once again, within this scripture, the Aleph-Taw (את) H853 is present, meaning; "the beginning and end," "The Leaders Covenant or sign," accompanied by Strong's (H4744, H6944) and (H4150) at the end of the verse. Let's review these words in Strong's for their specific meanings.

H4744 meaning: (miqra' - mik-raw' from [H7121](#); something called out, i.e. [a public meeting](#) (the act, the persons, or the place); [also a rehearsal](#).

H6944 meaning: qodesh - ko'-desh, from [H6942](#); i.e. [a sacred place or thing](#); rarely abstract, sanctity.

H4150 meaning; mow`ed - mo-ade' or moled {mo-ade'}; or (feminine) moweadah (2 Chronicles 8:13) {mo-aw-daw'}; from [H3259](#); properly, [an appointment](#), i.e. [a fixed time or season; specifically, a festival](#); conventionally a year; by implication, an assembly (as convened for a definite purpose); technically the congregation; by extension, the place of meeting; also a signal (as appointed beforehand).

In [Leviticus 23:2](#), Alohyim is instructing Israel through Moses that HIS festivals are: a public meeting, a rehearsal, a sacred place, having holiness, an appointed or fixed time or season to act upon His word. Everything stated above begins with understanding the Sabbath day we are to observe. Let's read [Leviticus 23:3](#)

The screenshot shows a Bible software window titled "Leviticus 23:3" with tabs for "WLC", "WLC_v", "WLC_f", "WLC_tm", "Strong", and "CHES". The text reads: "Six days shall work be done: but the seventh day [is] the sabbath of rest, an holy convocation; ye shall do no work [therein]: it [is] the sabbath of the LORD in all your dwellings." Below the text is a table with Hebrew text, transliteration, and Strong's numbers. A red box highlights the words "you shall do sabbath" and "she to-Yahweh in-all-of dwellings-of you".

(Below are the specifics concerning the Sabbath day)

- a) A holy convocation

Part 7

Alohym's Weekly and Annual Sabbath Festivals

- b) A day of rest
- c) do no servile work

In [Leviticus 23:4-8](#) and [Number 28:16-25](#), Alohym instructs the first festival of the year, the Passover, followed by the Days of Unleavened Bread. These days can point us to the beginning of Alohym's calendar year! Let's read verses 4 thru 8. (*Please download the "Interlinear Scriptural Analyzer" to view these scriptures in Hebrew, this is a great tool, and it's free*)

v4; These the feasts of Yahuah, [holy convocations](#), which ye shall proclaim in [their seasons](#). v5; In the [fourteenth](#) of the [first month](#) at even (sunset) Yahuah's passover. v6; And on the [fifteenth day](#) of the [same month](#) [is] the feast of unleavened bread unto Yahuah: [seven days ye must eat unleavened bread](#). v7; In the [first day](#) ye shall have [an holy convocation](#): ye shall do [no servile work](#) therein. v8; But ye shall offer an offering made by fire unto Yahuah seven days: [in the seventh day an holy convocation](#): ye shall do [no servile work](#)

Notice verse 5 states; the fourteenth of the 1st month at even (i.e., sunset) is Yahuah's Passover, but notice what it doesn't say, which is the "[fifteenth day of the same month began at sunset](#)," meaning the fourteenth day did not end at sunset.

Let's spend time investigating Alohym's instructions concerning Passover day. Depending on the calendar you observe, this day is either a [holy convocation](#) or a [Sabbath beginning at sunset](#) on the 14th of Abib. Celebrating this time as a Sabbath day is not scriptural. In researching this subject, many (not all) observing the Enoch calendar try to give validity to this day as a Sabbath just because the number 14 is divisible by seven, meaning it is a Sabbath day, but this is not the case.

Alohym's word is [line](#) upon [line](#), [scripture](#) upon [scripture](#). And suppose we don't understand something or fit the mold. In this case, many force the issue, causing errors and confusion. Therefore, one must look at ALL available information concerning the Passover, accurately determining where it fits in Alohym's calendar.

Let's begin in [Exodus 12:5](#), working our way through the chapter as I add parallel accounts from the Book of Jubilees' as a second witness.

v5; Your lamb shall be without blemish, a male of the first year: ye shall take [it] out from the sheep, or from the goats: v6; And ye shall keep it up until the [fourteenth](#) day of the same month: and the whole assembly of the congregation of Israel shall kill it in the evening ([between the Evenings](#)). (*Parallel Reference; Jubilees' 49:1-23, Leviticus 23:5, Number 9:3-5*)

In verse eighteen we are given more instruction on the observance of this day, let's read.

v18; In the first [month], on the fourteenth day of the month [at even](#), ye shall eat unleavened bread, until the one and twentieth day of the month at even.

Part 7

Alohym's Weekly and Annual Sabbath Festivals

Here scripture states this holy convocation begins at the evening (sunset) on the fourteenth (14th), and we are to eat unleavened bread until the evening (sunset) on the twenty-first day of the month. If the Sabbath began in the evening, the Israelites would have broken it due to packing up and leaving that night for Succoth, where they encamped on the fifteenth. Moving on to [Leviticus 23](#), we find an even more profound scriptural understanding of the fifteenth day of Abib. ([Leviticus 23:6-11, 15](#))

[v6](#); And on the [fifteenth day](#) of the same month [is] the feast of unleavened bread unto Yahuah: seven days ye must eat unleavened bread. [v7](#); In the [first day](#) ye shall have an [holy convocation](#): ye shall do [no servile work](#) therein. [v8](#); But ye shall offer an offering made by fire unto Yahuah seven days: [in the seventh day](#) [is] [an holy convocation](#): ye shall do [no servile work](#) [therein]. [v9](#); And Yahuah spake unto Moses, saying, [v10](#); Speak unto the children of Israel, and say unto them, When ye be come into the land which I give unto you, and shall reap the harvest thereof, then [ye shall bring a sheaf of the firstfruits of your harvest unto the priest](#): [v11](#); And he shall wave the sheaf before Yahuah, to be accepted for you: [on the morrow after the sabbath](#) the priest shall wave it.

[v15](#); And ye shall count unto you [from the morrow after the sabbath](#), from the day that ye brought the sheaf of the wave offering; [seven sabbaths shall be complete](#):

Clearly stated, the counting of the wave sheaf started *after* the Sabbath on the sixteenth day of the month. In other words, the 15th day of the month, being the first day of unleavened bread, was a weekly Sabbath.

Having established the 15th of Abib as one of the yearly 52 weekly Sabbaths, counting backward two (2) seven-day cycles, you arrive first at the 8th and then at the 1st days of the month, which are also Sabbath days (Note: *these Sabbaths are not present in the Jewish calendar due to the fact they fall on the false Julian calendar 7th day. ("Saturday") decreed in 321 A.D. by Constantine the Great*)

In review, we must understand that [Sabbath days](#) are [a holy convocation](#), [a day of rest](#), and we are to do [no servile work](#) therein. Likewise, the Passover is a [holy convocation and a preparation day](#) for the Sabbath. In Alohym's calendar, only one Sabbath day falls outside of the 52-week cycle, which has all three criteria: a [holy convocation](#), [a day of rest](#), and [no servile work](#); *this is the Day of Atonement*.

➤ New Testament Scripture on the Passover

Let's investigate New Testament scripture written by the disciples about Passover day. Interestingly enough, we see that all four apostles say the same thing about Passover day; let's read.

[Matthew 27:62](#), Now the next day, that followed the day of the [preparation](#), the chief priests and Pharisees came together unto Pilate,

Part 7

Alohyim's Weekly and Annual Sabbath Festivals

[Mark 15:42](#), And now when the even was come, because it was the [preparation](#), that is, the day before the sabbath,

[Luke 23:54](#), And that day was the [preparation](#), and the sabbath drew on.

[John 19:14](#), And it was the [preparation](#) of the passover, and about the sixth hour: and he saith unto the Jews, Behold your King!

In the New Covenant, scripture confirms that Passover day is a preparation day for the Sabbath. However, the information provided through the scriptural account shows us that Passover day is the 6th day of the week and not a Sabbath day.

➤ Sabbath on the 8th day of first month – 2 Chronicles

As we delve into scripture, let's look at recorded history in [2 Chronicles 29](#). Here scripture states; (verses 4, 5) the Priest and temple were sanctified within the first eight days of that year. We read the following Biblical text: the first month's 1st and 8th days were Sabbath days. Notice: ([2 Chronicles 29:1, 2](#))

[v1](#); [“Hezekiah](#) began to reign when he was five and twenty years old, and he reigned nine and twenty years in Jerusalem. And his mother's name was Abijah, the daughter of Zechariah. [v2](#); And he [did that which was right in the sight of the LORD, according to all that David his father had done”](#).

[v4](#); And he brought in the [priests and the Levites](#), and gathered them together into the east street, [v5](#); And said unto them, Hear me, ye Levites, sanctify now yourselves, and sanctify the house of the LORD God of your fathers, and carry forth the filthiness out of the holy [place].

Here Hezekiah follows the example set by King David, which was pleasing in the sight of God. Verse 17 continues:

[v17](#); [“Now they began on the first day of the first month to sanctify, and on the eighth day of the month came they to the porch of the LORD: so they sanctified the house of LORD in eight days; and in the sixteenth day of the first month they made an end”](#).

On the first day of the first month, the temple and the priesthood began to sanctify. Scripture states; the temple restoration ("sanctification") started with the porch of the LORD (Yahuah) on the 8th day and the 16th day of the first month ended. The 8th day of the first month was a Sabbath day. Notice: ([2 Chron. 29:28-29](#))

[v28](#); [“And all the congregation worshipped, and the singers sang, and the trumpeters sounded: and all this continued until the burnt offering was finished. v29](#); And when they had made an end of offering, the king and all that were present with him bowed themselves, and worshipped

Part 7

Alohym's Weekly and Annual Sabbath Festivals

We don't see this type of worship occurring between the 1st and 7th days of the month. The congregation gathered to worship on the 8th day of the first month. Interesting; because it demonstrates the 8th day of the first month was a weekly Sabbath day. Was this sanctification of the house of the LORD performed because it was necessary to clean it up after King Ahaz defiled it, or was this an annual practice, meaning it took place every year? Notice further: ([2 Chronicles. 29:31- 35, 36](#))

[v31](#); "Then Hezekiah answered and said, Now ye have consecrated yourselves unto the LORD, come near and bring sacrifices and thank offerings into the house of LORD. And the congregation brought in sacrifices and thank offerings; and as many as were of a free heart burnt offerings...

[v35](#); And also the burnt offerings were in abundance, with the fat of the peace offerings, and the drink offerings for every burnt offering. So the service of the house of Yahuah was set in order. [v36](#); And Hezekiah rejoiced, and all the people, that God had prepared the people: for the thing was done suddenly"

Since the 8th day of the first month was a weekly Sabbath day, it would follow that the 1st, 15th, 22nd, and 29th of that month were also weekly Sabbath days.

➤ Pentecost/Shavuot

Let's investigate scripture concerning the day of Pentecost, which falls on the first day of the week after the Sabbath day. Let's read in [Leviticus 23:20-22](#), *ref.* [Numbers 28:26](#)

[v20](#); And the priest shall wave them with the bread of the [firstfruits](#) [for] a wave offering before the LORD, with the two lambs: they shall be holy to the LORD for the priest. [v21](#); And ye shall proclaim on the selfsame day, [that] it may be an holy convocation unto you: ye shall do no servile work [therein: it shall be] a statute for ever in all your dwellings throughout your generations. [v22](#); And when ye reap the harvest of your land, thou shalt not make clean riddance of the corners of thy field when thou reapest, neither shalt thou gather any gleanings of thy harvest: thou shalt leave them unto the poor, and to the stranger: I [am] the LORD your God.

[Numbers 28:26](#); Also in the [day of the firstfruits](#), when ye bring a new meat offering unto the LORD, after your weeks [be out], ye shall have an [holy convocation](#); ye shall [do no servile work](#):

Let's review the biblical count from the first day of unleavened bread unto the day of Pentecost/Firstfruits and determine if this holy convocation fits perfectly in Alohym's calendar. ([Notice: Leviticus 23:15-17](#))

Part 7

Alohym's Weekly and Annual Sabbath Festivals

v15; And ye shall count unto you from the morrow after the sabbath, [the 16th] from the day that ye brought the sheaf of the wave offering; seven sabbaths shall be complete: [*7 Sabbaths = 49 day, from the 15th of Abib*] v16; Even unto the morrow after the seventh sabbath shall ye number fifty days; and ye shall offer a new meat offering unto the LORD. [*7 Sabbaths +1 day = 50 days, this is the 65th day on Alohym's calendar and it fits perfectly*]

v17; Ye shall bring out of your habitations two wave loaves of two tenth deals: they shall be of fine flour; they shall be baked with leaven; [they are] the firstfruits unto the LORD.

(Editor's Note) In Jubilees' 6:14-20, Yahuah gave the bow in clouds (rainbow) as a covenant forever to be observed in the third month of the year. (Parallel Account: Genesis 9:12-17) In verse 15 it states;

v15; On this account it is ordained and written on the tablets of heaven that the celebration of the festival of weeks should be in this month, once a year, for a renewed covenant in each year and year.

The 5th day of the third month is the last in the "feast of the weeks" and the 50th day. This day, also called the "feast of first fruits," "Pentecost," was the day all covenants were given and renewed, and for the first time in history, the Holy Spirit was available to humanity.

➤ Pentecost; more irrefutable truth

As we Look into more irrefutable proof revealed from the word of Alohym, the count to Pentecost begins on the 16th day of the first month after the Sabbath, the first feast day of Unleavened Bread, and the Feast of Weeks. So we start by asking what exactly does the Bible state regarding the beginning count to Pentecost?

We answer this essential question by examining the scriptures about this subject. First of all, notice the following scripture: (Deuteronomy 16:9)

v9; "Seven weeks shalt thou number unto thee: *begin to number the seven weeks from such time as thou beginnest to put the sickle to the corn*"

Regarding the correct timeline for the Day of Pentecost, Deut 16:9 tells us that "seven weeks will be numbered" from the day "the sickle is put" to the corn. Consider this vital information! We must know when "the sickle was put" to the corn (grain) if we are to come on the correct day to observe Pentecost. We shall prove this as we proceed. The book of Leviticus gives us more necessary information regarding the count to Pentecost: (Leviticus 23: 10-11)

v10; "Speak unto the children of Israel, and say unto them, When ye be come into the land which I give unto you, and shall reap the harvest thereof, then ye shall bring a

Part 7

Alohym's Weekly and Annual Sabbath Festivals

sheaf of the firstfruits of your harvest unto the priest: v11; And he shall wave the sheaf before the LORD, to be accepted for you: on the morrow after the Sabbath the priest shall wave it”.

[Leviticus 23:10-11](#) clarifies; "a sheaf from the new harvest" is waved on the morrow after the Sabbath day. (The 16th) The count to Pentecost starts on this day, so it is vital to understand which day Alohym addresses. [Joshua 5:10-12](#) also reveals the day in which the manna ceased was the 16th, the morrow after the Sabbath [Lev. 23:11](#)

KJV: “And the children of Israel encamped in Gilgal, and kept the Passover on the fourteenth day of the month at even in the plains of Jericho. And they did eat of the old corn of the land on the morrow after the Passover, unleavened cakes, and parched corn in the selfsame day”. ([Joshua 5:10-11](#))

Some translations state, "...they ate some of the produce of the land..." instead of "...eat of the old corn of the land..." (Note) The phrase "of the produce" Strong's 5669 (me·a·vur); from the root abar/abur translates as "old corn" ("...same as abuw; passed; i.e., Kept over; used only of stored grain—old corn. In other words, the Israelites ate the old corn until the morrow of the Passover. In other words, "the old corn was eaten" on the first day of the Feast of Unleavened Bread, the 15th day of the first month. Notice further: [Josh. 5:12](#)

[v12](#); “And the manna ceased on the morrow after they had eaten of the old corn of the land; neither had the children of Israel manna anymore; but they did eat of the fruit of the land of Canaan that year” ([Editor's note](#): “that year” began on the first day of the month to which is referred here.)

Verse 12 demonstrates that manna ceased at the beginning of the 16th day of the first month. This verse also tells us that the first meal eaten after the wave sheaf is when they began to eat the new fruit of the land of Canaan. Scripture proves that fresh fruit was [new] harvested on the 16th day of the first month! Here Biblical evidence establishes the Israelites ‘put the sickle to the corn’ on the day after the first Holy Day of the Feast of Unleavened Bread (i.e., the 16th day of the 1st month) when they could eat this new fruit! The Sabbath, referred to in [Leviticus 23:11](#), is the 15th day of the first month! The Bible confirms; the sickle was put to the corn on the morrow after the first day of the Feast of Unleavened Bread. The Sabbath is referred to in verse 11 as the first day of the Feast of Unleavened Bread!

➤ **First Century Historian, Josephus wrote about this:**

“But on the second day of unleavened bread, which is the sixteenth day of the month, they first partake of the fruits of the earth, *for before that day, they do not touch them*. And while they suppose it proper to honor God, from whom they obtain this plentiful provision, in the first place, offer the first-fruits of their barley, and that in the manner following: took a handful of the ears, and dry them, then

Part 7

Alohym's Weekly and Annual Sabbath Festivals

beat them small, and purge the barley from the bran; then bringing a one-tenth deal to the altar, to God; and, casting one handful of it upon the fire, they leave the rest for the use of the priest. And after this, it is that they may publicly or privately reap their harvest. At this participation of the first fruits of the earth, they also sacrifice a lamb as a burnt offering to God. When a week of weeks has passed over after this sacrifice, (which weeks contain forty and nine days,) on the fiftieth day, which is Pentecost, but is called by the Hebrews *Asartha*, which signifies *Pentecost*, they bring to God a loaf, made of wheat flour, of two tenth deals, with leaven; and for sacrifices they bring two lambs; and when they have only presented them to God, they are made ready for supper for the priests; nor is it permitted to leave anything of them till the day following". (p. 96, 3.10.5-6, *Antiquities of the Jews*)

Historical evidence supports the scriptural directive that the sickle be put to the corn on the 16th day of the first month, the day after the first day of the Feast of Unleavened Bread. Fifty days later is the Feast of Pentecost. The Hebrew (*shab·ba·to·vt*) indicates that one must count seven rest days (perfect weeks, Sabbaths). Therefore the Feast of Pentecost always falls on the first day of the week! The astounding fact revealed through these scriptures is that the first day of the Feast of Unleavened Bread, the 15th day of the first month, is always a weekly Sabbath!

➤ Feast of Trumpets

This section is about the 7th Month in Alohym's calendar, which reveals almost a mirror-like image of the 1st month. The 7th month begins with the Feast of Trumpets, *Leviticus 23:24, 25* refs. *Numbers 29:1*, as verses 24 and 25 states, "It is a Sabbath day" and the 27th of the year. Since the Sabbath is a perpetual covenant day, we should pinpoint the first Sabbath of the year, counting forwards or backward; let's read.

v24; Speak unto the children of Israel, saying, In the seventh month, in the first [day] of the month, shall ye have a sabbath, a memorial of blowing of trumpets, an holy convocation. v25; Ye shall do no servile work [therein]: but ye shall offer an offering made by fire unto LORD

Notice that the Feast of Trumpets, according to scripture, is a "*weekly*" Sabbath day; in other words, feast days are not separate holy convocations from weekly Sabbaths. This same scenario exists for all feast days except the Day of Atonement.

➤ The Day of Atonement

Now concerning the Day of Atonement, let's begin in Leviticus 23:27, 28, 31, 32 refs. *Numbers 29:7-11* (Note; in *Numbers*, Alohym talks about the (peace-sunrise) H5930, H5927 - burnt offering, and the (sunset – evening) Sin-offering)

Part 7

Alohym's Weekly and Annual Sabbath Festivals

v27; Also on the tenth of this seventh month a day of atonement: it shall be an holy convocation unto you; and ye shall afflict your souls, and offer an offering made by fire unto Yahuah. v28; And ye shall do no work in that same day: for it a day of atonement, to make an atonement for you before Yahuah your God.

v31; Ye shall do no manner of work: [it shall be] a *statute forever throughout your generations* in all your dwellings. v32; It unto you a sabbath of rest, and ye shall afflict your souls: in the ninth of the month at even, from even unto even, shall ye (cease) celebrate your sabbath. (Note: *the correct Hebrew word in the previous sentence is "cease" not celebrate!*)

For more information on the Day of Atonement, please refer to part 3. In stating the referenced chapter, the Day of Atonement is a special holy convocation that we do not work on and declares it a Sabbath day. Alohym claims we are too fast and reflect on being at one with Him. It is a day of atoning oneself before Alohym because the consequences of disobedience are removal (cut-off) and your soul destroyed from among his people.

➤ Feast of Tabernacles, (Sabbath days on 15th and 22nd day of 7th month)

As our study progresses, let's move on to the Feast of Tabernacles, working through the old and new covenants. We will start in Leviticus *twenty-three* and see what our Father says about this all-important Feast. (Leviticus 23:34–39)

v34; Speak unto the children of Israel, saying, The fifteenth day of this seventh month the feast of tabernacles seven days unto the LORD. v35; On the first day an holy convocation: ye shall do no servile work. v36; Seven days ye shall offer an offering made by fire unto the LORD: on the eighth day shall be an holy convocation unto you; and ye shall offer an offering made by fire unto the LORD: it a solemn assembly; ye shall do no servile work.

v39; Also in the fifteenth day of the seventh month, when ye have gathered in the fruit of the land, ye shall keep a feast unto the LORD seven days: on the first day a sabbath, and on the eighth day a sabbath.

Scripture is clear concerning the first day of the Feast [the fifteenth of the seventh month], a weekly Sabbath along with the eighth day [the 22nd of the seventh month]. That state; would indicate the 29th, the 1st, and 8th days of the seventh month are also weekly Shabbats.

Let's take the time to notice one further final proof on this part of Alohym's calendar. Here we read about the weekly Sabbath in the 7th month of the year: [John 7:10, 37](#).

Part 7

Alohyim's Weekly and Annual Sabbath Festivals

v10; "But when his brethren were gone up, then went he also up unto the feast [of Tabernacles, which indicates this is referring to the 7th month], not openly, but as it were in secret...

v37; In the last day, that great day of the feast, Jesus stood and cried, saying, If any man thirst, let him come unto me, and drink"

The great day of the Feast refers to the 7th and last day of the Feast of Tabernacles. So the Feast of Tabernacles is seven days, which refers to the "last" day of that great Feast; let's read [John 8:1-2](#), [9:6](#), and [9:14-16](#).

v1; Jesus went unto the Mount of Olives". [Messiah spent the night here]...v2; "And early in the (dawn) morning, he came again into the temple, and all the people came unto him; and he sat down, and taught them"

[John 9:6](#), "When he had thus spoken, he spat on the ground, and made clay of the spittle, and he anointed the eyes of the blind man with the clay"

[John 9:14, 16](#), "And it was the sabbath day when Jesus made the clay, and opened his eyes...v16; Therefore said some of the Pharisees, This man is not of God, because he keepeth not the sabbath day"

The eighth day following the seven-day Feast of Tabernacles, the 22nd day of the seventh month, is a weekly Sabbath. Notice once again this is confirmed in the book of Leviticus: ([Leviticus 23:39](#))

v39; "Also in the fifteenth day of the seventh month, when ye have gathered in the fruit of the land, ye shall keep a feast unto Yahuah seven days: on the [first day shall be a Sabbath](#) ^{H7677}, and on the [eighth day shall be a Sabbath](#) ^{H7677},"

The word Sabbath in the above verse is "Shabbathon" in the original Hebrew (Strong's #H7677), which derives from the root word "Shabbath" (Strong's #H7676), which refers explicitly to the weekly Sabbath.

➤ [Weekly Shabbats; \(1st, 8th, 15th, 22nd, 29th of first & seventh months\)](#)

In Alohyim's calendar, the first and seventh months are almost identical, with Sabbaths on the month's 1st, 8th, 15th, 22nd, and 29th days. The following table demonstrates this and emphasizes that the main Holy days in the year's first half mirror the Holy days in the second half. Notice: (Page 127)

Part 7

Alohym's Weekly and Annual Sabbath Festivals

1st Month of the Year	7th Month of the year
1st Day of the New Year and a weekly Sabbath	1st Day; The Feast of Trumpets and a weekly Sabbath

“The Sign of Jonah”, A Matter of the Heart

➤ Correcting the Error of Misunderstanding

The sign of Jonah is one of the most misunderstood teachings in the Bible. Many who recall this story need to be made aware of erroneous indoctrination and translation errors that hide the true meaning of this scriptural event. One such mistake revolves around Alohym’s day structure, as taught in part 3, the understanding of evening (before sunrise) and morning (the beginning of the new day). The graphic below of Genesis 1:5 is just a quick review of Alohym’s day structure.

The revised scripture below reflects the Hebrew and English translations, which will help your review and understanding.

Genesis 1:5 WLC WLC_tm Strong CHES

AV And God called the light Day, and the darkness he called Night. And the evening and the morning were the first day.

(Revised)

v5; And Alohym God called^{H7121} the light^{H216} day^{H3117} and the darkness^{H2822} he called night^{H3915} and he (night) exists^{H1961} evening^{H6153} and he (evening) exists^{H1961} morning^{H1242} day^{H3117} echad^{H259} (one, unity).

ערב	-	ויהי	לילה	קרא	ולחשך	יום	לאור	אלהים	ויקרא
orb	-	u·iei	lile	qra	u·l·chshk	ium	l·aur	aleim	u·iqra
H6153	-	H1961	H3915	H7121	H2822	H3117	H216	H430	H7121
evening		and·he·is·becoming	night	he·calls	and·to·the·darkness	day	to·the·light	Elohim	and·he·is·calling

פ	:	אחד	יום	בקר	-	ויהי
p	:	achd	ium	bqr	-	u·iei
H259		H3117	H1242	-		H1961
one		day	morning	and·he·is·becoming		

In verse 5, notice Strong’s “H1961” (and-he-is-becoming or he exists); it appears twice in Hebrew but only once in the English text. Also, the original Hebrew script contains no punctuation, unlike English. The translators added the period (.) between “Night. And” thinking it would help the reader’s understanding but, in reality, distorted the actual flow and descriptive content of the scripture! Verse 5, as written in Hebrew, gives unmistakable clarification as to when the day begins, which is morning (day) “sunrise.”

There are two evenings in a day through scriptural and scientific evidence, one beginning at sunset and the other ending at (dawn) sunrise. According to astronomy, there are two evenings, “the comingling of light & darkness,” called “dusk & dawn,” one starting at sunset (dusk) and the other at the beginning at (dawn) and ending at sunrise. (Ref; Wikipedia)

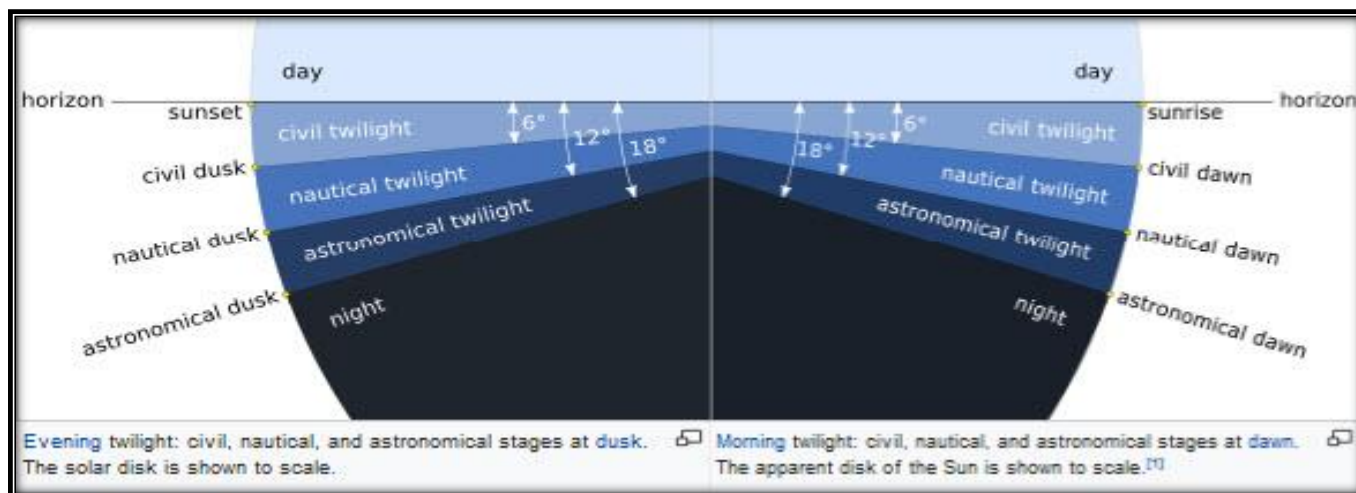

Reference the picture on page 3; you can see the comingling of the light and darkness called dusk and dawn. Notice that astronomers quantify growing light using various illumination degrees starting at the horizon, i.e., 6, 12, and 18 degrees. The truth of the matter is increasing light from dawn to sunrise can only be measured in Lux;

Part 8

“The Sign of Jonah”, A Matter of the Heart

- a unit of illumination equal to the direct illumination on a surface that is everywhere one meter from a uniform point source of one candle intensity or equal to one lumen per square meter

Therefore, dawn and dusk describe; growing or diminishing light depending on where one begins, at sunset, diminishing light, or at the beginning, growing light. In part 3, you will find the understanding and definitions regarding this subject.

We should always strive to walk out of the darkness and sin in one's spiritual walk. In ancient Israel, sin and peace offerings were slain and prepared in the evenings of the day and not at any time during daylight. Why, might you ask? Because darkness, no matter how insignificant, represents the kingdom of sin - where daylight represents Alohym's kingdom and the purity of Yahusha, the world's light. For example, Yahusha states in John 11:9 -10, let's read.

v9; Jesus answered, Are there not twelve hours in the day? *If any man walk in the day*, he stumbleth not, because *he seeth the light of this world* v10; *But if a man walk in the night*, he stumbleth, *because there is no light in him*.

Next, we will address controversial words along with their meanings which will help bring clarification and foundational knowledge to this article. Let's get started!

➤ Controversial “words”

Below are eight controversial words or phrases used in the New Testament that support particular religious views when taken out of context. One such view places Yahusha in the Tomb for three days and three nights, but nothing could not be further from the truth! Yahusha died for our sins, and He would want you to know the absolute truth of the matter, so let's get started.

- ✓ 1.) first 2.) passover 3.) betrayal 4.) at evening, even 5.) of the week 6.) early

Part 8

“The Sign of Jonah”, A Matter of the Heart

7.) in the morning 8.) began to dawn

Our investigation begins in “Thayer’s Greek Lexicon” and “Strong’s NT Exhaustive Concordance.” These reference guides will provide the knowledge and understanding needed to make sound, logical conclusions to controversial scripture found in this article. Below are the Lexicon/Concordance definitions.

1. (**first**) Strong’s [G4413](#) meaning: protos–(pro'-tos) [foremost](#) (in time, place, order or importance) contracted superlative of [G4253](#); *KJV*: [before](#), beginning, best, chief (-est), former. [G4253](#) meaning; pro-pro a primary preposition; "fore", i.e. [in front of](#), [prior \(figuratively, superior\) to](#). In the comparative, it retains the same significations. *KJV*: above, ago, [before](#), or ever.
2. (**passover**) Strong’s [G3957](#) meaning: pascha-(pas'-khah) of Chaldee origin (compare [H6453](#)); the Passover ([the meal, the day, the festival or the special sacrifices connected with it](#)). (*one must figure out the intent of the scripture to apply the exact word phrase*)
3. (**betrayal**) Strong’s [G3860](#) meaning; paradidomi-(par-ad-id'-o-mee) from [G3844](#) and [G1325](#); [to surrender](#), i.e. to *yield up, entrust, transmit*. *KJV*: betray, bring forth, cast, commit, deliver (up), give (over, up), hazard, put in prison, recommend.

✓ [Commentary](#)

Looking up the words “betray” and “surrender,” we find these two words have different meanings and have no common synonyms. For this reason, digging into the original languages is essential to a believer’s study. So in each scripture throughout this article, we have added the corrected word.

4. (**at evening, even**) Strong’s [G3798](#) meaning; opsios - (op'-see-os) from [G3796](#); [late](#); *feminine* (as noun) afternoon (early eve) or nightfall (later eve). *Thayer Greek Lexicon* [G3798](#): ὄψιμος, ὄψια, ὄψιον (ὄψέ), [late](#)
5. (**early**) Strong’s [G3722](#) meaning; [dawn](#) (as sun-rise, rising of light); by extension, morn. from the same as [G3735](#); from an obsolete “oro” (to rise or "rear") like a mountain. (*KJV*) early in the morning
6. (**very early**) Strong’s [G3029](#) meaning: [much, very, very much](#)
7. (**in the morning**) Strong’s [G4404](#) meaning; [at dawn](#); by implication, [the day-break watch](#), from [G4253](#); “fore” i.e. [in front of](#), [prior](#) (figuratively, superior) to.
8. (**began to dawn**) Strong’s [G2020](#) meaning; [to begin to grow light](#), from [G2017](#); [to illuminate](#))

Part 8

“The Sign of Jonah”, A Matter of the Heart

➤ The Sign

While Messiah walked this earth, certain Scribes and Pharisees asked Him for a “sign.” They wanted a sign to know if He was who He said He was. Notice the exchange between the Scribes, Pharisees, and Yahusha: (Matthew 12:38-40)

v38; Then certain of the scribes and of the Pharisees answered, saying, Master, we would see a sign from thee. v39; But he answered and said unto them, An evil and adulterous generation seeketh after a sign; and there shall no sign be given to it, but the sign of the prophet Jonah: v40; For as Jonah was three days and three nights in the whale's belly; so shall the Son of man be three days and three nights in the heart of the earth.

Yahusha stated that “an adulterous generation seeks after a sign.” The Messiah had already performed numerous miracles and healings during His earthly ministry and delivered a powerful message. (That didn’t seem to be enough for the doubters!) However, Messiah did take the opportunity to prophesy a significant sign that would come to fulfillment, proving He was the Messiah. The prophecy Yahusha gave was, as Jonah was in the belly of the whale for three days and three nights, so shall the Son of Man be in the “heart of the earth.” (Matt 12:39). Many argue this is the most crucial identifying sign revealing that Yahusha (Christ) was the prophesied Messiah to come. The New Testament refers to this prophetic sign at least 12 times. Alohym’s people must understand what Yahusha meant by uttering these words.

In [Matthew 12:38-40](#), Yahusha drew a parallel between the prophetic sign He had given them and the story of Jonah. In order to deeply understand this parallel, we must take a look at the story of Jonah. Below are a few verses which summarize the main points of this story: [Jonah 2:1-4](#)

v1; “THEN Jonah prayed unto Yahuah (the LORD) his Alohym (God) out of the fish's belly, v2; And said, I cried by reason of mine affliction unto the Yahuah, and he heard me; out of the belly of hell^(pit) cried I, and thou heardest my voice. v3; For thou hadst cast me into the deep, in the midst of the seas; and the floods compassed me about: all thy billows and thy waves passed over me. v4; Then I said, I am cast out of thy sight; yet I will look again toward thy holy temple”.

Scripture states; Jonah prayed from the whale's belly during his three days and nights of suffering and used the time to cry out to Alohym. In Jonah's prayer, he told Alohym that "all thy billows^{H4867} and thy waves passed over me" What exactly did Jonah mean by this statement? Strong's H4867 (H7665, root) tells us Jonah's experience of suffering, "the bursting or breaking of the waves over him," had humbled him. Being cast into this humbling situation, Jonah states, "Cast him out of the sight of Alohym." Through his suffering, [he felt Alohym had forsaken him](#) (Christ said these exact words in [Matthew 27:46](#)) during that time. Importantly, we must notice that Jonah was not dead or in Hades but in the pit of the whale's belly for three days and three nights.

Part 8

“The Sign of Jonah”, A Matter of the Heart

Following are the remaining verses of [Jonah 2:5-10](#) that continue to reveal Jonah’s experience:

v5; “The waters compassed me about, even to the soul: the depth closed me round about, the weeds were wrapped about my head. v6; I went down to the bottoms of the mountains; the earth with her bars was about me forever: yet hast thou brought up my life from corruption, O Yahuah my Alohym. v7; When my soul fainted within me I remembered the Yahuah: and my prayer came in unto thee, into thine holy temple. v8; They that observe lying vanities forsake their own mercy. v9; But I will sacrifice unto thee with the voice of thanksgiving; I will pay that that I have vowed. Salvation is of the LORD (Yahuah). v10; *And the LORD spake unto the fish, and it vomited out Jonah upon the dry land”*

While discussing Jonah’s situation, the above verses also prophesy about Yahusha (Christ) and the suffering He endured as the Saviour of humanity. Here is the referenced scripture that Yahusha was focusing on when He stated: (Matthew 12:40)

v40; “For as Jonah was three days and three nights in the whale's belly; so shall the Son of man be three days and three nights in the heart of the earth”.”

Again, notice that Messiah compares His fate to Jonah’s three days and three nights in the belly of the whale. Yahusha prophesied that He would endure three days and three nights in the “heart of the earth,” just as Jonah survived the same amount of time in the whale’s belly.

➤ The Prophecy Explained

The traditional understanding regarding Jonah's sign is that Yahusha (Christ) would be in the tomb or grave for three days and three nights and then resurrected at the end of this specific period. This section discusses what Yahusha meant by this prophecy and statement "in the heart of the earth." To understand the phrase's true meaning, we need a better understanding of Mark 4:15 and Matthew 13:19.

v15; “And these are they by the way side, where the word is sown; but when they have heard, Satan cometh immediately, and taketh away the word that was sown in their hearts”.”

v19; When any one heareth the word of the kingdom, and understandeth [it] not, then cometh the wicked [one], and catcheth away that which was sown in his heart. This is he which received seed by the way side.

In the above verses, Yahusha explains that the seed sown in the earth is “the Word sown in their hearts.” Yahusha demonstrates this symbolism between the “earth” and the “heart of man.” Notice further: (Matthew 25:24-25)

Part 8

“The Sign of Jonah”, A Matter of the Heart

v24; “Then he which had received the one talent came and said, lord (*master*), I knew thee that thou art an hard man, reaping where thou hast not sown, and gathering where thou hast not strawed: v25; And I was afraid, and went and hid thy talent in the earth: lo, there thou hast that is thine”.

The talent shown here is "sown" in the earth; however, in this context, the land (Earth) signifies "man." The talent symbolizes the Holy Spirit, not hidden in the earth but planted within the "individual" (or in the man) hidden there. Another scripture that also demonstrates this point is 1 Corinthians. 15:47

“The first man [is] of the earth, earthy: the second man [is] the Lord (Master) from heaven”.

Paul states that the first man is of the earth, demonstrating a difference between the earthly and the spiritual. We must understand that Paul says that “man” is “earthy.” Therefore, the phrase “in the heart of the earth” is the same as saying “in the heart of men”! Remember, Messiah, prophesied of being in the “heart of the earth” for three days and three nights. (Matthew 12:40) When Yahusha stated this prophecy, He was prophesying about being “in the heart of men” for three days and three nights! As we move forward, this will become even clearer.

From the previous scriptures, and others relating to them, we can understand that the “heart of the earth” is synonymous with the “heart of man,” *which is sinful*. For example, in the Old Testament book of Jeremiah, Alohym tells us that the heart of man is evil (sinful) and “desperately wicked” (Jeremiah 17:9). Notice:

v9; “*The heart is deceitful above all things, and desperately wicked...*”

The “heart of the earth” or “heart of man” is desperately wicked; it is sinful! Think on this: after studying the previous scriptures, is it possible that Messiah’s prophecy regarding the three days and three nights in the “heart of the earth” meant that He would suffer three days and three nights of wickedness in the “heart of men”? It would seem that Yahusha’s prophecy meant precisely that and did not mean that He would spend three days and three nights in the grave! Let us ensure that this is made amply clear: Messiah *never* sinned! He was without sin.

Let us at this juncture re-visit Matthew 12:40 to once again read and meditate upon Yahusha’s one final sign, which was to prove that He was the Messiah!

v40; “For as Jonah was three days and three nights in the whale's belly; so shall the Son of man be three days and three nights in the heart of the earth”.

Again, Yahusha states that for three days and three nights, He would be “in the heart of the earth.” Remember: we have seen that “heart of the earth” is the same as saying “heart of man,” which is

Part 8

“The Sign of Jonah”, A Matter of the Heart

synonymous with “sin.” So the question that needs asking is: did Yahusha become sin? Let us allow [2 Corinthians 5:21](#) to answer this question for us:

[v21](#); “For he hath made him to be sin for us, who knew no sin; that we might be made the righteousness of Alohym (God) in him”.

This scripture confirms that Yahusha became sin! He became sin in the sense that He took on the sin of the world ([Isaiah 53:3-5](#), [Zechariah 3:3](#), [John 1:29](#)) so that He could pay the penalty for sin in our stead ([Romans 6:23](#)). Since this is the case, *when* did Yahusha become sin? Did He become sin the moment He died? [If it began the moment, He died, did it last until his resurrection?](#) When exactly did Yahusha's betrayal begin, i.e., being in the "heart of the earth" or the "heart of men"?

➤ [Messiah's Betrayal Timeline \(*three days and three nights*\)](#)

Keeping in step with the timeline, Yahusha states: "[Matthew 16:4](#), "there shall no sign be given unto it, but the sign of the prophet Jonas" which was for three days and three nights in the "whale's belly." First, we will investigate the betrayal ("surrender") of Messiah by Judas Iscariot and then move to Jonah's experience on the ship before being thrown into the belly of the whale for three days and three nights.

Starting in [Matt. 26:14-16](#); we are given the exact moment that Messiah was betrayed or better stated “surrendered” to the chief priest and the elders by Judas Iscariot, let’s read.

[v14](#); Then one of the twelve, called Judas Iscariot, went unto the chief priests, [v15](#); And said [unto them], What will ye give me, and I will deliver him unto you? And [they covenanted with him for thirty pieces of silver](#). [v16](#); And from that [time he sought opportunity to betray \(“surrender”\) him](#). (**Note:** *Elders and Chief Priest = Counsel*)

The above scriptures state that the counsel “*covenanted with him*” (*a contract*) with Judas Iscariot for thirty pieces of silver. (*Note: when Judas received payment from the chief priests for the surrender of Yahusha, the agreement became binding*)

The next question becomes; “*what part of the day was the (betrayal) agreement sealed?*” The next four verses of [Matt. 26:17-20](#) gives us that answer, let’s read.

[v17](#); Now the (first) [before](#)^{G4413} [day] of the [feast of] unleavened bread the disciples came to Jesus, saying unto him, Where wilt thou that we prepare for thee to eat the (passover^{G3957}) [meal](#)? [v18](#); And he said, Go into the city to such a man, and say unto him, The Master saith, My time is at hand; I will keep the (passover^{G3957}) [meal](#) at thy house with my disciples. [v19](#); And the disciples did as Jesus had appointed them; and they made ready the (passover) [meal](#). [v20](#); Now when the (even^{G3798}) [late](#) was come, he sat down with the twelve.

Part 8

“The Sign of Jonah”, A Matter of the Heart

Verse 17 states; it was the “day before” Passover, and in verses 18 and 19, the disciples are making ready a meal as Messiah instructed them to, which began (late) afternoon, early eve, verse 20. In conclusion, it was the day before Passover, the 13th day of the month during the day hours when Judas (betrayed) “surrendered” Messiah by accepting the thirty pieces of silver from the elders and chief priest, sealing His fate.

❖ Jonah’s Betrayal Timeline (A Spiritual Matter)

Question; was Jonah betrayed by the *hands of men* during the day while on his trip to Tarshish? While investigating Jonah 1, we read about a *matter of the heart* that parallels the account of Judas Iscariots' experience in the betrayal of the Messiah. Here is a brief overview of what happened before verse twelve (12). Jonah paid for passage to Tarshish while on the ship, a violent storm came upon them. Now moving forward into the story, we find in [Jonah 1:12-17](#) the boat can't make it to shore because the seas are too rough; let's read.

v12; And he said unto them, Take me up, and cast me forth into the sea; so shall the sea be calm unto you: for I know that for my sake this great tempest [is] upon you. **v13**; Nevertheless the men rowed hard to bring [it] to the land; but they could not: for the sea wrought, and was tempestuous against them. **v14**; Wherefore they cried unto the LORD, and said, We beseech thee, O LORD, we beseech thee, let us not perish for this man's life, and lay not upon us innocent blood: for thou, O LORD, hast done as it pleased thee. **v15**; So they took up Jonah, and cast him forth into the sea: and the sea ceased from her raging. **v16**; Then the men feared the LORD exceedingly, and offered a sacrifice unto the LORD, and made vows. **v17**; Now the LORD had prepared a great fish to swallow up Jonah. And Jonah was in the belly of the fish three days and three nights.

Within the above verses, we read that the sailors were crying out to Yahuah (the LORD) so that they would not perish because of Jonah’s sin. So what happens in verse 15, “they took up Jonah and cast him into the sea,” *by the hands of men*! Then, in verse 12, Jonah tells the sailors to cast him into the sea, but they would not!

In conclusion; it was only when the sailors were in fear for their lives did the *wickedness in their hearts* turn into a physical act of betrayal casting Jonah overboard.

➤ Did Messiah have foreknowledge?

Question; did Yahusha have foreknowledge of His betrayal before it happened? The answer is; “yes” several times. In the 6th century BCE, the prophet Zechariah gave foreknowledge through prophecy concerning the LORD’s (Yahuah) betrayal for 30 pieces of silver. Let’s read Zechariah 11:12, 13

v12; And I said unto them, If ye think good, give [me] my price; and if not, forbear. So they weighed for my price thirty [pieces] of silver. **v13**; And the LORD said unto me, Cast

Part 8

“The Sign of Jonah”, A Matter of the Heart

it unto the potter: a goodly price that I was prized at of them. And I took the *thirty [pieces] of silver*, and cast them to the potter in the house of the LORD

Note: Thirty pieces of silver is no coincidence in scripture, let's read [Exodus 21:32](#) which states:

[v32](#); If the ox shall gore a servant or a maidservant; he shall give unto their master *thirty shekels of silver*, and the ox shall be stoned.

Now you would think if the chief priest and elders knew their bibles, they would have known or remembered Zechariah's prophecy, but it looks as though they chose to ignore scripture or were blinded by their wickedness of heart, or both. So next, let's review [Matthew 17:22](#) and [Matthew 26: 2, 21](#).

[Matthew 17:22](#); “And while they abode in Galilee, Jesus said unto them, The Son of man shall be “delivered up”^{G3860} into the hands of men”

[Matthew 26:2](#); Ye know that hereafter two days the Passover cometh, and the Son of man is “delivered up”^{G3860} to be crucified.

[Matthew 26:21](#); And as they did eat, he said, Verily I say unto you, that one of you shall betray me

The above scriptures paint the picture that Messiah had foreknowledge of his betrayal and surrender two days before the Passover, as stated in verse 2, i.e., the 12th of Abib. Also, note; in verse 21, Messiah says the betrayer is with them as they ate the last supper meal, i.e., the 13th of Abib. Messiah, Alohym of the Old Testament (the LORD), knew of His betrayal before the foundation of the world and writings of the prophets. .

Many teachers and scholars overlook that Judas surrendered Yahusha [in his heart](#) (*his heart being wicked*) before encountering Messiah at the Last Supper. Yahusha, being the Son of Man, knew beforehand the events between the elders, chief priest, and Judas. [Matthew 26:23-25](#) confirms this information at the Last Supper; let's read.

[v23](#); And he answered and said, He that dippeth [his] hand with me in the dish, the same shall betray me. [v24](#); The Son of man goeth as it is written of him: but woe unto that man by whom the Son of man is betrayed! it had been good for that man if he had not been born. [v25](#); Then Judas, which betrayed him, [answered and said, Master, is it I?](#) [He said unto him, Thou hast said.](#)

In verse [25](#), Messiah answers Judas Iscariot's question, “Master, is it I?” Yahusha states: “Thou hast said,” the reply from Yahusha to Judas was one of knowing.

As we conclude this section, let's address a common scriptural misunderstanding used to support the theory that Messiah's three-day & night period began with His betrayed “surrendered” on the 13th night to the Roman soldiers. In [Matthew 26:47-50](#) you will read about the physical surrender of our Messiah by Judas to the Roman soldiers.

Part 8

“The Sign of Jonah”, A Matter of the Heart

v47; And while he yet spake, lo, Judas, one of the twelve, came, and with him a great multitude with swords and staves, from the chief priests and elders of the people. v48; Now he that betrayed him gave them a sign, saying, Whomsoever I shall kiss, that same is he: hold him fast. v49; And forthwith he came to Jesus, and said, Hail, master; and kissed him. v50; And Jesus said unto him, Friend, wherefore art thou come? Then came they, and laid hands on Jesus, and took him.

The above verses accurately reveal the betrayal act of Judas, which ended with the physical surrender of Yahusha, pointing to the wickedness of Judas' heart. The understanding of Messiah conveys a spiritual matter of the heart, not a material issue of the flesh. In conclusion, if the timeline had started at night, as some claim, this would have broken the scriptural continuity concerning the three days and three-night order of events. (No adding to or taking away from scripture is permitted)

❖ The Third day Resurrection

Over twelve scriptures in the New Testament give irrefutable proof that Messiah would rise (resurrected) on the third day as prophesied. Out of these 12-plus scriptures, not one says Yahusha would be in the grave for three days and three nights. Messiah endured the "heart of the earth" (man's wickedness), initiated with His betrayal by Judas to the religious leaders for thirty pieces of silver, and ended with His resurrection. Notice the following scriptures which confirm this: [Matthew 16:21](#)

v21; “From that time forth began Jesus to shew unto his disciples, how that he must go unto Jerusalem, and *suffer many things* of the elders and chief priests and scribes, and be killed, and be raised again the third day”

The above verse communicates the three days and night period was not limited to when Yahusha was in the grave. They include **betrayal**, **suffering**, **killing**, and **rising** from the dead! Notice the following verses: [Matthew 17:22-23](#)

v22; “And while they abode in Galilee, Jesus said unto them, The Son of man shall be betrayed into the hands of men: v23; And they shall kill him, and the third day he shall be raised again. And they were exceeding sorry.

Once again, the above verses demonstrate that the three days and nights include betrayal, death, and resurrection. No scriptural reference indicates Yahusha was dead or in the tomb for three days and three nights! Notice again: [Matthew 20:18-19](#)

v18; “Behold, we go up to Jerusalem; and the Son of man shall be (betrayed) surrendered unto the chief priests and unto the scribes, and they shall condemn him to death, v19; And shall deliver him to the Gentiles to mock, and to scourge, and to crucify him: and the third day he shall rise again”.

Part 8

“The Sign of Jonah”, A Matter of the Heart

Here scripture states once again that during the three-day and night period, Yahusha (Christ) would be **betrayed, condemned to death, delivered to be mocked, scourged, and crucified, and would rise again on the third day!** All these things happened within three days and three nights. Scripture proves this beyond a shadow of a doubt! Notice further: [Mark 8:31](#)

v31; “And he began to teach them, that the Son of man must suffer many things, and be rejected of the elders, and of the chief priests, and scribes, and be killed, and after three days rise again”.

The above verse solidifies that the three days and nights do not refer to Yahusha (Christ) being in the grave for that time. There are more scriptures to offer clarification of this prophecy: [Mark 9:31](#)

v31; “For he taught his disciples, and said unto them, The Son of man is delivered into the hands of men, and they shall kill him; and after that he is killed, he shall rise the third day”.

The above verse again communicates the fact that three day and nights include the **betrayal, killing, death** and **resurrection**. Another scripture: [Mark 10:34](#)

v34; “And they shall mock him, and shall scourge him, and shall spit upon him, and shall kill him: and the third day he shall rise again”.

Do we need more proof in understanding what Yahusha meant when He said that He would be three days and three nights in the *“heart of the earth”*? Alohym’s people need this proof because Alohym inspired over twelve scriptures to communicate this critical Truth! Notice further: [Luke 9:22](#)

v22; “Saying, The Son of man must suffer many things, and be rejected of the elders and chief priests and scribes, and be slain, and be raised the third day”.

Scripture clearly states that Yahusha would rise on the third day after He began to suffer “many things,” which started with His betrayal! Question; when was the betrayal of Messiah? Answer; when Judas Iscariot received the thirty pieces of silver from the elders and chief priest, Judas’s betrayal of the heart. Again: [Luke 18:31-33](#)

v31; “Then he took unto him the twelve, and said unto them, Behold, we go up to Jerusalem, and all things that are written by the prophets concerning the Son of man shall be accomplished. v32; For he shall be delivered unto the Gentiles, and shall be mocked, and spitefully entreated, and spitted on: v33; And they shall scourge him, and put him to death: and the third day he shall rise again”.

The scriptures above are specific to Yahusha's suffering and time of death at the Gentiles'? Here, Luke references Yahusha's surrender to the Roman soldiers and his treatment in front of the Chief Priest and elders on Passover morning. Here verse thirty-three (33) references the scourging and death of

Part 8

“The Sign of Jonah”, A Matter of the Heart

Yahusha as the beginning of the evening starting the Passover. Let's read more affirmation in [Luke 24:7](#).

v7; “Saying, The Son of man must be delivered into the hands of sinful men, and be crucified, and the third day rise again”.

Scripture repeatedly confirms Messiah rose *on the third day* after He was delivered. It is evident that the trials He endured from the moment of His betrayal, together with His death and resurrection, are all included in the period of three days and three nights! (His resurrection is a parallel with [Jonah 2:10](#)). Let's note two more scriptures to complete twelve scriptures inspired for us in Alohym's Word on this subject: [Luke 24:46](#) and [Acts 10:39-40](#)

v46; “And said unto them, Thus it is written, and thus it behoved Yahusha (Yahusha) to suffer, and to rise from the dead the third day”.

v39; “And we are witnesses of all things which he did both in the land of the Jews, and in Jerusalem; whom they slew and hanged on a tree; v40; Him Alohym raised up the third day, and shewed him openly”

All the above scriptures state the same thing: the betrayal, deliverance, scourging, death, and resurrection are all included in the three days and three nights that Yahusha prophesied in [Matthew 12:40](#). It should now be abundantly clear in the readers' mind that when Yahusha predicted that He would be in the “heart of the earth” for three days and three nights, He did not mean He would be in the grave for that duration of time. Scripture leaves no stone unturned in helping those who want to see what Yahusha meant by His prophecy on this subject. Yahusha demonstrated that He would endure the suffering placed upon Him for that time by the severe wickedness resulting from the inner core of man's heart! Just as Alohym forsook Jonah for three days and three nights ([Jonah 2:4](#)), during this time, Yahusha felt as though Alohym had rejected Him: [Matthew 27:46](#)

v46; “And about the ninth hour Jesus cried with a loud voice, saying, Eli, Eli, lama sabachthani? that is to say, My God, my God, why hast thou forsaken me?”.

➤ Resurrection; First or Seventh day, which?

All the above scriptures state the same thing: the betrayal, deliverance, scourging, death, and resurrection are all included in the three days and three nights that Yahusha prophesied in [Matthew 12:40](#). It should now be abundantly clear in the readers' mind that when Yahusha predicted that He would be in the “heart of the earth” for three days and three nights, He did not mean He would be in the grave for that duration of time. Scripture leaves no stone unturned in helping those who want to see what Yahusha meant by His prophecy on this subject. Yahusha demonstrated that He would endure the suffering placed upon Him for that time by the severe wickedness resulting from the inner core of man's heart! Just as Alohym forsook Jonah for three days and three nights ([Jonah 2:4](#)), during this time, Yahusha felt as though Alohym had rejected Him: [Matthew 27:46](#)

Part 8

“The Sign of Jonah”, A Matter of the Heart

“first” in letting the reader know it was a special day.

To get a better perspective and understanding of this subject matter, “first [day] of the week,” let’s investigate these controversial scriptures using the 1882-Thayer Greek Lexicon and the Strong’s NT Exhaustive Concordance. The goal is to compare the English to the original Greek translation ensuring the best possible understanding. We will start in [Matthew 28:1](#), then [Mark 16:22](#), [Mark 16:9](#), [Luke 24:1](#), [John 20:1](#), and finish in [John 20:19](#).

❖ Matthew 28:1 – (Scriptural Investigation)

(Original KJV) v1; ^{a.} In the end of the sabbath, as it began to ^{b.} dawn ^{c.} toward the ^{d.} first [day] ^{e.} of the week, came Mary Magdalene and the other Mary to see the sepulchre. v2; And, behold, there was a great earthquake: for the angel of the Lord descended from heaven, and came and rolled back the stone from the door, and sat upon it.

Scriptural Definitions;

a.) “In the end” G3796 ὀψέ meaning; “late” b.) “dawn” G2020 ἐπιφώσκω meaning; to begin to grow light, (“dawn”) is not the end of a Biblical day meaning; it is still the Sabbath night. c.) “toward” G1519 εἰς meaning: “into,” or of entrance into a place. d.) “first” G1520 μία, meaning: “one or first,” e.) “of the week” G4521 σάββατον, ου, τό meaning: “the Sabbath, i.e., the seventh day (of the week)”

✚ (Revised) v1; Now ^{G1161} late ^{G3796} on the Sabbath, as it began to dawn ^{G2020} into ^{G1519} the first ^{G1520} of Sabbaths ^{G4521}, came Mary Magdalene and the other Mary to see the sepulchre. v2; And, behold, there was a great earthquake: for the angel of the Lord descended from heaven, and came and rolled back the stone from the door, and sat upon it

✓ Commentary

After reading the revised [Matthew 28:1](#), it becomes clear this scripture is not stating Messiah rose on the first day of the week (Sunday); just the opposite. At the end of the Sabbath day, Mary did not find Messiah in the tomb. Next, let’s move on to [Mark 16:2](#). (Note; keep in mind that dawn is the beginning of the evening before sunrise)

❖ Mark 16:2 - (Scriptural Investigation)

(Original KJV) v2; And ^{a.} very ^{b.} early in the morning the ^{c.} first [day] ^{d.} of the week, they came unto the sepulchre at the rising of the sun.

Part 8

“The Sign of Jonah”, A Matter of the Heart

Scriptural Definitions;

a.) “very” G3029 λίαν meaning; “much, very, very much” b.) “early in the morning”, G4404 πρωϊ meaning; early in the morning, at dawn, (again, not the end of a Biblical day meaning; it is still Sabbath night) c.) “first” G1520 μία, meaning: “one or first”, d.) “of the week” G4521 σάββατον, ου, τό meaning: “the Sabbath, i.e. the seventh day (of the week)”

✚ (Revised) v2; And very^{G3029} early at dawn^{G4404} the first^{G1520} of the Sabbath^{G4521}, they came unto the sepulchre at the rising of the sun.

✓ Commentary

After revising [Mark 16:2](#), it becomes evident this scripture is not stating Messiah rose on the first day of the week (Sunday); just the opposite, it was at the end of the Sabbath day when Mary did not find Messiah in the tomb. (Note: the rising of the sun is “not referring to sunrise,” but the beginning of dawn)

❖ Luke 24:1 - (Scriptural Investigation)

(Original KJV) v1; Now upon the ^{a.} first [day] ^{b.} of the week, ^{c.} very ^{d.} early in the morning, they came unto the sepulchre, bringing the spices which they had prepared, and certain [others] with them. v2; And they found the stone rolled away from the sepulchre. v3; And they entered in, and found not the body of the Lord Jesus.

Scriptural Definitions;

a.) “first” μία, G1520 meaning; “one or first”- b.) “of the week” G4521 σάββατον, ου, τό meaning: “the Sabbath, i.e. the seventh day (of the week)” c.) “very” G901 βαθύς meaning; “deep in the morning, at early dawn” d.) “early in the morning” G3722 ὄρθρος, ου, ὁ meaning; dawn, day-break; from the same as G3735; from an obsolete “oro” (to rise or “rear”) like a mountain. (Note; once again it is not the end of a Biblical day meaning; it is still Sabbath night)

✚ (Revised) v1; Now upon the first^{G1520} of the Sabbaths^{G4521}, very^{G901} early at dawn^{G3722}, they came unto the sepulchre, bringing the spices which they had prepared, and certain [others] with them. v2; And they found the stone rolled away from the sepulchre. v3; And they entered in, and found not the body of the Lord Jesus.

After revising [Luke 24:1](#), here again, this scripture is not stating Messiah's resurrection was on the first day of the week (Sunday); just the opposite, it was at the end of the Sabbath day when Mary did not find Messiah in the tomb.

❖ John 20:1-26 (The Perfect Scriptural Account)

(Original KJV) v1; The ^{a.} first^{G1520} [day] ^{b.} of the week^{G4521} cometh Mary Magdalene ^{c.} early^{G4404}, ^{b.} when

Part 8

“The Sign of Jonah”, A Matter of the Heart

it was yet dark^{G4653}, unto the sepulchre, and seeth the stone taken away from the sepulchre.

Scriptural Definitions;

a.) “first” G1520 μία, meaning; “one or first”- b.) “of the week” G4521 σάββατον, ου, τό meaning: “the Sabbath, i.e. the seventh day (of the week)” c.) “early”, G4404 πρωϊ meaning; early in the morning, at dawn, (again, not the end of a Biblical day meaning; it is still the Sabbath night) d.) “dark”, G4653 σκοτίας meaning; “darkness”; fig: spiritual darkness

✚ (Revised) v1; The first^{G1520} of the Sabbaths^{G4521} cometh Mary Magdalene early^{G4404}, when it was yet dark^{G4653}, unto the sepulchre, and seeth the stone taken away from the sepulchre.

✓ Commentary

John 20:1 plainly states it was “yet dark” when Mary Magdalene came to the tomb and the stone was removed. In reading this verse wouldn’t you say that Messiah rose earlier on the Sabbath?

Within (all) the above scriptural accounts, one theme is relatively straightforward; Mary Magdalene came to the tomb when “it was yet dark, very early in the morning or it began to dawn” and did not find Messiah. So put, it was not the first day of the week but the end of the Sabbath when they discovered Messiah was not in the tomb. Here in John 20, a detailed account of Mary’s experience leaves no stone unturned that Messiah visited the disciples late on the Sabbath after His resurrection; let’s read.

John 20:2; Then she runneth, and cometh to Simon Peter, and to the other disciple, whom Jesus loved, and saith unto them, They have taken away the Lord out of the sepulchre, and we know not where they have laid him. v3; Peter therefore went forth, and that other disciple, and came to the sepulchre. v4; So they ran both together: and the other disciple did outrun Peter, and came first to the sepulchre. v5; And he stooping down, [and looking in], saw the linen clothes lying; yet went he not in. v6; Then cometh Simon Peter following him, and went into the sepulchre, and seeth the linen clothes lie, v7; And the napkin, that was about his head, not lying with the linen clothes, but wrapped together in a place by itself. v8; Then went in also that other disciple, which came first to the sepulchre, and he saw, and believed. v9; For as yet they knew not the scripture, that he must rise again from the dead. v10; Then the disciples went away again unto their own home.

Above is a detailed account of the disciples going to the tomb, finding the handkerchief which encompassed about Messiah but found nobody! Then, in verse 8, after the other disciple did not find Messiah in the grave, they “started to believe,” in verse 10, the disciples went to their home. In the following ten verses, you will read of events that happened at the end of the Sabbath day; let’s read

John 20:11; But Mary stood without at the sepulchre weeping: and as she wept, she

Part 8

“The Sign of Jonah”, A Matter of the Heart

stooped down, [and looked] into the sepulchre, [v12](#); And seeth two angels in white sitting, the one at the head, and the other at the feet, where the body of Jesus had lain. [v13](#); And they say unto her, Woman, why weepest thou? She saith unto them, Because they have taken away my Lord, and I know not where they have laid him. [v14](#); And when she had thus said, she turned herself back, and saw Jesus standing, and knew not that it was Jesus. [v15](#); Jesus saith unto her, Woman, why weepest thou? whom seekest thou? She, supposing him to be the gardener, saith unto him, Sir, if thou have borne him hence, tell me where thou hast laid him, and I will take him away. [v16](#); Jesus saith unto her, Mary. She turned herself, and saith unto him, Rabboni; which is to say, Master. [v17](#); Jesus saith unto her, Touch me not; for I am not yet ascended to my Father: but go to my brethren, and say unto them, I ascend unto my Father, and your Father; and [to] my God, and your God. [v18](#); Mary Magdalene came and told the disciples that she had seen the Lord, and [that] he had spoken these things unto her.

[v19](#); Then the same day at ^{a.} [evening](#)^{G3798}, being the ^{b.} [first](#)^{G1520} [day] ^{c.} [of the week](#)^{G4521}, when the doors were shut where the disciples were assembled for fear of the Jews, came Jesus and stood in the midst, and saith unto them, Peace [be] unto you.

Scriptural Definitions;

a.) [“evening”](#) [G3798](#) ὄψις ὀψία, ὀψιον (ὀψέ) meaning; “1. [late](#), 2. [evening”](#) b.) [“first”](#) [G1520](#) μία, meaning: [“one or first”](#), c.) [“of the week”](#)^{G4521} σάββατον, ου, τό meaning: [“the Sabbath, i.e. the seventh day](#) (of the week)”

✚ (Revised) [v19](#); Then the same day [late](#)^{G3798}, being the [first](#)^{G1520} [of the Sabbaths](#)^{G4521}, when the doors were shut where the disciples were assembled for fear of the Jews, came Jesus and stood in the midst, and saith unto them, Peace [be] unto you.

✓ [Commentary](#)

Verse 19 plainly states; it was late on the Sabbath when Messiah stood amid the disciples and said, Peace unto you. Therefore, John's account is credible proof the Messiah is the [“Lord of the Sabbath.”](#) Let's move on to the following few verses and notice something that most teachers overlook; let's read.

[v20](#); And when he had so said, he shewed unto them [his] hands and his side. Then were the disciples glad, when they saw the Lord. [v21](#); Then said Jesus to them again, Peace [be] unto you: as [my] [Father hath sent me](#), even so send I you. [v22](#); [And when he had said this, he breathed on \[them\], and saith unto them, Receive ye the Holy Ghost:](#)

Here verse 22 states; they received the Holy Spirit from the breath of the Messiah. So what or who is the “Comforter” given to the 120 on the day of Pentecost? I will let you consider this question, but another article will cover this subject. So in this section, there is only one more scripture to point out

Part 8

“The Sign of Jonah”, A Matter of the Heart

that our Messiah is all about the Sabbath day; let's read [John 20:26](#).

[v26](#); And after eight days again his disciples were within, and Thomas with them: [then] came Jesus, the doors being shut, and stood in the midst, and said, Peace [be] unto you.

Here again, Messiah came unto the disciples behind closed doors. Question: What do the words “after eight days again” mean? The Messiah came to the disciples on the Sabbath, eight days after His resurrection. The resurrection date of Messiah was the 15th of Abib, the first Sabbath of the Passover/Unleavened Bread spring festival. The Messiah counting from the Sabbath of his resurrection eight days forward brings us to the 4th Sabbath of the 1st month or the 22nd day of the first month. (Please see the attached calendar)

❖ Messiah; Master of the Sabbath Day

In this chapter, scripture will show that Messiah is “Lord of the Sabbath” and that it was lawful to do well and “heal” on the Sabbath. Let's start by reading Matthew 12:10, in which Messiah tells the Pharisees that it was legal to heal on the Sabbath.

[v10](#); And, behold, there was a man which had [his] hand withered. And they asked him, saying, Is it lawful to heal on the sabbath days? that they might accuse him. [v11](#); And he said unto them, What man shall there be among you, that shall have one sheep, and if it fall into a pit on the sabbath day, will he not lay hold on it, and lift [it] out? [v12](#); How much then is a man better than a sheep? Wherefore it is lawful to do well on the sabbath days.

Now Messiah plainly explains that healing was lawful on the Sabbath day; if Messiah healed the sick, wouldn't resurrection be healing? Question; wouldn't the perfect healing from corruptible to incorruptible flesh be a spiritual resurrection? So would it be lawful for the Messiah to be resurrected on the Sabbath, especially if He is (Lord) master of the Sabbath; let's read.

[Matthew 12:8](#) For the Son of man is Lord even of the Sabbath day.

[Mark 2:28](#) Therefore the Son of man is Lord also of the Sabbath.

[Luke 6:5](#) And he said unto them, That the Son of man is Lord also of the Sabbath.

In conclusion, Messiah was the perfect sacrifice for all of humanity. Yahusha, the master (lord) of the Sabbath, would not have been resurrected on the first day of the week but died and was resurrected on the day He created for man.

❖ Luke's Account (Cleopas encounter with Messiah)

Here, Luke states the "first day of the week" is the day Messiah rose from the grave. Let's

Part 8

“The Sign of Jonah”, A Matter of the Heart

investigate the communication that now resurrected Messiah ([Luke 24:15](#)) had while walking with Cleopas on the road to Emmaus. ([Luke 24:13](#)) We will start in [Luke 24:18 – 21](#).

[v18](#); And the one of them, whose name was Cleopas, answering said unto him, Art thou only a stranger in Jerusalem, and hast not known the things which are come to pass there in these days? [v19](#); And he said unto them, What things? And they said unto him, Concerning Jesus of Nazareth, which was a prophet mighty in deed and word before God and all the people: [v20](#); And how the chief priests and our rulers delivered him to be condemned to death, and have crucified him. [v21](#); But we trusted that it had been he which should have redeemed Israel: and beside all this, to day is the [third day since these things were done](#).

Verse 21 begs the question, what was Cleopas addressing with the statement, "The third day since these things were done"? The previous verse gives a clue as to what Cleopas is addressing, verse 20; "[how the chief priest and our rulers delivered him to be condemned to death, and have crucified him.](#)" Now just when did this event occur? The answer to this mystery is evident in [Luke 22:66](#); let's read.

[v66](#); And as soon as [it was day](#), the elders of the people and the chief priests and the scribes came together, and [led him into their council](#), saying,

[Luke 23:1](#); And the whole multitude of them arose, and [led him unto Pilate](#).

In verse 66, the statement becomes evident; ("as soon as it was day") or ("even as it became day") refers to the 13th of the month, the day before Passover. The religious (counsel) and Roman authorities (rulers) waited until daylight before Messiah's trial began, the Passover day! When Cleopas was walking with Yahusha of the road, it was on the Sabbath day, the first day of unleavened bread, the "third day since these things were done," as stated in [Luke 24:21](#). So if we count back three (3) days starting from Sabbath, it will bring us to the daylight hours on the 13th, the day Judas betrayed Messiah to Caiaphas, the high priest, and elders. ([Matthew 26:15, 16](#))

❖ Messiah, the Perfect Lamb

We must understand that [1 Peter 1:19](#) and other scriptures demonstrate that Yahusha was the perfect Lamb; He was sinless. He came to this earth to die for the forgiveness of our transgressions. Our transgressions, i.e., sins, were placed upon His Body through the beating and stripes He received just after He was surrendered and handed over to the Gentiles, which led to His death. [Isaiah 53:3-5](#)

[v3](#); "He is despised and rejected of men; a man of sorrows, and acquainted with grief: and we hid as it were our faces from him; he was despised, and we esteemed him not. [v4](#); Surely he hath borne our griefs, and carried our sorrows: yet we did esteem him stricken, smitten of Alohym, and afflicted. [v5](#); But he was wounded for our transgressions, he was bruised for our iniquities: the chastisement of our peace was upon him; and with his stripes we are healed."

Part 8

“The Sign of Jonah”, A Matter of the Heart

As Messiah was beaten, scourged, and bruised, He took upon Himself our sins. ([Isa. 53:4-5](#)) He carried all these sins to the stake. ([1 Pet. 2:24](#)) Messiah endured being beaten, scourged, and bruised to take on the weight of man's sin and diseases before He could pay the penalty in our stead. Yahusha, while in Galilee, told the disciples of His betrayal and delivered into the hands of men, i.e., the "heart of the earth." ([Matthew 17:22](#)). [Isaiah 53:4-5](#) confirms that the forgiveness of our sins could not have taken place any other way. The spilling of Messiah's blood had to be preceded by His beating, during which humanity's sins were transferred onto His body—making the sacrifice and forgiveness of our sins possible. The beating, scourging, and bruising represent Messiah taking the weight of the penalty for all humanity's sins upon Himself. ([Isa. 53:4-5](#)) Once He took that weight and carried it to the cross, He could then (and only then) pay the penalty in our stead through death ([Romans 6:23](#)). Messiah's spilled blood (death) ultimately paid the penalty for the World's sins ([Rom. 6:23](#); [1 John 1:7](#)). In [Matt. 12:38-40](#), Messiah compared the suffering, humiliation, and loneliness endured by Jonah's suffering while in the whale's belly to what must happen to him shortly. (Jonah 2)

Notice what is stated in [Matthew 27:50-51](#)

[v50](#); Jesus, when He had cried again with a loud voice, yielded up the ghost. [v51](#); And, behold, the veil of the temple was rent in twain from the top to the bottom; and the earth did quake, and the rocks rent.

The moment the soldier's spear ripped through Messiah's side, His blood spilled ([Psalms 22:14](#)), and the ultimate Sacrifice was 'poured out, paying the penalty of sin for all humankind. Remember the twelve scriptures listed earlier in this article which conclude the three days and three nights ended at Yahusha's resurrection. Let us once again notice just one of the twelve scriptures noted earlier in this text, which conclusively demonstrates this point: [Luke 9:22](#)

[v22](#); “Saying, The Son of man must suffer many things, and [be rejected](#) [of the elders and chief priests and scribes](#), and [be slain](#), and [be raised the third day](#)”

As has been thoroughly discussed and proven by scripture, the three days and three nights began the moment Messiah was betrayed “surrender” by the wicked heart of Judas to the elders and chief priest for thirty (30) pieces of silver. ([Matthew 26:15](#), [Matt 27:9](#)) Messiah’s deliverance, surrendering, suffering, death, and resurrection are included within the sequence of the three days and nights, during which Messiah was in the “heart of the earth.” Messiah prayed to His Father just as Jonah did ([Matt. 27:46](#)), humbled to the core. Just like Jonah, Messiah was separated from Alohym and suffered as a result! Scripture points out that it was late on the Sabbath day after Messiah’s resurrection, when the tomb was empty, dawning toward the (evening dawn) of the first day of the week. So put, Messiah rose 24 hours after being put to death, first seen and witnessed by Cleopas on the road to Emmaus during the evening hour before nightfall came, which was on the Sabbath day, the 15th of Abib.

In Conclusion, we know Messiah's resurrection was at sunset "evening" on the Sabbath day; we can count back to find out when the three days and nights began! Scripture points out that once Judas

Part 8

“The Sign of Jonah”, A Matter of the Heart

Iscairiot betrayed Messiah to the elders and chief priest, and from that moment, they sought the opportunity to kill Him. (Matt. 26:15-16), indicating that the three days and three nights began in daylight on the 13th of Abib.

Here is a summary of the prophesied three day and three night period, which began “in the day”:

- 1st Day - Yahusha betrayal by Judas Iscairiot to elders and chief priest. (Matt. 26:15, 16)
- 1st NIGHT - Yahusha delivered into hands of men (Matt. 26:45-57)
- 2nd DAY - Jewish and Roman trials, Suffering/death just as evening began. (Mark 15:1-42)
- 2nd NIGHT - Death/Prepared/ in tomb before the Sabbath day began. (Luke 23:54)
- 3rd DAY - Sabbath/Holy Day - In the tomb during the day
- 3rd NIGHT - Resurrected at evening (sunset) on the Sabbath day. (Luke 24:18 – 21)

➤ New Testament Alignment

Many born-again New Covenant believers ask, "What relevance does this event have to my life"? The New Covenant was given to the disciples the night before Messiah's death, with new symbols to remember what Messiah did for us. (Matt 26:26-29) (John 13:4-17) Throughout the article, you have been taught and shown that Messiah's resurrection took place in the evening, 24 hours after His death. As scripture states, Messiah is the Master of the Sabbath day.

Messiah never once obeyed the Julian (Roman) or the rabbinical (Jewish) calendars imposed on scripture since having lost (by the doctrine of men) the actual sacred calendar as given in the Book of Genesis. Neither the Sabbath nor Alohym's oral or written laws inspired by the Holy Spirit are ineffective! Fulfilling the obligations of the New Covenant is obeying Messiah's word, "If you LOVE me, keep my commandments," which includes the seventh-day Sabbath.

Our Father in Heaven would not have set His saints and disciples up for failure in observing the New Covenant. That said, obeying the Sabbath day, Fulfills the observance of ALL of Alohym's Feasts, new months, and Holydays. If Messiah had risen on the "first day of the week," i.e., Sunday, as many believe, He would have been disqualified as our Master and Savior.

Part 9

Messiah, Master of the Sabbath

➤ Messiah's Sabbath observance, 1st of Abib

One of the fascinating events leading up to the Passover was the resurrection of Lazarus, as described in [John 11](#) and [12](#). The scriptural study of this event reveals so much information and is often overlooked by those seeking Alohym's calendar dates and times. Therefore, the event in [John 10:40](#) through [12:15](#) is our targeted area of investigation. Utilizing legal/theological presumption, i.e., "belief on reasonable grounds or probable evidence," this investigation will be based on. In achieving this goal, scriptural and calendar evidence is used to prove the following presumptions.

Legal Presumptions:

1. Can it be proved that Yahusha observed the last and first day of the year, the 91st day of the 12th month, the 364th (Leader) day, and the Sabbath day, the 1st of Abib? ([Deut. 16:1](#))
2. Is there scriptural proof which points to this evidence, i.e., Sabbath 1st of Abib?
3. Is there proof of Messiah's prophesied entrance into Jerusalem through the harmony of scripture as stated in [Genesis 49:10, 11](#)?

Let's begin in [John 10:40](#), where Yahusha and the disciples escaped and traveled beyond Jordan, where John the Baptist first baptized Him. Here Yahusha and the disciples received word from Lazarus's sisters, Martha and Mary, that Lazarus was sick. ([John 11:1-3](#)) In [John 11:4](#), we read "that this sickness is not unto death but for the glory of Alohym."

After Yahusha received this information concerning Lazarus' sickness, scripture states that He (Yahusha) and the disciples stayed at the same place for two more days, [John 11:6, 7](#)

[v6](#); When he had heard therefore that he was sick, he abode two days still in the same place where he was. [v7](#); Then after that saith he to [his] disciples, Let us go into Judaea again. (*Note: they left after the two days were up*)

In verse 8, the disciples were concerned about returning to Judaea as the Jews sought to stone Yahusha. Then, in verse 9, Yahusha makes an exciting statement to the disciples about the day they leave for Bethany; let's read.

Yahusha answered,

[v9](#); Jesus answered, Are there not twelve hours in [the] day? If any man walk in [the] day, he stumbleth not, because he seeth *the light of this world.* (*English*)

Above is the interlinear view of English and Greek translations of [John 11:9](#). Let's focus on the first phrase within the (red box), which states: "are there^{G1526} not^{G3780} twelve hours^{G1427} of this^{G3588} day^{G2250}", this phrase is day specific. Notice the definition that Strong's gives to the number G3588; "of-the," meaning; "the definite article." What day is so specific that it would take precedence in scripture? (Logical reasoning)

1. The calendar term "twelve hours in the day or this day" can only apply to the beginning of Alohym's New Year. Why? Because from the 1st Sabbath of Abib, i.e., the first day of the year, daytime grows more prolonged, and the nights grow shorter. Remember that the Equilux day (according to Enoch 72 and man's calculations) is closest to equal day and night in the sun's circuit, not the Equinox.
2. Why would Messiah state, "If any man walk in the day, he stumbleth not, because he seeth the light of this world"? Question: who is the light of this world? Answer: Messiah ([John 8:12](#), [9:5](#), and [Matthew 5:14](#)) what is Messiah's day "the Sabbath." Yahusha is talking about no other day than the Sabbath.
3. In the Book of Jubilees', a yearly structural outline is given concerning seasonal Sabbaths and "seasonal" division days; let's read.

[Jubilees' 6:23](#), And on the *new month* of the [first month](#), and on the *new month* of the [fourth month](#), and on the *new month* of the [seventh month](#), and on the *new month* of the [tenth month](#) are the days of remembrance, and the days of the seasons in the four divisions of the year.

Part 9

Messiah, Master of the Sabbath

v24; And Noah ordained them for himself as [feasts for the generations forever](#), so that they have become thereby a memorial unto him. ([Sabbath days are festival or feast days as well as a rest day for man to focus on our Creator and Messiah](#))

✓ [Commentary](#)

The [days of remembrance](#) are the Sabbath days which begin each season. Alohym states in [Exodus 20:8](#), "[Remember](#) the Sabbath day and keep it holy," a marked day. The days of the seasons in the four divisions of the year are the four intercalary days, which are seasonal preparation days. Which always falls on the 6th day of the week, before each seasonal Sabbath day. [Note:] Look at the calendar provided at the back of this research, review the 1st, 4th, 7th, and 10th months, and you will see how the statements above apply.

Returning to [John 11:9](#), Yahusha makes this statement as recorded by John, "If any man walk in the day, he stumbleth not, [because he seeth the light of this world.](#)" Let's focus on the phrase, "seeth the light of this world," referring to Yahusha. The Apostle John quotes a similar reference to the above scripture in [John 8:12, 9:5](#), which states, "I am the light of the world," again referring to Yahusha. According to Yahusha's own words and through the scriptural timing of events written by John, the day in question is no other than the Sabbath. In Retrospect, Messiah would have observed the 1st of Abib being the first Sabbath and seasonal Holy day of the New Year as established in Genesis 2, fulfilling the 1st and 2nd legal presumption.

❖ [Timing of Events](#)

Starting at [John 11:9](#), we now know the day in reference is non-other than the Sabbath, but when did Messiah and the disciples leave for Bethany? Messiah and the [disciples stayed two days in the same place](#) after hearing the news about Lazarus being sick. ([John 11:6](#)) As stated above, these two days would have been the last day of the previous year ([day 364](#)) and the 1st day of the New Year. (Abib 1) Another key in clarifying when Messiah and the disciples left for Bethany comes from verse 7, which states; Messiah said, "Let us go into Judaea again," this would be the day after the Sabbath or the 2nd of Abib.

In verse 11, Messiah tells the disciples to go to his friend Lazarus and awaken him. In verse 14, Yahusha plainly says "that Lazarus is dead," and verse 15 states that he was glad that He was not there to the intent that the disciples may believe. Finally, in verses 16 and 17, we get the following clues: date and time from [John 11:9](#); let's read.

v16; Then said Thomas, which is called Didymus, unto his fellow disciples, [Let us also go, that we may die with him.](#) [Note:] At this point in the timeline, Yahusha and the disciples leave after the two days headed to Bethany on the 2nd of Abib. v17; Then when Jesus came, he found that he had [lain] in the grave [four days](#) already. (*See Alohym's Calendar*)

Part 9

Messiah, Master of the Sabbath

So in light of the above scriptures, Messiah and the disciples left from across the Jordan River only to find that Lazarus had been dead for four days and in the grave. In verse (20), we see that Martha heard Christ was coming and went to meet him; let's read.

v20; Then Martha, as soon as [she heard that Jesus was coming](#), went and met him: but Mary sat [still] in the house.

Just a few verses later, we see Martha's Sister Mary meeting Yahusha and Martha when Yahusha had not yet made it to the town of Bethany; let's read.

v28; And when she had so said, she went her way, and called Mary her sister secretly, saying, The Master is come, and calleth for thee. v29; As soon as she heard [that], she arose quickly, and came unto him. v30; Now Jesus [was not yet come into the town](#), but was in that place where Martha met him.

In verse 39, Yahusha is with Martha at the grave, four days after his journey began from beyond the Jordan River; let's read.

v39; Jesus said, Take ye away the stone. Martha, the sister of him that was dead, saith unto him, Lord, by this time he stinketh: for he hath been [dead] four days.

Here we read our second confirmation that Lazarus had died for four days, as stated in verse 17. As the story progresses, in verses 43 and 44, Lazarus is resurrected from the dead. ([John 11:43, 44](#))

v43; And when he thus had spoken, he cried with a loud voice, Lazarus, come forth. v44; And he that was dead came forth, bound hand and foot with grave clothes: and his face was bound about with a napkin. Jesus saith unto them, loose him, and let him go.

We are on the fifth day in our timeline from the second day of the year, meaning we are at the 6th of Abib.

In verse 45, the scripture states that many Jews who had witnessed the miracle of Lazarus's resurrection started believing in the Messiah, but others left and told the chief priest and Pharisees what had happened. In verses 45 to 53, Caiaphas, the high priest of that year, declared that Messiah would die for the nation and, from that day forward, took counsel together to put him to death.

v53; Then from that day forth they took counsel together for to put him to death.

In verse 54, we see Yahusha and the disciples leaving for the City of Ephraim and that Yahusha would not openly walk among the Jews anymore; let's read.

v54; Jesus therefore walked no more openly among the Jews; but went thence unto a country near to the wilderness, [into a city called Ephraim](#), and there continued with his disciples

Question; where was the City of Ephraim in Israel at the time of Messiah? According to ancient maps, the city of Ephraim was north of Bethany of the town Shiloh. Bethany's and just south of

Part 9

Messiah, Master of the Sabbath

Shiloh. Bethany's distance to Ephraim is approximately 18 to 20 miles north. The events described in verse 54 occurred after Lazarus's resurrection; Scripture tells us that Christ continued with his disciples in Ephraim near the wilderness. How long would Christ and the disciples have walked to Ephraim? If they walked at an average pace, 3 to 4 miles per hour, with added rest stops, it would have taken 4 to 5 hours or more to get there. Scripture states Yahusha and the disciples went to the City of Ephraim after Lazarus' resurrection ending the 6th of Abib in our timeline. After walking for four-plus hours to avoid contact with the Jews, it would make sense that Messiah and the disciples stayed at least two nights in Ephraim.

Another key to the timing of events is found in John 11:55, 56 and 57 which states;

[v55](#); And the Jews' passover was nigh at hand: and many went out of the country up to Jerusalem before the passover, to purify themselves. [v56](#); Then sought they for Jesus, and spake among themselves, as they stood in the temple, What think ye, that he will not come to the feast? [v57](#); Now both the chief priests and the Pharisees had given a commandment, that, if any man knew where he were, he should shew [it], that they might take him

In the above verses, we read that many Jews traveled to Jerusalem to purify themselves before Passover at this time of the year. As the Jews traveled as tradition suggests, the 7th day in our timeline falls on the 6th day of the week, the preparation day. Verse 56 states, "[many sought Yahusha as they stood in the Temple](#)," but did they find Him? No! Since scripture states that Yahusha taught in the synagogues on the Sabbath, it would make sense that the Chief Priest and the Pharisees would have spies looking for Him in the prominent places. Remember that it was not Yahusha's starting time to be "in the heart of the Earth," the sign of Jonah.

Notice continuing in [John 12:1](#), Yahusha returns with the disciples on the 8th day of Abib, from Ephraim to meet with Lazarus in Bethany, let's read.

[v1](#); Then Jesus [six days before](#) the ³[Passover](#) came to Bethany, where Lazarus was which had been dead, whom he raised from the dead. ([The sixth day before Passover is the 8th day of Abib a Sabbath day](#)).

✓ [Commentary](#)

To confirm the sixth day before Passover was a Sabbath, i.e., the 8th of Abib, read [Leviticus 23:11](#) and 15, which states the "morrow after the Sabbath," which is the 16th of Abib, the 15th of Abib is a weekly Sabbath day. Next, let's keep reading [John 12:2, 3](#)

[v2](#); There they made him a [supper](#); and Martha served: but Lazarus was one of them that sat at the table with him. ([supper](#) Strong's [G1173](#), meaning; a meal served at evening) [v3](#); Then took Mary a pound of ointment of spikenard, very costly, and

Part 9

Messiah, Master of the Sabbath

anointed the feet of Jesus, and wiped his feet with her hair: and the house was filled with the odour of the ointment.

In verses 2 and 3, Martha prepared supper for Yahusha and Lazarus as Mary anointed Yahusha with ointment acknowledging who he was and her reverence for him while he was still alive. Then, in verse 12, Yahusha leaves the next day for Jerusalem; let's read.

v12; On the next day much people that were come to the feast, when they heard that Jesus was coming to Jerusalem, **v13;** Took branches of **palm** trees, and went forth to meet him, and cried, Hosanna: Blessed [is] the King of Israel that cometh in the name of the Lord. **v14;** And Jesus, when he had found a young ass, sat thereon; as it is written, **v15;** Fear not, daughter of Sion: behold, thy King cometh, sitting on an ass's colt.

In verse 12, which would have been the 9th of Abib, Yahusha entered Jerusalem, and the multitudes gathered palm branches to celebrate his coming. Then, in verse thirteen, we see the harmony of the scriptures come to life, and the fulfillment of the [Genesis 49](#) prophecy is in verses 10, 11; let's read.

v10; The sceptre shall not depart from Judah, nor a lawgiver from between his feet, until Shiloh come; and unto him [shall] the gathering of the people [be]. **v11;** Binding his foal unto the vine, and his ass's colt unto the choice vine; he washed his garments in wine, and his clothes in the blood of grapes: **[Note]:** [Scripture now fulfills our 3rd and last legal presumption and prophecy of Genesis 49:10.](#)

Here we read that the Messiah entered Jerusalem on the 9th of Abib, the first day of the week. Here is the beauty of scripture and the perfect timing of our Messiah; seven days later ([seven meaning perfection](#)), on the 15th of Abib, our Messiah was resurrected late on the Sabbath day.

In John 11 and 12, we established Yahusha, and the disciples started across the Jordan River, ventured their way to Bethany, then to the City of Ephraim, and back to Bethany. The timeline of this event is as follows:

Yahusha and the disciples, after receiving word that Lazarus' sickness stayed two days beyond the Jordan (which was the 364 days of the previous year) and (the 1st day of Abib and first Sabbath of the New Year), leaving on the **2nd of Abib** for Bethany.

In John 11:14, Christ states that Lazarus is dead, then in verses 17 and 39, Lazarus had been dead four days by the time He arrived at the tomb. ([4 days travel time coming bringing us to the 6th day of Abib](#))

Then in verse 54, we see after the resurrection of Lazarus, Yahusha and the disciples traveled to the City of Ephraim some 18 to 20 miles away, returning on the sixth day before the Passover, [the 8th of Abib.](#)

Part 9

Messiah, Master of the Sabbath

Logic and simple mathematics tell us six days before Passover (14th of Abib) is the 8th of Abib, a Sabbath day. So if we count back seven days from the 8th, we get to the 1st of Abib, a Sabbath day, and the 1st day of the year.

Scripture tells the story of Messiah's observance of the 1st of Abib, the beginning Sabbath of the New Year. Therefore, considering the scriptural truth of John 11 and 12, we can accurately state that Sabbath days for the month of Abib would be as follows 1st, 8th, 15th, 22nd, and 29th.

➤ The Gospel Accounts

This research chapter will research the gospels looking for definitive answers to calendar timing and New Testament symbols given by Messiah at the last supper to prove that this day was the evening of the 13th of Abib, **not the 14th**, as some believe. To accomplish our goal, we will investigate translational errors surrounding the "Passover" as stated in the gospels accounts of Matthew, Mark, Luke, and John. Before advancing any further, we need to go back to the past and outline when the Passover begins. (Exodus 12:18 and Jubilees 49:1)

Ex 12:18; "In the first month, on the fourteenth day of the month at even, ye shall eat unleavened bread, until the one and twentieth day of the month at even"

Jubil 49:1; Remember the command which the Lord commanded thee concerning the Pasch, that thou shalt keep it in its time, on the fourteenth of the first month, that thou shalt kill it **before the evening** come, and that they shall eat it during the night, on the evening of the fifteenth, from the time of the setting of the sun, for this is the first day of the festival and the first Pasch. [Note: Celebrated **between the evenings**, from Sunset on the 14th (evening) to evening-sunrise of the 15th]

Simply put, the Passover day starts at sunset evening of the 14th day of Abib and is a Holy Convocation unto Yahuah, our Creator; it is not a weekly Sabbath day, unlike the 15th of Abib as previously discussed in this research. Now, moving forward to the Last Supper events, let's begin in Matthew and work through the other gospels. Question; did Messiah eat leavened or unleavened bread at the Last Supper? This event alone will tell the story of whether this day was indeed Passover night or not.

❖ Matthew's account

Remember, we are looking for specific times and dates for Yahusha's location and information indicating the last supper took place on the evening and night of the 13th of Abib. So let's begin our search starting in Matthew 26.

Matthew 26:2; Ye know that **after**^{G3326} two days is [the feast of] the 3rd Passover, and the Son of man is betrayed to be crucified. [Note;] Strong's G3326, English rendering "**after**"

Part 9

Messiah, Master of the Sabbath

“meta” in Greek, is better translated as the word “in”) (Revised beginning; *Ye know the in two days is the passover,*)

Matt 26:6, Now when Jesus was in Bethany, in the house of Simon the leper, (Note; *this is the 12th of Abib, two days before the Passover, Ref: Mark 14:1-3*)

Matt 26:17, Now the first^{G4413} [day] of the [feast of] unleavened bread the disciples came to Jesus, saying unto him, where wilt thou that we prepare for thee to eat the 2^{passover}? [Note: *This scripture seems to indicate that the first day of Passover was at hand but this is simply not the case, read on.*]

In understanding the true meaning of **Matthew 26:17**, let’s investigate the word “first” Strong’s #G4413, [protos - pro’-tos] prwtos, and #G4253 [pro pro], which is the root word. The word protos, “foremost,” meaning; in time, a place or order of importance, as translated into English – before, beginning, best, chief-(est) first –(of all). The root word [pro pro] #G4253, meaning “fore,” i.e., in front of, before (figuratively) superior to, gives us a better understanding of why the translators inserted the word “first” into the scripture. The term “first,” meaning being before all others concerning time, gives a false understanding. A better translation into English should have been “the day before” or “the day prior to,” this change would have cleared up the issue that the Last Supper was indeed on the 13th day of Abib and not on the 14th Passover day.

Below is **Matthew 26:17** copied from the Basic Scriptural Analyzer. I want to point out the [Boxed area] of which was addresses above and notice the revised scripture,

v17; (Revised) Now yet the [day] before unleavened [bread] the disciples approached Jesus, saying unto him, where wilt thou that we prepare for to eat the meal^{G3957}?

After clearing up this scriptural misunderstanding, the day described above is the 13th of Abib, the day before Passover. Let’s read a few more scriptures related to New Testament symbols given to the disciples on the thirteenth evening.

Part 9

Messiah, Master of the Sabbath

Matthew 26:26; And as they were eating, Jesus took bread ^{G740}, and blessed, and brake, and gave [it] to the disciples, and said, Take, eat; this is my body. [Note]: *The word bread Strong's #G740 meaning: [artos ar'-tos] from G142 meaning: bread (as raised) or a loaf.*

v27; And he took the cup, and gave thanks, and gave [it] to them, saying, Drink ye all of it; **v28;** For this is my blood of the new testament, which is shed for many for the remission of sins.

Matthew's account in chapter 26 is describing Yahusha breaking leavened bread, not unleavened bread at the last supper meaning this event took place on the evening and night of the 13th of Abib.

❖ Mark's account

In Mark's account of events leading up to the last supper, begins two days before the Passover, starting in chapter 14. (The revised version has the correct beginning words –“it was”)

Mark 14:1; After two days was [the feast of] the passover, and of unleavened bread: and the chief priests and the scribes sought how they might take him by craft, and put [him] to death.

✓ Commentary

In **Mark 14:1**, the translators needed to put the correct words at the beginning of this scripture. Again, this begs the question did the translators understand the events surrounding the Last Supper and Passover events? The term “After” Strong's G2596 (κατα) in Greek, meaning; “in-accord-with,” was inserted instead of the correct word (ην) meaning; “It was” Strong's G2258. Let's read the revised version for more clarity.

(Revised) It was ^{G2258} two days yet to Passover and unleavened [bread], the chief priests and scribes sought how to hold him with fraud and put him to death.

In **Mark 14:12**, we find the same scriptural error as in **Matthew 26:17** concerning the word “first.” Again, this gives a false impression of the timing of the first day of unleavened bread, but this is not the case.

Part 9

Messiah, Master of the Sabbath

Once again, scripture refers to the evening and night of the 13th, where Christ and the disciples would eat the night's meal. Take a look at the revised rendering of Mark 14:12 below.

(Revised) And the day before unleavened [bread], when they sacrificed the Passover, his disciples said unto him, where are you willing to go prepare that you eat the meal? (Note; a much better flow and understanding of the scripture)

Now that we have addressed the scriptural error surrounding Strong's #G4413, there is one more issue to investigate: the word "passover," Strong's #G3957. Strong states the word "Passover," [Pascha pas'-khah] of Chaldee origin (compare H6453), means; (the meal, the day, the festival, or the extraordinary sacrifices connected with it).

The (Revised) scriptures above, i.e., [Matthew 26:17](#) and [Mark 14:12](#), were changed from the original word "passover" to reflect the correct scriptural flow with the insertion of the word "meal." As given above, Strong's definition points out what the word "passover" could mean. Remember that Yahusha did not partake in the Passover meal with His disciples but became the Passover sacrifice.

❖ Luke's account

Luke's account of events leading up to the Last Supper and Passover are surrounded again by the controversial use of the word "passover." To help clarify this, we rely on scriptural flow and root word understanding.

Question; does Luke's account of events leading up to the last supper reflect the evening of the 13th or 14th of Abib? Knowing the difference between these two days clears up calendar issues that lead to breaking Alohym's commands, especially the weekly flow of the Sabbath. Luke's account concerning the meal before "passover" begins in [Luke 22:1](#), stating that the Passover was drawing near.

v1; Now the feast of unleavened bread drew nigh, which is called the Passover. **v2;** And the chief priests and scribes sought how they might kill him; for they feared the people. **v3;** Then entered Satan into Judas surnamed Iscariot, being of the number of the twelve. **v4;** And he went his way, and communed with the chief priests and captains, how he might betray him unto them. **v5;** And they were glad, and covenanted to give him money.

The above verses, which are very telling, occur before Yahusha's surrender to the Roman soldiers on the night of the 13th of Abib. If it were Passover night, Yahusha would not have eaten a meal with His disciples. Moving forward with Luke's account and establishing time and date, the only thing left to point out are obvious scriptural errors beginning in [Luke 22:7](#).

As we further investigate these events using the Interlinear Scriptural Analyzer, notice how the English translators inserted the word "then" to convey the scriptural message. Unfortunately, the term "then"

Part 9

Messiah, Master of the Sabbath

Strong's #G3767 [oun-oon] is not even found in this scripture and should have (been bracketed []) to convey that the translators added it. Below is a better rendering of the scripture.

Luke 22:7

(Revised) v7; and to come^{G2064} the day of unleavened [bread] in which the passover must be sacrificed.

Also, after reading verse 7 in its English translation form, did you notice the second word in the scripture “came”? The term “came,” a verb, is the past tense of *come* and could also be stated, “to come,” which would have been a better choice of vocabulary in this scriptural instance.

As we move forward through [Luke 22:8, 15](#), you’ll notice the same translation issue as verse 7 concerning the word “passover,” i.e., meal, which once again conveys the wrong message about what night this event occurred. Let’s take a moment to read through [Luke 22:8, 15](#), then the updated revised version.

- [Luke 22:8](#), And he sent Peter and John, saying, Go and prepare us the passover, that we may eat.

(Revised) And he sent Peter and John, saying, Go and prepare us the meal that we may eat.

- [Luke 22:15](#); And he said unto them, With desire I have desired to eat this passover with you before I suffer:

(Revised) And he said unto them, With desire I have desired to eat this meal with you before I suffer:

The betrayal of Yahusha began when Judas met with the elders and chief priest, as stated in (Matthew 26:14, 15) in the daylight hours on the 13th of Abib. Yahusha (Christ), the perfect sacrifice for humanity, died after sunset “between the evenings” on the 14th of Abib. The above scripture, by implication, states that Yahusha desired to eat his *last supper* with the disciples, which occurred on the evening and night of the 13th of Abib. Before moving into John’s account, let’s look at one last scripture proving that the last supper for Christ was on the 13th evening.

- [Luke 22:19](#); And he took bread^{G740}, and gave thanks, and brake [it], and gave unto them, saying, This is my body which is given for you: this do in remembrance of me.

Part 9

Messiah, Master of the Sabbath

In Luke's last supper account, Christ broke bread, not unleavened bread. The word "bread" Strong's #G740 means: [*artos ar'-tos*] from G142; bread (as raised) or a loaf. If this day were the Passover evening, they would have eaten unleavened bread, as stated in Exodus 12:18.

❖ John's account

John's account of the events leading up to the Last Supper is straightforward and easy to follow; let's begin in John 13:1.

John 13:1, Now before the feast of the passover, when Christ knew that his hour was come that he should depart out of this world unto the Father, having loved his own which were in the world, he loved them unto the end. **v2**; And supper being ended, the devil having now put into the heart of Judas Iscariot, Simon's [son], to betray him;

John 13:4; He riseth from supper, and laid aside his garments; and took a towel, and girded himself. **v5**; After that he poureth water into a bason, and began to wash the disciples' feet, and to wipe [them] with the towel wherewith he was girded.

In verses 5 through 17, we read about the symbolism of the foot-washing service given to the disciples by Yahusha and made the statement, "Happy is he that knows these things and does them." Finally, we will focus on the last part of John 13, rounding out this study with the breaking of the bread and the betrayal of Judas Iscariot starting in verse eighteen.

John 13:18; I speak not of you all: I know whom I have chosen: but that the scripture may be fulfilled, He that eateth bread^{G740} with me hath lifted up his heel against me.

Once again, in John's account of the Last Supper, Yahusha broke bread, not unleavened bread. The word "bread" Strong's #G740 means [*artos ar'-tos*] bread (as raised) or a loaf. Now, after reading John's account concerning the breaking of the bread at the last supper, there can be no doubt that this evening and night were the 13th of Abib. In summing up this part of the research, it is evident that all four gospel accounts tell the same story: leavened bread and not unleavened bread Messiah served at the Last Supper.

In Conclusion

Research proves that Messiah obeyed his law and calendar. The misunderstanding of events surrounding the Last Supper, the insertion of the word "passover," the eating of the meal, and the breaking of leavened bread all point to translator error, which does not accurately portray the truth of the scriptures.

Part 10

New Spiritual Awakening

Introduction

Welcome to the great awakening of Alohym's people. The research at the beginning of part 10 focuses mainly on [Revelation 12](#) and the aspects this biblical sign has brought to light. This section also considers the scriptural parallels associated with Rev. 12. How does this event play out today, and are we truly getting closer to Messiah's coming? Let's read [Revelation 12:1](#) to begin our investigation.

Welcome to the great awakening of Alohym's people. The research at the beginning of part 10 focuses mainly on [Revelation 12](#) and the aspects this biblical sign has brought to light. This section also takes into account the scriptural parallels associated with Rev. 12. How does this event play out today's world, and are we truly getting closer to Messiah's coming? Let's read [Revelation 12:1](#) to begin our investigation.

[v1](#); And there appeared a great wonder^{G4592} in heaven; a [woman clothed with the sun](#), and the [moon under her feet](#), and [upon her head a crown of twelve stars](#):

Here the very first words of verse 1 state there "appeared a great wonder" in heaven, the Greek word "wonder" Strong's G4592 semeion - say-mi'-on (σημειον) meaning; "sign," comes directly from the Hebrew owth-oth (אורת) meaning; "sign." Next, notice the following descriptive phrases: "a woman^{G1135} is clothed with the sun^{G2246}" (light), the moon under her feet, and a crown of twelve stars upon her head. Take notice of these essential words in [Revelation 12:1](#): a sign (wonder), sun, and stars.

These three elements reference Genesis 1, which states; the lights in the firmament establish signs, seasons, days, and years and the sun and stars rule the day and night. [Genesis 1:14, 16](#).

[v14](#); And God said, Let there be lights in the firmament of the heaven to divide the day from the night; and let them be for [signs](#), and for [seasons](#), and for [days](#), and [years](#):

Let's take a moment and review the word "signs," Strong's number H226, the root H225, meaning; "to come," is used many times in scripture but only once in the Hebrew form of (לארת)-[Genesis 1:14](#). The word "signs," translated from its Hebrew aleph-bet form, means; "teach or learn Messiah's, covenant." The root of the word "sign" is (את), meaning; "beginning and end," as well as the "leaders mark or covenant." Question: who stated they were the Alpha & Omega, which comes from the Hebrew Aleph & Tau (את), Answer; Messiah. (Ref: [Rev 1:8](#), [Rev 1:11](#), [Rev 21:6](#), [Rev 22:13](#))

Part 10

New Spiritual Awakening

Now getting back to the root of the word “sign,” (תא) let’s now add the other two letters (ל) Lamedh and (ת) Tau. In Hebrew, letters are associated with numbers and in this instance “signs” (לאנת) has the equivalent of (ת) =400, (א) =400, (ל) = 1, (ל) = 30 or 831. If you add the numbers together (8+3+1), it equals 12. It just so happens that the Day of Atonement falls on the 192nd day of Alohym’s year (1+9 +2), which again adds up to 12, a coincidence? Question; is this not enough evidence and truth to convict you of how perfect Alohym’s cycles of time are? Next, let’s investigate the end of verse 1, which states, “Upon her head a crown of twelve stars” Once again, we are brought back to the book Genesis for our answer concerning the stars. ([Genesis 1:16](#))

v16; And God made [two great lights](#); the [greater light to rule the day](#), and the [lesser light to rule the night the stars](#).

Earlier, Verse 14 states; the lights in the heavens are for signs, seasons, days, and years; in verse 16, the Sun rules the day and the stars the night. These two heavenly bodies drive and lead Alohym’s accurate calendar and no other signs. As a supporting scriptural witness to [Genesis 1:14](#) and [16](#), let’s read [Jubilees’ 2:9](#).

v9; And Yahuah (the LORD) appointed the sun to be a great sign on the Earth for [days](#) and [for Shabbats](#) and [months](#) and for [feasts](#) and for years and for [Shabbats of years](#) and for [jubilees and for all seasons of the year](#).

In Genesis and Jubilees’, Alohym clarifies that the Sun drives Sabbaths, months, seasons, days, years, and feasts. The sign of [Revelation 12](#) appeared during the daylight hours of September 23rd, 2017, Alohym’s Day of Atonement (“a special Sabbath”), and the twelve stars were the second witness to this event.

➤ Part 1

❖ Who is the Woman?

There are dual representations of the woman in scripture, the first being of the Holy Spirit (Ruach) and, secondly, the ecclesia (church) of Alohym. As the Virgin Mary gave birth to Messiah on Earth, so is the spiritual delivery of like-kind represented by the sign of Virgo in the heavens. This heavenly sign is the spiritual awakening and rebirth of Messiah’s ecclesia, “the women” on Earth.

[Revelation 12:1](#) points out these specific words “a woman clothed with the sun,” this phrase has significant meaning to those following Alohym’s original solar calendar as given to our forefathers and ancient Israel. Scripture states; the woman is clothed by the Sun and, according to the image on page 2, hovers over the left shoulder, draping the woman with sunlight. The light draping the women refers to Yahusha, the light bringer, the light of the world. Here are just a few scriptures to consider.

- [Matthew 5:14](#); *Ye are the **light** of the **world***. A city that is set on an hill cannot be hid.
- [John 8:12](#); Then spake Jesus again unto them, saying, *I am the **light** of the **world***: he that followeth me shall not walk in darkness, but shall have the **light** of life.

Part 10

New Spiritual Awakening

- [John 9:5](#); As long as I am in the **world**, *I am the light of the world.*
- [John 11:9](#); Jesus answered, Are there not twelve hours in the day? If any man walk in the day, *he stumbleth not, because he seeth the light of this world.*
- [John 12:46](#); I am come *a light into the world,* that whosoever believeth on me should not abide in darkness.
- [1Thessalonians 5:5](#); *Ye are all the children of light,* and the children of the **day**: we are not of the night, nor of darkness.
- [Romans 13:12](#); The night is far spent, the **day** is at hand: let us therefore cast off the works of darkness, *and let us put on the armour of light.*

What is portrayed in the heavens is Yahusha's light reflecting through the women, and as that light, you are a city set on a hill that can't hide! Like the women, you walk in the light of day and stumbleth not because you see Yahusha as your light in the world. Because we are the children of the light (Yahusha), we do not walk at night, casting off the works of darkness but putting on the armor of light.

Living in the light of Messiah through faith is what the ecclesia "women" are to live. The ecclesia takes on the spiritual aspects of living by faith because the law is spiritual, but we are carnal sold under sin. ([Ref: Romans 7:14](#)) Let's take a moment and read what King David wrote in [Psalms 119:1-3](#) concerning walking in the light of the law.

v1; (x) Blessed [are] the undefiled in the way, who walk in the law of the LORD. **v2;** Blessed [are] they that keep his testimonies, [and that] seek him with the whole heart.
v3; They also do no iniquity: they walk in his ways.

In the New Testament ecclesia, "the woman," walks in the spiritual light of the law and fulfilling the New Covenant; she is the bride of Yahusha. As events unfold in [Revelation 13](#), scripture states the patience of the saints is; those who keep Alohym's commandments and the testimony ("the evidence") of Yahusha. As we move forward in [Revelation. 14:1](#), Yahusha, along with the 144,000 saints, i.e., those who are the spiritual part of the women in heaven and those left on Earth, are changed in the twinkling of an eye ([Ref; 1 Corinthians 15:52](#)), appear on mount Zion, let's read.

v1; And I looked, and, lo, a Lamb stood on the mount Zion, and with him an hundred forty [and] four thousand, having his Father's name written in their foreheads.

Here Yahusha descends upon Mount Zion, where the two witnesses were given power for 42 months, e., 1260 days, to speak against the Anti-Christ and world system from the original temple mount destroyed by King Nebuchadnezzar of Babylon. To confirm who the 144,000 are, [Revelation 14:3](#), which states the 144,000 thousand were redeemed or purchased from the Earth. These are the elect and saints over time, i.e., the age of humankind who have accepted Messiah's blood to redeem their transgressions, baptized with the Holy Spirit, following the laws and commandment of Alohym, and living by the faith of Christ, not denying the power thus given.

Part 10

New Spiritual Awakening

✓ Commentary

In the previous paragraph, I mention the "course of time," i.e., the age of man.. The 144,000 thousand have two parts, those living in this age and those who have died in the faith whose spirit returned to our Father in heaven but disembodied. These disembodied saints will get their just reward and new spiritual body (like Messiah, the firstborn of many) when Christ returns along with the Earthly bride under the protection of Alohym, who has been faithful. Let's read [Revelation.14:4](#) about the 144,000 thousand, which states;

v4; These are with the woman undefiled for they are pure. These are they which follow the Lamb whithersoever he goeth. These were redeemed from among men, [being] the firstfruits unto God and to the Lamb.

The scripture below is from the Greek Septuagint LLX bible; notice the translation difference from Greek to English.

v4; These are the uninfected women; for they are strangers. These are the followers of the Lamb where they are. These were the descendants of the firstborn to God and to the Lamb;

I hope this was informative and impressed upon you the knowledge of who the woman truly is. The woman is the remnant of the lost tribes scattered abroad who lost their identity but by calling are living by the faith of Messiah, as scripture states; Fear not, "little flock." [Luke 12:32](#)

v32; Fear not, little flock; for it is your Father's good pleasure to give you the kingdom.

❖ The Moon doing under her feet:

In Alohym's calendar, the Moon has NO authority in the heavens or Earth. So be warned those who give power "authority" to the Moon in their worship of Alohym's Sabbaths and Feast days. The occultic Moon is pagan in its origins traced to the Babel (*Nimrod*), who after his death became the "sun god" and his wife/mother Semiramis, "the moon god." Now the name "Babylon," which history records most likely came from the word Babel; Babylon "Bibili" Sumerian language origins meaning "gate of god."

- Editor's Note" From Wikipedia: In the [Bible](#), the name appears as Babel ([Hebrew](#): בָּבֶל Bavel, [Tib.](#) בַּבְּלָא, Bāvel; [Syriac](#): ܒܒܠ, Bāwēl), interpreted in the [Hebrew Scriptures' Book of Genesis](#) to mean "confusion," [13] from the verb bilbél (בלבל, "to confuse"). [14] The modern English verb, to "babble," or to speak meaningless words, is popularly thought to derive from this name, but there is no direct connection. [15]

Within [Revelation. 12:1](#), which states, "and the moon under her feet," the moon is a representation of false gods and goddesses such as the Roman goddess Luna, whose attributes were associated with the crescent moon along with the goddess Diana mentioned in scripture and is also associated with moon worship. The Apostle Paul makes mention of the goddess Diana (Artemis in Greek) in Acts 19. Diana

Part 10

New Spiritual Awakening

was often considered a triple goddess, as Diana triformis: Diana, Luna, and Hecate. Historian C.M. Green said, "These were neither different goddesses nor an amalgamation of other goddesses. They were Diana, Diana as a huntress, Diana as the moon, and Diana of the underworld."

The Roman goddess Diana "the moon goddess," is part of the non-Jewish Seleucid Era calendar adopted by the Jewish Sages in the 2nd century, which is occultic false god worship and a big part of the world's religious system. The Apostle Paul (Shaul) makes this statement concerning the great goddess Diana in Acts. ([Acts 19:27](#))

[v27](#); So that not only this our craft is in danger to be set at nought; but also that the temple of the great goddess Diana should be despised, and her magnificence should be destroyed, whom all Asia and the world worshippeth.

The observance and influence of the moon are idolatry and creation worship and are not a part of Alohym's laws or His accurate calendar. The occultic sign of the ("crescent") moon has influenced modern Judaism and other religious groups which observe the Saturday Roman Sabbath worldwide. The [Revelation 12](#) sign indicates the crushing or bruising of the moon under the foot of the woman/ ecclesia led by Yahusha, our savior.

Let's read what the Apostle Paul tells the brethren in Cencrea (A seaport of Corinth) about obedience and bruising our adversary's symbol. ([Romans 16:19, 20](#))

[v19](#); For your obedience is come abroad unto all [men]. I am glad therefore on your behalf: but yet I would have you wise unto that which is good, and simple concerning evil. [v20](#); And the God of peace shall bruise Satan under your feet shortly. The grace of our Lord Jesus Christ [be] with you. Amen.

In retrospect, moon worship is part of the "Babylonian" world religious system, which we will come out of here. Let's read what the Apostle John says about the world; let's read. (1 John 2:15) & (Rev. 18:4)

[v15](#); Love not the world, neither the things in the world. If any man love the world, the love of the Father is not in him.

[v4](#); And I heard another voice from heaven, saying, **Come out** of her, my people, that ye be not partakers of her sins, and that ye receive not of her plagues

If you would like more information with regard to the truth about the moon, please download the free study research Part 2 from the website.

❖ A Crown of twelve stars:

As seen in the heavens, the crown of twelve stars is the nine visible stars of the constellation "Leo," the lion of Judea, and the three planets of Mars, Mercury, and Venus, making 12 stars above "Virgo's" head. There is one important thing to note in that the twelve stars above "Virgo's" lead "the women/ ecclesia" could represent the twelve tribes of Israel of which the "child" is spiritually birthed.

Part 10

New Spiritual Awakening

✓ Commentary

Remember the twelve stars above her head; this celestial event happens on the Day of Atonement, the 10th day of the 7th month on Alohym's calendar. There are no coincidences in scripture, and Atonement is no exception as this day is the 192nd day of the year; when you add up all the numbers together, look what shows up $1+9+2=(12)$. Are you starting to see the accurate patterns in Alohym's calendar; no other calendar is as perfect as HIS! ("This will be repeated several times")

❖ Who is the Child?

Most scholars believe that the child portrayed in [Revelation 12:2, 5](#) is Yahusha and that Virgo's constellation represents the Virgin Mary travailing in birth. Could we be witnessing a duality on Earth as portrayed in heaven with the birthing and revival of the ecclesia? The fact of the matter is; today's modern religious systems (i.e., the two major biblical offshoots) still need to embrace the teaching and doctrines of Yahusha fully. Both methods claim truth but are bound by their traditions and indoctrination. (Ref; [Colossians 2](#), Ordinances nailed to the cross, not Alohym's law)

Beginning in verse 2, the woman is travailing in birth (with child), and in verse 5, brought forth a man child, and the child was caught up unto Alohym and his throne. These two scriptures reference Messiah and the saints, past, present, and future; let's review.

v2; And she being with child^{G1064} cried, travailing in birth^{G5605}, and pained to be delivered.

v5; And she brought forth a man child, who's duty is to be shepherding all nations with a rod of iron: and her child was caught up unto God, and [to] his throne.

Concerning verses 2 and 5, reference [Matthew 1:21](#) and [23](#) for scripture directly relating to Messiah's birth. Verse 5 states, "whose duty is to be shepherding all nations," which again refers to Messiah but also rules with a rod of iron! (Ref: [Revelation 19:11-16](#)) As an example of the saints also ruling with a rod of iron, reference [Revelation. 2:24-27](#), in which the church in Thyatira for their overcoming will be given power over the nations, as verse 27 states;

v27; *And he shall rule them with a rod of iron; as the vessels of a potter shall they be broken to shivers: even as I received of my Father.*

The message and rewards to overcomers in the seven churches apply to all the saint's past, present, and future. (Ref: [Rev.2:1 – 4.1](#)) Can you see the duality in scripture as Messiah was birthed in the past and caught up unto Alohym's throne? Whereas today the "child" birthed is spiritually led and will rule with a rod of iron, adhering only to Alohym's word (commandments) and rejecting the traditions and doctrines of men. The child is the saints, those in the wilderness alive. At the same time, their brethren who died and are on the throne of Alohym are disembodied, waiting for a new glorified body after returning to the Earth with Messiah in the clouds. ([Ref: 1 Thessalonians 4:13-17](#))

Part 10

New Spiritual Awakening

Take a moment to reflect on the spiritual aspect of this event. The birthing of a spiritual lead body of believers brought forth by new truth and revelation through this heavenly sign. The events played out here in Rev. 12 occur on the Day of Atonement. (Note; Sept 22nd, the evening of the 9th and Sept 23rd, 2017, which is the 10th day of the 7th month in Alohym's calendar) Let's step back into scripture and read the explicit instructions Alohym gives on keeping this particular "Day of Atonement" let's read. (Leviticus 23:27-32)

v27; Also on the tenth [day] of this **seventh** month [there shall be] a day of atonement: it shall be an holy convocation unto you; and ye shall afflict your souls, and offer an offering made by fire unto the LORD. v28; And ye shall do no work in that same day: for it [is] a day of atonement, to make an atonement for you before the LORD your God. v29; For whatsoever soul [it be] that shall not be afflicted in that same day, he shall be cut off from among his people. v30; And whatsoever soul [it be] that doeth any work in that same day, the same soul will I destroy from among his people. v31; Ye shall do no manner of work: [it shall be] a statute for ever throughout your generations in all your dwellings. v32; It [shall be] unto you a sabbath of rest, and ye shall afflict your souls: in the ninth [day] of the month at 1) even, from 2) even unto 3) even, shall ye celebrate your sabbath.

In truth, NO calendar influenced by men lines up with this particular celestial event but one, Alohym's. Just as it was in the beginning, today, a spiritual ecclesia needs to align themselves with their Creator. The calling to atone oneself with our Father in Heaven is now at hand. Alohym, through HIS grace, mercy, and love, is giving us a short period to accomplish this task; make sure you're calling.

❖ Satan's Kingdom on Earth,

Let's investigate Revelation 12:3-4, which tells an exciting story about our adversary, Satan. The scriptural event describes a future setting for what must come about shortly in our lifetime. Let's read a description and location and who will rule with the great red dragon.

v3; And there appeared another wonder in heaven; and behold a *great red dragon*, having seven heads and ten horns, and seven crowns upon his heads.

Revelation 12 gives us a glimpse of future events regarding the location of Satan's kingdom, i.e., Rev. 12:9 and Rev. 20:2, the "dragon" referred to be no other than the Devil or Satan cast out into the Earth. First, let's investigate who the seven heads are in scripture, as mentioned in verse 3. Beginning in Rev. 17:9 through verse 20 tells us who the seven heads may be. Let's read:

v9; And here [is] the mind which hath wisdom. The seven heads are seven mountains^{G3735}, on which the woman sitteth. (Note: G3735; mountain (as lifting itself above the plain)

Part 10

New Spiritual Awakening

Scripture states; these seven heads are seven mountains, but where are they located? Geologically speaking, Jerusalem and Rome sit within seven mountains, but only one of these cities is called the "great holy city," Jerusalem. So the events are in Jerusalem, and as stated in Rev. 11:8, the great city, which spiritually is called Sodom and Egypt, is where our Messiah was crucified. Question; what was Sodom known for; "sexual immorality," and who is the cause of sexual perversion, Satan and his demons?

Now let's look at the ten horns and read what scripture states about these symbols. Let's begin in [Rev. 17:12](#) as this scripture tells us who these ten horns are; let's read.

[v12](#); And the [ten horns](#) which thou sawest [are ten kings](#), which have received no kingdom as yet; but receive power as kings one hour with the beast. [v13](#); These have one mind, and shall give their power and strength unto the beast.

The ten horns are (ten kings with no power given to them yet). Did you know the United Nations geographically divides the world into ten regional Groups (under the New World Order)? Could ten kings rule these ten regions with no power but will be given authority as time passes?

Let's investigate the seven crowns upon each of the ten heads. Crowns represent authority in scripture; they can also represent physical and spiritual Principalities. Crowns or the word "wreath" comes from the Greek G4735, meaning; a chaplet (as a badge of royalty, a symbol of honor). Could these crowns be seventy tongues of nations working with the anti-Christ? The answer points to the Table of Nations (Genesis 10), which lists 70 families. According to scripture, these families derive from all tongues, peoples, and sub-branches.

Speaking of multitudes, in [Rev. 13:1](#), John uses the phrase, "the sands of the sea" as he saw the beast rising out of the sea, let's read.

[v1](#); And I stood upon *the sand of the sea*, and saw a beast rise up out of the sea, having *seven heads and ten horns*, and upon *his horns ten crowns*, and upon *his heads the name of blasphemy*.

Notice the phrase; "the sands of the sea," which refers to an untold multitude, is used 11 times in scripture. It can also mean; Jacob's seed or Israel, the "people," the multitude cannot be numbered. (Ref: Genesis 32:12, Isaiah 10:22)

Having an understanding

Let's move our investigation to verses [4 and 5](#) which states; "his tail drew a third part of the stars, and did cast them to Earth", let's read.

[v4](#); And his tail drew the third part of the stars of heaven, and did cast them to the earth: and the dragon stood before the woman which was ready to be delivered, for to devour her child as soon as it was born.

Part 10

New Spiritual Awakening

Could we be witnessing parallel accounts concerning the attempted destruction of Yahusha (Christ) by Herod and the Dragon (Satan) trying to destroy the birthing of the child by the women? (Ref; [Matthew 2:11-13](#), In Review) When Yahusha was a child, Herod set a decree to kill all the young children from age two and under in Bethlehem and all coastal towns. As the story unfolds, the wise men that visited Yahusha as a young child from the East were warned by Alohym in a dream not to return to Herod and thus departed to their own country. An angel appeared to Joseph in a dream, telling Joseph to rise and take Mary and the child and flee into the land of Egypt until Herod's death.

➤ Part 2

❖ Revelation 12 Points the way:

The sign of [Revelation 12](#) brings new truth and understanding never revealed until now. As shown in the stars, this prophetic scripture has both Earthly and heavenly events associated with it. Question; what Earthly event was so important that it would affect humanity? The answer to that question is Messiah's baptism and ministry, which shortly began after the Day of Atonement!

Scripture and Alohym's accurate calendar support the events revealed in this research. In setting the stage for this truth, we must go to the past to understand the future. In [Leviticus 16:21](#), Israel's transgression and iniquity are confessed over a goat's head and sent into the wilderness. [Leviticus 16:21-31](#) sets the foundational understanding for the Day of Atonement and its purpose concerning the reconciliation of sin. (Let's read)

[v21](#); And Aaron shall lay both his hands upon the head of the live goat, and confess over him all the iniquities of the children of Israel, and all their transgressions in all their sins, putting them upon the head of the goat, and shall send [him] away by the hand of a fit man into the wilderness:

In [Lev. 16:29](#) we read that this sin offering was to be performed on the Day of Atonement.

[v29](#); And [this] shall be a statute for ever unto you: [that] in the *seventh month*, on the *tenth [day] of the month*, ye shall afflict your souls, and do no work at all, [whether it be] one of your own country, or a stranger that sojourneth among you:

Notice that verse 31 states; it's a Sabbath of rest unto you, and you shall permanently afflict your souls as a statute. One more thing to add is that this event was to be a statute performed once a year, verse 34.

As we move back into the New Testament concerning the Book of John, let's note that Messiah is baptism by John the Baptist on the Day of Atonement. [John 1:29](#)

[v29](#); The next day John seeth Jesus coming unto him, and saith, [Behold the Lamb of God, which taketh away the sin of the world.](#) [v30](#); This is he of whom I said, After me cometh a man which is preferred before me: for he was before me. [v31](#); And I knew him not: but that he should be made manifest to Israel, therefore am I come baptizing with

Part 10

New Spiritual Awakening

water. [v32](#); And John bare record, saying, I saw the Spirit descending from heaven like a dove, and it abode upon him.

In verse 29, John the Baptist notices Yahusha walking toward him and states, "Behold the Lamb of Alohym, who taketh the sins of the world." In like kind, the goat atoned for the sins of Israel, and so did Yahusha for all of humanity starting on the Day of Atonement! This event became the fulfillment of scripture and harmonized with both the Old and New Covenants.

John's account of this event and other gospels all agree that the Spirit descended upon Messiah like a dove. (Reference; [Mark 1:9-11](#), [Luke 3:21, 22](#), [Matthew 3:16](#)) We have now set the groundwork and timing through scripture and can directly address the issue of Ministry age.

In conclusion, as the goat carried away the transgressions of Israel on the Day of Atonement, the lamb of Alohym, "Yahusha," was led into the wilderness to qualify for the atonement of men's sins. (Note: Messiah's baptism was on the 192nd day of the year, the 10th day of the 7th Month, 26 A.D.)

❖ Pinpointing Messiah's true Birthdate:

Before moving forward with new truth and revelation, we must investigate historical and scriptural references in pinpointing Messiah's actual birthdate. Scripture tells us in Proverbs that it is the glory of Alohym to conceal a thing: but the honor of kings to investigate the matter. ([Proverbs 2:2](#)) So brethren, be as a king and dig into this research and study it yourself.

Let's start with Luke 3:1; this historically dated scripture will help pinpoint Messiah's baptism year.

[v1](#); Now in the fifteenth year of the reign of Tiberius Caesar, Pontius Pilate being governor of Judaea, and Herod being tetrarch of Galilee, and his brother Philip tetrarch of Ituraea and of the region of Trachonitis, and Lysanias the tetrarch of Abilene,

The above scripture focuses on when the reign of Tiberius Caesar started and how long he was on his throne. First, let's go to Wikipedia (<https://en.wikipedia.org/wiki/Tiberius>) as a historical reference which states;

- **Tiberius** ([Latin](#): *Tiberius Caesar Divi Augusti Filius Augustus*; ^{[1][2]} 16 November 42 BC – 16 March 37 AD) was a [Roman emperor](#) from 14 A.D. to 37 A.D. (Full reign) ("co-princeps" meaning equal power to Augustus in 12 A.D., this is our confirmation to [Luke 3:1](#))

As a second confirmation, Pennsylvania State University has in-depth research on the emperors of Rome (<http://www.roman-emperors.org/tiberius.htm>), which matches Wikipedia.

- The reign of Tiberius (b. 42 B.C., d. A.D. 37, emperor A.D. 14-37)

Simple math will tell us that Tiberius Caesar's co-reign started in 12 A.D. with Augustus Ceaser. Since it was the fifteenth year of his reign, it would make sense to add the two dates (12 A.D. + 15) together; they add up to 27 A.D., right? Now that we know the year of His baptism, we can apply this knowledge to the rest of this research.

Part 10

New Spiritual Awakening

❖ Messiah's Preparation for Ministry by the law!

Beginning in [Luke 3:23](#), scripture states that Yahusha (Christ), Joseph's son, was about thirty years of age. Read verse 23, but remember, the ministry period started at age thirty, according to the Old Testament.

[v23](#); And Jesus himself began to be about **thirty years** of age, being (as was supposed) the son of Joseph, which was [the son] of Heli,

To understand more about the importance of this scripture, we need to go back to [Numbers 4:3, 23](#) on the subject of ministry and Tabernacle service.

[v3](#); From [thirty years old and upward](#) even until fifty years old, all that enter into the host, to do the work in the tabernacle of the congregation

[v23](#); From [thirty years old and upward](#) until fifty years old shalt thou number them; all that enter in [to perform the service](#), to do the work in the tabernacle of the congregation.

Above are just a few scriptures stating "Tabernacle" service (work) began at age thirty and not before; here are just a few more corresponding verses in [Numbers 4:30, 35, and 39](#). As [Luke 3:23](#) states, Yahusha was not yet old enough to enter His ministry, but His baptism was the beginning of it.

❖ Messiah's Ministry Begins!

In the bible, one will never find scripture pointing to a specific "date" on which Yahusha was born. The question then becomes; can we prove by reasonable and probable evidence and the law of presumption just when Messiah was born? Therefore, the next step in establishing Messiah's birth and starting ministry date is to find scripture when Messiah began preaching the kingdom for the first time.

We call this type of research "backward thinking," a process of finding "scriptural" evidence coupled with historical facts that narrows our timeline to an earlier focal point. Let's begin by narrowing down Messiah's starting ministry date, which began with His "wilderness" experience from the various gospel accounts starting in [Luke 4:1](#); let's read.

Part 10

New Spiritual Awakening

[Luke 4:1](#), And Jesus being full of the Holy Ghost returned from Jordan, and was led by the Spirit into the wilderness, [Note: Here Luke states Messiah returned from Jordan (i.e. His baptism) and was led by the Spirit into the wilderness.(i.e. region)]

Marks account of this moment;

[Mark 1:12](#); And immediately the Spirit driveth him into the wilderness. [v13](#); And he was there in the wilderness forty days, tempted of Satan; and was with the wild beasts; and the angels ministered unto him.

Matthews account of this moment;

[Matthew 4:1](#); Then was Jesus led up of the Spirit into the wilderness to be tempted of the devil. [v2](#); And when he had fasted forty days and forty nights, he was afterward an hungered.

So in reading these accounts, scripture tells us, Messiah, at His baptism, was led by the Spirit into the wilderness for forty days. According to scripture and the understanding about the Day of Atonement, Messiah would have already started fasting on the evening before Atonement as scripture states, [Leviticus 23:27, 32](#).

[v27](#); Also on the tenth [day] of this seventh month [there shall be] a day of atonement: it shall be an holy convocation unto you; and ye shall afflict your souls, and offer an offering made by fire unto the LORD.

[v32](#); It [shall be] unto you a sabbath of rest, and ye shall afflict your souls: in the ninth [day] of the month at even, from even unto even, shall ye celebrate your sabbath.

Now looking into Alohym's calendar and counting forward from the beginning of Atonement forty days, you arrive at the 6th day of the week, the 231st day of the year, the preparation day, the day before the third Sabbath of the eighth month, the 232nd day of the year.

As the story unfolds in [Luke 4](#), Satan tempted Yahusha while he was in the wilderness, which begins in verse 4 and ends in verse 13. In verses 14 thru 16, Yahusha (Christ), filled with the power of the Holy Spirit, enters Galilee and preaches in Nazareth on the Sabbath day. ([Luke 4:14–19, 21](#) let's read)

[v14](#); And Jesus returned in the power of the Spirit into Galilee: and there went out a fame of him through all the region round about. [v15](#); And he taught in their synagogues, being glorified of all. [v16](#); And he came to Nazareth, where he had been brought up: and, as his custom was, he went into the synagogue on the sabbath day, and stood up for to read. [v17](#); And there was delivered unto him the book of the prophet Esaias. And when he had opened the book, he found the place where it was written, [v18](#); The Spirit

Part 10

New Spiritual Awakening

of the Lord [is] upon me, because [he hath anointed me to preach the gospel](#) to the poor; he hath sent me to heal the brokenhearted, [to preach deliverance to the captives](#), and recovering of sight to the blind, to set at liberty them that are bruised, [v19](#); To [preach the acceptable year](#) of the Lord.

[v21](#); And he began to say unto them, [This day is this scripture fulfilled in your ears](#).

Now verses 18 and 19 fulfill the prophecy spoken by the prophet [Isaiah 61:1, 2](#); let's read these key scriptures for a better understanding. (Additional Ref; [Matt 4:14](#), [Mark 1:15](#))

[v1](#); The [Spirit of the Lord GOD \[is\] upon me; because the LORD hath anointed me to preach](#) good tidings unto the meek; he hath sent me to bind up the brokenhearted, to proclaim liberty to the captives, and the opening of the prison to [them that are] bound; [v2](#); To [proclaim the acceptable year of the LORD](#), and the day of vengeance of our God; to comfort all that mourn;

Let's bring this into one thought, in [Luke 4:14-19](#), Messiah returned in the Spirit of power to Galilee, specifically to Nazareth on the Sabbath day. Then, in Verse 16, Messiah proclaims the fulfillment of prophecy ([v17](#)) that the Spirit of the LORD (Yahuah) hath anointed Him to preach ([v18](#)), meaning that Messiah's birth date and beginning ministry occurred within His forty-day wilderness experience.

Let's read Mark's account as a second witness in collecting more scriptural evidence concerning this event proving Messiah's anointing after being forty days in the wilderness, could now, with authority, preach on the Kingdom of Alohym. ([Mark 1:13](#), let's read)

[v13](#); And he was there in the wilderness forty days, tempted of Satan; and was with the wild beasts; and the angels ministered unto him [v14](#); Now after that John was put in prison, Jesus came into Galilee, [preaching the gospel of the kingdom of God](#),

In verse 13, Messiah returns from the wilderness (region), tempted by Satan but now preaching the gospel of the Kingdom of Alohym, fulfilling scriptural prophecy. As a reminder, Yahusha had to be thirty (30) years of age to begin His ministry. Here, via more scriptural evidence, Messiah's birth must again have occurred within the forty days of fasting in the wilderness, starting at the Day of Atonement observance.

Now let's move into the Apostle John's account of the Messiah's wilderness experience, which only covers three days, the best evidence of all.

❖ Messiah's "Wilderness" Experience.

One of the most intriguing writings in all the gospel accounts of Matthew, Mark, and Luke is their interpretation of Messiah wilderness experience and where He ventured. The wilderness subject has great importance to the overall understanding of Revelation 12, in that Messiah's baptism and beginning wilderness experience can be directly linked to the Revelation twelve sign. (let's Read)

Part 10

New Spiritual Awakening

Rev. 12:6; And the woman [fled into the wilderness](#), where she hath a place prepared of God, that they should feed her there a thousand two hundred [and] threescore days.

As Messiah entered the wilderness, so did the woman/ecclesia in verse 6. One of our guidelines for answering scripture is looking at the past to answer future events. For example, Israel left Egypt and ventured into the wilderness while being taught the forgotten ways of Alohym. In like kind, the woman/ecclesia are taken into nature while being taught the hidden and forgotten things of Alohym.

Now let's investigate the word "wilderness" in both the Hebrew and Greek languages using the Hebrew Lexicon & Strong's Reference as our guide. The reason for this exercise is to get a better overall understanding of the word "wilderness." Could it be that this word has a broader meaning to the actions of our Messiah? Let's examine.

- [Hebrew Lexicon](#); (מִדְבָּר) mid-bar, Translation: [Wilderness](#). Definition: [A tract or region uncultivated and uninhabited by human beings. Place of order, a sanctuary.](#) AHLB: 2093 (h) \Strong's: [H4057](#), KJV: desert, south, speech, wilderness ([from H1696](#))
- [Hebrew Lexicon](#); (דָּבַר) dabar, Translation: [Speak](#). Definition: [A careful arrangement of words or commands said orally.](#) AHLB: 2093 (V) Strong's: [H1696](#) KJV: answer, appoint, bid, command, commune, declare, destroy, give, name, promise, pronounce, rehearse, say, speak, be spokesman, subdue, talk, teach, tell, think, use (entreaties), utter, X well, X work

Now let's read the Greek definitions:

- [Greek#:2048](#) / er-ay-mos (noun): [lonely](#), i.e. (by implication) [waste](#) (usually as a noun, [G5561 being implied](#)). KJV: desert, desolate, solitary, wilderness
- [Greek#:5561](#) χώρα / kho-rah (noun): [Country](#) Freq: 27, Heb#: [776](#) אֶרֶץ / e-rets (noun): Land—The solid part of the earth's surface. The whole of the earth or a region. Heb#: [7704](#) שָׂדֵה / sa-deh (noun): [Field](#)—an open land area free of trees and buildings. A level plot of ground, [Pastureland](#). KJV: coast, county, fields, ground, land, region

In the Greek language, the word "wilderness" (er-ay-mos) [G2048](#) comes from the base word (Kho-rah) [G5561](#), which is implied ([Hebrew roots words #776 and #7704](#)) to the word "wilderness," meaning "Country," Fields and Pastureland. Next, let's examine this theory by referencing scripture that indicates some of the places Messiah visited during His forty days in the wilderness.

[John 1:28](#) - Bethabara beyond Jordan, where John was baptizing.

[John 1:35-51](#) - Gathers His first two disciples on the second day after His baptism

[Luke 4; v1](#) - Returned to Galilee area from across the Jordan

Part 10

New Spiritual Awakening

[Mark 1:13](#) - states that Messiah was with the wild beasts and angels

[John 2:1](#) - In the City of Cana

[John 2:12](#) - In the City of Capernaum

In other words, in today's culture, it would be like saying, "I am going shopping; I will see you in forty days." You go to many places without stating every specific location, so you lump every area into one word, "shopping," but in this case, the disciples call it the "wilderness."

❖ [John's Account, Messiah's Wilderness and birth date!](#)

Let's go to John's account of Messiah's baptism starting the next day as John the Baptist stood with two of his disciples; [John 1:35](#), let's read.

[v35](#); Again the next day after John stood, and two of his disciples; [v36](#); And looking upon Jesus as he walked, he saith, Behold the Lamb of God! [v37](#); And the two disciples heard him speak, and they followed Jesus. [v38](#); Then Jesus turned, and saw them following, and saith unto them, What seek ye? They said unto him, Rabbi, (which is to say, being interpreted, Master,) where dwellest thou? [v39](#); He saith unto them, Come and see. They came and saw where he dwelt, and abode with him that day: for it was about the tenth hour.

The above scriptural event takes place the next day after Messiah's baptism. In verses 38 and 39, John's disciples follow Messiah out in the [wilderness] "where He dwelled," and they abode with Him until the tenth hour. (10th hour, Hebrew thought is the end of the evening) (Remember this is the first day after His Baptism)

Now what happens next is the gathering of Messiah's disciples while in the wilderness; again, Messiah was not alone at this time, [John 1:41](#); let's read.

[v41](#); He first findeth his own brother Simon, and saith unto him, We have found the Messiah, which is, being interpreted, the Christ. [v42](#); And he brought him to Jesus. And when Jesus beheld him, he said, Thou art Simon the son of Jona: thou shalt be called Cephas, which is by interpretation, A stone. [v43](#); [The day following Jesus would go forth into Galilee](#), and findeth Philip, and saith unto him, Follow me. [v44](#); Now Philip was of Bethsaida, the city of Andrew and Peter. [v45](#); Philip findeth Nathanael, and saith unto him, We have found him, of whom Moses in the law, and the prophets, did write, Jesus of Nazareth, the son of Joseph. [v46](#); And Nathanael said unto him, Can there any good thing come out of Nazareth? Philip saith unto him, Come and see. [v47](#); Jesus saw Nathanael coming to him, and saith of him, Behold an Israelite indeed, in whom is no guile!

Part 10

New Spiritual Awakening

[John 1:48](#); Nathanael saith unto him, Whence knowest thou me? Jesus answered and said unto him, Before that Philip called thee, when thou wast under the fig tree, I saw thee. [v49](#); Nathanael answered and saith unto him, Rabbi, thou art the Son of God; thou art the King of Israel. [v50](#); Jesus answered and said unto him, Because I said unto thee, I saw thee under the fig tree, believest thou? thou shalt see greater things than these. [v51](#); And he saith unto him, Verily, verily, I say unto you, Hereafter ye shall see heaven open, and the angels of God ascending and descending upon the Son of man. ([Note: These events happened on the second day after Messiah's baptism](#))

Here again, Messiah is walking around in the region of Galilee [wilderness], gathering His disciples. Does that sound like he is alone? Let's move on to the third day, starting with John 2:1.

[v1](#); And the [third day](#) there was a marriage in [Cana of Galilee](#); and the mother of Jesus was there: [v2](#); And both Jesus was called, and his disciples, to the marriage. [v3](#); And when they wanted wine, the mother of Jesus saith unto him, They have no wine. [v4](#); Jesus saith unto her, Woman, what have I to do with thee? [mine hour is not yet come](#). [v5](#); His mother saith unto the servants, Whatsoever he saith unto you, do [it]. [v6](#); And there were set there six waterpots of stone, after the manner of the purifying of the Jews, containing two or three firkins apiece.

Here we read this statement from Messiah "It is not yet His hour," what exactly is Messiah talking about? Look back to page 12 concerning ministry service, which begins at 30 years of age. Now let's read about the first miracle of our Messiah, changing the water to wine. (John 2:7, let's read)

[v7](#); Jesus saith unto them, Fill the waterpots with water. And they filled them up to the brim. [v8](#); And he saith unto them, Draw out now, and bear unto the governor of the feast. And they bare [it]. [v9](#); When the ruler of the feast had tasted the water that was made wine, and knew not whence it was: (but the servants which drew the water knew;) the governor of the feast called the bridegroom, [v10](#); And saith unto him, Every man at the beginning doth set forth good wine; and when men have well drunk, then that which is worse: [but] thou hast kept the good wine until now.

[John 2:11](#); [This beginning of miracles did Jesus in Cana of Galilee](#), and [manifested forth his glory](#); and his disciples believed on him. [v12](#); After this he went down to Capernaum, he, and his mother, and his brethren, and his disciples: and they continued there not many days.

The miracle of the wine could only have happened after Messiah turned thirty years of age. Meaning from the time His mother instructed the disciples to do whatever he said until the water turned to the wine must have been the ("space of") time in which Yahusha (Christ) legally came of age to fulfill the Law and begin ministry service, as stated in Numbers 4:3, 23.

So, after researching and narrowing down specific events and dates, what day was Yahusha born? The answer is the 195th day of the year, the 13th day of the 7th month. From Messiah's starting ministry

Part 10

New Spiritual Awakening

twelve hundred sixty days later or 3-1/2 years, you end up on the 13th day of the 1st month. On this day, Yahusha established the New Covenant to His disciples at the Last Supper and for all humankind. (No coincidence here!)

Editor's Note: The day Messiah was born was the first day after the fall equinox, the actual shifting of the stars to the east due to the position of Earth in its orbit around the sun. It is also the first day in Alohym's calendar year, beginning with less than 12 hours of daylight. So, why did the Apostle John give such great detail about the first three days after Messiah's baptism? To point out Messiah's disciple gathering while pinpointing His beginning ministry and birth date at 30. In reading the above information, can you start seeing the parallel applying to [Revelation. 12:6](#)?

v6; And the woman fled into the wilderness, where she hath a place prepared^{G5142} of God, that they should feed her there a thousand two hundred [and] threescore days.

These new truths could only have come with the recent new understanding of Alohym's true and only calendar.

➤ Messiah's birth by the numbers!

While researching the gestation period of childbirth, it has come to our attention that the number forty is a significant component in proving the Messiah's birth and day of conception. Here are a few examples of the number forty (40) in scripture and their associated events.

- It rained forty days and night at the start of the flood
- The children of Israel ate manna for forty years
- Moses fasted forty days and nights with Alohym on the mountain
- Elijah was forty days and nights on mount Horeb
- Messiah fasting for forty days in the wilderness

The point is that the number forty (40) throughout the Bible is associated with trials and testing, and the Messiah's birth is not accepted. Our Messiah was perfect in every way, and even His gestation period is no different. Full-term birth is forty weeks long or precisely 280 days. Now you are about to learn the perfection of Alohym and His timing; let's read.

- According to our scriptural research, Messiah was born on the 13th day of the 7th month. According to the Gregorian calendar, this day is September 20th (2022), or the first day with less than 12 hours of daylight. Therefore, this is the first day after the fall Equinox and the first actual day of the fall season.
- Messiah being perfect in every way would have had an ideal gestation period of 40 weeks, and numbers will not lie. So using the 13th day of the 7th Month, which is the 195th day of the year, we subtract 280 days (forty weeks) from that number; you come up with the 10th Month, the 7th day of the Month, and the 280th day of the year. Just

Part 10

New Spiritual Awakening

what do Biblical numbers mean? Ten (10) points; “completeness or divine order, Seven (7) means; “perfection,” and the number 280 adds up to 10. Is this a coincidence because numbers do not lie! To come up with the perfect conception and gestation period of 280 days, and finding out that it was the 280th day of the year, again, can be no coincidence.

Standing on the previous revelations puts aside all other religious beliefs. According to Alohym’s truth cycles of time, Messiah was born on the first day of fall, on the 13th day of the 7th Month in 4 BC; this would make Him 30 years of age in the year 26 AD as previously studied. (Note: King Herod died in BCE; by the time the wise men of the East found Yahusha, he was several years old and living in Egypt)

❖ One Prophetic timeline in two Scripture!

Now let’s get back to how we calculate this span of thousand two hundred [and] threescore days. Starting from the Day of Atonement, the 192nd day of the year, moving forward 3-1/2 years or twelve hundred sixty-day (1260), you would end up on the 10th day of the 1st month in Alohym’s accurate calendar. (The calculations are below)

1. Each year is exactly 364 days long, 360 monthly days and 4 seasonal division days that are counted in the reckoning of a year but not a part of the monthly count. So we take 3yrs x 360 days which equals 1080 days.
2. Next we have 172 days between the 10th day of the 7th month (192th day) and the end of the year 364th day, minus two (2) seasonal transition days which equals 170 total days. Total time form both 1 & 2 = 1247 days
3. Next we have to add the first 10 days of new year (1st month) to the other total days and we get 1080 + 170 + 10 = 1260 days.

(Note: The above formula can be applied to Messiah's beginning ministry date from the 13th day of the 7th month, the 195th day of the year by adding 1260; you end up on the 13th day of the 1st month in 30 A.D., the day Yahusha gave the new covenant to the disciples.)

If we research scripture, we will find that the separation of the firstborn is on the 10th day of the 1st month in Alohym's calendar. Remember that this day is for the separation of the sheep and goats in ancient Israel, but it is a spiritual separation of the Messiah's firstborn in our time. (Ref; [Exodus 12](#))

([Exodus 12:3-5](#) let’s read)

v3; Speak ye unto all the congregation of Israel, saying, In the **tenth** [day] of this month they shall take to them every man a lamb, according to the house of [their] fathers, a lamb for an house: v4; And if the household be too little for the lamb, let him and his neighbour next unto his house take [it] according to the number of the souls; every man according to his eating shall make your count for the lamb. v5; Your lamb shall be without blemish, a male of the first year: ye shall take [it] out from the sheep, or from the goats:

Part 10

New Spiritual Awakening

Let's move on to [Revelation 12:14](#), where we read the woman will be taken into her place on the wings of an eagle for time, times, and half times. (Let's read)

[v14](#); And to the woman were given two wings of a great eagle, that she might fly into the wilderness, into her place, where she is nourished for *a time, and times, and half a time*, from the face of the serpent.

Question; Are the one thousand two hundred threescore days (1260) of Rev. 12:6 and the time, times, and half times, i.e., 3-1/2 years, the same time? The answer is "yes." The difference between verses 6 and 14 is the betrothed "woman" is given two wings of an Eagle to fly into the wilderness. Remember that verse 6 states the woman fled "ran away" into the wilderness where she hath a place prepared of Alohym..

In Exodus 19:4, Alohym brought Israel out of Egypt on eagles' wings, meaning swiftly, in like manner, Alohym will do the same thing at this future date. Also, the phrase "caught up," Harpazo in Greek, Rapture in English, is not referenced in verses 6 or 14.

❖ A Prophetic time of Completion!

The Book of Revelation is about future events that will happen on Earth and in Heaven. When reading these events to be fulfilled on Earth, what is the exact timing of these events? Remember that scripture tells us that Messiah went into the wilderness after His baptism on the Day of Atonement, just as the woman does in Rev. 12:6.

✓ Commentary

The physical gathering of Messiah's disciples during His ministry is applied today, which began on the Day of Atonement (Yom Kippur) on September 23rd, 2017. It is "estimated" that a nine-year (Completion) time frame exists for awakening His saints in the wilderness scattered throughout the Earth. The question now becomes how?

The deception of man's religion runs deep in every aspect of our lives. Alohym's people have been divided ("denominated") into so many religious sects that no wonder the body of Messiah is spiritually inept. But there is hope for those that seek to be taught by the Holy Spirit, which will bring you into all truth and show you things to come! ([John 16:13](#))

[Hosea 4:6](#). My people are destroyed for lack of knowledge: because thou hast rejected knowledge, I will also leave thee, that thou shalt be no priest to me: seeing thou hast forgotten the law of thy God, I will also forget thy children.

Let's get back to the question; "what is the path to waking up, Alohym's ecclesia spiritually and physically"? First, we have set our mindset on realizing the fraud, lies, and deceptions of the current Babylonian corporation ("government") system that enslaved America and its world's people since the

Part 10

New Spiritual Awakening

1860s. Secondly, we must understand that you cannot have physical fraud without spiritual fraud; let that sink in!

The answer is simple, but the execution is much harder; the Roman (Julian and Gregorian) and the Jewish calendars of today are ALL frauds! The Roman calendars are void of Alohym's appointed times, Sabbaths, seasons, days, and New Year's. Using these calendars as a basis for worshipping Alohym is an abomination to Him; you may have a zeal for God but not according to knowledge.

Romans 10:1; Brethren, my heart's desire and prayer to God for Israel is, that they might be saved. **v2**: For I bear them record that they have a zeal of God, but not according to knowledge.

The relational knowledge spoken of by Paul is devoid of this current society's mindset, which to Alohym, has physical and spiritual aspects in worshipping Him. The physical relationship of obedience is not separate from the spiritual one, as they go hand in hand. The physical connection of compliance is knowing and applying (Christ's) Yahusha's doctrine, His calendar days of worship, unique to him. The spiritual element is the indwelling Holy Spirit through baptism, of which Alohym will make his abode within you. The physical aspect is obedience to His Sabbaths and Holy Days, which are not found correctly in today's Jewish calendar.

Have you read the scripture which says;

Matthew 7:22; Many will say to me in that day, Lord, Lord, have we not prophesied in thy name? and in thy name have cast out devils? and in thy name done many wonderful works? **v23**; And then will I profess unto them, I never knew you: depart from me, ye that work iniquity.

Question; why would Yahusha state that He never knew them? For successful relationships to work, there must be personal interaction, like-mindedness, and a willingness to listen and change when proven wrong. One key element in acquiring a better relationship with Alohym is observing His appointed times, on His scheduled times, and not on anyone else's; choosing to disobey is plain and simple idolatry. In other words, you are more important than Alohym's words.

✓ Commentary

As believers in Yahusha (Christ), the Son of Alohym and man, getting back to the basics of scripture and His law will save your life! The Ten Commandments are NOT the ten suggestions, and walking away from man's traditions is the only avenue in which ecclesia will regain its rightful standing.

The Ecclesia meaning "Rule and Rein" – or Devin Senate must be understood as we sit in heavenly places. Still, due to religious doctrinal error and Mythraism, Ecclesia's proper understanding and application are lost. To further expound on this issue, the word "church" as researching Etymology comes from the Greek "Circe," the ancient Greek Goddess of Helios. The translators of the KJV Bible and many others inserted doctrinal error by choice, not truly understanding the Hebraic language.

Part 10

New Spiritual Awakening

Getting back to Prophetic Time:

Alohym is perfect in all He does, and His calendar of time is no different. At best, it has been puzzling to put dates and times together concerning near-future events. In stating that, our creator is always perfect by the numbers, as revealed in this research. One of the mysteries within Revelation 12 is the time frame between verses 2 and 6, of which we now believe a nine-year time frame exists, bringing us into the fall festivals of 2026. Nine, in biblical terms, means completion. So, just as a full-term child is born in nine months, in like manner, the ecclesia (*Alohym's knowledgeable spirit-filled people*) are spiritually woke within that period.

To further reinforce the time frame between September 23rd, 2017, and the beginning of the great tribulation, we must remember Daniel 9 and 12, which is crucial to understanding Alohym's timeline, of which there is a prophetic chart for your viewing on page 196. Getting a little deeper into specifics, read Daniel 12:1, which talks about those delivered written in the Book of Life. Those written in the Book of Life are the saints, the first fruits of Alohym resurrected at Yahusha's second coming, the end of the era.

Think logically about this subject. If we go by Daniel's revelation concerning the Messiah's return, there has to be a 1260-days or 3-1/2-year time frame in which the ecclesia "are taken" to a place prepared for them. (Ref: Revelation 12:6 and 14, which is referencing the same period, not two different ones) Let's do the simple math, nine plus three and a half years brings the count to Alohym's New Year in 2030, around the 10th day of the First month, a significant day biblically separating the Sheep from the Goats.

Also, Consider; when you see two very similar scriptures close together stating the same information, such as Revelation 12:6 and verse 14, Alohym is trying to make a statement here, meaning He is referencing the same topic, in this case, the period of 1260-days or 3-1/2 yrs which are the same time frame.

❖ The Meaning of Numbers: The Number 9

Used 49 times in Scripture, the number 9 symbolizes [divine completeness](#) or conveys the [meaning of finality](#). Christ died at the 9th moment of the day, or 6 p.m., just as evening began paving the way of salvation open to everyone. [The Day of Atonement](#) (Yom Kippur) is the only one of God's annual Feast days of worship that requires believers to fast for one day. This day is extraordinary as (Christ) Yahusha was baptized and began His wilderness experience overcoming Satan. This specific Sabbath is the ONLY day outside the weekly Sabbaths, and observing it can be found in [Leviticus 23:32](#).

Do you think it was a coincidence that the [Revelation 12](#) sign fell on this very day? There are NO coincidences with Alohym!

Next, realize once hearing these words, be thankful you heard them now as it gives you time to come to a better-informed decision as to how you want to be in a relationship with the Creator of whose image you reflect.

Part 10

New Spiritual Awakening

➤ Daniel's Messiah Prophecy, Revealing the Truth

This article addresses prophecies found within [Daniel 9:24-27](#) and its associated confirmation scriptures. As stated by many theologians and scholars, Daniel's prophecy of the coming Messiah is a 490-year prophecy from the decree of Artaxerxes in 457 BC to Christ's death in 33 AD.; this could not be further from the truth. As time moves ever closer to Messiah's coming, keep in mind that the testimony of [Jesus] Yahusha is the spirit of prophecy. (Ref: [Rev 19:10](#))

You are about to read and study history coupled with scripture, bearing witness to a new understanding of Daniel's Messiah prophecy. Scripture tells us to lean not toward our understanding but trust in the LORD, Yahuah pre-incarnate Christ. (Ref: Proverbs 3:5) I believe that what you will read and discover in this article will enlighten you to new truth and understanding as not written before. Let's begin as Daniel expounds on his knowledge of Jeremiah's 70-year prophecy of Jerusalem's desolation. (Ref: Jeremiah 25:11, 12) Let's read

[v11](#); And this whole land shall be a desolation, [and] an astonishment; and these nations shall serve the king of Babylon seventy years. [v12](#); And it shall come to pass, when seventy years are accomplished, [that] I will punish the king of Babylon, and that nation, saith the LORD, for their iniquity, and the land of the Chaldeans, and will make it perpetual desolations.

The above scriptures from Jeremiah are particular about the number of years (70) Judea would be in captivity under Babylonian rule. Now, consider Daniel's insight at the beginning of verse 24, which states seventy weeks and not seventy years. (Ref: Daniel 9:24)

[v24](#); [Seventy weeks](#) are determined upon thy people and upon thy holy city, to finish the [transgression, and to make an end of sins](#), and to make reconciliation for iniquity, and to bring in everlasting righteousness, and to seal up the vision and prophecy, and to [anoint the most Holy](#).

Once again, everything in verse 24 points back to Jeremiah's 70-year prophecy, so let's investigate the Hebrew language translation to see if there are any mistranslated words. Beginning with the word

The screenshot shows a software window titled "interlinear" with the text of Daniel 9:24. The text is presented in three rows, with Hebrew characters above and English translations below. The first row contains: "הפשע", "לכלא", "קדשך", "ועל - עיר", "עמך", "על -", "נחתך", "שבעים", "שבעים". The second row contains: "e-phsho", "l-kla", "qdsh-k", "oir - u-ol", "om-k", "- ol", "nchtk", "shboim", "shboim". The third row contains: "H6588", "H3607", "H6944", "H5892 - H5921", "H5971", "- H5921", "H2852", "H7657", "H7620". The English translation below reads: "the-transgression to-to-detain-of holiness-of-you city-of and-on people-of-you on he-is-segregated seventy sevens". The second row of the screenshot contains: "עון", "ולכפר", "חטאת", "חטאות", "ולהתם", "ולחתם". The third row contains: "oun", "u-l-kphr", "chtath", "chtauth", "u-l-ethm", "u-l-chthm". The English translation below reads: "depravity and-to-to-make-propitiatory-shelter-of sin sins and-to-to-finish-of and-to-to-seal-of". The third row of the screenshot contains: "קדשים", "קדש", "ולמשה", "ונביא", "חזון", "ולחתם", "עלמים", "צדק", "ולהביא". The fourth row contains: "qdshim", "qdsh", "u-l-mshch", "u-nbia", "chzun", "u-l-chthm", "olmim", "tzdq", "u-l-ebia". The fifth row contains: "H6944", "H6944", "H4886", "H5030", "H2377", "H2856", "H5769", "H6664", "H935". The English translation below reads: "holinesses holiness-of and-to-to-anoint-of and-prophet vision and-to-to-seal-of eons righteousness-of and-to-to-bring-of".

Part 10

New Spiritual Awakening

“weeks”, Strong’s H7620 (shabuwa) meaning; sevened, i.e. a week (specifically, of years).

Verses 22-23, spoken by the messenger Gabriel, give skill and understanding to Daniel on the matter concerning the vision relating to the sins of Judea and Jerusalem. The phrase “Seventy weeks” spoken of at the beginning of verse 24 is not 490 years, as modern scholars elude to, but it is just seventy weeks of years. Why was the term “weeks” used instead of years, which now takes us back to the Book of Jeremiah? (Ref: [Jeremiah 5:23-25](#) let’s read)

v23; But this people hath a revolting and a rebellious heart; they are revolted and gone. v24; Neither say they in their heart, Let us now fear the LORD our God, that giveth rain, both the former and the latter, in his season: he reserveth unto us the appointed weeks of the harvest. v25; Your iniquities have turned away these [things], and your sins have withholden good [things] from you.

✓ Commentary

The word weeks has a long association with the harvest festivals such as the Feast of Weeks (i.e., counted from the 15th day of Abib, seven Sabbath weeks or, 49 days), one of the appointed times for the harvest as stated above. Because of Judea’s sin, the land was defiled, so declared by Daniel and Jeremiah’s prophecy. So we could also apply this thought since Israel’s economy and lifestyles were based on managing the land, seventy harvest years.

Next, direct your view to the end of verse 24 on the previous page, which states, "*and to seal the vision and prophecy, and to anoint the most Holy.*" But first, let's investigate a few translation errors that changed the original scripture's flow.

1. Let’s begin with the phrase “vision and prophecy^{H5030},” focusing on the word “prophecy.” Again keeping true to the original Masoretic text, the term used is “prophet,” Strong’s H5030, not H5016, meaning; prophecy.
2. Next, let’s address the word “anoint,” Strong’s H4886 (משח) (mashach) - meaning; (Smear :) to smear oil as a sign of authority. If verse 24 was talking about the Messiah, then why didn’t the translators use Strong’s number H4899 (משיח) (mashiyach), meaning; anointed; usually a consecrated person (as a king, priest, or saint); specifically, the Messiah.
3. Let’s address the last two words of verse 24; “holiness of holiness,” qodesh- Strong’s H6944 meaning; someone or something that has been separated from the rest for a particular purpose. Set apart, holy, Sanctuary, hallow, holiness. Here again, coming up with the correct answer in understanding verse 24 begins with asking, “What or who is qodesh (set apart, holy),” the answer is simple, the holy city Jerusalem and the Sanctuary.

Part 10

New Spiritual Awakening

Keeping true to the thought, verse 24 talks about Jeremiah's prophecy and adhering to the original clarity of the scripture; it could have been written as such; "and to seal the prophet's vision and to anoint the holy sanctuary." The closing of Jeremiah's prophecy ended with the dedication of the newly built temple in Jerusalem in the 6th year reign of Darius the Great in 516 B.C. (Ref: [1 Esdras 7:5](#), [Ezra 6:15](#)) Exactly 70 years after Judaea fell into captivity by Babylonian forces in the year 586 B.C.

✓ Commentary

In keeping the historical timeline straight, [Daniel 9:1-2](#) written in the first reigning year of Darius the Great, which was 522-521 B.C. According to the prophet Haggai, in the second reigning year of Darius the Great 521-520 B.C., "the foundation of the LORD'S temple walls were laid" on the 24th day of the 9th month of which the LORD states "from this day" I will bless you. (Ref: [Haggai 2:18-19](#)) The prophecy surrounding [Daniel 9:24](#) began with laying the second temple walls, which in chronology is 550 years or 11 Jubilees' to Messiah's death in 30 A.D. Remember that history and scripture are the faithful witnesses to biblical answers.

Next, let's move to the real scriptural prophetic time which was given by Gabriel in [Daniel 9:25](#), let's read.

❖ Daniel 9:25

v25; ¹⁾ Know therefore and understand, [that] from the going forth ~~of the commandment~~ to ~~restore~~ return and to build Jerusalem ²⁾ unto the Messiah the Prince [shall be] ^{a)} seven weeks, and threescore and two weeks: the street shall be built again, and the wall, even in troublous times.

The above scripture, divided into two parts, provides better clarity. Let's begin with part 1, which reads, "Know therefore and understand, [that] from a going forth of the commandment to restore (return) and to build Jerusalem," is referring to [Nehemiah 2:1-6](#); specifically, verse 7, let's read.

- v7; Moreover I said unto the king, If it please the king, let letters be given me to the governors beyond the river, that they may convey me over till I come into Judah;

The historical timeline of Nehemiah 2 begins in the 20th year of Artaxerxes I, which would have been the year 445 B.C. (Note; Artaxerxes I, as stated by the historical record, reined from 465-424 B.C.) Scripture also records that in fulfilling part 1, Nehemiah finished building the walls of Jerusalem on the 25th day of Elul in 52 days. Note; the 25th day of Elul, the 6th month of the year, is the last Sabbath of the summer season and the 176th day of God's secret year. (Ref: [Nehemiah 6:15](#))

- v15; So the wall was finished in the twenty and fifth [day] of [the month] Elul, in fifty and two days.

Part 10

New Spiritual Awakening

Let's move into part 2 by reading the messenger Gabriel's prophetic timeline for Messiah the Prince (Noble); "unto the Messiah [the] Prince [shall be] seven weeks, and threescore and two weeks." Here in the first part of verse 25, the word "Prince," is used but should have been "Noble" or Lordy, Strong's H5057 (נגיד) meaning; a commander (as occupying the front), civil, military or religious. In the Ancient Hebrew Lexicon, #2372 (נגיד) means; Noble, One who tell orders. In Hebrew, the word "Prince" is Strong's H5387, meaning; a holy one, i.e., a king or sheik. Keep in mind that Yahusha's nobleness began in the flesh with his baptism on Atonement and became a priest three days later at the wedding feast in Cana.

Understanding verse 25's prophetic timeline helps to read it from the Hebraic viewpoint. That said, please review the Interlinear Scriptural Analyzer below and notice the additional notes and markups.

After reviewing the red-underlined words in English compared to the Masoretic text, the translators added "weeks and commandment" while changing (ms; return) to restore. Next, in part 2, how does the math equation underlined in blue bring us to the correct year of Messiah the Noble? It is well-known that theologians and seminaries teach that Daniel 9's prophecy timeline is 490 years, but is this the case? Let's look at two scenarios concerning the timeline, first using English and, second, Hebrew. (Referencing page 3, v25 1. a)

- a. **English;** seven weeks, and threescore and two weeks = 7 + (49 = 7 Fold) + (60 x 7) + (2 weeks)
14 = 490
Hebrew; (right to left) and-two - sixty and sevens - seven-sevens = 7 x 7 + (60 x 7) + 2 = 471

Question; which equation flow is correct? Again, the English translators added the word "weeks" to the scripture, which adds 13 years to the timeline. The only way to come up with the correct answer is to let history and scripture tell the story. The prophetic timeline of Messiah's coming and nobleness is

Part 10

New Spiritual Awakening

specific and perfect. In finding the accurate timeline, we begin with the answer to part 1, when Nehemiah finished building the walls of Jerusalem's 445 BCE. Below are scenarios 1 and 2. Let's read.

1. 445 B.C. - 490 years = 45 A.D., incorrect, Messiah was not baptized or died in 45 A.D.
2. 445 B.C. – 471 years = 26 A.D., correct, with other witnesses to prove the date.

After establishing scenario two is at least closer to the goal of Messiah's prophetic rulership, a second scriptural witness is brought forth in support of the 26 A.D. timeline. This evidence comes from Luke 3:1; let's read.

v1; Now in the fifteenth year of the reign of Tiberius Caesar, Pontius Pilate being governor of Judaea, and Herod being tetrarch of Galilee, and his brother Philip tetrarch of Iturea and of the region of Trachonitis, and Lysanias the tetrarch of Abilene,

The focus of this scripture is based on Tiberius Caesar's reign begin. Our investigation begins in Wikipedia (<https://en.wikipedia.org/wiki/Tiberius>) as one of our historical reference which states;

- ❖ Tiberius (Latin: *Tiberius Caesar Divi Augusti Filius Augustus*,^{[1][2]} 16 November 42 BC – 16 March 37 AD) was a Roman emperor from 14 A.D. to 37 A.D.(Full reign) ("co-princeps" meaning equal power to Augustus in 12 A.D., this is our confirmation to [Luke 3:1](#))

As a second confirmation, we are going to Pennsylvania State University which has in-depth research on the emperors of Rome (<http://www.roman-emperors.org/tiberius.htm>)

- ❖ The reign of Tiberius (b. 42 B.C., d. A.D. 37, emperor A.D. 14-37)

History records that Tiberius Caesar co-reigned with Augustus starting in 12 A.D. Since it was the fifteenth year of his reign, it only makes sense that once you add the two dates together (12 + 14), you come up; with 26 A.D. Well, you might be wondering why I inserted 14 instead of 15, as Luke 3:1 states, because the definition of a "reigning year" is the time between its anniversary dates. In this case, the 15th-year reign of Tiberius is between the 14th and 15th years. So, having investigated all relative historical documentation concerning Tiberius Caesar's reigning years, it seems as though scenario two corroborates the 26 A.D. date.

The question is, "What happened in 26 A.D. which lifted Messiah's status to the ruler or noble position? Messiah's ministry began on the 13th day of the 7th month in 26 A.D., after performing the miracle of water into wine at the wedding feast in Cana. (Ref: [John 2:1-11](#))

Through our investigation, we have solved the timeline equation and the beginning and ending prophetic dates of verse 25 and now it's time to tackle verse 26, let's read.

Part 10

New Spiritual Awakening

❖ Daniel 9:26

v26; And after threescore and two weeks shall Messiah be cut off, but not for himself: and the people of the prince that shall come shall destroy the city and the sanctuary; and the end thereof [shall be] with a flood, and unto the end of the war desolations are determined.

As we proceed through Daniel 9, keep in mind several prophecies unfold with specific timelines as to Messiah's coming, and verse 26 is no acceptance. So let's begin investigating the prophetic timelines of verse 26 by getting into the Hebrew language through the Interlinear Scriptural Analyzer, focusing on the first sentence of the scripture; let's read.

והעיר	לו	ואין	משיח	יכרת	ושנים	ששים	השבעים	ואחרי
u·e·oir H5892	l·u -	u·ain H369	mshich H4899	ikrth H3772	u·shnim H8147	shshim H8346	e·shboim H7620	u·achri H310
and·the·city	to·him	and·there·is·no	anointed·one	he·shall·be·cut·off	and·two	sixty	the·sevens	and·after
ועד	בשטף	וקצו	הבא	נגיד	עם	ישחית	והקדש	
u·od H5704	b·shthp H7858	u·qtz·u H7093	e·ba H935	ngid H5057	om H5971	ishchith H7843	u·e·qdsh H6944	
and·until	in·the·overflowing	and·end·of·him	the·one·coming	governor	people·of	he·shall·ruin	and·the·sanctuary	
					שמונת	נחרצת	מלחמה	קץ
					shmmuth H8074	nchrtzth H2782	mlchme H4421	qtz H7093
					ones·being·desolate	being·decided	war	end

Take note; the scripture above is separated into two color-coated sections, red at the beginning and green at the end. The red underlined scripture denotes *time*, and the green highlighted feature indicates a *place*. It is essential in understanding this scripture that we stay true to the flow of the Masoretic text written as such;

1. (*first half*) v26; and after – the sevens (“weeks of years”) – sixty and two (62) – Messiah – shall be cut off - to him - where - the city - and the sanctuary - shall be destroyed

Notice the difference in scriptural flow by staying faithful to the Masoretic text. The result is a much better-understood scripture. Let's now move into the last sentence using once again the Masoretic format;

2. (*second half*) people of – the one coming – commander – and end of him – in deluge (overwhelming) - and until – war – ends – desolation determined. The timeline of weeks described in verse 26 has puzzled scholars and theologians for ages giving all but the correct prophetic interpretation in Luke 2. But first, let's present the overall proper timeline understanding of verse 26.

Part 10

New Spiritual Awakening

In the (*first half*) of the sentence, the timeline as written in Hebrew is "and-two sixty the-sevens" ("weeks of years"), whereas, in verse 25, written as "and-two sixty and-sevens." The apparent difference between the phrases is the words "and" and "the." The term "and" (in verse 25) is a conjunction that couples the two words, "sixty and sevens," together or mathematically, $60 \times 7 = 420$. Whereas in verse 26, "the" references a specific or individual word object, "sevens" ("weeks of years"). In this case, verse 26 has a timeline of 62 years.

The (second half) of the sentence, "*Messiah is cut off to him where the city and sanctuary shall be destroyed,*" refers to Messiah's experience in Jerusalem at age 12, three days after the Feast of Tabernacles. (Ref: Luke 2:42-50)

- v42; And when he was twelve years old, they went up to Jerusalem after the custom of the feast. v43; And when they had fulfilled the days, as they returned, the child Jesus tarried behind in Jerusalem; and Joseph and his mother knew not [of it]. v44; But they, supposing him to have been in the company, went a day's journey; and they sought him among [their] kinsfolk and acquaintance. v45; And when they found him not, they turned back again to Jerusalem, seeking him. v46; And it came to pass, that after three days they found him in the temple, sitting in the midst of the doctors, both hearing them, and asking them questions. v47; And all that heard him were astonished at his understanding and answers. v48; And when they saw him, they were amazed: and his mother said unto him, Son, why hast thou thus dealt with us? behold, thy father and I have sought thee sorrowing. v49; And he said unto them, How is it that ye sought me? *wist ye not that I must be about my Father's business?* v50; *And they understood not the saying which he spake unto them.* v51; **And he went down with them**, and came to Nazareth, and was subject unto them: but his mother kept all these sayings in her heart.

The scriptures above provide the prophetic timeline for the green underlined (half) part 1, verse 26. As a quick recap, Messiah, at 12 years of age, tarried behind in Jerusalem after the Feast of Tabernacles without his parent's knowledge. Joseph and Mary return, finding Yahusha in the temple (sanctuary), sitting amid the doctors, hearing and asking questions about His Father's obligations. After being confronted by his parents, they left Jerusalem and went to Nazareth. Messiah, as scripture states, "was cut off" by his parents from the city and the sanctuary, which future destruction will be in 62 years.

The question becomes; "in what year was Yahusha 12 years of age"? The answer to this question is found in recorded history. History confirms Jerusalem and the temple (sanctuary) were destroyed by the Roman *commander Titus* in 70 A.D., which answers part 2 (*second half*) of verse 26. Knowing the

Part 10

New Spiritual Awakening

destruction date of Jerusalem now gives us the information needed to answer the red-underlined (half) of part 1, by subtracting 62 years from 70 A.D. we end up at 8 A.D., the year Yahusha was 12 years old.

In Part 10 of “Walking in the Newness of God’s Solar Sabbath calendar,” you will discover Messiah’s actual birthdate was on the 13th day of the 7th month, two days before the Feast of Tabernacles. Meaning Messiah was born at the end of 4 B.C., which validates that Messiah’s 30th birthday and beginning ministry date was the 13th day of the 7th month in 26 A.D.

Also, the 26 A.D. date proves that verse 25’s timeline of 471 years starting from 445 B.C. (445 – 471 = 26) is a second perfect witness to Daniel’s Messiah prophecy.

❖ Daniel 9:27

Much to this writer’s surprise, verse 27 is not about the Messiah’s death; there is no reference in this scripture concerning Messiah. Once again, and in many instances, the modern-day church forces its scriptural narrative without genuinely understanding the language content. In getting to the absolute truth of this scripture, we will break it down piece by piece so there is no misunderstanding. Let’s begin by reading the English translation and then moving into Hebrew.

Let’s read v27; And ^{a.} he shall confirm the covenant with many for ^{b.1}one week: ^{b.2}and in the midst of the week ^{c.}he shall cause the sacrifice and the oblation to cease, ^{d.}and for the overspreading of abominations he shall make [it] desolate, even until the consummation, and that determined shall be poured upon the desolate.

With its underlined phrases, the above scripture is broken down into 4 Parts, a – d., which are critical in understanding the full content of Daniel’s prophecy concerning Jerusalem’s destruction. To begin, we will methodically go through each section, investigating the vocabulary and history behind it. Let’s start with Part A.

Part a, “He shall confirm the covenant with many”; the question arises, who is the word “he” referencing? In this instance, the term “he” refers to “the commander” Titus and not Messiah, as many have alluded. Also, in the first phrase, the word “confirm” is used instead of “prevail” Strong’s H1396 (גבר) meaning; (*To be successful in strength and authority*). Remember that the words “prevail and confirm” have two different meanings and have no associated synonyms or antonyms.

After inserting the correct word “prevail,” this scripture could have stated, “and he prevailed” or overcome. Next, let’s review the last four terms in the original word, “the covenant with many,” which accurately flows with the original text but, for better clarity, could have been written as “[the] covenant to the multitude.” Let’s put the corrected phrases together, saying, “he prevailed [the] covenant to the multitude.” The question becomes, what covenant is being talked about that Titus prevailed over?

Part 10

New Spiritual Awakening

The answer begins in the second half of verse 26, which addresses the destruction of Jerusalem and the sanctuary. The focal point regarding verse 27 is toward the end of the siege and what covenant the Jews were still keeping.

Part b, ("one week and in the midst of the week") has been split into two parts.

b.1 -"One week" refers to only one "week" or seven days, not seven years, as many scholars presume. Why does the term "one week" (one^{H259} seven^{H7620}) differ from the previous verses? The answer lies in the specific timeline of the event described in verse 27, Jerusalem's destruction. History records that Jerusalem's siege and fall lasted approximately five months, and knowing that information determines the word "week" usage as either years or days. In this case, the use is days.

The screenshot shows a Bible software window for Daniel 9:27. The text reads: "AV And he shall confirm the covenant with many for one week: and in the midst of the week he shall cause the sacrifice and the oblation to cease, and for the (Revised) and he shall prevail [the] covenant to the multitudes: one week and half of the week he shall cease the sacrificial offering". A red arrow points to a colon after "one week" with the note: "Note: the translators put the colon in the wrong place as it should have been after, with many:" and "Corrected location of colon". Below the text is a table of Hebrew words and their English equivalents.

The Hebrew word "mashiyach" Messiah is not found in this scripture								
זבח	ישבית	השבוע	והצאי	אחד	שבוע	לרבים	ברית	והגביר
זְבַח	יִשְׁבִּית	הַשְּׁבֹועַ	וְחִצִּי	אֶחָד	שָׁבֹועַ	לְרַבִּים	בְּרִית	וְהִגְבִיר
zboh	ishbith	eshbuc	uochtzi	achd	shbuc	lrbim	brith	uegbir
zboh	ishbith	e·shbuc	u·chtzi	achd	shbuc	l·rbim	brith	uegbir
H2077	H7673	H7620	H2677	H259	H7620	H7227	H1285	H1396
sacrifice	he-shall-cause-to-cause	the-seven	and-half-of	one	seven	to·th·many-ones	covenant	and·he·has-mastery
						to [the] multitudes	covenant	and - he - prevailed

Above, punctuation error has been corrected bringing the scripture more in line with the original Masoretic text.

b2. -"and in the midst of the week," (the-seven^{H7620} and-half-of^{H2677}) the word "midst" according to Strong's H2677 (וּחִצִּי) means; the half or middle while the phrase "of the week," is expressing the relationship between the part (and half) and a whole (of the week). Which references a day in the middle of the week, not a 3-1/2 year time span as many allude to? This scripture refers to one specific week and one particular day of that week in which "the Daily Sacrifices" stopped, i.e., the sacrificial covenant ceased.

Parts c, ("he shall cause the sacrifice and the oblation to cease")

Here at the beginning of the phrase, the word "he" is used, again addressing the Roman commander Titus. Let's investigate the writings of Josephus, which will answer the scriptural question concerning the "one week and in the middle of the week."

Remember that Gabriel, the messenger of Alohym, is conveying these words to Daniel and that history is the perfect second witness to scripture. Below is a direct quote from Josephus, Book 6, "War of the Jews," Ch.2, Paragraph 1, which gives us the month and day the "daily sacrifices" were stopped.

1. And now Titus gave orders to his soldiers that were with him to dig up the foundations of the tower of Antonia, and make him a ready passage for his army to come up; while he had Josephus brought to him, (for he had been informed that on that very day, which was

Part 10

New Spiritual Awakening

the seventeenth day of Panemus, [Tammuz] the sacrifice called "the Daily Sacrifice" had failed, and had not been offered to God, for want of men to offer it, and that the people were grievously troubled at it,)

According to historical theologians, three different calendar systems were associated with this event (*Jewish, Roman, and Tyre*). The question becomes, "*which calendar accurately places this event on the specific day and month Josephus is stating*"? The most straightforward answer would be none of them! As a more in-depth answer, the same calendar system Josephus quotes in his writings comes from before the time of Moses. (More on this at the end of the Article)

Note; the 17th day of Panemus, as stated by Josephus, is the 17th day of the 4th month [Tammuz] or June 27th, according to the Gregorian calendar 2020.

Part d, "and for the overspreading of abominations he shall make [it] desolate, even until the consummation, and that determined shall be poured upon the desolate".

Here in part d., "the overspreading of abominations," in this writer's opinion, this phrase could have been more closely written to the Masoretic text, making it easier to read and understand. Here is the revised word from the Masoretic text; "and on wings^{H3671} of filthiness^{H8251}" Now let's read the revised verse 27 and see if you notice a difference.

v27; and he prevailed [the] covenant to the multitude: one week and in the middle of the week he shall cause the sacrificial offering to cease, and on wings of filthiness make desolate until completion a wounding poured forth upon devastation.

In review, the end of verse 27 addresses the desolation of Jerusalem and the temple by Titus and the Roman army. Let's begin by addressing the burning of the temple through the writing of the prophet Jeremiah and ending with the historical record of Flavius Josephus.

2 Kings 25:8; And in the fifth month, on the seventh [day] of the month, which [is] the nineteenth year of king Nebuchadnezzar king of Babylon, came Nebuzaradan, captain of the guard, a servant of the king of Babylon, unto Jerusalem: v9; And he burnt the house of the LORD, and the king's house, and all the houses of Jerusalem, and every great [man's] house burnt he with fire.

Jeremiah 52:12; Now in the fifth month, in the tenth [day] of the month, which [was] the nineteenth year of Nebuchadnezzar king of Babylon, came Nebuzaradan, captain of the guard, [which] served the king of Babylon, into Jerusalem, v13; And burned the house of the LORD, and the king's house; and all the houses of Jerusalem, and all the houses of the great [men], burned he with fire:

Here both 2 Kings 25:8-9 and Jeremiah 52:12, 13 are an exact match except one states the 7th and the other the 10th day of the 5th month the temple was burnt. Keep this in mind as we review the historical record from Josephus, "War of the Jews" Book 6, Ch.4, Paragraph 5, the burning of the temple.

Part 10

New Spiritual Awakening

- 5. So Titus retired into the tower of Antonia, and resolved to storm the temple the next day, early in the morning, with his whole army, and to encamp round about the holy house. But as for that house, God had, for certain, long ago doomed it to the fire; and now that fatal day was come, according to the revolution of ages; it was the tenth day of the month Lous, [Ab,] upon which it was formerly burnt by the king of Babylon; although these flames took their rise from the Jews themselves,

According to Josephus, the harmony of history and scripture confirms that the temple's burning came from the Jews and not the Roman forces on the 10th day of the 5th month [Ab or Av]. The thought may have crossed your mind about why [2 Kings 25:8, 9](#) has a three-date time difference from Jeremiah 52. If you read [2 Kings 25:10 – 17](#), the Chaldean forces pillaged Solomon's temple after its burning and brought the spoils back to Babylon. One probable cause for the three-day difference could have been searching for and dismantling the temple treasure.

✓ *Historical Commentary*

Jewish historians state; that the 9th day of the 5th month [Av], otherwise known as Tisha-B'Av, is when Alohym's Temple was burned to the ground by the Babylonian and Roman forces. Even though scripture never endorses this date, the Jews memorialize it as a national holiday. History does record that on the 9th of Av, Titus and his commanders agreed to attack the temple the following morning on the 10th, sealing its fate.

➤ **Correct times; “War of the Jews” by Josephus**

Now, let's address the question on page 10 regarding the different dates and times associated with the destruction of Jerusalem and the temple. First, as an overview, Christian and Jewish historians try to match stated calendar dates within the book, “War of the Jews,” with those of the Jewish (lunar), Roman, and Tyre calendars; thus, the confusion begins.

According to biblical history, from the temple's rebuilding in 520 - 516 B.C. through the Book of Maccabees, 148 B.C., the Jews were still on the original Sabbath calendar except for now taking the Babylonian names for their months. This truth is evident through [Nehemiah 2:1](#), [Ezra 6:15](#), and [Esther 3:7](#), where the Babylonian names Nisan and Adar, and others, are first used while the Jews were still in captivity. In the book of Ezra, at the end of chapter 6, the exiled Jews returned to Jerusalem. They kept the Passover and the Feast of Unleavened Bread, according to the text of Moses, on their original monthly dates. Meaning the influences of the Jewish (Lunar), Julian Roman and Tyre calendars had no bearing and didn't even exist.

As a further insight into calendar dating, Yahusha [Christ] was perfect in his observance of God's solar Sabbath calendar because he was born under the law and the original lawgiver as Yahuah, pre-incarnate Christ. From the beginning of Yahusha's ministry in 26 A.D. to His sacrifice on the cross in 30 A.D., there is no record of disputes regarding Alohym's [God's] calendar observances.

Part 10

New Spiritual Awakening

Why did Josephus use the Macedonian names of the month instead of the Babylonian ones? According to research, the Babylonian and Macedonian (Greek) calendars were the same except for monthly terms. Being a military man and a Roman citizen working with Titus, Josephus used the Macedonian monthly names to preserve his writings using words the Romans already knew.

- Another well-known fact is that Titus recruited Jewish advisors to work with him. Josephus being one, informed Titus of the prophecies from Jeremiah and Daniel regarding the destruction of the temple by Babylonian and now Roman forces on a fateful day, the 10th of Av, which means the 10th of the 5th month [Av], from Jeremiah and Daniel's time (i.e., 586 B.C. to 70 A.D.) until Jerusalem's destruction. So we're on the same calendar structure.

❖ Dating the Siege from Beginning to End

In this chapter, our focus dates and times begin and end with the fall of Jerusalem and the temple. Let's start in the 5th Book, "War of the Jews," chapter 3, paragraph 1, Josephus writes;

1. As now the war abroad ceased for a while, the sedition within was revived; and on the feast of unleavened bread, which was now come, it being the fourteenth day of the month Xanthicus, [Nisan,] when it is believed the Jews were first freed from the Egyptians, Eleazar and his party opened the gates of this [inmost court of the] temple, and admitted such of the people as were desirous to worship God into it.

According to Josephus, Titus and the Roman Army encamped near Jerusalem a day before Passover and the Days of Unleavened Bread. The destruction of Jerusalem, which began just before Passover, falls precisely 40 years after Yahusha died in 30 A.D. Here again, we see the perfection of Alohym's [God's] perfect cycles of time, which never change. That said, Josephus, a Jew, would have never abandoned Alohym's original calendar dating for one of the pagan origins.

Now let's review the fall of Jerusalem as stated by Josephus in the 6th Book, "War of the Jews," chapter 10, paragraph 1, and let's read.

1. And thus was Jerusalem taken, in the second year of the reign of Vespasian, on the eighth day of the month Gorpeius [Elul]. It had been taken five times before, though this was the second time of its desolation;

Here again, keeping true to the original correct Hebraic calendar, the 8th day of Elul [Gorpeius] would be the 17th of August, 2020, concerning the Gregorian calendar.

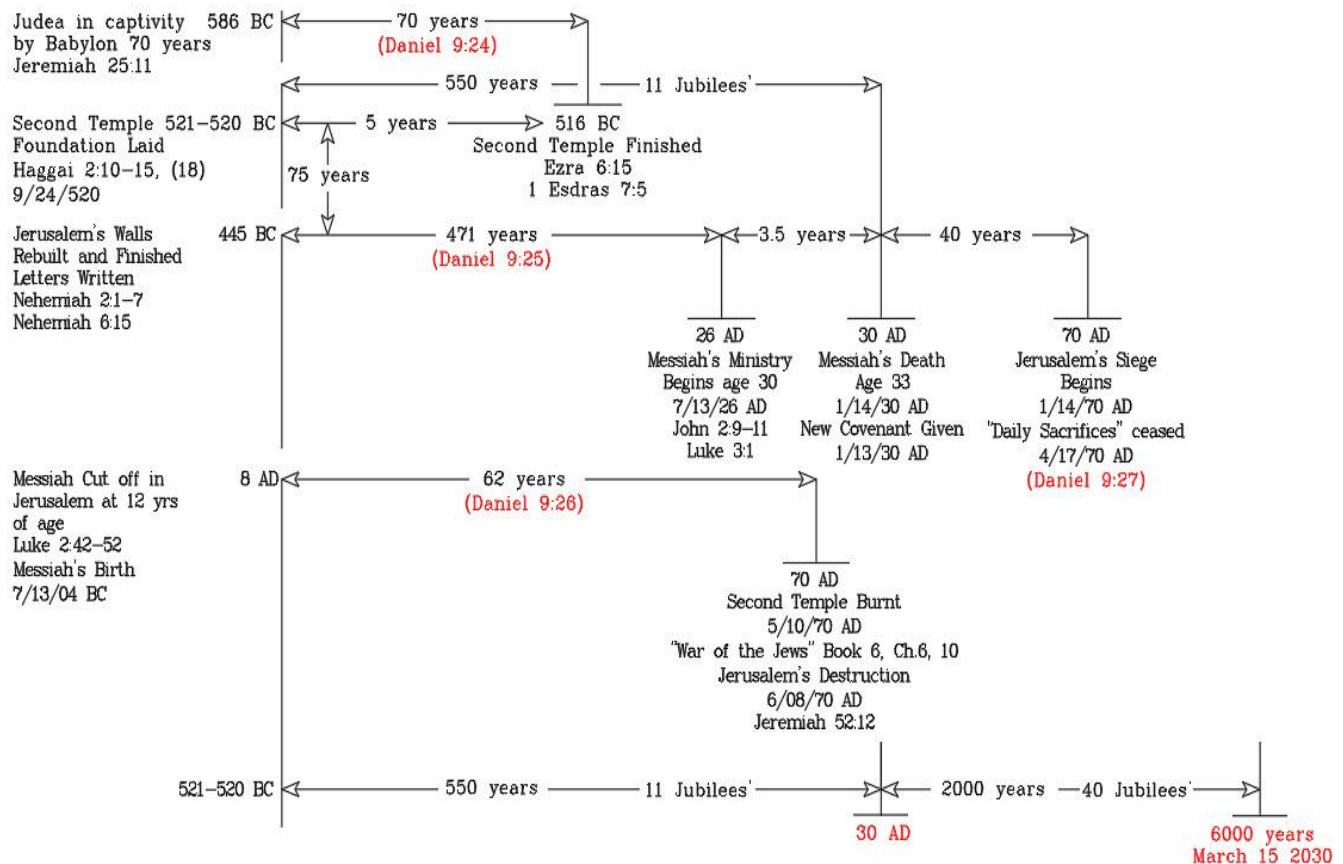

✓ Alohym's true Prophetic Timeline through Daniel

The Daniel 9 prophecy brings forth new information concerning Alohym's overall 6000-year or 120 Jubilees' plan for humankind. The question concerning the newly understood sign is; how it ultimately edifies the body of Messiah. The answer always revolves around new scriptural and historical truth brought forth in exposing the lies and traditions of men; may God be true and every man a liar.

Part 10

New Spiritual Awakening

Below is the prophetic timeline from the temple foundation unto the destruction of Jerusalem, all brought forth through Daniel 9's Messiah Prophecy. Please take the time to review the chart below as it reflects Messiah's death and return, which is precisely 40 Jubilee's or 2000 years.

In Conclusion:

Our great Creator, full of grace and mercy, calls His ecclesia worldwide into an authentic and meaningful relationship with His son Yahusha, led by the Holy Spirit. As scripture states, John 16:13;

- *"The Spirit of Truth will guide you into all truth," he will not speak of himself, but what he hears, he will speak and show you things to come."*

Learning and understanding Alohym's calendar is vital as learning Alohym's law. But even knowing these things is still the "milk of the word" and not the meat. Yahusha's ministry of salvation & deliverance, which the law has always pointed to, is the "spiritual meat of the word," which we should all be partaking of now! Being on the Creator's time, i.e., His Sabbaths and Holydays is a perpetual covenant between you and our Father in Heaven, which is the foundation for a loving relationship with Alohym.

Part 10

New Spiritual Awakening

There is still, at this time, an opportunity for change for those genuinely seeking Alohym's way to put themselves in a position to get out of the world's religious and civil systems. Brethren, I encourage you to dig into this study research and ask the Holy Spirit of Truth to lead and guide you. There comes a time when we must start listening to only the Holy Spirit of the truth, which the world cannot receive. We leave you with two scripture written by John;

John 14:17, [Even] the **Spirit of truth**; whom the world cannot receive, because it seeth him not, neither knoweth him: but ye know him; for he dwelleth with you, and shall be in you.

John 16:13, Howbeit when he, the **Spirit of truth**, is come, he will guide you into all **truth**: for he shall not speak **of** himself; but whatsoever he shall hear, [that] shall he speak: and he will shew you things to come.

So you see, brethren and beloved of Messiah, it is the Holy Spirit of truth and a new spiritual birthing growing around the world in atoning oneself back to our Creator. Alohym will give people ample time to change, but time is growing short. The woman (ecclesia) needs to have an open mind and a changeable child-like spirit when taken into the wilderness to be refined by Alohym.

May Grace and Peace be with you from our Father in Heaven and our redeemer Yahusha!

Above is Alohyim's Stationary 364-day calendar as described in the books of Enoch chapter 72 and Jubilee's 6:27-30. This accurate scriptural model reflects perfectly on the Old Testament sacrificial law calendar found on page 199.

No#	Day of the Year	Sabbath	Feast Day	Name of Holy Convocation	Start of Holy Convocation	Sacrificial Meat Offering on Holy Convocations			Scripture
1	1	Yes	Yes	Spring Season Feast Day dual meaning	Sunrise Beginnings of your months	two young bullocks	a ram	seven lambs	Number 10:10 Numbers 28:10, 11
2	14	No	Yes	Passover	Evening Starting at Sunset	Instructions for this memorial feast is given in =			Exodus 12:5-14, Jubilee's 49:1-23
3	15	Yes	Yes	First Day of Unleavened Bread dual meaning	Sunrise	two young bullocks	a ram	seven lambs	Numbers 28:17-24
4	21	No	Yes	Last Day of Unleavened Bread	Sunrise	two young bullocks	a ram	seven lambs	Numbers 28:17-24
5	65	No	Yes	Shavuot / Pentecost	Sunrise	two young bullocks	a ram	seven lambs	Numbers 28:26, 27
6	92	Yes	Yes	Summer Season Feast Day dual meaning	Sunrise Beginnings of your months	two young bullocks	a ram	seven lambs	Number 10:10 Numbers 28:10, 11
7	183	Yes	Yes	Feast of Trumpets First day of Fall Season, dual meaning	Sunrise Beginnings of your months	one young bullock	a ram	seven lambs	Number 10:10 Numbers 28:10, 11 Numbers 29:1, 2
8	191	No	Yes	Day of Atonement, fasting 12 hours Prior to Sabbath	Evening Sunset	Instructions for this memorial feast is given in =			Leviticus 23:32
9	192	Yes	Yes	Day of Atonement / Special Feast day of Fasting, dual meaning	Sunrise Fasting ends at Evening Sunset	one young bullock	a ram	seven lambs	Numbers 29:7, 8
10	197	Yes	Yes	Feast of Ingathering / Tabernacles, dual meaning	Sunrise	Thirteen young bullocks	two rams	fourteen lambs	Numbers 29:12, 13
11	204	Yes	Yes	The Last Great Day dual meaning	Sunrise	one young bullock	a ram	seven lambs	Numbers 29:35, 36
12	274	Yes	Yes	Winter Season Feast Day dual meaning	Sunrise Beginnings of your months	two young bullock	a ram	seven lambs	Number 10:10 Numbers 28:10, 11

As referenced on page 199, here is a copy of Alohym's sacrificial Law calendar. The light gray areas on Alohym's new calendar are yearly dates matching column (2) "Day of the Year" on this chart. In addition, this chart gives you information about Alohym's (God's) Festival days and scripture of reference.

Starting with pages 201 - 209 are calendar years 2022-2030, which reveals how the Gregorian calendar revolves around Alohym's calendar, which stays in a fixed position year to year. (Ref; Jubilee's 6:21, 26-32) Remember, Alohym's Calendar is 364 days long, and reckoning the Gregorian 365-day year to Alohym's calendar will always reveal a seven-day seven-year shifting cycle difference

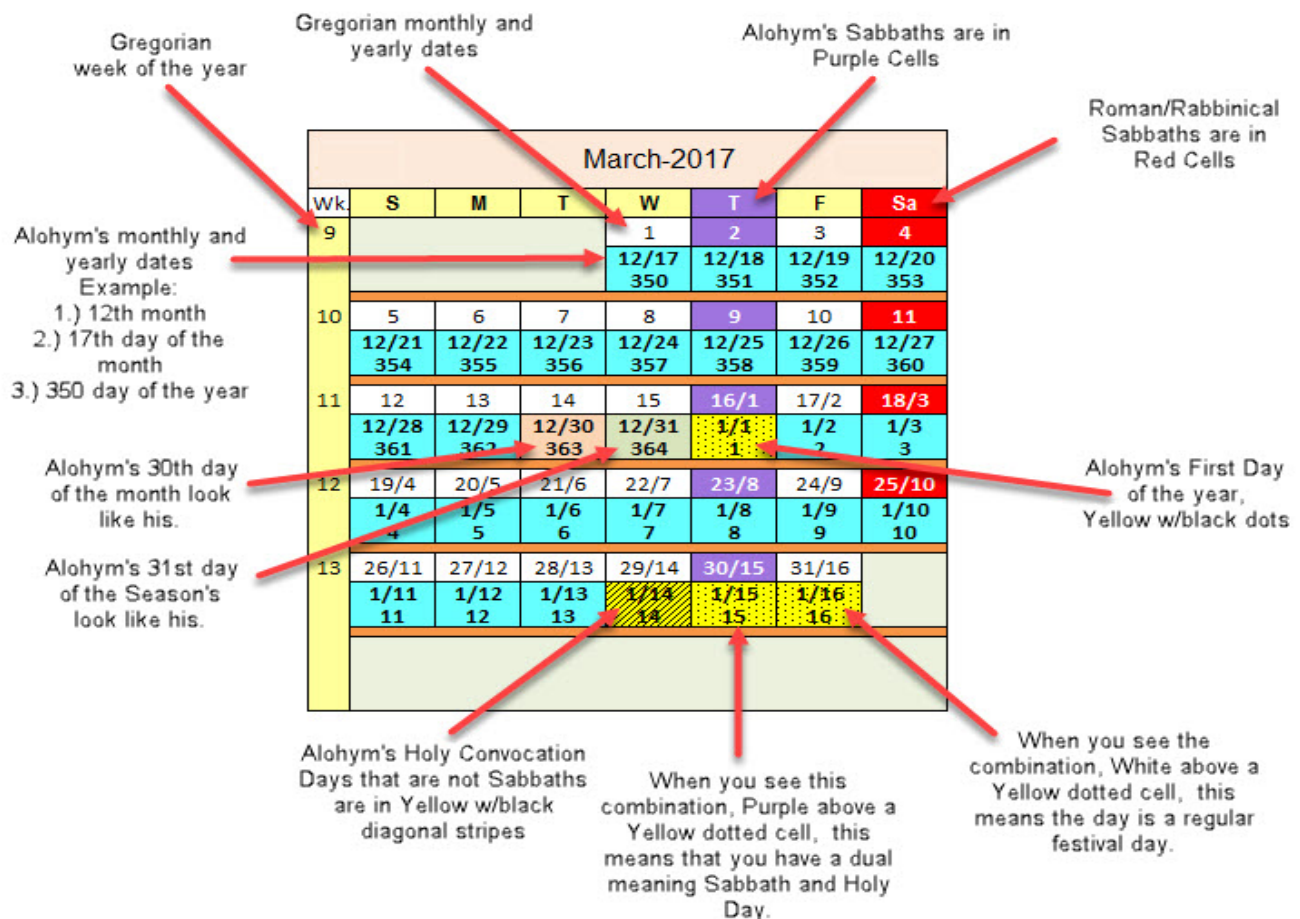

Calendar Legend:

Gregorian Dating to God's True Calendar

The instructions below are for Alohym's new formatted calendar. This corrected format fixes the inherent monthly shifting issues of our previous calendar. The new fixed calendar evolved with the appearance of the Revelation 12 sign on September 23rd, 2017, the 192nd day of the year in Alohym's calendar. In biblical terms, the 192nd day is the Day of Atonement. This memorable Sabbath is the "only" feast day that sits outside of the 52 weekly Sabbaths. So, counting back 192 days from Saturday, September 23rd, 2017, we come to the first Sabbath day of the year, Thursday, March 16th.

This predestined Sabbath alignment now pointed to the first Sabbath of the year, coinciding with the Gregorian shift cycle reset for 2017. This reset pattern of years 11, 6, 5, 6, and 11 began in 1900. We are in 2017 to 2023, a six (6) year cycle. The following five-year reset cycle starts March 16th, 2023, and repeats in 2028 and 2034, ending the pattern's six (6) years cycle. Can you see how the design works? This pattern will continue through the 21st century; however, we are only interested in the twelve-year prophetic process from 2017 to 2030 modeling Daniel 9's time frame for the return of the Messiah.

Below is an example and basic instructions on understanding the new calendar layout.

Remember that between the reset years of 2017, 2023, 2028, and 2034, calendar dates will be different. If we follow Alohym's 364-day stationery calendar regardless of what dates display on the Gregorian calendar, we will not go wrong.
